Top Aggies Honored at NWSA Reunion

Five Northwest School of Agriculture (NWSA) alumni were honored at the annual reunion held recently at the University of Minnesota, Crookston (UMC).

Receiving the Top Aggie Awards were:

Earl Lindberg '35
Riverside, CA

Donald Nelson '40
Champaign, IL

Gerhard Ross '45
Crookston

Eunice Peterson Waterworth '50
Newfolden

Marilyn Balstad Melby '55
Bagley

These five join an elite group of other alumni honored as Top Aggies. Since the school's first class graduated there have been over 6,000 Aggies. Of these less than one percent, or 57, have been named Top Aggies.

Gerhard Ross '45 • Crookston

Gerhard Ross's work career was devoted to farming with the major crops being sugarbeets, small grains and sunflowers. His partner in farming was his wife Norma (Hovelsrud) of Crookston. They had six children, one now deceased, and they have six grandchildren. In 1990 they moved off the farm, and their oldest son farms the land.

After leaving the NWSA, Gerhard went on to college and graduate school. He received a master's degree in agronomy from the University of Minnesota.

Learning was and continues to be a part of Gerhard's life. In his beginning farm years, he participated in a Farm Management Association. He attended seminars and classes dealing with marketing, futures activities, cycle theories, and joined a marketing club. Over the years he has taken classes at UMC, the latest being a computer course this past

year. He completed the 12-week Dale Carnegie Course. He also taught an agricultural ethics course at UMC last year.

Prior to finishing college he served in the military achieving the rank of Master Sergeant. In Korea he served as a squad leader in an infantry platoon and later, as an infantry platoon leader, when the unit was transferred to Japan. He learned to fly, and while no longer a pilot, he maintains an interest in aviation.

He is active in the Sugarbeet Growers Association, serving on the executive committee. He also served on the hospital and Occupational Development Center boards. He is on the Red Lake Watershed District Board. In 1992 he was appointed to the Minnesota State Rural Development Board.

He and his wife are active members of Trinity Lutheran Church in Crookston.

Receiving the Top Aggie Awards were, from left: Gerhard Ross '45, Crookston; Eunice (Peterson) Waterworth '50, Newfolden; Earl Lindberg '35, Riverside, CA; Marilyn (Balstad) Melby '55, Bagley; and Donald Nelson '40, Champaign, IL. Presenting the awards was UMC Chancellor Donald Sargeant (right).

Eunice (Peterson) Waterworth '50 • Newfolden

Eunice (Peterson) Waterworth claims she has one year of college and four "MOC" (mother of children degrees!) She is a national and state registered emergency medical technician with 10 years' service. She teaches emergency medical courses for Tri-County Emergency Medical Services.

She met Earl at the NWSA, and they were married a few months after graduation. After he received his bachelor's degree, they moved to their 200 acre farm by Newfolden. When he began teaching, they hired farm help. It wasn't long before Eunice began doing the farm work. Theirs was a family farm where everybody pitched in and helped.

From a small flock of sheep they increased the numbers. At the peak of operation they lambed out 250 ewes. They also raised Registered Shropshire and Columbia breeding stock. They bred and raised Registered Arabian horses and belonged to the Arabian Horse Registry of

America. In 1968 they purchased 10 Registered Polled Hereford heifers and have bred Herefords ever since.

Since her husband's death, she and her two sons have managed the farm -- now 1360 acres of land, -- and lease another 300 acres on which they raise small grain, sunflowers, corn and hay.

Eunice has been the major player in the farm operations. She still enjoys driving the tractor, and, until two years ago, did all the tillage ahead of the drill.

As a family they traveled to dozens of churches in northwestern Minnesota preaching and singing as a family. She is an active member of the Newfolden Evangelical Church, working with the mission, women, Sunday School, and music programs. She was a volunteer ambulance person with the Karlstad Rescue Squad, 4-H leader, member of Agassiz Swedish Heritage Society, and the Disabled American Veterans Auxiliary. (continued on page 3)

NWSA Alumni Reunion - June 28 & 29, 1996

Larson's Notes

Allan Larson

UMC has just begun its fall term and so many exciting things have happened since our last AGGIE. Following are a few of the highlights:

- Thanks to your gifts during the 1994-95 Heritage Fund Drive, and the carry-over from last year's funds, we have sufficient funds to support the NWSA alumni budget for 1995-96.
- The NWSA/UMC/Community Golf Classic generated more than \$5,000 for UMC Scholarship Funds.
- The NWSA Reunion was well attended, and again we extend our congratulations to the 1995 Top Aggies. Special thanks to the Class Leaders for their help in making the reunion a success.
- Several new baccalaureate degree programs have been approved and were implemented this fall: agricultural aviation, equine industries management, and information networking management. Two others were previously approved: early childhood management and health management.
- This fall, UMC began competing in athletics as a member of the North Dakota College Athletic Conference (NDCAC) in all sports except hockey. The hockey team will continue to compete as an independent for the next year or two.
- Scott Oliver was appointed head football coach for 1995-96. Jim Sims resigned in August after 19 years as head coach. Scott was

head hockey coach and assistant football coach. The position will be advertised this fall, and a permanent head coach should be appointed shortly after this football season ends.

