Longer life for people past 40

If you are forty today, your chance of celebrating your 70th birthday is excellent. Even this comforting picture may soon change for the better, as geriatrics adds extra years to the probable life span.

“Geriatrics?”

We call it “the science of helping older people enjoy life longer.” It embraces preventive medicine as well as remedies . . . diet, exercise, mental and physical adjustment to advancing years. Its aim is to make the last half of life a time of fulfillment, years of pleasure and accomplishment.

Perhaps its most welcome boon is the allaying of fear and misgivings that come in later life. True, illnesses tend to multiply with age. But geriatrics promises to make them less threatening. Indeed, among the two hundred or more drugs discovered

yearly, some—such as sulfa, penicillin, and streptomycin—may some day rout completely diseases long believed the almost inevitable fate of the elderly.

But health is only half the prescription for a serene and happy old age. The other is financial solvency, based on a sound savings and life insurance program.

Such a program demands the best advice you can find. Because your NWNL agent is paid not for the amount of insurance he sells you *but for the amount you keep in force*, he has a

prime interest in providing you with exactly the right kind and amount of insurance, measured by what you need and can afford.

He can help you to peace of mind and a happier life, through *all* its years.

FRANK G. McCORMICK

ATHLETIC DIRECTOR

University of Minnesota

Frank G. McCormick has served as director of the department of physical education and athletics at the University of Minnesota since 1932, with the exception of the war years, 1942-1945, when he was on leave of absence for active service with the United States army.

Under his direction the coaching and teaching staffs, and physical properties of the department have been expanded to the extent that they are second to none in the nation.

Mr. McCormick coached Minnesota's baseball teams until 1942, when he took military leave of absence. Two of his teams—those of 1933 and 1935—won Conference titles. Because of the heavy demands on his time since returning to his desk in the fall of 1945, McCormick has had to forego his diamond duties. However, he still keeps at least one very interested eye on the progress of the baseball team.

His administration of the physical education, athletics, and recreational program has been marked by its progressiveness and far-sighted policies. During this time Minnesota's athletic teams have consistently distinguished themselves, particularly in football.

GUY (Red) MACKEY

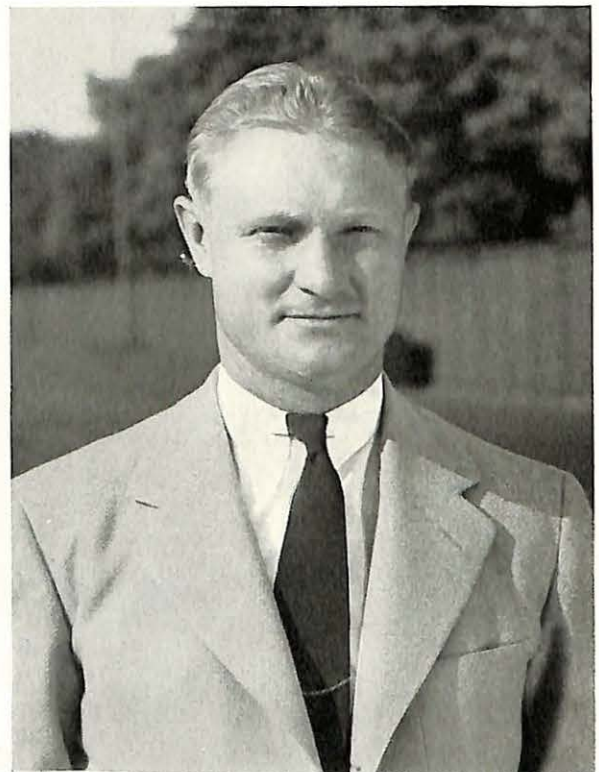

ATHLETIC DIRECTOR

Purdue University

Guy J. (Red) Mackey, who heads Purdue's Division of Physical Education for Men as Director, has virtually grown up with the University's expanding program of physical education and competitive athletics and is thoroughly familiar with coaching problems as well as administrative details.

A 1929 graduate of the Purdue school of agriculture, Mackey launched his eighteenth year as a member of the Boilermaker athletic staff this fall. A native of New Albany, Ind., he won three major letters during his undergraduate days as an outstanding end on the Purdue elevens of 1926, 1927, and 1928.

