**World's Top Distributor:
NWSA Alum is a True Industrialist*****A business that began as a book***

That's the history, in brief, of the Newhouse Automotive Industries, the world's largest distributor of automotive power and high-mileage equipment, so said the Los Angeles Tribune in 1955.

Industrialist Ernest Jebe Newhouse '28 was born seven miles south of Crookston. His great grandparents immigrated to America via sailboat, settling near Springrove, MN. In 1858 his grandfather sailed with his family from Nyhus, Norway, to America, changing the family name from Nyhus to Newhouse.

After graduation from the NWSA in 1928, Ernest skipped a year and then came back for the advanced year. He continued his education graduating from Carleton College in 1934, and shortly afterward married Edna Erdman, also from Crookston.

He first worked at KGFK in Minneapolis, having gained experience in radio at Carleton. That was his only salaried position. From then on he formed his own companies.

During World War II, Newhouse was stationed at Chanute Field near Chicago to teach aircraft electrical engineering. He and Edna moved to California in 1946. He published two influential industry trade books, one of which, "Power and Economy for All Makes of Cars," sold over one million copies worldwide. His interest in manufacturing led to the

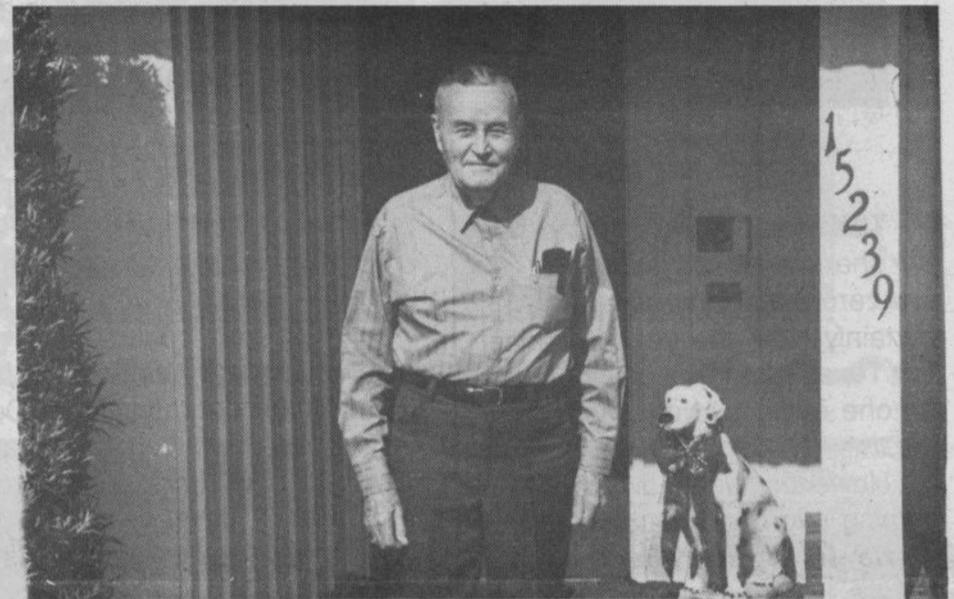

creation of four corporations, including Newhouse Automotive Industries, the world's largest distributor of high-performance and fuel economy equipment for automobiles.

In the first few years of his business, Edna contributed to a major portion of its success by capably handling the bookkeeping and office routine. At age 50, Ernest decided to retire and sell off his corporations in 1961. He and his wife traveled in over 50 foreign countries as well as every state in the U.S. The couple lived a full and happy life until Edna died suddenly in December of 1994. There are many memories of Edna around his home in Whittier, CA, surrounded by fruit trees—orange, avocado, peach, lemon, apricot, plum and even a macadamia nut tree.

He credits the Northwest School for instilling in him the desire to succeed.

"The dormitory experience, the classes in English, public speaking, debate, economics, engineering, blacksmithing, agronomy, livestock, judging, were broadening to say the least. The numerous plays that Professor Anne Simley coached me to take part in also helped to develop the right spirit," Ernest said.

Ernest was named Top Aggie in 1988, and at the 1994 NWSA

Ernest Newhouse at his home in Whittier, CA.

Reunion (the year he and Edna celebrated their 60th wedding anniversary), the couple was recognized as the longest married couple.

Always a car enthusiast, Ernest had, in his youth, what was probably the first hot-rod in Minnesota. "I've always loved tinkering with cars," he recalled, "but it wasn't

until I wrote a book about them that I really got into the business."