- UMC's fall enrollment looks like it will be up slightly from last year which is very encouraging as we continue to grow in our efforts to provide quality baccalaureate and associate degree programs.
- The UMC Teambackers annual membership drive is in full swing. If UMC is to be competitive in the NDCAC, the Teambackers must actively and aggressively solicit membership and donations from alumni and friends to support the Athletic Scholarship Program as we have the academic scholarship program. We encourage all alumni and friends to consider a gift which will provide the athletic director and coaches with a financial foundation for critical planning and student recruiting. A copy of the membership application is included in the newsletter. Please call if you want additional information.

Current plans are to hold an **Alumni Social in the Phoenix, AZ area February 3, 1996.** If you plan to be in the Phoenix area in February, let us know so we can get details of this event to you. Any volunteers to help me set up the event and assist with the arrangements would be greatly appreciated. Call me at 1-800-232-6466 ext. 8436.

Every year we receive several requests from individuals and organizations requesting names and addresses of individual alumni, specific alumni classes, as well as a variety of other classifications. In most cases we cannot honor these requests. A letter from the Associate University Attorney in regards to this matter is located elsewhere in this newsletter.

Finally thanks again for your support of the NWSA Alumni Association and the University of Minnesota, Crookston.

--Allan Larson

From President Schuster

President Ken Schuster and wife Judy Rivard helped host this year's reunion. Thanks, Ken for a great year!

It was great to see so many Aggies at the alumni reunion this year . . . to talk about memories and also to feel the excitement on the UMC campus. Judy and I both enjoyed sharing the time with you.

Thanks to each of you who contributed to the Annual Fund Drive this past year. Your help makes it possible for students to receive top notch education at UMC.

As UMC continues to maintain its position as a "top of the line" polytechnic institution, our help is needed more than ever.

I look forward to seeing you throughout the year, at alumni socials and then next summer at the annual reunion.

--Ken Schuster

NCA Recommends Accreditation

UMC received continued accreditation as a baccalaureate institution by the Commission of Institutions of Higher Education of the North Central Association of Colleges and Schools (NCA) at its August meeting. The next comprehensive visit is scheduled for the years 2004-05.

"Receiving continued accreditation as a baccalaureate institution is extremely important to UMC, and a continuing relationship with NCA will help the college improve its programs and focus," said Chancellor Sargeant.

A NCA team will visit UMC in 1999-2000 focusing on the transition to a baccalaureate institution documenting maintenance of quality and reporting on development which have helped or hindered these efforts.

Chancellor's Comments

Donald Sargeant

Fall quarter activities have us excited at UMC. Our enrollment is up slightly again this year and we have the largest number of new faculty and staff that we've had in years. We are invigorated by their enthusiasm.

The attendance at the NWSA reunion this summer was great as usual. Congratulations to the 1995 Top Aggies: Earl Lindberg '35, Marilyn (Balstad) Melby '55, Donald Nelson '40, Gerhard Ross '45, Eunice (Peterson) Waterworth '50. Their comments about their NWSA educational experience and the faculty members that made a difference in their lives were extremely interesting. It was obvious that the NWSA helped instill values and friendships that truly made a difference.

UMC received continued accreditation as a baccalaureate institution from the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools (NCA) at its Au-

gust meeting. The next comprehensive visit is scheduled for 2004-05. This is important to UMC and a continuing relationship with NCA will help the college improve its programs and services.

Technology continues to be a focal point at UMC. An instructional designer was appointed to staff the Instructional Technology Center to help faculty incorporate use of the notebook computers into all classes taught at UMC, and to help faculty develop multimedia uses for the classroom.

Not only do we provide training for faculty development, a major focus of our faculty workshops this fall was to discuss assessing student academic achievement. Faculty from Alverno College led sessions for our faculty. Assessment becomes more and more important to us at UMC. We need to know not only what we are teaching, but how and what students are learning.

Your help in supporting UMC scholarships makes a big difference on campus. Many of our students are able to take classes because of the scholarships they receive. We thank you for your continued support.

The campus was never more beautiful than it was this summer. All of the rains and warm temperatures produced colorful flowers and lush green grass. Visitors commented often and it brought many smiles and pride to all of us associated with the campus. Do stop by.

--Chancellor Sargeant

Paul Proulx received the Northwest School of Agriculture Distinguished Award for his service to the Alumni Association and to UMC. Alumni Association President Ken Schuster presented the award. Thanks Paul for your work with the NWSA alumni.

TOP AGGIES (continued from page 1)

Eunice and her husband have four children: Reverend Jonathan Waterworth, Police Sergeant Cindy

Waterworth, David and Phil of Newfolden, and 10 grandchildren.

Earl L. Lindberg '35 • Riverside, CA

Born on a farm near Beltrami, MN, Earl Lindberg lived on this farm with his parents and grandparents. His grandparents were the original homestead farmers dating back to the late 1880's. A one-room, one-teacher country school provided his grade school education.

