Tradition

Jax has served hungry Minnesotans and travelers the world over for over 50 years. It has been fun hosting generation after generation of interesting people. This we can attest to: today's young adults appreciate the same things that their parents and grandparents enjoy...Jax sizzling steaks...fresh seafood...succulent live lobsters...elegant atmosphere...selective wine list...precise service.

We thank you for the past 50 years and look forward eagerly to many, many more!

These Americans took time off their jobs to serve their country.

Washington. Lincoln. Teddy Roosevelt. Citizen soldiers are more than just a part of our country's history. They are our country's history. For over three centuries they've been leaving their homes and jobs to defend America.

They still do today. They're the members of the Guard and Reserve. Their readiness is vital to our defense.

Be fair to them when their time comes to go on duty. Don't penalize them when promotions and raises are due. Our country's future still depends upon our citizen soldiers. They depend upon you. To find out how you can support today's Guard and Reserve write Employer Support, Arlington, VA 22209. Or call 800-336-4590. Protect their future while they protect yours.

**DRINKING AND DRIVING
CAN KILL A FRIENDSHIP**

By the year 2000, 2 out of 3 Americans could be illiterate.

Read that again, just to be sure you read it correctly.

Because, believe it or not, it's true.

Even today, about one American adult in three can't read adequately. And, each year that goes by, reading skills continue to decline while the standards for literacy keep rising. By the year 2000, Americans will need greater reading skills than ever before, but fewer Americans will have them. If these trends continue unchecked for two decades, *U.S. News & World Report* envisions an America with a literacy rate of only 30%. Which means that the average person with three grandchildren could find that two of them are considered illiterate.

Before that America comes to be, you can stop it by joining the fight against illiteracy today. It takes no special qualifications. If you

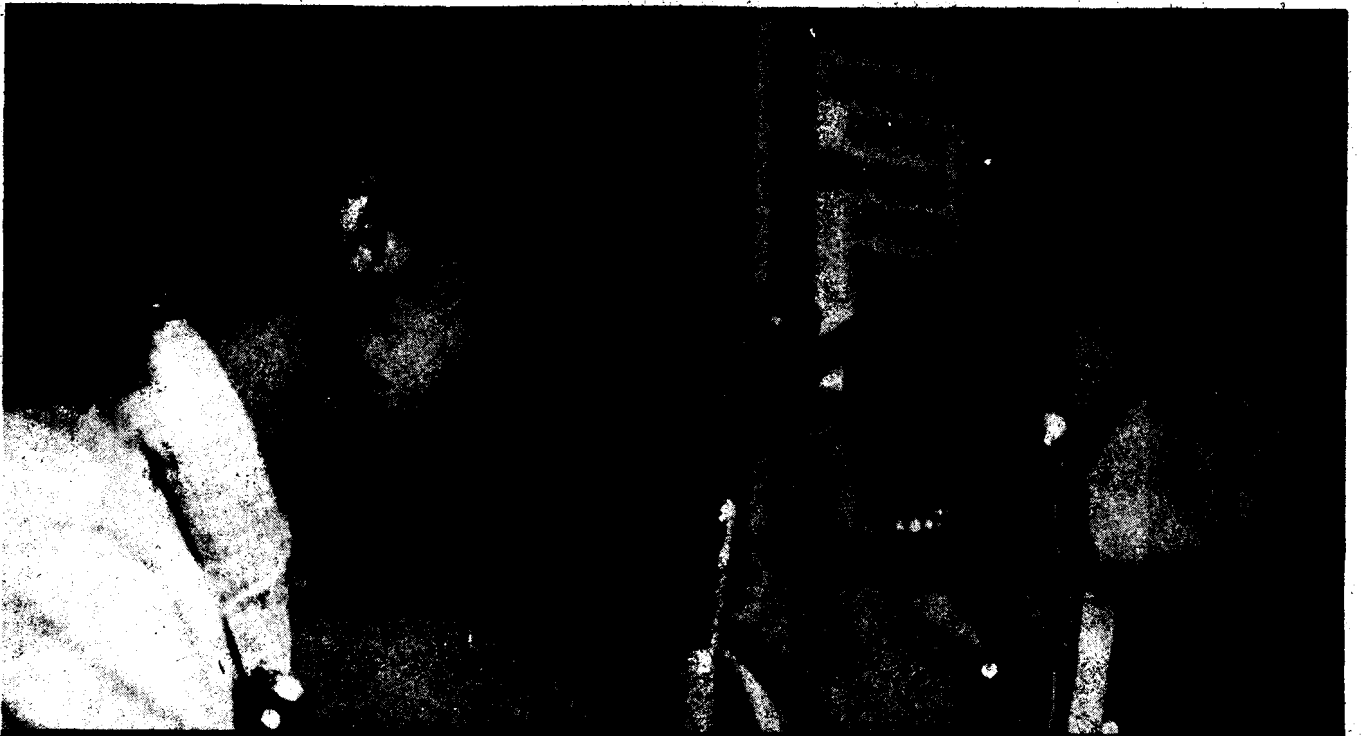

can read, you can tutor or help us in countless other ways. You'll be trained to work in programs right in your own community, sharing the satisfaction of seeing people learning and growing. And you'll know that you're not just helping them but their children and grandchildren, too. Because you're stopping illiteracy before it reaches them.

So join the effort. Call the Coalition for Literacy toll-free **800-228-8813**. You'll be fighting illiteracy for generations to come.

Volunteer Against Illiteracy.
The only degree you need
is a degree of caring.

 Coalition for Literacy

With your eyes they could be seen in a different light.

Somewhere there's a child. A boy. A little girl. Growing up handicapped in a part of the world where they've seldom thought of programs that could begin to make a difference in that child's life.

As a Peace Corps volunteer working in a developing country, you could help establish the special programs that are needed for the children who are blind or deaf, or children with learning disabilities.

Training teachers, organizing vocational work shops, developing teaching aids, as well as teaching on your own, your experience will be implemented at a professional level that can be invaluable at any stage in your career.

It's only one of many projects open to volunteers in today's Peace Corps. Whatever your degree or field of experience, call Peace Corps toll-free 800-424-8580. And put your experience to work where it can do a world of good.

U.S. Peace Corps. The toughest job you'll ever love.

LAST YEAR, WE COULDN'T DUPLICATE OUR STAFF. THIS YEAR, WE CAN.

That's because we now offer the finest color copying available. And many other services you might not have expected. Like cassette tape duplicating. Blueprinting and large document copying. Laminating. Macintosh™ LaserWriting. We even produce custom 35mm slides. And now, one of our stores is open 24 hours.

You see, our job isn't just making copies. It's making sure we provide you with the services you need.

So try Kinko's. Our services, and the people who provide them, just can't be duplicated.