Following his graduation, Mackey first joined the Purdue athletic staff as assistant freshman coach in the fall of 1929. Achieving considerable success with the yearlings, he was promoted to the varsity staff as assistant coach in the fall of 1932, and early in 1941 was given the added duties of administrative assistant to the Director. His promotion to the Directorship followed early in 1942.

BERNIE BIERMAN

HEAD FOOTBALL COACH

University of Minnesota

Bernie Bierman, whose feat of directing Minnesota teams through five undefeated seasons and to four national championships is without equal in modern collegiate coaching annals, is in his twelfth season at his alma mater.

Since coming to Minnesota from Tulane in 1932 Bierman has compiled a record of 67 victories, 17 losses, and 5 ties in football's "toughest league" to elevate the Golden Gophers to a position of eminence in national circles. His teams of 1933, '34, '35, '40, '41 were undefeated. The 21-game defeatless string established by Bierman-coached Minnesota elevens of 1933, '34, '35, '36 stands as a modern non-war-time record. At the time Bernie took leave of absence from Minnesota in 1941 to go on active duty with the Marine Corps, he had directed his athletes through 17 consecutive contests without defeat.

Bierman's competitive training was taken under one of the "old masters" of college football coaching—the late Dr. Henry L. Williams—in 1913, '14, and '15. He starred at halfback, and captained the undefeated Gopher team of 1915 which shared the Conference title with Illinois. For all-around proficiency in athletics and scholarship, Bierman was awarded the Conference medal.

CECIL ISBELL

HEAD FOOTBALL COACH

Purdue University

Although one of the youngest head coaches in major collegiate circles, Cecil Isbell, who is directing the Boilermaker gridiron fortunes for the third straight year, has already established himself as one of the leaders in the profession.

The youthful Boilermaker mentor, whose innovation of directing his team's strategy via telephone from a perch in the press box has attracted nation-wide attention, was an outstanding star in high school, collegiate, and professional circles before he turned to the coaching field three years ago.

Celebrating the tenth anniversary of the start of his collegiate football career as a freshman at Purdue, Isbell took over as head coach at his alma mater in 1944, following a year of service as backfield coach. His version of the "T" formation, which depends more on speed and deception than power, has been definitely productive in the victory column. In his three years of association with the Purdue staff, the Boilermakers have won 13 of 18 conference starts, a record that has been exceeded only by Michigan.

GOPHERS

Compiled September, 1946

LEFT ENDS—Despite his slight 165 pound frame, **Herb Hein**, a letterman on Minnesota's undefeated national championship 1941 team and again in 1942, and an "Official All-American end while at Northwestern in 1943 in the Marine training program clearly dominates the list of candidates for this position. Slated to provide relief for Hein are **Harry (Bud) Grant**, who played end for Great Lakes in 1945; **Fred Baston**, son of Minnesota's end coach and a rugged defensive player; **Gordon Soltau**, rangy frosh G.I. from Duluth.

RIGHT ENDS—**La Vern Gagne**, stands out among the right end talent by virtue of a brilliant competitive record, as a freshman at Minnesota in '43 when he won his "M," and as a regular end for the powerful El Toro Marines in 1944 and '45. **Bill Baumgartner**, 6 foot 4 inch, 200-pounder from Duluth who lettered in 1940, '41, and '42 is counted on for extensive help, if he can regain his pre-service playing form. **George (Larry) Halenkamp** earned frosh numerals at Minnesota in '42. He was transferred to Northwestern in the Marine training program there and became a regular end. He is powerfully built (6 feet and 205 pounds) and strong defensively. **Bill Marcotte** and **Bob Carley** who were the top ranking right ends on the '45 squad are also very much in the picture at this post.

LEFT TACKLE—There is not a single letterman available for this position. However, Line Coach Dr. George Hauser believes that **Dean Widseth** of Gonvick—215 pounds and 6' 3½"—who was a regular tackle on the 1945 Great Lakes team will be able to hold his own in any company. Other leading prospects among the left tackles are **Ed Bush**, 220-pound sophomore from Thermopolis, Wyoming, who won frosh numerals here before going to war; **Eugene Fritz**, 17-year-old yearling from Luverne; **Milan Grevich** of Mountain Iron who has played no college football; and **Dixon Sandberg** of Rice Lake, Wisconsin, 210-pound younger brother of Bob Sandberg. Grevich rates close behind Widseth in present squad evaluation.

