### ONE RELIGION

We belong to different faiths because  
the ancestors of each accepted the faith  
of the community where they happened  
to live, and we in turn accepted without  
question the faith of our family. If you  
prefer intelligent choice of religion to  
blind brainwashed, clerically-manipulated  
acceptance of family tradition which  
keeps religious people segregated into  
sects, ask for the free pamphlet.
