

THE MINNESOTA DAILY

Vol. VI.

THE UNIVERSITY OF MINNESOTA, SATURDAY, APRIL 15, 1905.

No. 188

GOPHERS HAVE CHANGED MUCH

ANNUALS HAVE GROWN BETTER, BRIGHTER AND BIGGER.

This year's book will be a hot one—Four times as large as the first Gopher—Editors will lose friends.

A comparison of the first few Gophers published here and the more recent annuals is at once interesting and surprising.

The first book was published by the class of 1888, by a board of six editors of which William Willard was editor-in-chief. It is an unassuming little volume with a hundred odd pages, bound in plain red leather, and with only a very few illustrations of any sort, to which the more modern annual with its four hundred pages presents a pleasing contrast.

Gopher changes.

Perhaps one of the greatest transformations that has occurred in Gophers is in the literary department. The early boards were content with two or three articles written by well-known professors, a poem or two and two or three pages of carefully labelled "grinds." Not so the modern editor. The faculty articles, it is true, have disappeared, but their places have been filled and more than filled by pages and pages of original and stinging jokes.

The publication of the Gopher is an event looked forward to with fear and trembling, and followed, too often, by open hostility and hidden grudges.

Far from being an exception to the rule, this year's Gopher is typical of the latter class, at least, according to the editors.

Hottest Gopher out.

"Yes," said a member of the board, "it's all true, every word of it. To put it very mildly, I believe it is the hottest Gopher ever gotten out. Cruel? Oh, no; there are lots of people around here who need a little ridicule, it shows them where they stand.

"You see that girl over there? Well, I've given Cy Brown odds that she won't speak to him for a month after the book is published. I could show you two or three that are pretty apt to forget my face, too. No, no, I can't tell you why; just wait until the twenty-fifth of April and you'll understand it for yourself."

SCHOOL FOR TEACHERS.

Will soon be passed upon by the Regents.

Professor James has submitted his plan for a school of pedagogy to the faculty who have received it very favorably.

The executive committee has also passed the proposed plan and now it only remains to be considered by the board of regents. The board will meet about the first of May and decide whether the plan is feasible.

SPIRIT AND ENTHUSIASM.

Needed to make University song a proper success.

After rather a dispirited rendering of the college song yesterday morning in chapel Prexy asked that it might be repeated with more snap and spirit.

"The success of our song," he said, "depends upon the spirit and enthusiasm with which it is sung. We want these gentlemen," turning to the men lurking in the rear of the room, "to let us hear their voices."

This appeal produced the desired effect for when sung the second time, "Minnesota" was positively thrilling in its energetic swing.

TWO NEW WATER TANKS.

Dedicated to the end of the board of control rule.

With a smile of satisfaction
Amid the common din,
We gaze upon a water tank
And a cup of shining tin.

With water Indian Medical
They now our spirits lift;
We wonder who's the donor
Of this unexpected gift.

O friend, reveal the secret,
And the mystery unroll,
Of these new cups and water tanks
Is it the board of control?

—A. T., '07.

WAYS TO SPEND YOUR VACATION

The plans being made by the different students for the summer vacation are many and various.

At the lake.

Some are planning to enjoy their holidays at the lake resorts which are so thickly scattered about the state, and others are looking forward to trips east or west. A few of the more fortunate have signified their intention of going abroad.

Most of the men expect to do some sort of summer work, some in their particular line, others in any way that presents itself.

Girls to be useful.

Many of the girls, too, are planning to spend at least part of their vacation in some useful occupation. Some will do educational work and some will give their spare time to charity.

Of course there are a few who announce boldly their intention of being frivolous and of just having a good time, and they will probably carry out their intentions to the extent of their abilities.

Students want rest.

There is no doubt that the entire student body is in need of the rest or at least change of work which the summer vacation will bring.

RACHIE'S BILL KILLED.

Measure to regulate frats fails to win votes.

Forty-nine representatives went on record Thursday as favoring legislative prohibition of membership by students of normal and high schools and the freshmen class of the state university, in Greek letter societies. Elias Rachie, of Lac qui Parle, who championed the bill, said he was disappointed at the result, but he believed the agitation of the question would be productive of beneficial results. Mr. Rachie was given a reminder of his own practice when a member moved the previous question and prevented him from making a speech for his bill. As 60 votes are required for the passage of a bill, the Rachie bill was put to sleep.