RIGHT TACKLES—In the absence of any lettermen at this position, a newcomer with no college experience, towering **Bill Carrol** (6 feet 5½ inches and 230 pounds), is rated for best prospect. He is a frosh G.I. from LaCrescent. Others bidding for the job are **Merle Moehnke**, 210-pound, 6-foot 2-inch sophomore G.I. from Rochester; and **Dean Giddings**, a freshman G.I. and former all-city tackle at Minneapolis West high. Giddings weighs 245 pounds and is 6 feet 3 inches tall. **Clarence McGeary**, 220-pound, 6-foot 4-inch G.I. frosh from White Bear Lake is considered an excellent long-range prospect.

LEFT GUARD—Tabbed for the starting assignment is **Larry Olsonoski**, the never-say-die sophomore from Lancaster, who was a 1945 starter at guard and tackle. He weighs 205 pounds and is 6 feet 2 inches tall. Other prominent contenders for the position, all of whom are on about an even basis, are **Don Holker**, 6 foot 2½ inch, 202-pound former Minneapolis West high ath-

lete and a G.I., with four years of competition ahead; **Mike Kissell** of Minneapolis, reserve center letterman in 1945; **Dale Pulver**, 200-pound letterman reserve in '45 who was a regular at North Carolina Pre-flight in '44; and **Harry Hendrickson** of Robbinsdale, 203-pound G.I. frosh.

RIGHT GUARD—**Chuck Dellago** of Virginia, 1942 letterman, appears to be a starting fixture. He played a season for Northwestern while there in Marine training. Chuck weighs 225 pounds and has tremendous power in his legs. **Leo Nomellini** of Chicago, first reserve at this spot and a frosh G.I. with no football experience above the high school level, shows promise of becoming an outstanding guard. He is 6 feet 2 inches tall, weighs 238 pounds, and is fast for his size. Others due for competitive action are **Bob Daniels**, a junior and G.I. from Minneapolis who weighs 200 pounds; **Robert Dietz**, 220-pounder from Wahpeton; **Laron Honn** of Minneapolis, one of the lightest linemen on the squad at 182 pounds and a 1945 reserve letterman; and **Doug DeCoster**, 215-pound former St. Paul Academy star who played two seasons for Carleton college before entering Service.

CENTER—Three men—**Don Olson**, **Warren Beson**, and **Steve Silianoff**—share equal favor at this position which is probably the strongest in the Gopher line. Beson, a former Minneapolis West high all-city star, is the only letterman. A halfback at Virginia high before entering service, Olson has shown outstanding defensive ability. Silianoff played for the University of Richmond before entering the army which sent him to Minnesota in the ASTP training program. Steve, whose home is in Wilmerding, Pa., returned to Minnesota under the G.I. bill as soon as he was discharged. All three of these men are rugged, smashing defensive players and each scales right around 200 pounds. **Bob Lossie** of St. Paul, a letterman in 1943 and '44, will also see duty, but at 5 feet 9 inches is handicapped in height. Best of the pre-draft freshman centers is **Clayt Tonnemaker**, 220-pound 18-year-old from Minneapolis Edison who needs only experience to become a fine center. He is a great prospect.

QUARTERBACK—**Bob Sandberg** of Rice Lake, Wisconsin, earned his "M" in 1942 as a signal-caller. This experience and his heft (6 feet 3 inches and 210 pounds) gives him a slight edge over **Bill Thiele**, Minneapolis West high graduate who entered Service in 1943 and has had no college experience. **Merland Kispert** of St. Paul, a letterman in 1944 and '45, rounds out the top-flight of quarterbacks. **Spencer Broughton**, another West high product who went from high school to war, may eventually move up to a varsity rating.

LEFT HALFBACK—No one man stands out in the group of left halfbacks. Among the more likely con-

MINNESOTA SONGS AND CHEERS

Hail Minnesota

Minnesota, hail to thee!
 Hail to thee, our college dear!
 Thy light shall ever be
 A beacon bright and clear.
 Thy sons and daughters true
 Will proclaim thee near and far.
 They will guard thy fame and adore thy name,
 Thou shalt be their Northern Star.

