NO. 127

## BILL PROVIDING \$700,000 FOR "U" PASSES HOUSE OF REPRESENTATIVES

### Efforts of Alumni and Friends of University Meet with Victory

#### HOUSE CUTS DOWN THE SENATE'S APPROPRIATION

Board of Regents May Now Make Long-Desired Addition to Present Campus.

The Timberlake bill, amended to provide a tax levy of \$700,000 for the university, payable in two annual installments, was past late yesterday afternoon by the state house of representatives.

Two hundred and fifty thousand dollars of the total amount is to be devoted to an engineering department, and \$450,000 for campus extension.

The bill as amended will go to the senate, where no opposition is expected altho it cuts down the million dollar fund recently authorized by that body.

Various things had delayed the consideration of the bill, in spite of the fact that it had been placed at the head of the calendar.

Alumni of the University, and particularly Secretary E. B. Johnson, have worked assiduously for the passage of the bill, and every effort concentrated on making it a law.

#### CLASS PLAY DEVELOPS STARS

Last Tryout for Parts Today—Directo Take Charge May 1.

The class play of 1907 bids fair to be the best acted senior production that has been put on at a down-town theater on the last day of examination week for years. Many seniors have acted in dramatic club plays, and much new histrionic talent is being discovered in the tryout for parts which gives every senior a chance to win a part in the play.

Every senior academic, law, engineer or six-year medic will be given the opportunity to try for a part this afternoon at 3 o'clock in Dr. Burton's room. The appointment to the twenty odd positions on the cast will be made shortly after this date, as will the places for the choruses, and specialties for the curtain raiser which is to precede the play.

The first week of May a professional director from Chicago will take charge of the senior production and rehearsals will keep the graduating class busy until the curtain goes up on the finished play a month later.

Kappa Alpha Theta has pledged Bessie Hofflin.

Gamma Phi Beta will give a cotillion May 10 at the Town and Country Club.

President Roosevelt recently appointed George W. Woodruff, former Illini football coach, assistant attorney-general.

#### DAILY ASSOCIATION WILL NOT ASSUME OLD DEBT

Subscribers Refuse to Assume Additional Financial Burden—Stockholders Must Do So.

The present Daily association will not assume the debt, amounting to over \$200, of the old close corporation.

This was the unanimous decision of the subscribers, who met yesterday in Dr. Burton's room to discuss the financial side of the publication.

When the old corporation dissolved, a debt of about \$500 remained. In order to gain control of the paper the present association agreed to assume \$300 of this amount, while the corporation agreed to stand the rest. Unable to collect a sufficient amount of their assets, the old stockholders have so far failed to pay their debt, and many thought that the only satisfactory solution would be to have the present association assume this obligation also.

The vote showed, however, that the subscribers agreed that the best policy would be to wait till they were rid of the present outstanding note. Meanwhile the stockholders will probably devise some means of disposing of their debt.

Many plans were discussed for putting the Daily on a better financial basis. It was suggested that an elaborate commencement number, containing a complete program and the addresses of the prominent speakers, be gotten out in June.

#### TRACK ATHLETES ARE BUSY

Medals to Be Awarded in First Meet—Captain Bedford Makes Good Time.

With the first meet only one week from today, the candidates for the track team are beginning to increase in numbers, and tho the weather has been too cold for fast work, some of the men are beginning to get into good condition.

Captain Bedford succeeded in running a quarter in 55 seconds on a cold day, which is fast for this time in the season.

As yet the candidates for the field events have been a minus quantity, and Dr. Williams urges that all men who intend to do anything in this department get out at once.

The track is being rolled each day and is in good shape. The places for jumping and pole vaulting are also being got in readiness.

The board of control has authorized medals for first and second places in each event and a banner to the teams winning the interfraternity and inter-society relays in the general University sports on April 27.

### Dubious Baseball Prospects are Troubling Varsity Fans

#### "LONG JOHN" PROSECUTED FOR THEFT OF JEWELS

Fair Co-eds Nearly Secure Conviction, But Jury Disagrees on Account of Alibi.

Because he stole his mother's necklace, valued at \$30,000, in the recent dramatic club play, "Tulu," "Long John" Sinclair, the Gopher rooter king, appeared at the bar of justice in college moot court Thursday afternoon. The indictment charged larceny in the first degree. The jury of his peers, after a long deliberation, could not agree, standing ten to two for conviction, and the defendant was remanded to the custody of the sheriff.

