Wouldn't you really rather Bank nearby?

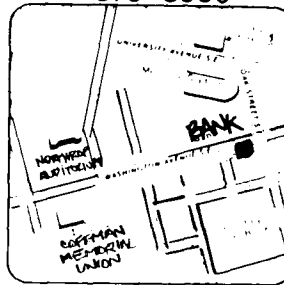

When your bank is nearby, banking errands are easier to run. A closer tie develops. You're a neighbor and deserving of special favors, special services for University people. Give us a chance and we'll prove a nearby bank "our bank" can and will do more to please you. And no limit as to the services we can perform. We're big on doing the unusual—going a little farther—to meet requests. And we do it in a no-strain way. That's why we're here—on campus—to help you bank.

DIALING INSTRUCTIONS

		FROM Twin Cities Campus Telephones
TO	University Information	Dial "3-2002"
TO	University Hospitals Information	Dial "3-8484"
TO	Twin Cities Campus Numbers	Dial last FIVE digits of listed centrex number
TO	Twin Cities Area Numbers	Dial "9," then listed number
TO	Bell Telephone Operator	Dial "9" and "0"
For Long Distance		See below
For Telephone Repair		Dial "9" and "611"
In case of an EMERGENCY such as serious accident, illness, or fire, or for police, emergency repairs, etc.		Dial "0" and report to University Police

Dial "9" for an Outside Line—From a Twin Cities campus telephone, **DO NOT** wait for a second dial tone. Just continue dialing; the second dial tone is applied to the circuit instantaneously and will be continuous with the dial tone you hear when you first pick up the phone.

Don't Delay When Dialing—The University's centrex equipment includes a "time-out" feature. This means that once having started dialing, you must finish dialing within a specified amount of time or the "time-out" equipment will automatically cut you off and your call will not be completed. Should this happen to you, hang up for a few seconds and then dial the call again.

Telephone Calls Cannot Be Transferred—The centrex system will not allow calls to be transferred from one University extension number to another. Attempting to do so will cause the caller to be cut off. When an off-campus caller reaches your phone by mistake, find out who the caller is trying to reach, check the staff listings, and inform the caller of the correct centrex number.

376- Exchange—Some telephone numbers with a 376- exchange have been assigned to University telephones. These numbers are part of the regular centrex system and should be treated like the familiar 373- numbers. On-campus callers should dial the last five digits of the number (6, and then the extension number). Off-campus callers dial the whole seven-digit number.

Phones for Campus-Only Calls—Located strategically around the Twin Cities campus are phones for free campus-only calls. (Maps showing phone locations are available from Campus Assistance.) A few of the most frequently called University telephone numbers are listed at each phone. Dialing procedures and information and emergency numbers are the same as for other campus phones. Numbers outside the University system cannot be reached from these phones, but there are pay phones in almost every University building.

LONG DISTANCE AND TELEGRAMS

Personal Long Distance Calls—University telephones shall not be used for personal long distance calls. Such calls constitute avoidance of state and federal taxes. Further, personal calls, when charged to the University, are clearly contrary to the proper usage of these facilities for University business only. Such calls must be charged to one's residence telephone or personal credit card or made from a pay station telephone.

Long Distance Calls—From University telephones, place all long distance calls directly—**DO NOT** place long distance calls with the University operator. Remember that direct dialing is both quicker and less expensive than operator-assisted calling.

Automatic Long Distance Billing—Long distance calls placed from University telephones are automatically charged against the departmental account for the centrex telephone number from which the call was placed. Each department is sent a monthly statement showing the calls billed against each of its telephone numbers.

Departments are responsible for controlling and recording all long distance calls made from their telephones. Individuals who are not authorized by their departments to make long distance calls must use pay phones.

To Make Direct Dial Calls—

1. Look up proper area code and telephone number; write it down for future reference.
2. Dial "9" for an outside line.
3. Dial "1."
4. Dial the area code if different from your own.
5. Dial the telephone number.
6. Make a note of the call for your departmental records.

If you reach a wrong number, dial the Bell Telephone operator immediately and report the wrong number call so that you will not be billed for the call.

If you need assistance, are cut off, encounter difficulty in hearing, or experience any other trouble, dial the Bell Telephone operator and report it.

