Vol. VI.

THE UNIVERSITY OF MINNESOTA, TUESDAY, APRIL 18, 1905.

No. 189

NEW MAG. BOARD TO BANQUET OLD

PROFESSOR McCLUMPHA WILL ACT AS TOASTMASTER.

Affair will be a formal one.—Covers will be laid for twenty.—Toasts will be responded to by men of both boards.

The newly elected Magazine Board for '05-'06 will give a banquet at the West hotel, Wednesday evening, April 19, to the members of the retiring board.

The Faculty Advisory Committee will be guests of honor.

The affair will be a formal one and covers will be laid for twenty.

The banquet given by the new Magazine board to the retiring one is an annual affair and will correspond this year to those previously given, except that it will be held at the West instead of at the Nicollet.

Professor McClumpha will act as toastmaster, and toasts will be responded to as follows:

The Retiring Board—C. T. Christian—“Accept these grateful tears.”

The New Generation, '06—George Morgan—“Le Roi est mort, vive le Roi.”

The Men behind the Purse—H. S. Mitchell—“But by the Lord, I'm glad we have the money.”

The Co-ed Mag—Edward Sanford—“Woman is the lesser man.”

The Students and the Mag—John De Vane—“Deserted in her utmost need, by those her former bounty fed.”

Copy Rustling—Charles Hensel—“Still achieving still pursuing, Learn to labor and to wait.”

Prospects and Purposes (a precast)—Cyrus Brown—“I will draw aside the curtain and show you a picture.”

FRATERNITY GAMES HAVE NOW BEGUN

ALL GAMES MUST BE PLAYED BY END OF WEEK.

Saturday's play results in a victory for Kappa Sigma over the Beta, and Alpha Tau over the Sigma Chi. Academic-Law games held over till Thursday.

Notwithstanding the poor baseball weather, the first two games of the frat series were pulled on last Saturday.

The Kappa Sig defeated the Beta in a closely contested game by a score of 15 to 13. The A. T. O's won from the Sigma Chi, the final score being 10-3. The Law-Academic games scheduled for Saturday was called off on account of cold weather and will be played next Thursday at 8:30.

As all the inter-fraternity games must be played by the close of this week, two more games will be pulled off each afternoon.

The fraternities who are beaten in the first round need not feel so badly now.

Mr. Wilson has offered to put up another fine banner as a consolation prize to be played for by all the frats who are knocked out in the first round. The banner will be made at once and exhibited in the window of Wilson's Book Store.

As soon as all the first round in the regular schedule has been played, the defeated frats will draw for places on the consolation list.

Waldo Smith a freshman of last year and a member of the Sigma Chi fraternity died Sunday morning of typhoid fever.

Y. M. C. A. TO OBSERVE WEEK OF PRAYER.

The present week has been set aside by the Conference of Mission Board Secretaries as a time of special prayer for missions abroad. It is being observed by the Associations of the United States and Canada as well as by many of the churches thruout the country.

The Y. M. C. A. will hold two meetings in observance of this week of prayer. The first will be on Tuesday evening from 7:15 to 8:00 and the general topic will be missions. Members of the Volunteer Band will speak. There will also be a meeting Friday evening, at which the work of students in the Young Peoples' Societies will be discussed.

MAG OUT TO-DAY.

April number is extra large and good.

The April number of the Magazine will be on sale to-day in the Library Lobby.

This number is larger than usual and is full of excellent articles.

The Delta Kappa Epsilon fraternity gave their annual banquet at the West hotel last Saturday night.

TRIP CALLED OFF

The Band trip is to be called off. It seems that the financial outlook is not bright and for that reason the action was decided upon.

Some of the Band members have been rather negligent and a number of them failed to attend the concert given at the East Side High School, Friday. This caused considerable annoyance to the instructor and now the climax has come in the abandonment of the proposed tour thru the southern part of the state.

The financial factor further complicates the problem. The tour was to take place the week following Easter, which is always filled with post-lenten social affairs.

