

Journalism in a Complicated Place

Dr. Hatcher, returned to South Africa this summer where he met members of the Born-Free Generation (those born after apartheid) and reconnected with some of the journalists he first met in 2009. Join him in a discussion of what's changed and what hasn't and how this new generation of journalists can play in this dynamic, burgeoning democracy.

Presented by—

Dr. John Hatcher

*Associate Professor
UMD Journalism*