To Make Operator-Assisted Calls:

Person-To-Person, Collect, Credit Card, or Special Billing—

1. Look up proper area code and telephone number; write it down for future reference.
2. Dial "9" for an outside line.
3. Dial "0."
4. Dial area code if different from your own.
5. Dial the telephone number.
6. Make a note of the call for your departmental records.

When the operator asks, "May I help you?" simply say on a:

Person call: the name of person called.

Collect call: "collect" and your name.

Credit call: credit card number.

Special Billing call: charge to area code and telephone number.

If you reach a wrong number, are cut off, or cannot hear, flash the Bell Telephone operator by depressing the receiver button.

Canadian Calls—Many Canadian cities can now be dialed direct. Please consult the area code section of your city telephone directory for further information or dial "9" and then "0" and ask for the desired area code.

Overseas Calls—Place all overseas calls with the Bell Telephone operator. Dial "9" and then "0."

How To Find Area Codes—You will find most area codes, listed by city, in the introductory pages of the Minneapolis or St. Paul telephone directory. Area codes for unlisted cities can be obtained by dialing "9," then "0." Ask the operator who answers for the desired area codes.

Your Area Code Is 612—When calling within your home DDD area, the 612 area, or roughly the central part of Minnesota, do not dial the 612 area code.

When arranging for a call-back from a place outside the 612 area, be sure to leave your 612 area code and your complete centrex number.

How To Obtain Long Distance Numbers—If you do not know the out-of-town number you wish to call, you may dial directly, without charge, to the information operator in most cities. Consult the area code section in the Minneapolis or St. Paul telephone directory to see if the city you wish to call is listed. If it is, proceed as follows:

1. Dial "9" for an outside line.
2. Dial "1."
3. Dial the area code of the city you are calling—except when that city is in your own 612 DDD area.
4. Then dial "555-1212." This will connect you to the distant information operator.