In addition, Crestore and his Italian band have visited some of the towns recently and this fact would undoubtedly cut down the attendance.

The cost was estimated at about \$300 and in the face of the great expenses, the lateness of the season, the competition of the Italian band, and the fact that the trip does not usually pay expenses—having gone in the hole to the extent of about \$100 last year—the trip will be given up.

The concert Wednesday night at the First Baptist church of this city will be given as announced.

JUNIORS—NOTICE.

All Juniors wishing class hats must leave their orders with L. Larson, Box 189, giving size, by Wednesday noon. By order of Committee.

SMOKE INSPIRES MEN OF GOPHER

FIND TOBACCO INDISPENSABLE IN EDITING THE VOLUME.

'06 Annual nearly ruined because of lack of nebulous inspiration.—Genius of business manager barely saves the day.

Members of the Gopher Board are now the victims, from morning until night, of the innumerable curious ones who wish to get a scoop on Gopher secrets, to say nothing of the ever-present reporter always anxious for news. The managing editor spends at least two hours a day stuffing the former and trying to satisfy the latter.

One of the most sensible questions asked so far and one which Mr. Reed was only too willing to answer was an inquiry as to what had been the most important element

in the work of the present board as Gopher makers.

“It is really very hard to say exactly,” he said, “you know there are so many different things that count for so much. Of course, the it may sound paradoxical, there is, first of all, the material as a prime requisite; for, without the material there could be no Gopher. But I suppose what you want to know is what influence bears most directly on the quality of the material.

“One of the most important things, and, I am tempted to say, the most important, has always been found to be the inspiration to be acquired only by smoking

in the Gopher Hole. Indeed, so well recognized is this fact by previous boards, that, when we lost the old Hole in the Main Building, it was quite generally prophesied that our book would be a failure for the lack of that very same forbidden fruit.

“And to tell the truth, the prospect was discouraging. After Dr. Frankforter promulgated his edict banishing tobacco in every form, I was unable to get our artist to go near the Hole for three weeks. I was in a quandary, for if we smoked we could not have the Hole, and if we did not smoke, we could not have a Gopher without a Hole and again a Hole without a Gopher was ridiculous.

“Here, however, the

Unfailing Genius

of our business manager was put into play,—and I can't tell you what a treasure Batson has been. He rigged up a set of baskets in which the devotees of my Lady Nicotine might be lowered from the window whenever the quality of their productions demanded an inspiration, which was about three times every five minutes. Did it work? Well I should say it did, and if you'll just (Continued on 4th page.)

DR. CLARKE TO ADDRESS Y. W. C. A.

Dr. Clement Clarke, the new pastor of the First Congregational Church, will address the Y. W. C. A. girls at the noon meeting Wednesday, on the “Relation between Religion and Science.”

Dr. Clarke is a Yale man and has occupied an eastern pastorate until called lately to succeed Dr. Shurtleff. The meeting will be held at 1:00 o'clock instead of at 1:15, in order to give the girls time to hear Dr. Clarke speak and yet attend their fifth hour classes.

WITH THE DENTS.

The freshman Dents have caught the fever and ordered class hats. A committee of three, Geo. Borgwardt, E. R. Penney and Geo. Daman, will take charge of the matter. The hats are to be black with gold lettering, a combination which will make them attractive.

The announcement by Dean Dickinson that the department will have Friday and Saturday off has been received with rejoicing.

R. M. Weaver, '08, who has been laid up with appendicitis for two weeks, is back at work again.

ENGINEER MENTION

It is positive evidence of the increasing efficiency of our Engineering courses and especially of the Electrical course that the number of unsolicited applications for Minnesota men considerably exceeds already the number of possible graduates, and every week adds to the list of positions offered, giving the new engineers an encouraging prospect indeed for the future.

Professor Stephenson received Saturday an unusually sensitive electrostatic voltmeter from the R. W. Paul Co. of England. Some electrical condensers came also from the Stanley Electrical Co.

Professor Springer spent Friday and Saturday visiting the University of Illinois at Champaign. He was the guest of Professor Morgan Brooks of the Electrical Engineering College.

