Staff Directory

The staff section contains listings for academic personnel, full-time civil service personnel, part-time civil service personnel, and retired academic personnel on all campuses of the University. Direct questions about the faculty-staff section to your department human resource or payroll contact.

This directory is available on the Internet, and all faculty, students, and staff have electronic mail (e-mail) accounts. To suppress or change your personal information in both this printed directory and on the Web, go the Web site http://onestop.umn.edu/ and click on staff. From there click on change address (under "forms online") and enter your username and password. To change your work information, check with your department human resource or payroll contact.

A four-digit campus mail delivery code is included with each Twin Cities campus listing. Please include this code at the end of addresses on envelopes. A complete campus mail address would contain these elements: name, department, room number, building abbreviation, and campus delivery code. Call 624-6055 with questions.
