

Minutes

**Senate Consultative Committee  
June 17, 1988**

Present: Mark Brenner, Charles Campbell, Richard Goldstein, Warren Ibele, Lynnette Mullins, M. Kathleen Price, W. Phillips Shively (chair), Bruce Vandal

Professor Shively explained that this meeting of SCC was necessary to respond to a request from the Regents that there be an additional member of the Presidential Search Advisory Committee.

The request is that there be a member from Greater Minnesota. At present the Search Advisory Committee had students and faculty only from the Duluth and Morris campuses; Professor Shively said he thought the criticism was probably fair and that the Committee should consider adding another individual. The Committee unanimously agreed on a nominee from the faculty from the Crookston campus.

The Committee adjourned at 1:55.