Saturday night the Engineers Society decided to hold a banquet and a committee was appointed to make final arrangements. The men are T. E. Wiesner, '06, H. W. Mowry, '06, and T. P. Zimmerman, '07.

A. C. Rohren, General Superintendent of the factories and laboratories of General Electric Company at Schenectady, N. Y., lectured before the Engineers Society yesterday afternoon. He explained and described for the most part, the equipment and operations at their shops, illustrating his lecture with lantern slides.

The following men will probably accept positions at Schenectady at the close of school: Louis Billau, Edmond Le Blend, Robert Morris and Ed. Le Tourneau.

PATRONESSES FOR BALL ANNOUNCED

MILITARY BALL ON MAY 1 TO BE SOCIAL EVENT OF SEASON.

Many Fort Snelling Officers to attend. National Guard will also be represented.—Crack squad from Shattuck is to be billed for an exhibition drill.

The officers of the cadet corps are busily engaged in planning for the military ball which will take place on May 1. The ball this year is to be one of the big social events and already a large number of officers from Fort Snelling and the National Guard have announced their intention of attending. Arrangements are also being made with the crack squad from Shattuck Military Academy and it is probable that they will be on the program for an exhibition drill.

The following society ladies of the Twin Cities will act as patronesses:

Mesdames J. A. Johnson, Ray Jones, David P. Jones, Cyrus Northrop, G. H. Morgan, W. W. Folwell, J. F. Downey, F. S. Jones, E. E. Nicholson, H. L. Williams, J. J. Flather, F. W. Pike, F. F. Westbrook, Carl Schlenker.

All civilians and old officers of the cadet corps who desire invitations should make application thru some officer to the invitation committee.

PHARMACY JOYTINGS.

A. H. Ewen and W. M. Jones passed the State Board last week and have received assistant's papers.

The seniors have finished Pharmaceutical Testing, and have begun National Formulary Preparations, and the manufacture of Pharmaceutical salts.

SENATE AND HOUSE UNABLE TO AGREE

HOUSE CUTS DOWN FUND FOR NEW MAIN BUILDING.

Senate, however, passes the bill as it was originally drawn up.—Disagreement of the two houses must be settled by Conference Committee.

Appropriations for the State University were not definitely decided upon at Saturday's session of the legislature.

The Omnibus bill as presented to the House called for \$400,000 to be appropriated for the University Main Building and \$20,000 for a main building for the Farm School.

These clauses did not meet with the approval of the house and only \$300,000 was allowed on the former while the latter was cut to \$20,000.

The bill then went to the Senate where it was passed only after the original amounts of the appropriation had been restored.

The disagreement of the two houses necessitates its settlement by the Conference Committee. Whether the majority of the gentlemen on this committee are from institutional places or not will have much to do with the amount which they will agree upon to have appropriated.

ED

GLEE AND MANDOLIN CLUB.

Take Interurban car, leaving 1st Av. and Washington not later than 6:45, Tuesday evening, transfer to Merriam Park, get off at Farrington and walk two blocks to the left. Mandolin Club men bring racks.

LAWS NEED NOT APPEAR EITHER

The three law classes have been granted a vacation for Friday and Saturday.

Complete Encyclopedia of Amateur Sport
Spalding's
Official
Athletic
Almanac
FOR 1905
Edited by J. E. SULLIVAN
(Chief of Department of Physical Culture,
Louisiana Purchase Exposition).
Should be read by every Minnesota student, as it contains the records of all Minnesota athletes and all amateur events in this country and abroad. It also contains a complete review of the Olympic Games from the official report of Director Sullivan and a resume of the two days devoted to sports in which savages were the only contestants, in which it is proved conclusively that savages are not the natural born athletes we have heretofore supposed them to be. This is the first time in which the athletic performances of savages have ever been systematically recorded.
This is the largest Athletic Almanac ever published, containing 300 pages. Numerous illustrations of prominent athletes and track teams.