VACATION.

By a supreme and united effort on the part of the Laws in general, the iron will of the Dean has been softened and bent just a little. He has granted a full Easter vacation to his flock.

DISCIPLES OF "ANABASIS."

The Greek Club will hold its next meeting at the home of Professor Hutchinson, 3806 Blaisdell Avenue, Monday evening, April 17. All Greeks cordially invited. Take Washburn Park car going south.

FRESHMEN UNITE FOR HAT SCRAP

HOT TIME IS PREDICTED WHEN TIME COMES.

All freshmen will have uniform caps, and will carry a big banner to intimidate sophomores.—Probably week of Freshman-Sophomore track meet.

The Freshmen, instigated possibly by the open expressions of disgust of the upperclassmen, are now laying plans for the biggest demonstration of class spirit that has ever been exhibited at the "U."

The past peace has been but the lull of the coming storm and if the Sophomores meet the advances of the Freshies, a class fight will break that will interest even the seniors.

Formal challenge.

The challenge will be formal. The Miners, Engineers, Laws and Academics on the same day appear with new head-gear, join forces and parade the entire campus under one large banner.

The date set is not yet known but April 28, the day before the inter-class meet, is probably it. However, matters may be hastened and the fight pulled off sooner.

BEAUTIFY CAMPUS.

Bill for appropriation will probably pass the legislature.

To-day's bill is due to go thru the legislature appropriating a sum of money to be used for campus improvements.

Some of the more important improvements that have been discussed are the macadamizing of the back part of the campus around the law and medical buildings.

Capt. Guild said: "The biggest improvement we are going to make is to get enough barb wire to effectively keep the students from taking the "short-cuts" across the campus, killing the grass and destroying the beauty of the lawns.

MEN ANXIOUS TO WORK FOR GIRLS

The promptness with which the call of the Woman's League for help in decorating the Armory for April 29th has been responded to by the men of the University is immensely gratifying to the girls who are eager to make the "Carnival of Nations" the most successful event ever given in college.

All day Friday and Saturday morning the Armory will be open to the decorators and one and all who are willing to work will be welcome there at that time.

Anyone who has not already joined the "Employment Bureau" (as it has come to be called) and who wishes to work on the general decorating of the Armory will please put their names in Box 731 or see the Chairman of Decorations.

LIKE HOT CAKES.

Manner in which tickets for Carnival are selling.

The tickets for the Carnival are selling so rapidly that the girls have almost decided to have another thousand or two struck off.

If you wish tickets for the Carnival, and certainly no one wishes to be left out in this great social event, the girls advise you to buy your tickets at once before they get beyond your reach.

GET YOUR GIRLS.

Owing to a mistake the Triangle Club roller skating party scheduled for May 11 was announced for the twelfth.

President Thompson wants to remedy the mistake at once and to urge all men to hurry and get their girls for the demand for them is increasing about 100 per cent daily.

LAW LECTURE.

C. W. Bunn of St. Paul, General Solicitor of the Northern Pacific, is about to begin a course of lectures for the senior Laws on "Federal Practice. Another course is expected in May from F. B. Kellogg of St. Paul.

TENNIS OUTLOOK AMONG THE GIRLS

About thirty girls have been enrolled as members of the Girls' Tennis Club. As soon as the clay has been rolled on the courts, practice will begin. The Varsity tournament will be held probably in the first week of May and the one with Central High School the second week in May.

Emily Johnston who won the championship last year is not in college this year so new contestants will probably appear. Sylvia Frank, '05, who was runner-up last year, and Beaulé Cox, '05, both have a fine chance of winning. Ruth Holloway, '06, who won the championship of Magill has joined the Club besides several others who have made enviable records for themselves in the game.

BAND IN CHAPEL.

Also to give program at First Baptist Church.

At chapel this morning the University Band will play the two selections chosen by the student body last Thursday.