The modest industrialist attributes his success to the value of advertising—whether it's an idea or a product . . . And it's stick-to-it-iveness and just plain, old-fashioned hard work.

**Ernest & Edna Newhouse
Endowed Scholarship**

From the Newhouse Foundation, Ernest has dedicated approximately \$200,000 to the Northwest School of Agriculture Heritage Fund and to scholarships to establish the Ernest and Edna Newhouse Endowed Scholarship.

*"If it had not been for scholarships,
I never would have gotten to go to college.*

*We give now because of what
the NWSA and UMC has done for us."*

--Ernest Newhouse

NWSA Reunion • June 27-28, 1997

Larson's Notes

Allan Larson

This winter we've had more than our share of storms, snow and below zero temperatures. This was certainly NOT the year to cancel our Texas Alumni Social, but then no one every told me I was very smart.

However, we know spring is coming soon and planning is underway for our spring and summer events. In the following paragraphs I'll try to bring you up-to-date on a number of items:

- In January we hired Dr. Del Roelofs as associate director of alumni and development. We're very pleased to have Del on board.
- Plans for the NWSA Reunion are well along. The dates are set for June 27 and 28. Reunion classes this year are: 1922, 1927, 1932, 1937, 1942, 1952, 1957, 1962 and 1967.
- Your Alumni Association officers for 1996-97 are: President-Bill Gatheridge '64; Vice President-David Tucker '61; Secretary-JoAnne Straus Carlson '61.
- The first informational letters for the Reunion and "Top Aggie"

nomination forms have been mailed. Top Aggie nomination forms were due in the White House Alumni Center by late February and the Board will select this years' candidates at its March meeting.

- The NWSA Heritage Fund Annual Alumni Fund Drive will begin in late February with letters to all alumni for whom we have addresses. A phonathon will be conducted during the first two weeks in April. **WE NEED VOLUNTEERS TO HELP WITH THE PHONATHON**, so please contact me or Del Roelofs if you have an evening you could do some calling to help raise dollars for the alumni operating fund. Our goal is to raise \$21,000. Last year 572 alumni contributed \$20,090 to cover operating expenses, newsletters, scholarship reunion expenses, White House restoration, supplies, postage, etc.

I hope all of you will again be generous with your support this year. **WE'RE COUNTING ON YOU.**

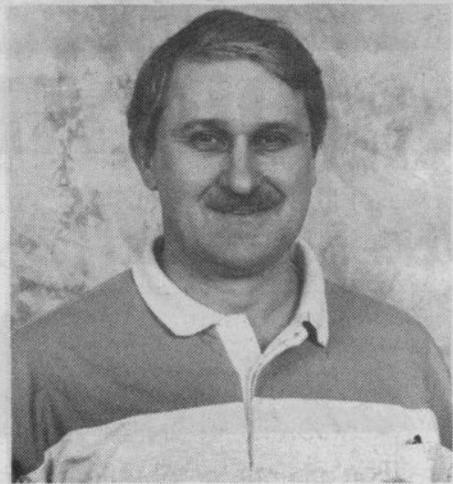

- The NWSA/UMC/Community Golf Classic is scheduled for July 19, 1997 at the Minakwa Golf Club. Let me know if you're interested in playing. We will limit entries to the first 90 golfers who register.

Finally, I hope 1997 is being good to you, and I look forward to seeing many of you in the months ahead.

Thanks again for your support of UMC and your NWSA Alumni Association.

Director of External Relations

Introducing Your New Alumni President

Bill Gatheridge

Bill Gatheridge '64 is the new president of the NWSA Alumni Association. Bill is parts manager at Salem Motors in Crookston.

Born in Grand Forks, ND, he was raised on a grain farm near Humboldt, MN, and attended the Northwest School from 1960 to 1964. He went on to graduate from Dunwoody Industrial Institute in Minneapolis from their auto mechanics program. Bill worked in Minneapolis until he "moved back" to Crookston in 1987.

Bill's father and two brothers also attended the NWSA.

He is married to Verna Hackett Seaton who was born and raised in Crookston. Bill has three daughters and one adopted daughter and two sons. Verna has one son and one daughter. They have five grandchildren.

Much of the Gatheridge's spare time is spent helping Bill's son with little things as he is confined to a wheelchair following a swimming accident in the summer of 1989.

