

News Release

We Are Water Family Night

By Cassandra Morthera on Friday, February 15, 2019

As part of the "We Are Water" exhibit that is currently at the University of Minnesota Crookston campus, there will be a Family Night, on Tuesday, February 26, 2019, in Bede Ballroom and the International Lounge in the Sergeant Student Center. There will be a myriad of activities that are designed from children in pre-school to young teens and pre-teens in 8th grade. This night of activities is a collaboration between the early childhood education, elementary education, and the agricultural education programs.

There will be a total of twenty-one activities that participants can partake in. Among these are, water play for infants and toddlers, building water dams (Legos), and a do-it-yourself (DIY) compost bins activity.

We Are Water MN is a partnership formed to tell Minnesota's water story collaboratively, bringing together personal narratives, historical materials, and scientific information. Combining these ways of knowing water strengthens Minnesotans' relationships with and responsibilities to water. The program allows audiences to explore different themes related to water, add their story to the program's growing collection, and gives people a chance to think about how to protect water.

While you are on campus, visit the We Are Water exhibit in the Kiehle Rotunda and Kiehle 116 for activities and informational displays about the importance of water for all ages. The exhibit will be on display until March 4.

About UMN Crookston

One of five campuses that comprise the University of Minnesota System, the University of Minnesota Crookston now delivers 35 bachelor's degree programs and 25 minors on campus as well as 16 degree programs entirely online. These degrees are offered in the areas of agriculture and natural resources; business; liberal arts and education; and math, science and technology. With an enrollment of 1,800 undergraduates from more than 20 countries and 40 states, the Crookston campus offers a supportive, close-knit atmosphere that leads to a prestigious University of Minnesota degree.
