WITH POMP AND CEREMONY

**Will Greater Northrop Field be
Dedicated Today—Speakers
From Far and Near**

Greater Northrop Field will be formally dedicated this afternoon.

The St. Paul and Minneapolis central high schools will each play one half of the game.

Before the struggle there will be the dedicatory exercises, conducted by the Hon. Fred B. Snyder.

Governor Van Sant, Mayor Haynes and President Northrop will be among the speakers.

The Cadet artillery will fire a salute of seventeen guns.

The band will be there in full force.

Coaches, Managers, and Players from all of the big Western Colleges will participate in the ceremonies.

Generals Kobbe and Kline of the U. S. Regular Army will be there and speak.

Already over 4,000 tickets have been sold, and the management expects that fully 8,000 people will attend.

The line up for the first half will be the same as was published yesterday. In the second half the new men will be given a show.

Come early and avoid the rush.

"SUNNY" THORPE.
Candidate for Full back.

The members of last year's first team who will this afternoon begin another season in the ranks of the Maroon and Gold are Capt. Rogers, Schacht, Strathern, Warren, Webster, Harris, Irsfield, Davies and O'Brien.

The men who will this fall make their first appearance in a Minnesota uniform are

Neussle, half back, who played one year at Beloit. He comes here with a good knowledge of foot-ball, and is an aggressive, shifty player.

Big Smith, guard, member of Caledonia, Minn., high school team. It is expected that he will be called upon to fill Flynn's old position at right guard.

Luce, the fast tackle of last year's Central H. S. team he has been tried at end in some of the practice games.

Bergen, half back, of last year's team an old North Side man whose playing so far has been the subject of much favorable comment, plays low and hard and has a good knowledge of the game.

Marshall, end, was a member of the 1900 championship team of the Central H. S. He seems to be the most likely man for Roger Gray's old place.

Russell, who has been played at guard and is fast and heavy.

Pattee, for two years a member of the 2d team, from the East H. S. has been playing at right guard in the practice games and has shown excellent form.

There are also several other new men who have shown themselves to be good players and are at present in the 2d team under ass't. Coach Doble.

Among them are Little Smith, a member of last year's Pillsbury Academy team, Ricker, who played here in 1901. Kremer and Oech from the Winona High School team. Gleason from St. Thomas College, Sager from the South Side High School; Hunter the old Center guard and Davy, a member of last year's squad who was put out of the game early in the season on account of injuries.

NEW FOIL ARTIST TO TEACH AT "U"

**Successor to Mr. Carciofini will
Soon Organize His
Classes**

Mr. Jules Leslabay has been secured as instructor in fencing at the university by Dr. Cooke, and will organize classes of both boys and girls at the Armory.

Mr. Leslabay comes highly recommended, and is without doubt one of the best masters and teachers of the art.

He served four years in the French army, giving instruction with the foil while a soldier. He has been teaching fencing for eleven years, altogether. Some of the places where he has been greatly appreciated were Melbourne, Australia, San Francisco and Seattle, coming to Minneapolis from that latter place, day before yesterday.

He will at once begin organizing his classes and all those desiring to take up a course can see him in Dr. Cooke's office at the armory from 9 to 11 in the mornings beginning with this week.

There has been no fencing in the University since the death of our late instructor, Mr. Emil Postel, whose demise five years ago was a great regret to so many.

The fencing art is a great accomplishment, and as an exercise is very beneficial. Every student should consider the subject in a favorable light.

An eastern fencing league has been organized this year taking in Yale, Harvard, West Point, Columbia, Cornell, and Pennsylvania, who will hold tournaments this season.

Fencing is bound to become very popular with western colleges and Minnesota should organize a team and get "into the game."

NEW LAW SOCIETY.

A number of the members of the Freshman law class will meet tonight in the court room of the law building and meet for the purpose of organizing a class debating society. It is expected that the organization will stimulate all interested to a high aim in oratory and debate.

WAR IS THE CRY IN MEDIC SCHOOL

**Freshmen and Sophomores to Mix
Blood with Bones—Awful
Carnage Expected**

Now the men of pills and bones are at it. Yesterday morning the sophomores dramatically informed the freshmen that they would appear on the campus at 9:30 o'clock and that the '07s were to be ready for action upon call.