"Life deals a different hand of cards to us all, as we have to do the most we can with what comes along. Even with my son's accident, I have been blessed in many ways and have learned that having faith in God gets you over the rough spots," Bill said.

Bill and Verna belong to Wesley United Methodist Church in Crookston. They enjoy bowling with mixed doubles once a week and are active in the Order of Easter Star. They volunteer with the American Legion, Crookston Masonic Lodge and Kem Temple Shriners.

"I feel honored to serve as president of the Northwest School Alumni Association and to work with all the great alumni on the board. Get ready for the reunion," said Bill.

NWSA Alum Pictured On Stamp Honoring Women In The Services

President Harry S. Truman was presented booklets in 1952 containing first issues of the new three cent stamp honoring the women of the services. Representing the women's services with President Truman is Corporal Frances Klein Fortie, U.S. Marine Corps. Frances is a '46 graduate of the NWSA. (Frances is pictured on the far left).

"President Truman was wonderful, down to earth, pleasant, easy to talk to," remembers Frances Klein.

After graduation from the NWSA, Frances moved to Minneapolis and attended the University of Minnesota for a short time. She enlisted in the U.S. Marine Corps in 1951 and was discharged in December of 1953. Just before her discharge she married a career Marine and lived in California, Virginia, North Carolina, Washington DC and Hawaii. After her husband retired, they returned to California to live.

Frances has three children and six grandchildren. Because Frances has M.S. and confined to a wheelchair, she was not able to travel to her 50th Reunion last year. Her classmates gathered together to call her during the reunion.

"I loved the years at the NWSA. I feel I received a good education as we had excellent teachers."

The class of '46 gathered to make a conference phone call to classmate, Frances (Klein) Fortie. Back row from left: Ed Nelson, Ottertail; Ray Johnson, Cincinnati, OH; Elaine (Enge) Hutchinson, Huntsville, AL; Armin Ross, McIntosh; Evangeline (Anderson) Myhre, Warren; and Lorraine (Anderson) Nesland, Long Beach, CA. Front row: Franklin Zak, Grand Forks, ND; JoAnne (Quigley) Stambaugh, Rapid City, SD; Ellen (Johnson) Loney, Visalia, CA; Conrad Zak, East Grand Forks, and Paul Proulx, Crookston.

*Best wishes to Corporal Frances Klein
Harry Truman*

Roelofs Appointed Associate Director of Development and Alumni Relations at UMC

Del Roelofs

Dr. Del Roelofs of Crookston has been appointed associate director of development and alumni relations at the University of Minnesota, Crookston (UMC) and the Northwest Experiment Station (NWES). The 12 month, renewable appointment began January 15, 1997.

"We are pleased to have someone of Del's caliber to assist with development and alumni relations for the university and the experiment station. Del will be a valuable asset to our campus," said Allan Larson, director of External Relations.

Del brings to the position an extensive knowledge of people in the Red River Valley. From 1970 to 1976 he was superintendent of schools for the Crookston School District. From 1977-1991, he was the owner-manager of Red River Distributing, Inc., in Crookston.

He left Crookston to become director of Administrative Support Services for Northeast Metropolitan Intermediate District 916 in White Bear Lake, MN. In 1993 he became president of Northeast Metro Technical College. He returned to Crookston in 1996.

Roelofs has a doctor of education in educational administration from the University of Wyoming, Laramie, WY; master of education degree in education from South Dakota State University, Brookings, SD; and bachelor of arts degree in industrial arts, physical education and science from Westmar College, LeMars, IA.

He is a member of the UMC Teambackers and of First Presbyterian Church of Crookston. He and his wife Judy have two children and five grandchildren.

UMC and UND Cooperate for Ag Aviation

University of Minnesota, Crookston, and University of North Dakota, Grand Forks, officials collaborate in the country's finest agricultural aviation program. Program Coordinator Kent Lovelace answers questions at a recent press conference. From left: Minnesota State Senate Majority Leader Roger Moe, UND President Ken Baker, Lovelace, UMC Chancellor Donald Sargeant, and Crookston Mayor Don Osborne.

The University of Minnesota, Crookston and UND Aerospace at the University of North Dakota have joined forces to create the country's newest and finest degree program in Agricultural Aviation.

