UNIVERSITY OF MINNESOTA MINNEAPOLIS CAMPUS

The major boarding area on the East Bank for Route 52 buses destined for Minneapolis in the afternoon is on the south side of Pillsbury Drive S.E. in front of the Civil & Mineral Engineering Building (CME-No. 2 on map at right). The only other boarding location on the East Bank for Route 52 buses destined for Minneapolis is on Washington Avenue across from Coffman Union (No. 9). (Persons wishing to board at the westbound Coffman Union stop on Washington Avenue must wait until the bus pulls up to the stop indentation between the two Washington Avenue pedestrian bridges before attempting to board.)

HOW TO USE ROUTE 52

We have made Route 52 convenient and easy for you. Simply use the map to locate which 52 route is best for you. Separate schedules can be obtained for the regular school year, final exam periods, and vacation periods. Schedules are available for Route 52 on campus at Coffman Memorial Union, the West Bank Union, and the St. Paul Student Center. Schedules are also available on all Route 52 buses. New schedules are typically available five working days before the beginning of each new service period. Schedule information is available from U of M Transit Services at 625-9000, Medicine Lake Lines at 545-1025, and the Transit Information Center at 827-7733.

Even if you don't live near a 52 route you can still take advantage of the service. Park and Ride lots are located on many of the 52 routes. Route 52 also offers the convenience of using MTC SuperSaver Monthly Fare Passes and 10 Ride Punch Cards. The chart on the reverse side outlines the substantial savings you will realize each time you ride using SuperSaver Fare Cards and Passes.

You can also transfer to and from MTC routes as well as to and from other local transit lines with full transfer reciprocity. Thus, you will only need to pay your fare once to complete your trip. Schedule information for MTC and other transit lines is available from the Transit Information center at 827-7733.

With all of these advantages and the added convenience and economy, why would you choose any other route to the University?

SUPERSAVER CONVENIENCE FARES

SuperSaver 10 Ride Punch Cards and Monthly Fare Passes can mean substantial savings to you whether you use Route 52 daily or just occasionally. Listed below are the SuperSaver equivalents to cash fares. As with all other aspects of Route 52 we have tried to make the fares as easy and convenient as possible. You may even purchase SuperSaver cards and passes on campus at Coffman Memorial Union, the West Bank Union and the St. Paul Student Center.

Fare Type	Cash Fare	SuperSaver 10 Ride Card	SuperSaver Monthly Pass	Savings Per Ride

ADDITIONAL DIRECT SERVICE ROUTES TO THE UNIVERSITY

The 52's are not the only buses that service the University area. There are several MTC routes just as timely and just as convenient.

Pocket schedules for these routes are available from the MTC Transit Store, 719 Marquette, Minneapolis, or from the St. Paul Transit Store, at the Skyway level of the American National Bank Building. For further information about these routes, call MTC information at 827-7733, or Busline at 341-4BUS (if you have a touch-tone phone) 24 hours a day, seven days a week.

Ridesharing is another alternative. Call U of M Transit Services at 625-9000 or Minnesota Rideshare at 349-RIDE. We will send you a rideshare interest card to fill out. Within two weeks after the interest card has been returned, you will receive a list of commuters whose residence, time and travel routes most closely match yours. As a carpooler, you will have preferential parking at three daily rate University parking lots or our staff contract lot.

Also, if you have to work late, missed your ride or have an emergency at home, as a registered carpooler, you always have a guaranteed ride home. Call any local taxi operator. You may pay with either a voucher (available from U of M Transit Services) or pay for the ride yourself and receive partial reimbursement. Call U of M Transit Services at 625-9000 for more information.

Questions about the faculty/staff section should be directed to 626-0505; questions regarding student listings may be directed to Student Relations, 625-5333. Direct other questions or suggestions to the directory editor in 6 Morrill Hall, phone 624-6868.

Faculty and staff: You are listed in the "staff" section that immediately follows the departmental listings if you have turned in a Staff Demographic Information form to the Information Center, Administrative Information Services (AIS). On that form, you may request that your home address and phone number be excluded from the directory. If you are not listed, or if the information listed is not accurate, make out a form and send it to AIS, 110 AdmSvCtr. Additional forms (GS 92310, BA Form 549) are available from University Stores.

Students: Your listings are compiled from information you supply to Admissions and Records during fall quarter registration. Note that you may exclude information from the directory if you wish. To request an exclusion or to change a listing, fill out a Change of Address form at Student Relations, 150 Williamson Hall.

Campus Phones

Phones for free on-campus calls are located throughout the Twin Cities campus. A few of the most frequently called University telephone numbers are listed at each phone. Dialing procedures and information and emergency numbers are the same as for other campus phones. You cannot reach numbers outside the University system from these phones, but pay phones are available in most University buildings.

Telegrams

Place telegrams directly with Western Union, not through the University operator. Telegrams placed from a University telephone are charged to the department controlling that number.

Facsimile (Fax) Machines

Look under "Fax" in the department listings for the location and telephone numbers of departments that make their machines available for University use.

*M-NET cannot be used from outside the University system.	

Direct dialing from the University system is both quicker and less expensive than using operator assistance. Direct dialed numbers are charged to your department. Phone calls made with M-NET and credit cards are charged to the card holder. Departments are responsible for controlling and recording long-distance calls made from their telephones. Individuals not authorized by their departments to make long-distance calls must use pay phones. For further assistance dial "0" for University information.

Personal Long-Distance Calls

Personal long-distance calls must be charged to your residence or personal credit card or made from a pay phone. Charging personal long-distance calls to a University phone is contrary to University policy and constitutes avoidance of state and federal taxes.

Assistance with University Telephone System

If you need help in using the University telephone system, call the Telecommunications Department at 625-6333 for User Guides, Quick Reference Cards, or customer service.