A program is to be given at the First Baptist Church Wednesday evening, April 19, by the Band, assisted by Miss Alberta Fisher, soprano, and Miss Jessie Ware, pianist, and the U. of M. Cadet Bugle Corps.

FOR ENGINEERS.

A. L. Rohrer, electrical superintendent of the General Electric Co.'s Schenectady works, will speak to the Engineers' Society, 2:00 p. m., Monday, April 17, in the Electrical Engineering building. Mr. Rohrer will talk of the opportunities for engineers in the General Electric Company's factory.

WILL BANQUET GIRLS.

The Minerva literary society will entertain the Breckenridge team, which consists of three girls, and the one girl member of the Albert Lea team after the debate Monday night, at an informal spread.

A most delightful affair is being planned, and after a royal banquet, toasts by prominent members of the society will follow.

FATHER HUGHES OF ST. PAUL.

Fr. Hughes of the St. Paul Seminary will speak at the regular Sunday afternoon meeting of the U. C. A. in room 11 of the Library.

JUNIOR BOYS.

Meet to-day at chapel hour in Dr. McClumpha's room and see samples of class hats. All Junior boys who wish class hats must be present.

Earl Shaw, Washington, D. C., was a guest at the Sigma Nu fraternity during the first part of this week.

BASE BALL GAME THIS AFTERNOON

LAW WILL GO UP AGAINST THE ACADEMICS

All they want is good weather and a good enthusiastic crowd.—O'Laughlin of the Journal will officiate as master of ceremonies.

Good weather has been ordered for the Academic - Law baseball game this afternoon and a large crowd is expected.

The line-up is as follows:

Academic	Law
Leach c Von Williams
Brown p Curtiss or Townsend
Briggs or Green s Padden
Hudson 1st B Marshall or Lammara
Spooner 2nd B Tyler
Higg 3rd B Linde
Muir lf Labbitt
Powers cf Hugh Leach
Sullivan rf Redmond

Conditions, however, may necessitate a change in the above line-up.

The game will be called at 3:30 p. m. and Richie, sporting editor of the Minneapolis Journal will umpire.

The two games so far have been most interesting and a large crowd should attend for the reasons following: Because a good article of ball is played; the price of admission is but ten cents and the success of the department teams depends upon the liberal and energetic support of the students.

CANDY IN ROTUNDA.

How, where, when, and to whom it will be sold.

This morning in the rotunda during chapel time and thru the fourth hour, the finance committee of the Y. W. G. A. will dispense candy to hungry students. As usual the packages will be small and of equal size.

There will be no limit to the number any one person may buy. Minors, however will not be allowed to endanger their health by excessive consumption. Also those who are not well and strong will be asked to use some discretion in their purchases.

The candy has been tested by scientific experts and it has been decided that four packages may be safely demolished without any serious after-effects.

MINERS BANQUET AT NATIONAL HOTEL, APRIL 19.

Toast master to be Angot.
Zeiseman—Toast to the "Seniors."
Field—"Impressions of the West."
Boyd—"The Iron Miner."
Merriam—"Uncle Sam's Deputies."
Rose—Toasts to "Juniors."
McRae—Toast to "Sophomores."
Schaut—Toast to "Freshmen."

ALUMNI RECEPTION.

The South Side High Alumni Association will tender their annual reception to the senior class, April 18, at the Masonic Temple. This has been the custom for a number of years and the arrangement committee, consisting mostly of alumni at the "U" is making preparations for a reception which will rival all previous events. The alumni attending the University are planning to attend en masse.

GET YOUR TICKETS.

Tickets for the Glee and Mandolin Club concert at the Auditorium, May 5 may be obtained at Wilson's and at the Corner Book Store.

The Gamma Phi Beta sorority will give its formal dinner-dance at Minikahda on April 27.

NOTICE — Important meeting of Board of Daily Directors, Monday, 1 p. m., Daily Office.

STOCKHOLDERS—NOTICE.

The stock books of the Daily corporation will be closed Monday, April 17 at 4:00 p. m. All transfer and contracts for new stock must be made before that time.

PLEASE REMEMBER.

There is a small matter to which the Daily begs to call the attention of its subscribers. We really hate to speak of it, but some have seemingly allowed it to slip their minds. To us this is necessary in our business. We won't speak further on the subject, "huff said." Perhaps you have already guessed the drift of our remarks.