Under the cooperative agreement, UND Aerospace will provide primary flight instruction to UMC Ag Aviation students at the Crookston Municipal Airport. UMC will provide aerial application training and a comprehensive academic program designed to meet the needs of today's student in a rapidly changing industry.

will locate five aircraft in Crookston including two new Diamond Katana training aircraft for private pilot training, one Piper Cadet and one Piper

"We believe that this cooperation makes the best possible use of the resources of both our universities and emphasizes the world-class skills of both UND Aerospace and UMC in their respective aviation specialties."

Arrow for commercial pilot and instrument training, and a Piper Superclub for tailwheel training. UMC will provide aerial application flight training in its Piper Pawnee crop duster aircraft.

Agricultural aviation is going high tech today. UMC's new bachelor of science degree in Agricultural Aviation combines the strengths of two prominent institutions into a world-class program to prepare professionals for the aerial application industry.

Mark Yudof Named 14th President Of The U of M

Mark Yudof, executive vice president and provost of the University of Texas at Austin since 1994, was named the 14th president of the University of Minnesota by a unanimous vote of the board of regents.

Yudof has a bachelor's degree from the University of Pennsylvania and a law degree from the University of Pennsylvania Law School. He served for 10 years as dean of the University of Texas School of Law before becoming executive vice president and provost. In that post, he initiated many improvements in undergraduate education at the Austin campus, including an extensive revision of undergraduate advising; an Academy of Distinguished Teachers to recognize and reward outstanding teachers, especially those who teach undergraduates; and a freshman seminar program that aims to give all entering freshmen a small-class experience.

As an administrator, Yudof has a reputation for commitment to scholarships. While dean of the University of Texas School of Law, he created—and raised funding for—a program to allow regular sabbaticals to faculty wishing to pursue scholarly activities. In his personal legal work, he is an authority on school finance and has written widely on such topics as school desegregation and property taxes.

His book "When Government Speaks: Politics, Law, and Govern-

ment Expression in America" won him the Meritorious Book Award from the American Society of Writers on Legal Subjects in 1983 and a Certificate of Merit from the American Bar Association in 1984.

He has also received the Student Bar Association Teaching Excellence Award (1974-75), the Chicano Law Students Association Recognition Award (1990), the Thurgood Marshall Legal Society Award (1990) and the Jurisprudence Award from the Anti-Defamation League (1991). Yudof is a fellow of the American Bar Foundation and the Texas Bar Foundation and holds the James A. Elkins Centennial Chair in Law at the University of Texas.

"Provost Yudof was selected by the people of Minnesota," said Tom Reagan, chair of the board of regents. "The board traveled the state, listening to citizen concerns about the qualities they wanted in a president. Provost Yudof represents the best of those qualities—a commitment to keeping the university accessible to the people while improving its status as one of the top research universities in the world."

Yudof was selected as a finalist by an 11-member volunteer Presidential Search Advisory Committee. The finalists came from a field of approximately 200 nominees, of whom 50 became active candidates.

"The UMC-UND alliance literally creates a new dimension to agricultural aviation education at UMC and for our industry."

--Donald Sargeant, UMC Chancellor

The program will continue to be based at the Crookston Municipal Airport where UMC and its Ag Aviation program have a long history of support and cooperation with the City of Crookston. UND Aerospace

Teambackers Membership and Fund Drive Completed

The Teambackers Membership and Fund Drive began August 5 with goals of reaching a membership of 400 plus and raising a minimum of \$75,000 for 1996-97 athletic scholarships. More than 60 Teambackers' volunteers made up six teams who competed to see which teams could sign up the most members and bring in the most dollars.

Ed Odland, Teambackers president chaired the Campaign. Coaches Scott Oliver and Gary Senske were team coordinators. Team captains included: June Shaver, JoAnn Westburg, Duane Dumas, Don Cavalier, Tom Helgeson, Bob Clauson, Chuck Larson, Dave Dufault, Pete Graham, Jim Ingeman, Chuck Wilder and Dave Hoff. All the UMC coaches were also team members.

As of December 31, 1996, Teambackers membership reached 371 and the fund drive generated just over \$37,400. There are still several pledged gifts we are expecting to receive in January.

Thanks for your support, and we hope to see you at some of our athletic contests in the months ahead.

Class Notes . . .

Elmer L. Bredlie '22
Fargo, ND
Retired.

