# HISTORICAL REVIEW PROSPERITY

Class of 1916

The original tract of land used by the Northwest Experiment Station consisted of 476.61 acres. Permission to use the land for experimental purposes was granted by the St. Paul and Pacific Railway, a part of the Great Northern Railway system.

The first building on campus appeared in 1895. This building served as the residence of the first superintendent. Following the establishment of the school, the second floor and attic were used as a dormitory for girls until Robertson Hall was completed in 1910. The entire area of the Experiment Station was on a treeless plain.

In 1906 the Home Economics Building appeared. Stephens Hall was completed in 1908 with a complete system of kerosene lamps. In 1910 the kerosene system gave way to electricity. This year also saw the completion of the Kiehle Building and Robertson Hall. The Owen Building became a reality some time between 1908-1910.

## Our Campus

# CAL OF EROUS PAST

Former Supt. and Mrs. McCall, Present Supt. and Mrs. Youngquist

In 1912 a building was dedicated to the donator of the original tract of land, James J. Hill. Hill Building was completed in 1913. Selvig Hall was finished in 1914 and the Dining Hall in 1920. The Monument for Soldiers and Sailors of Northwest School, who gave their lives in World War I, was also completed in 1920.

The Health Service Building was completed in 1926, the Gym in 1930, and the last building was erected in 1946 and is known as the New Dorm.

Northwest has been served by five superintendents since its founding. T. A. Hoverstad was the first to take the responsible position and served from 1895-1905; William Robertson 1905-1910; C. G. Selvig 1910-1927; A. A. Dowell 1927-1937; T. M. McCall 1937-1956. The present Superintendent, Bernard Youngquist, will direct our promising future that has grown out of the prosperous past.

## Dedication

We the Senior Class of 1957 dedicate our "Aggie" to our new Superintendent Bernard Youngquist. May you serve our school as skillfully and successfully in the future as your predecessor, Mr. McCall, has done in the past. We the class of 1957 extend to you the best of success in the future and may God guide you in all your endeavors.

## Seniors

*Nearly four years ago 98 uncertain and shy people, given the title of students, entered the Northwest School to learn and understand better themselves, and their environment. Within these four years a few left but more transferred to Northwest making up a class which now numbers 110 united through a common four year past.*

*Through the trials and frustrations of our freshman year we progressed; taking part in more activities as years went on. As sophomores we were given the privilege of putting on the junior and senior banquet. The prom theme for our junior year was "Memories Are Made of This." The other significant activity was the play "Miss Jimmy." We were busy in our junior year but we were challenged even more in our senior year, which included such activities as being in charge of the Aggie, and the school paper, the Rouser.*

*We are now leaving, hoping that you will enjoy your years as much as we.*

Queen Jeanette was crowned at assembly by the co-captain of the football squad, Harold Moe. In the afternoon she and her attendants were escorted around the campus in a convertible by co-captain Duane Mulcahy. At the football game that afternoon the royalty watched as the Crookston Aggies defeated the Grand Rapids Aggies. That evening they were presented at the Homecoming dance to the alumni and guests.

# National Honor Society

The National Honor Society is a national organization to which only the students that meet the qualification can belong. The basis of membership is character, scholarship, leadership, and service. On the second and fourth Thursdays of each month the Society meets to discuss school problems and ways of helping the school to be better. With the help of their advisor, Mr. Riersgord, the group does such functions as leading tours on Parents Day, taking attendance at assemblies, and promoting school activities.

## Parents view students second home.

Every year before leaving for Thanksgiving vacation we invite our parents to "Parents Day." This is a day set aside for them to view the operations of the NWSA in action. During the festivities of the day the faculty and students entertain the parents. The students also display the accomplishments of their work on their summer projects.

The day's entertainment began in the auditorium where the musical groups presented a short program. Then the Home Economics students modeled dresses made in their classes.

The afternoon festivities came to a close in the gym with the annual home project display and a social hour.

The club was started by the advisors, Mr. Soderburg and Mr. Beresford, and the officers who are Roger Tollefson, President; Terrance Hovet, Vice-President; and Dale Johnson, Sec.-Treas. The meetings on Tuesday afternoons are spent learning how to operate cameras, develop pictures, and operate a movie projector.

Every Tuesday night from November to March the Potato Judging class meets. Here with the aid of their fine advisor, Mr. Beresford, the students learn how to pick our different varieties of potatoes and the different types of potato diseases on both the tuber and the plant. Before the Potato Judging Contest at the Red River Valley Winter Shows, Mr. Beresford chooses a team of three based on the students record of judging during the classes.

## Headwaters Club Forms a Student Council

Every year our school sends ten student delegates to a Leadership Camp sponsored by the University of Minnesota. This year the students came back with the desire to start a Student Council. Before beginning on the project they decided that a club should be formed for all of the students that had attended the Leadership Camp. the name of Headwaters was chosen because the camp is held at Itasca State Park where the Headwaters of the Mississippi is located.

The Headwaters Club this year has taken as its project the forming of a Student Council. A Constitutional committee was chosen which began working on the Constitution. At each meeting the Headwaters Club discussed parts of the Constitution and so now at the end of the school year we can boast of having a Student Council.

Only with the very fine assistance of our advisors, Mr. Budrow and Supt. Youngquist are we able to leave at the Northwest School two organizations that will better the ideals and students of this school.

## Aggie Wrestlers

Our wrestling team this year has displayed great skill and knowledge of the sport, thanks to the efficient coaching of Mr. Kruta and the determination of the students participating. This year we have both our "A" team and "B" team wrestling in the meets which leaves many experienced wrestlers to take over next year where this years seniors leave off. The wrestlers faced such opponents this year as Morris, Grand Rapids, Moorhead, Bemidji, and Waseca.

Fight Team Fight!

"Midnight deadline!"

REMEMBER?...that first meeting in the Library ...our new advisor, Mr. Field...when we moved the file over to Hill Building...the night we picked out our Aggie covers...getting the faculty to have their pictures taken... swiping the Rouser's broken down typewriters...waiting for Jule's proofs...the willing Juniors...planning the new Senior section...rationing our only eraser...meeting that first deadline...when we discovered we lacked a picture of the Junior class officers...how the editors argued together but finally agreed...and finally the day the Aggie arrived!