FILIPINO MAGAZINE.

First issue of Filipino literature in the United States.

The first issue of the Filipino Students Magazine has just been received among the Daily's exchanges.

This magazine is controlled entirely by Filipino students, is published at Berkeley, Cal., and is devoted to the interests of the Philippine Islands. It contains 48 pages and is written in a very interesting style.

The present edition has been dedicated to president Roosevelt and contains in one of its front pages a letter of thanks and appreciation from the White House. Most of the articles relate either to some branch of engineering or to general education.

Matters relating to literature, science and arts are to be published in this magazine in the future. No effort will be made to discuss politics. In addition to the encouraging of the Filipino to the study of these branches of learning, its purpose will also be to bring more closely together the interests of Americans and Filipinos.

WHERE WAS PAPA?

Go ask papa, the maiden said,
The young man knew papa was dead,
Knew well the sort of life he'd led;
So, understood her, when she said—
Go ask papa.

Are You Going to Teach School?

Many calls for teachers are coming in daily and we are looking for candidates to fill them. Our Minneapolis Office needs one hundred high school teachers at once.

Would you like a western position? Our Spokane Office is fairly "swamped" with calls for teachers and has comparatively few applicants. This is not merely a local agency.

No agency in the country gives more faithful service or secures positions for a larger proportion of its candidates than the Hazard Teachers' Agency. No other agency is filling so many of the northwestern positions.

A friendly call costs nothing. We shall be glad to discuss vacancies with you, and will tell you just what we can offer.

During April no Advance Fees Required of Class of 1905 if you mention The Minnesota Daily.

WILL TAKE A TRAMP.
Dr. Siegerfoos to head an exploring party of zoologists.
Dr. Siegerfoos will take his advanced zoology classes for a "tramp" during the first two hours Saturday morning. The excursion will probably be in the nature of an exploring expedition.
The class has been taking much interest of late in the study of the birds of Minnesota. An effort will be made to become acquainted with as many new birds as possible. There will also be others features of interest.
Willard Roseman, Law '03, is about to leave for Grand Rapids where he will start practice.

ALL IN FRENCH.
French dialogues and recitations to be given by French classes.
The various beginning French classes are to be entertained within a few weeks by dialogues, to be presented in French by the brightest scholars of each class.
The French instructors have already chosen those who will take part in these exercises and the classes are waiting patiently to see just what kind of a surprise is in store for them.
It is an assured fact that there will be no skips or absences on the appointed day.

Helmer M. Feroe, '03, has an office in the Boston Block in this city and is engaged in the land business. He expects to take law at the "U" another year.

We are the PIANO HOUSE of the Northwest

IMPORTANT MEASURE PASSED.

A bill establishing a college of pedagogy, at the University, has passed both houses of the legislature. The bill does not carry an appropriation, but it is expected that \$15,000 will be included in the omnibus appropriation bill to cover this added expense made necessary by the provisions of this bill.

LOST—Two demi quarter note books. Finder please leave at Daily office.

A Complete Encyclopedia of Amateur Sport Spalding's Official Athletic Almanac For 1908

Edited by J. E. SULLIVAN (Chief of Department of Physical Culture, Louisiana Purchase Exposition).

Should be read by every Minnesota student, as it contains the records of all Minnesota athletes and all amateur events in this country and abroad. It also contains a complete report of the Olympic Games from the official report of Director Sullivan and a resume of the two days devoted to sports in which savages were the only contestants, in which it is proved conclusively that savages are not the natural born athletes we have heretofore supposed them to be. This is the first time in which the athletic performances of savages have ever been systematically recorded.

This is the largest Athletic Almanac ever published, containing 320 pages. Numerous illustrations of prominent athletes and track teams.

WHY?
Does "BENJAMIN" mean the same as "Correct Clothes for Men?"
This famous mark
Alfred Benjamin & Co.
MAKERS—NEW YORK

Answers: Because the aim of Benjamin tailoring is "correctness." For example: 3,000 Salaried Experts supplied with abundant air and light, each tailor producing but one portion of the garment, are the chief factors in attaining this ideal.