Julian O. Halvorson '23
Fergus Falls, MN

He and his wife are living at Northwestern Manor, an assisted care facility, where they have their own small apartment. Aside from being dependent on walkers, they are getting along quite well. Recently celebrated 97th birthday.

Gladys E. (Rice) Landre '24
Duluth, MN

Getting too old to travel. Knits and makes things for her church's bazaar. Takes care of her 99 year-old husband.

Alice Mae (Parnow) Patten '26
Peka, KS

Moved to Peka last June. Enjoys seeing both children that live nearby. Has a nice apartment and is still doing handiwork. Likes to fly to visit relatives.

Arthur M. Ramse '26
McIntosh, MN

Has many good memories of old Northwest School of Agriculture. Would have enjoyed attending the reunion last June but schedule was very full. He is 88 years old and still active with many projects. He and wife Elmyra were missionaries at The Fort Totten Indian Reservation for over 22 wonderful years. Still does some preaching and teaching of bible classes and conducts worship services at rest homes. They are very happy and busy. Sends greetings to all.

Lillian C. (Bakken) Lillemoe '28
Golden Valley, MN

Had a bang up 85th birthday party in '95. Went to Canaan, CT to celebrate some more at son's country home. Spent holidays in Florida in '95 and '96. Went to Erskine in summer of '96 and also visited the old school in Crookston. "So enjoyable!"

Evelyn M. (Bierbaum) Peterson '30
Villa Park, IL

Now lives with daughter in Villa Park. Has vertigo and cannot live alone so her mobile home in Texas is for sale. She fell and broke left shoulder so had day and night nurse for two months, is fine now. Keeps busy at 85 doing dishes, baking, preparing meals, and exercising. Misses her judging and public work the most.

George H. Schulz '31
Fergus Falls, MN

Wife Gladys is a resident of the Pioneer Retirement Home with a very serious memory loss. So many changes have been made. A tremendous loss for thier family, and now he has acquired a heart condition only to be cured by heart surgery.

Retired from AUT Body Shop business. Has one son, Garrett, and one daughter, Lucia. Both are married, have families, and own family farm in West Polk County.

Frances V. Pearson '39
Hallock, MN

Retired for several years. Knits as a hobby. Lives in an apartment complex where 20 live under the same roof so she enjoys good fellowship. Older sister, Julia, lives there also.

Harvey Bloomquist '41
Drayton, ND

Semi-active in farming grains, sugar beets, and certified seed. Has served on numerous boards, mostly local, including being township clerk 35 years. Curling and fishing are only past time activities.

William H. Merdink '41
Milwaukee, WI

Took care of wife who had cancer and emphysema up until her death December 1, 1996.

Cheryl T. (Bjella) Horton '44
Fremont, NE

Is enjoying old age, retirement, and fortunately good health. Plans to travel across Canada (by train) and into the Artic area to observe wildlife in 1997.

Orvis '44 and Marlys (Sargent) '49 Engelstad
Florence, AL

Have lived in Alabama for over 36 years. Orvis, now retired, was a research agronomist and then an administrator for the National Fertilizer Development Center, Tennessee Valley Authority. They have racked up quite a lot of foreign and domestic travel over the years, and still have more trips planned. Have three children and two granddaughters. Their health is good and they're still "going strong;" have attended several Elderhostels in recent years. "Ya'll come and see us!"

Robert W. Erickson '47
St. Paul, MN

Retired from the University of Minnesota in June 30, 1994 but still pursues some teaching and considerable research as Professor Emeritus in the Department of Wood and Paper Science on the St. Paul campus. Oldest son and his family live in Fresno, CA. This, plus the fact that he owns properties in New Mexico, give him numerous excuses to travel west.

John L. Paur '49

On November 11, 1995, she married Chesnia (Chet) Burdick in the Chicago Temple of the Church of Jesus Christ of Latter-Day Saints. It was the first marriage for the both of them.

G. Roger Asplin '64 Altamont, IL

Retired from GTE North after 26 years in December 1996. Has a new grandson, Parker Elijah Asplin born in September 1996. Plans to enjoy retirement and new grandson.

"Though our hearts were broken, we feel the healing your love and concern have provided. Your kindness has made the unbearable bearable. We know that we will always miss her, but Robyn's life will go on forever in our hearts and lives of the people she touched. Thank you so much."

--The Family of Robyn Purath

Robyn was the granddaughter of Bill and Pauline (Finkenbinder '45) Purath.
