The Chairman administered the oath of office to Regent Gainey<sup>3</sup> and presented him with the certificate of his election.

At the request of the President, the Vice President, Academic Administration, read the following resolution:

James Ford Bell served as a Regent of the University of Minnesota from February 7, 1939, until his death on May 7, 1961. During all those years his deep wisdom, his unflinching insight, his remarkable judgment and sense of perspective, and his vast experience in business and administration had powerful impact upon the deliberations of the Board and upon the determination of policy for the University as a whole. Mr. Bell was a man at one and the same time visionary and practical. Perhaps it was the happy equilibrium between these opposite qualities as manifested in his personality that made him the effective person that he was, both on and off the campus. Mr. Bell did dream dreams, and he found ways to wake them into realities. His enthusiasm for ideas, covering a wide range of interests, was characteristic; he was a wonderful companion in discussion, and a never failing source of help in formal deliberations. Men of this unique quality of mind and purpose are rare indeed.

To the University, and through it to the people of the state and to the scholars of the world, Mr. Bell made gifts of inestimable and enduring value. The Minnesota Museum of Natural History, the James Ford Bell collection of books on trade and exploration in the University Library are living monuments to the man and symbolize his sense of civic and intellectual responsibility. They also are a manifestation of his faith in and devotion to his alma mater; he was a University of Minnesota graduate in the class of 1901. The full significance of all that he meant to the University in so many ways will grow and grow, and become increasingly apparent with the passing years.

For all of this the Regents of the University express profound appreciation. They express appreciation, too, for the good fortune that made each of them a working colleague of James Ford Bell. As a fellow Regent and as a friend, they mourn his passing. Upon the records of the University they spread this action, and instruct their Secretary to send a copy of it to the members of the Bell family.

Regent Griggs moved and Regent Gainey seconded the adoption of the above resolution. Passed unanimously.

The President reported for the information of the Board the receipt of letters from Mr. Edward B. Cosgrove and Mr. Karl G. Neumeier expressing their gratitude for the Regents' action of April 14, 1961, awarding them the Outstanding Achievement Award.

At the request of the University Committee on Fees and on the recommendation of the Vice President, Academic Administration, and the President, voted to approve the following changes in fees:

To decrease the course fee for the special summer program in statistics in the health sciences from \$60 to \$57.80, effective 1st term 1961 Summer Session, and to add five courses to the existing program.

During the Summer Session, 1960, the School of Public Health established courses for a special program in statistics in the health sciences and a course fee of \$60 per registration was approved.

It seems desirable to expand this program by the addition of five courses. At the same time it is suggested that the course fee be reduced in the amount of \$2.20 to eliminate confusion in the billing of odd amounts. The total fee for participants in this program will be as follows:

Tuition:	\$ 69.00 (six weeks)
Incidental Fee:	13.20
Course Fee:	57.80
Total:	\$140.00

Popovich, Chairman, Sub-Committee on Education, House Appropriations Committee, filed supplement to the minutes, page 13,591.

The President discussed the following principles to be used in the preparation of the 1961-62 budget:

1. One-fourth of the amount available for academic salary improvements in the first year to be used for the provision of fringe benefits which will affect all members of the academic staff.
2. Three-fourths of the amount available for academic salary improvement in the first year to be used for selective salary improvement (merit).
3. The waiting period presently in effect for some ranks in connection with the \$10,000 group life insurance policy will be abolished and the University will pay the cost of the policy as a fringe benefit. The waiting period presently in effect on annuity options will be continued, however.
4. Approximately \$70,000 of additional funds will be required in 1961-62 to finance the University's share of the cost of retirement annuities. This sum will be a charge against the salary improvement money as appropriated by the legislature. The unfunded obligation for the same purpose in the 1960-61 budget will remain unfunded in the 1961-62 budget and will become a charge against Regents Reserve.

Voted to approve the principles suggested by the President for use in the preparation of a preliminary draft of the 1961-62 budget.

The Vice President, Business Administration, read a commitment letter from the Northwestern National Bank of Minneapolis, the First National Bank of Minneapolis, and the First National Bank of St. Paul outlining the conditions for borrowings by the Regents in connection with the Student Loan Program.