The state's case, presented by Fred Snyder, as district attorney, tended to show that the defendant took the jewels to cover a shortage in his tennis account. Among the star witnesses put on the stand for the prosecution were Orren Safford, Wilbur Joyce, Luella Woodke and Rose Marie Schaller.

The counsel for the defense, Kenneth McManigal, brought in an alibi by "Long John" himself when the testimony of the fair co-eds had all but cinched the case for the prosecution.

Argument will be made immediately for bail.

A big crowd turned out, including a number of Shevlinites.

#### FRATERNITY BASEBALL.

Sigma Alpha Epsilon defeated Phi Delta Theta by a score of 22 to 1.

In a practise game with East Side High School, the Phi Gams were downed in a five-inning game by a score of 5 to 4.

#### GYM TEAM IS AT WORK

Begin Training for Next Year—Tumblers Club to Be Formed.

Not satisfied with winning the western championship, the gymnastic team is beginning to get in readiness to do greater things next year. Now that Foster has recovered from his injury, he intends to form a tumbling club and to start the men working this spring, so that they can train by themselves this summer.

Labbet is going to train all the members of the squad in club swinging. Dr. Cook will have supervision of the work and efforts will be made to take an eastern trip next year. The men will be drilled in all kinds of apparatus, so that each man will have an opportunity to try for the all-around championship.

With the exception of Labbet all of the men will be in school next year, and Minnesota's prospects of retaining the championship are very bright.

#### ONLY FIFTEEN CANDIDATES LEFT OUT OF SIXTY-FIVE

Old Veterans, New Stars, Promising Material—All Are Hit by Eligibility Rule.

Out of the sixty-five baseball candidates who appeared at the beginning of the season, only fifteen are eligible. Among these are but few old men, and many of them are raw material.

This is the situation that is staring Coach Keinholt in the fact, and that is discounting to a minimum Minnesota's chances of a successful baseball season.

Conditions, failures, entrance requirements, summer professionalism, and a few superfluous degrees, have all figured in the fading away of the list of candidates. In fact, all but two of those who had not already despaired of making the team, were summoned to walk the carpet before the eligibility committee. The winnowing process left but fifteen.

Out of this shadow of a squad the coach must develop a team within the next few days that will be capable of meeting the strong Winnipeg league team, and the Iowa University aggregation that has proved itself unusually strong by defeating a member of the "Three-I" league.

Because of the alarming nature of the situation, the dissolution of the Big Nine conference will be welcomed enthusiastically by the fans, who believe that no more stringent rules in regard to scholarship should be required than are necessary for satisfying the regular requirements of the faculty curriculum.

The St. Thomas game, scheduled for today, has been postponed. The St. Thomas team would not live up to its contract in that, contrary to the ruling that men must have been in school at least six months before they can hold a position on the team, it has players who have only been in school a couple of months.

South Side High, which made a very good showing against the University Thursday, is scheduled for Tuesday, April 23.

The Winnipeg games on next Wednesday and Thursday, April 24 and 25, will probably be the first exceptionally hard games of the season. The Winnipeg team is quartered in Minneapolis at present. It has met several of the strongest teams about the Twin Cities and will be in excellent condition for the above.

Season tickets are still on sale at the post office and both book stores and are being sold rapidly, now that the time for the good games is approaching.

Ohio state reports an enrollment of 1,504. Forty-seven were flunked out after mid-year exams, forty of them engineers.

This edition edited by  
**YALE SMILEY.**

Well, the kids let loose, anyhow. One of them was arrested, several had their hair clipped, some of the girls had their dresses ruined, and everybody had a fine time.

The real consequences may, perhaps, be seen later. Such an exhibition of foolishness always has its effect somehow on the good people who control the destinies of the state, and incidentally of the University.

Class scraps will never add any particular luster to the University's reputation with the ones who don't exactly understand things.

**JOURNALISM.**

An outline for a course in journalism is printed below, copied from the Indiana Daily Student:

"Indiana University has established a department of journalism. The first two years of the course will be devoted to English history, languages and mathematics. In the third year the major work will be devoted to journalistic subjects, history and the theory of newspaper making. The fourth year will be given to practical experience. Courses of lectures by prominent newspaper men will be given throughout the course."

