## Editor's Note:

You have now received seven issues of THE ART ON THE AIRWAVES which outlines KUMD 103.3 FM's coverage of the regional art scene. I hope you have had a chance to listen to some of our reports and have liked what you have heard.

If you listen to these reports regularly you may have noticed that we hired a host for our MORNING EDITION program. This change has given us more control over the show and has enabled us to introduce more local and regional news and information into the program. But this change has also meant that the art modules have sometimes been moved to accommodate this new coverage. Even so, most of the time you can still hear the module on Tuesdays and Thursdays at 6:20 and 7:50 a.m.

Last month's four-part series on "Public Art" was well received by both the arts community and our listeners. This is an example of an issue that KUMD felt needed more coverage and more general awareness. If you have any ideas for other issues which you would like to see covered in more depth please feel free to contact me at (218) 726-7181. Thank you for helping us to get the word out about our arts coverage.

Bob DeArmond, Outreach Coordinator