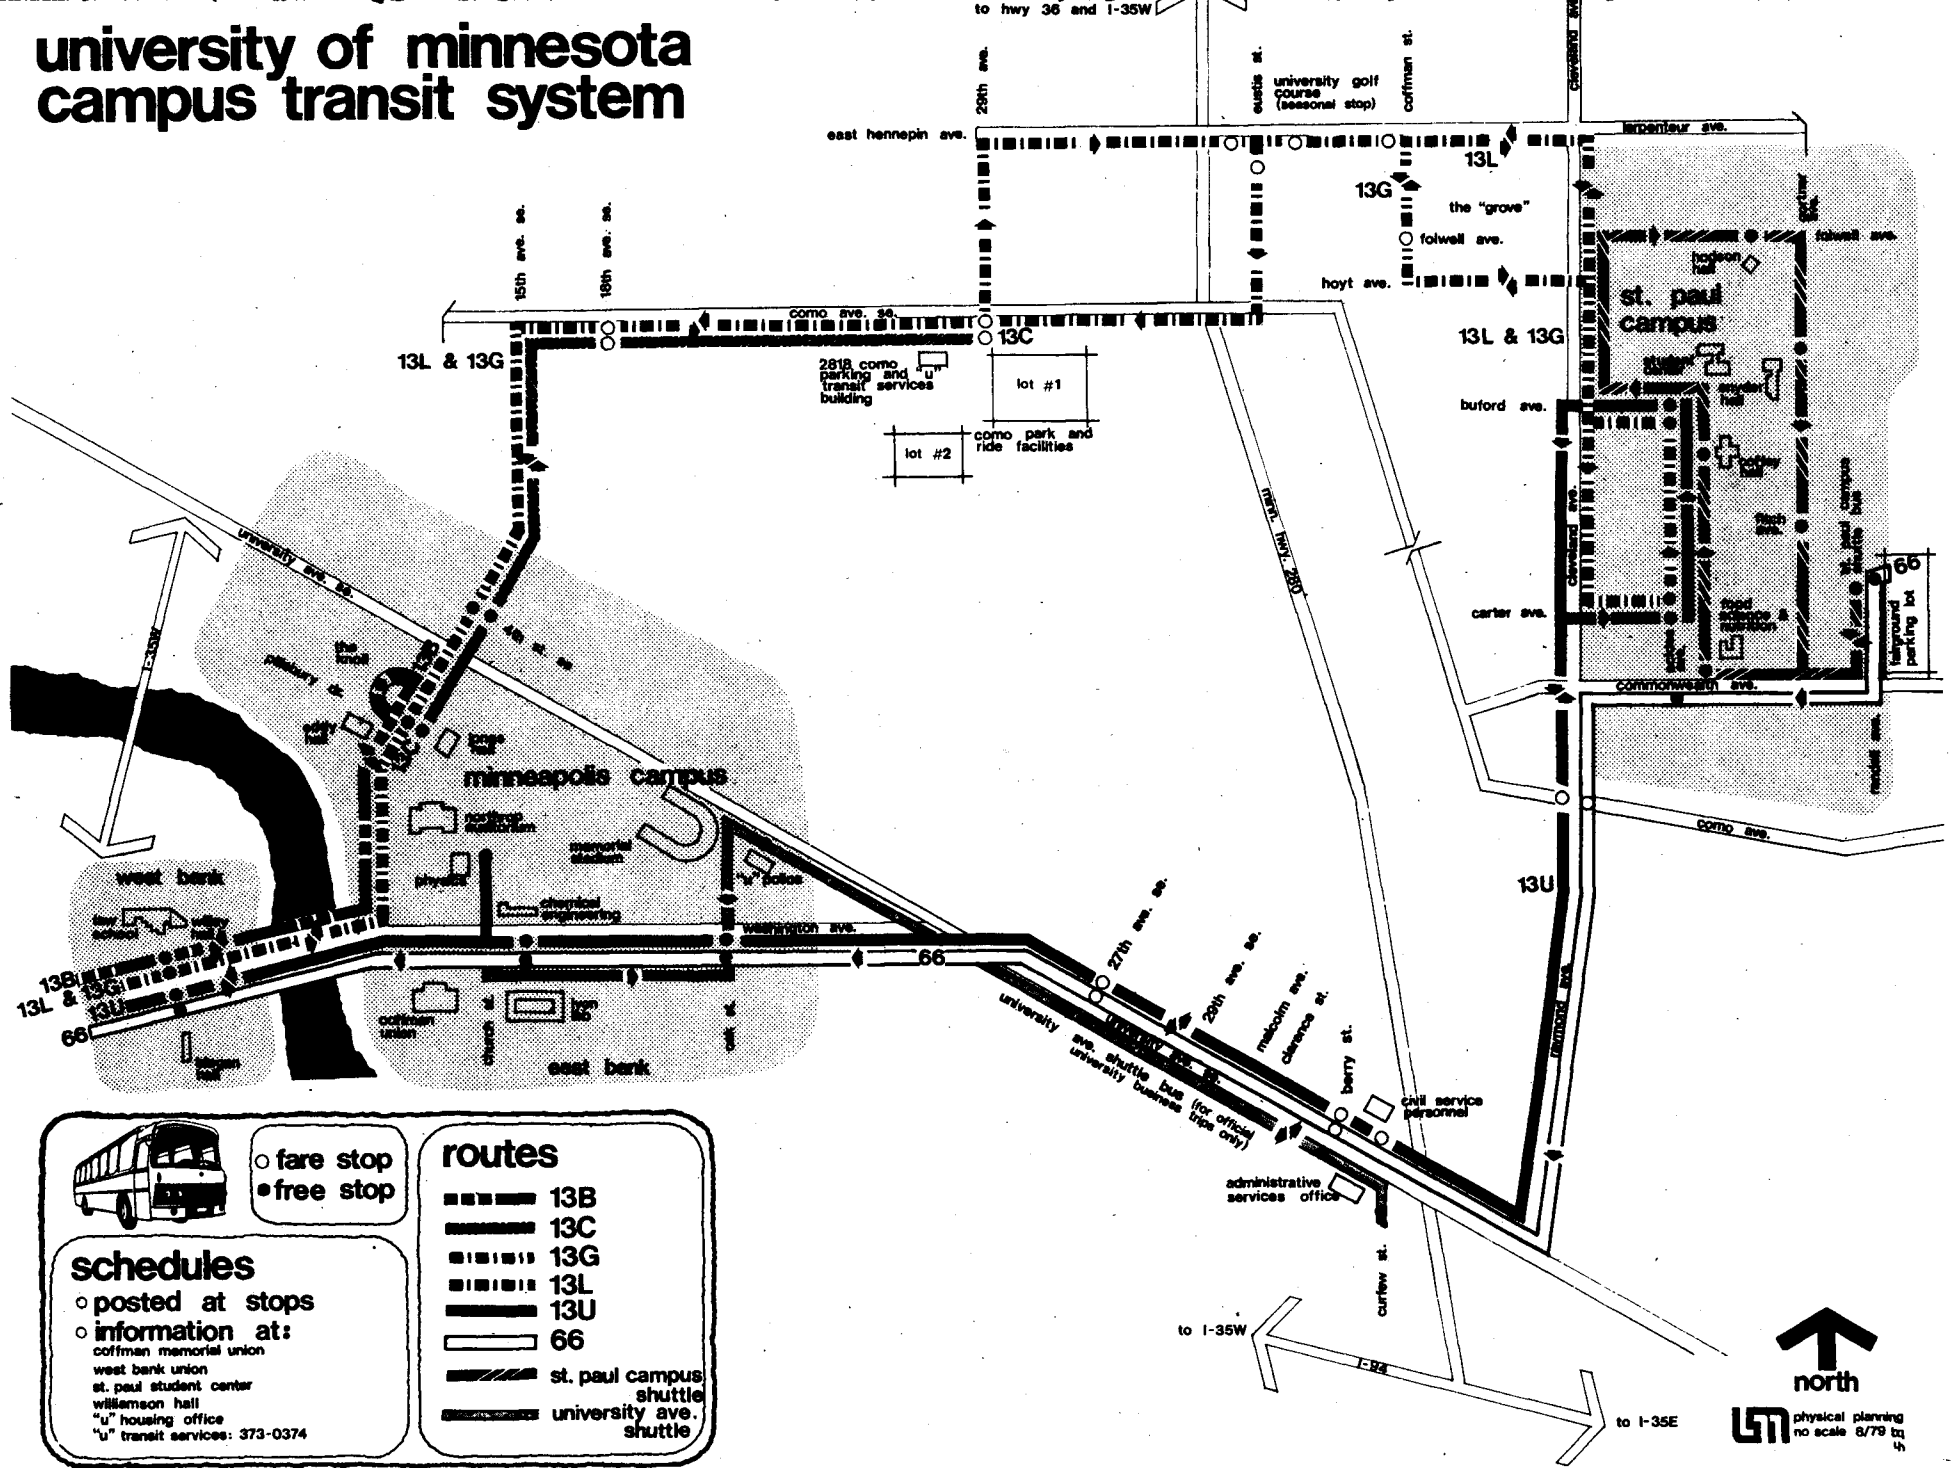

If the desired city is not included in the DDD network, ask the Bell Telephone operator (dial "9," then "0") to connect you to the information operator in that city.

Record your frequently called long distance numbers for future reference.

Telegrams—Place telegrams directly with Western Union, NOT through the University operator. Telegrams placed from a centrex telephone will be charged against the budget of the department controlling that centrex number.

To send a telegram from a "373-" or "376" number, dial "9" + "1" + "800" + "325-5300." When the Western Union operator asks for your telephone number, give your complete seven-digit centrex number.

STAFF DIRECTORY

The Staff Directory contains listings for academic personnel, full-time civil service personnel, part-time civil service personnel, and retired academic personnel. It includes names of those staff members on all campuses of the University who have turned in staff directory cards.

University telephone numbers of Twin Cities campus staff members are designated by a "373" or "376" prefix. Campus designations are included for staff members on the coordinate campuses.

Updated information received after publication of the Directory is on file and on computer at Central Mail List Services, 190 P&GA, 373-2358. Any corrections or new listings should be sent to this office.

Each listing reads in this order: Name, position (name of department, division, office, etc.) office address (office telephone), residential address, residential telephone.

NOTES & NUMBERS

PHYSICIANS NATIONWIDE

"An association of Northwestern Mutual agents offering a professional service to the physician for insurance and financial planning."

In every phase of your medical career we offer you a continuity of personal interest, representation and service. We enable you to start your life and your income protection programs early in your career. This early start can save you up to \$14,000 on the total cost of insurance, and virtually eliminates the risk of being uninsurable later.