Like the stream that bends to sea,
 Like the pine that seeks the blue;
 Minnesota, still for thee
 Thy sons are strong and true.
 From thy woods and waters fair,
 From thy prairies waving far,
 At thy call they throng with their shout and
 song,
 Hailing thee their Northern Star.

The U. of M. Rouser

Minnesota, hats off to thee!
 To thy colors true we shall ever be;
 Firm and strong, united are we,
 Rah! Rah! Rah! for Ski-U-Mah,
 (Shouted) Rah! Rah! Rah! Rah!
 Rah! for the U. of M.

Sky Rocket

Siss-ss-s-s!
 Boom!
 Ah . . .
 Minnesota

Minnesota Yeah

Yeah!
 Rah, Rah,
 Minnesota!

Locomotive

Rah! Rah! Rah! Rah!
 Min-ne-so-ta
 Rah! Rah! Rah! Rah! (Faster)
 Min-ne-so-ta
 Rah! Rah! Rah! Rah! (Faster)
 Min-ne-so-ta
 Rah!

Our Minnesota

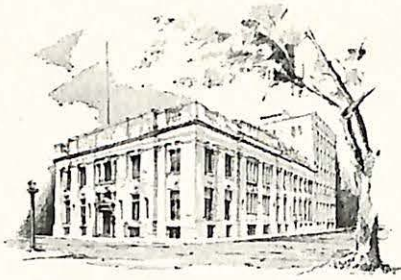

On, you Gophers, you fighting Gophers!
 Break that line and win this game!
 Fight it thru, men, win the Big Ten,
 Make them sorry that they came.
 For the glory of Minnesota!
 For the honor that's her due!
 For Maroon and Gold be warriors bold
 For Dear Old "U."

Ski-U-Mah Yell

Ski-U-Mah
 Ski-U-Mah (Singing)
 Ski-U-Mah, Rah!
 Ski-U-Mah, Rah!
 Yea, Gophers!

Minnesota Fight Song

Min-ne-so-ta. Come on! Let's go!
 It's a loyal crowd that's here;
 With a **Sis-boom-ah**, and a **Ski-U-Mah!**
 For the var-si-ty we cheer **Rah! Rah!**
 The old fight gang! On your toes — Slam!
 Bang!
 Hit 'em hard and hit 'em low.
 So Fight, Minnesota — **Fight!**
 Min-ne-so-ta! Come on! Let's go!
 (Words in bold face are to be shouted, not
 sung.)

HOME COMPANY

Homecoming: Today the old "grads" have
 returned to renew old acquaintances and to
 cheer their Gophers on to victory.

Home Company: Back in 1880, Minnesota's
 oldest life insurance company, the Minnesota
 Mutual Life, was organized. Through con-
 servative management it has become one of
 the great Northwest's Strong Financial Insti-
 tutions and one of the country's twenty-five
 largest mutuals, with over four hundred mil-
 lion of insurance in force.

tenders are **Herman Frickey** of Billings, Montana, 1941 and '42 letterman; **Billy Bye**, G.I. frosh from Anoka, who was on the Great Lakes squad in 1945; **Tom Cates** of St. Paul, letterman in 1943, '44, and '45; **Everette Faunce** of Fergus Falls, a regular halfback for Iowa State last season while stationed at Ames in the Navy training program; and **Warren Williams**, Minneapolis Roosevelt high grad who played some ball at Iowa Pre-flight.

RIGHT HALFBACK—This position, too, is wanting in standouts. **Chuck Avery** of Antigo, Wis., a letterman in '43 and regular at Great Lakes in '44, is known as a good, dependable right half. **Emerson (Buzz) Wheeler**, an all-city halfback at Minneapolis Washburn in 1943, was named to the State College all-conference team last year at fullback while at Gustavus Adolphus college in the Navy training program there. He was transferred to Northwestern late in the season and earned letters there as a regular in basketball and baseball. **Bob Collison** of Fairmont, a letterman in 1943, hasn't recovered his pre-service form, but is expected to be of help if he does. Bierman will have to dig down into his freshman crop to supplement this group.