Following graduation from the NWSA, Earl enrolled as a freshman at the University of Minnesota. He worked part-time for four years until he earned his bachelor of science degree in agriculture economics.

He was employed as a trainee executive with Swift and Company in St. Paul and Chicago. In 1942 he enlisted in the U.S. Army Air Force Cadet flying program. He was commissioned as a Second Lieutenant. In 1946 he left active duty, but remained with the U.S. Army Reserve as Captain. He was employed by Cargill and as agriculture instructor for the Veterans Administration until he was recalled to active duty during

the Korean War. He retired from the Air Force with rank of Lieutenant Colonel in 1972 and became a real estate agent and broker in Riverside, CA, where he works and lives today.

While in the military service for over 30 years, he was the recipient of several awards: Meritorious Service Medal, Joint Service Commendation Medal, Two Air Force Commendation Medals, and Armed Forces Reserve Medal.

He is a member of the Lutheran Church, Rotary Club and has served in various adult capacities with Boy Scouts of America, Little League and Babe Ruth Baseball. He is a member of the Disabled American Veterans and Retired Officers Association.

In 1943 he married June Thomas, and they have four children who also live in California -- three are college graduates, the youngest soon will be. The Lindberg's have seven grandchildren.

Marilyn (Balstad) Melby '55 • Bagley

After graduating from the University of Minnesota in 1959 with a bachelor of science degree in home economics education, Marilyn (Balstad) Melby was employed as an extension home economist until 1964. Since that time she has been a devoted wife, mother and community leader volunteering her many talents in a variety of activities.

She served as a 4-H club leader for 12 years, and was clerk for the Bagley School Board, District 162, for six years. She and her family hosted two foreign exchange students through the Rotary Exchange Program.

Her interest in the arts is exemplified by her volunteer activities. She serves on the Advisory Council and teaches at the annual North Country Arts and Crafts Workshop at Concordia Language Camp. She developed the idea of an "Original Arts Exhibit" for the Clearwater County Fair, which has been an annual attraction to fair goers for 20

years. She was cochairperson for Bagley's Art-in-the-Park for the past three years, and she was a charter member of the Bagley Fiber Arts Guild.

She and her husband Darol operate a 200-acre dairy farm near Bagley. She serves on the executive board of the American Dairy Association (ADA) in Clearwater County and is a voting delegate to Region I ADA in Minnesota.

The Melbys have two sons: Jon is employed by Land O'Lakes as a dairy specialist, and James serves in the U.S. Army as a helicopter pilot.

While her sons were growing up, Marilyn was active in the Minnesota Federated Women's Clubs, Hospital Auxiliary, 4-H Club Leadership, School Board, County Fair Board. The Melbys are both involved at Faith Lutheran Church in Bagley as Sunday School teachers, Bible study leaders, Church Council WELCA and various committee and fund raising activities.

TOP AGGIES (continued from page 3)

Donald Nelson '40 • Champaign, IL

Donald Nelson was born in Kittson County in the Arctic watershed on 320 acres of flat, very black land, 20 miles from the Canadian border. He says he was five years old before he found out that everybody didn't speak two languages.

He spent eight years in a one-room country school, two-and-a-half miles from his home. He walked to school unless the temperature was lower than 20 degrees below zero or there was a blizzard. It was in the small school that one teacher pulled his ears, slapped his face and told him, "You're so dumb that you'll never amount to anything." You can imagine his parents pride, when years later, a newspaper article told of Don graduating magna cum laude from the University of Minnesota.

Don says he was too small for football or basketball, so he went out for crop judging and scored as high individual in the state of Minnesota. He was editor-in-chief of the NWSA weekly newspaper.

He was awarded five battle stars in Europe during World War II. He worked in research with Green Giant, opened a new Vo-Ag department in Tyler, MN and had two FFA State Championships in his third year. He moved to Peoria and Champaign, IL and worked as a rural appraiser and mortgage lender with Northwestern Mutual. He returned to college teaching to design programs and curricula for Parkland College when it opened.

Throughout his years, Don has been an active singer. He claims he's not the best singer in his church choir, but the lowest bass, senior choir member in both years of service and age, and still singing at 73. He has designed and worked on a number of documentaries on agriculture history for CBS and Public Television. He put together a documentary "Rural America - 1623 to 1983."

Don has three children: Curtis, Nancy and David.

Release of Alumni Addresses

The White House Alumni Center often receives requests for a list of NWSA alumni home addresses. As much as we would like to send them to you, we have to adhere to the following University guidelines:

Alumni addresses should not be released outside the University, except with the written consent of the alumni or pursuant to a subpoena or court order. This standard applies regardless of who is requesting the information.

Since alumni are former students of the University, their records are governed by the Family Educational Rights and Privacy Act, 20 U.S.C. §1232g and the Minnesota Government Data Practices Act, Minn. Stat. §13.32. Under these laws, a student's campus or local address during the term of enrollment is public data. However, the permanent home addresses of students while they are enrolled and the addresses of former students (i.e., alumni) are considered private data.