This seems to be a very practical solution of the problem and would not involve any considerable extra expense.

**COMMUNICATION.**

**System of Dismissing Classes Causes Student to "Knock."**

To the Editor:  
Many professors have fallen into the habit of keeping classes over time. This is due partly to carelessness on their part and also to the fact that the system of electric bells seems to have gone on a strike. It is very, very inconvenient to students to be kept too long in one class and in consequence to be late to the next class. A standard system of time among the professors or an improved system of bells would aid much in enabling a student to spend an equal amount of time in each class and create a better spirit between instructors and students, as nothing rouses the ire of a body of students so much as to be kept late.

On the other hand, the students could do much on their part by coming to classes on time, so as to enable an instructor to finish his remarks before the hour is finished.  
A STUDENT.

**Boundless Wealth of Novelties**

FOR spring wear ready for your inspection. We like to show them. There's no question of style we cannot fully answer. There's no "perhaps" about our tailoring—we work to a certainty. You will find our price such as you will willingly pay. 10 per cent discount to students.

**F. E. Tallant, 38 South Third Street**

**SPRING CLOTHES SUGGESTIONS**

For those who, seeking the best in apparel, ask the reasons Why, our answer is found in all our clothing.

Our facilities for manufacturing are exceptional and the workshops in our New York Factory are wholly removed from any contamination of the sweat shop system.

Exclusiveness in patterns is secured by our control of the piece goods made for us from our own designs.

No other house shows as many different models of Suits as we make.

Under the personal direction of our own designer, every new tendency in dress is submitted to skillful consideration and so modified as to meet the exactions of the best taste.

We cut all patterns in Regular and Half-sizes, in order to meet perfectly every requirement as to fit.

## Graduate Schools of Harvard University

The following professional schools in Harvard University are open to holders of a bachelor's degree.

### The Law School

A three years' course leads to the degree of L.L.B. Residence for three years is required, but residence at another three years' school may be accepted as a substitute for one of the years of residence at this school. Three annual examinations are required. Inquiries may be addressed to H. A. Fischer, 20 Austin Hall, Cambridge, Mass.

### Medical School

A four years' course leads to the M. D. degree. The school offers graduate courses open to holders of the M. D. degree, and in its new laboratories offers greatly extended facilities for research. For catalogue, for graduate and summer courses, for research and special courses, address Charles M. Green, M. D., 104 Administration Building, Harvard Medical School, Boston, Mass.

### Divinity School

This is an undenominational school of Theology offering instruction leading to the degree of Bachelor of Divinity. Inquiries may be addressed to R. S. Morrison 5 Divinity Library, Cambridge, Mass.

### Graduate School of Arts and Sciences

Instruction is offered leading to the Masters' and the Doctors' degrees in the following fields: Philology (Ancient and Modern Languages and Literature), History, Political Science, Economics, Philosophy, Fine Arts, Music, Mathematics, Physics, Chemistry, Biology, Geology, and Anthropology. Inquiries may be addressed to G. W. Robinson, 11 University Hall, Cambridge, Mass.

### Graduate School of Applied Science

Instruction leading to professional degrees is offered in the following subjects: Civil, Mechanical and Electrical Engineering, Mining, Metallurgy, Architecture, Landscape Architecture, Forestry, Applied Physics, Applied Chemistry, Applied Zoology, and Applied Geology. Inquiries may be addressed to W. C. Sabine, 17 University Hall, Cambridge, Mass.

Geo. Johnson Martin A. Filipek

**HAPGOODS THE NATIONAL ORGANIZATION OF BRAIN BROKERS**  
 Minn. Loan and Trust Bldg., Minneapolis, Minn.

### The Harvard Medical School Boston, Mass.

With the completion of the new buildings, which were dedicated September 25th, 1906, this school now has facilities and equipment for teaching and research in the various branches of medicine probably unsurpassed in this country. Of the five buildings, four are devoted entirely to laboratory teaching and research. The numerous hospitals of Boston afford abundant opportunities for clinical instruction in medicine and Surgery.