FULLBACK—The fullback talent is definitely below the Minnesota standard, but has long-range possibilities. **Ken Beiersdorf**, 200-pound frosh G.I. from Chicago, Ill., who has had no experience above the high school level, rates number one on the list. **Bob Bach** of Coon Valley, Wisconsin, who came to Minnesota out of the Navy was considered a good prospect, but may play very little ball because of a bad knee. **Bob Sandberg** will be switched back here from quarterback when needed. **Jim Malosky**, 17-year-old all-state fullback from Crosby Ironton, is expected to develop into a good college fullback, but lacks experience and maturity at present. **Dick Lutz**, a reserve letterman in 1945, has been unable to make a bid because of a hand injury that has kept him on the sidelines.

5 IMPORTANT REASONS Why INDEPENDENT'S customers CONTINUE to be Independent's clients

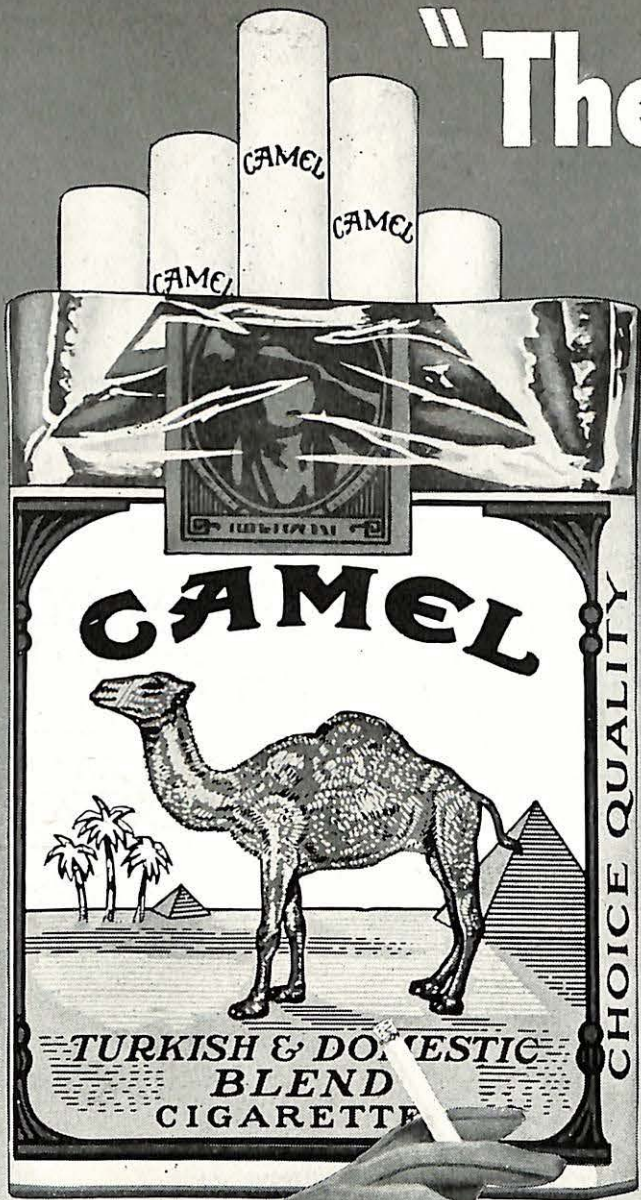

Buying loyalty is inspired, not through friendship alone, but by a knowledge that the buyer is getting one hundred cents in value for each buying dollar, plus certain intangibles that cannot be measured in dollars and cents. Having this knowledge he "sticks" as scores of Independent's buyers, large and small, have done over the years.

Underlying our relations with our customers are these facts:

- ☆ Our production personnel operates as a well-seasoned team to score satisfaction on each job, large or small.
- ☆ Type is type, but it can be made to interest and impress the reader or not. Typographic skill is injected into each and every job.
- ☆ Press and bindery facilities are combined with this skill to get clean, sharp impressions, correct register of colors, and all the other elements of good printing and binding.
- ☆ Experienced counsel and help on layout, copy and marketing procedure, if it is needed.
- ☆ And lastly, a sincere desire to produce your work quickly, economically and well.

The All-American Drink

THERE'S NO BETTER kick-off to a good time than a frosty bottle of Coca-Cola. When there's life and tingle in the air, remember there's life and tingle in ice-cold Coke — to refresh you and keep you on your toes.

Coke and good sport just simply go together. That's why, in stadiums across the land, *the pause that refreshes* with ice-cold Coca-Cola is part of the game—the friendly, sociable part—the part *you* play. Enjoy it.
