SUGGESTIONS APPLYING TO THE USE OF BRANCH EXCHANGE TELEPHONES

OUTGOING CALLS

To make a call, remove the receiver, listen for the dial tone, and dial the desired number.

If the call is to an **Extension** listed in this directory, dial the number as it is listed.

If the call is to the **Center for Continuation Study Dormitory, Comstock Hall, Pioneer Hall, Powell Hall or Sanford Hall**, dial the red "0" and you will be connected with your private branch exchange operator. Ask her for the place you wish to call (for example: "Sanford Hall") and when the desired place answers, pass an order for the station at that place. For **University Hospitals**, dial 80.

Athletic Department Calls. Dial 71 and ask operator for department or individual in Cooke Hall, Stadium, or Field House.

St. Paul (Farm) Campus Calls. Dial "9" and when you again hear the dial tone, dial NE 4616.

On calls to **Minneapolis telephones**, first dial the figure "9" and when you again hear the dial tone, dial the number in the usual manner.

State Board of Health (Minnesota) Calls. Dial 72 and ask State Board of Health operator for department or individual.

Audio-Visual Education Calls. Dial 6243 and ask Audio-Visual Education operator for individual.

ST. PAUL CALLS

Call DE Soto, EM erson, MI dway, NE stor, and PR ior numbers in the same manner as you call Minneapolis numbers. Call all other St. Paul numbers by dialing the red "0" and when your operator answers, ask for a St. Paul line and give your name and department. St. Paul lines are restricted for business calls only.

LONG DISTANCE CALLS

Call Long Distance numbers by dialing the red "0." Pass your call to your operator and remain on the line while the operator extends the call.

MAKING SUCCESSIVE CALLS

Always hang up the receiver for a few seconds before making another call in order to permit the equipment to release from the preceding call.

ANSWERING INCOMING CALLS

Answer such calls by giving your name or the name of your department, or both. When answering another person's telephone, give both his name and yours (for example: "Mr. Jones's telephone, Mr. Smith speaking.")

To transfer incoming calls from outside telephones to another extension, signal your operator by moving the receiver hook up and down slowly and give her the order. You can not transfer inward calls from University telephones in this manner. It will be necessary, therefore, before you transfer a call to ask the calling party if he is at a University or outside telephone. If he is at a University telephone, he will have to call the desired extension himself.

CALLING BY EXTENSION NUMBERS

Encourage people to call you by extension number as the calls can then be handled more promptly. When leaving word to call you, always leave your extension number.

OBTAINING ASSISTANCE

If you require assistance in reaching a University number or Center for Continuation Study, Comstock Hall, Pioneer Hall, Powell Hall, Sanford Hall, or University Hospitals number, dial the red figure "0" and you will be connected with your operator who will give you the desired assistance. She will also be able to furnish you with numbers which have been changed or added since the last Directory was distributed. If you desire assistance on calls to Minneapolis numbers dial the figure "9" and when you again hear the dial tone, dial the red figure "0." The operator who answers will give the desired assistance.

REPORTING TROUBLE

Report all telephone trouble to your operator whom you may reach by dialing the red figure "0."