#### Course for the Degree of M. D.

A four years' course, open to bachelors of art, literature, philosophy and science, and to persons of equivalent standing, leads to the degree of M. D. The studies of the fourth year are wholly elective; they include laboratory subjects, general medicine, general surgery and the special clinical branches.

The next school year extends from September 26, 1907 to June 29, 1908.

Send for illustrated catalogue; address

Harvard Medical School, Boston, Mass.

### THE SPIANS PREFER CAMPUS

Trials for parts for the men in "Twelfth Night," to be put on by the Dramatic Club in May, will be held today at 1 o'clock in Dr. Burton's room. Men outside the Dramatic Club may try for the parts.

Contrary to the usual manner of presentation, the play will be staged on the campus after the fashion of the Ben Greet performance of two years ago of "Midsummer Night's Dream" and "Twelfth Night."

The outdoor setting will provide true staging and will be in keeping with the nature of the play.

Daily rehearsals of "The Marble Arch" and "as We Forgive Those," to be presented the afternoon of April 29 in chapel, are being held.

Wisconsin is to establish an employment bureau, managed by the university authorities.

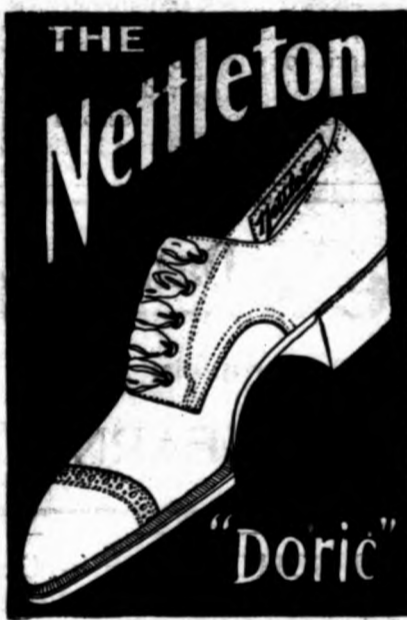

### ADVANCE AGENT TALKS.

Modern Drama Class Hears Address on "Hauptmann."

Mr. Meltzer, the advance agent of the Conried Grand Opera company, addressed Miss Peck's class in modern drama yesterday on "Hauptmann." He is the translator of "Ver-sunkene Glocke," by that novelist, and was prominent in the attempt to bring out "Hannele" in New York.

### DRILL DELIGHTS AUDIENCE.

The crack squad gave an exhibition drill at the review of the First Minnesota regiment at the Minneapolis armory Thursday night which was well received. The drill consisted of many intricate movements and lasted about thirty minutes. Not a mistake was made and one feat especially applauded was the prescribed motions of load and fire in cadence.

Some like the lasts:  
 Some like the leather:  
 Some like the finish:  
 Others buy them to be swell.  
 It's all the same—  
 All included in just one word—

**Notice!** Every band man must report at the armory today at 2 o'clock, prepared for inspection. By order of the Commandant.

**CONCERT WELL RECEIVED.**  
A large and enthusiastic audience greeted Miss Francis Nevin yesterday afternoon to hear her reading of "Pippa Passes."  
Mrs. Potter gave two vocal solos, which were very much appreciated by the audience.

The 1908 "Onondagan," Syracuse's junior annual, appears April 19.

Cincinnati has abolished the annual flag rush.

**FRESHMEN PARTY DISTURBED**

Sophomores Act as Rowdies in Attempt to Break Up 'ro Entertainment.

Aged eggs, clippers and hand-cuffs were the chief implements used by the sophomores in their attempt to break up the freshman party at the Roosevelt Club Thursday night. Two members of the freshman class were forcibly torn away from their partners and hurried to Central Park in an automobile, where they were given a free hair cut.

Eggs were the chief missiles of war during the party and several freshmen had their clothes ruined.

One girl of the freshman class managed to elude a band of sophomores which surrounded her home by leaving early and leaving her mother in the parlor, dressed in her clothes to fool the would-be kidnapers of her escort.

**POSITION FOR ENGINEERS.**  
The Chicago Telephone Company, owing to the rapid growth in its various departments, finds it necessary to place in training, at once, young men with a technical education, to later on assume positions as engineers, chief testers, wire chiefs, general foremen, managers, etc.  
This is an exceptional opportunity for a limited number of technical graduates to secure a good start in the second largest telephone exchange in the world.