The Freshmen got ready as ordered but when 9:30 had come were no where to be found.

What had become of them? Where was their nerve? That's what a certain well-known senior academic, who aspires to have M. D. printed after his name in '07, set himself to find out.

He admits that he learned, for when the afternoon, had come around he found to his sorrow that the pill-men of '06, were very much alive. The gentleman told a reporter of the Daily that he was unceremoniously introduced to several stiffies in better or worse states of preservation.

But this is where the good-natured freshman thinks his laugh comes in.

In the midst of the introductory affair, above spoken of, one of the profs. appeared and afterwards delivered to the sophomores one of the most scathing rebukes ever heard on the campus.

Now as a result of the day's performances both classes are sore and a bloody scrap is booked as one of the events of the immediate future.

THEY TRY TO KEEP WARM.

The cold weather of the last few days has brought into use all the known methods for keeping warm.

The ardent students of zoology are keeping the gas burners working overtime, in order to help keep the blood in circulation. This is a trick which the freshmen just learned, and they are applying it vigorously. But they are still waiting for the heating material, which could not be procured in time, and is causing a delay in the work. But it is soon expected to arrive, when every effort will be made to compete the work on time.

PRIZES IN SOCIOLOGY.

**Topic for Competition in Sociology
Announced. Good Rewards are
Offered.**

The announcement has been made of the subject of the Schurmeier prize. Any undergraduate student taking any work in the Sociological department is eligible. The subject is "Social Forces in the Making of Emerson." The prize is \$20 and the contestants will be allowed until after Christmas to get their essays in.

Last year it was made compulsory for the students to write upon the subject assigned. But this year so much interest has been shown in the work that such measures will not be necessary.

The interest shown in the department is very encouraging to Professor Smith. Larger classes than ever have registered for the work. The fact that the students see the desirability of developing this phase of work in their education is very promising.

AFTERNOON TEA.

Invitations have been issued to a reception given by the Y. W. C. A. in honor of the Freshmen girls today, Saturday at 2:30 in the parlor of the Main Building.

Miss Mable Millham, the new state Secretary of the Y. W. C. A. will be there to welcome the girls.

This reception will interfere in no way with the evening reception and an invitation is extended to all the girls in the college.

On account of the inclemency of the weather the reception cannot be held on the campus as at first arranged.

ELOPED.

Robert Pratt, Acad., '05, and Miss Winifred Race, well-known in social circles in Minneapolis, eloped last Wednesday to Kansas City, Mo., where they were married.

BIG SOCIAL FEST FOR NEW AND OLD

**Annual Blow Out For New and
Old Students This Evening
At the Armory**

One of the most important events in the College year will be held at the Armory tonight. It is the annual reception given by the Y. M. C. A. and the Y. W. C. A. to the University students.

The Reception Committee which includes H. M. Freeburg, President of the Y. M. C. A., Miss E. Bonwell, President of the Y. W. C. A., Mr. Hanson, Miss Clare Bryden and several members of the faculty, will be there to meet all who come, after which will follow an hour of social intercourse.

Refreshments will be next in order, after which a delightful program will be rendered. The program begins with a cornet solo, followed by a duet by two leading members of the Girl's Glee Club, Misses Riggs and Gjertsen.

George P. Jones, of Rock, will give a reading of his own selection. It has also been stated that Pres. Northrop may be prevailed upon to give a few words of wisdom.

Last, but by no means the least, will be the talk given by Dr. M. H. Pritchard, of New York, the well known imitator and impersonator. Dr. Pritchard has made a very careful study of the domestic animals, and his well-known ability will make the affair a rare treat.

Last year, despite the rain, nearly 10000 attended, but this year judging from the preparations which have been made, it will be the greatest social even ever held at the University.

CULL GETS A GOVERNMENT JOB

John A. Cull, '03, has been appointed one of the government clerks in the Customs department at Manila, Philippine Islands. Mr. Cull received his appointment about the first of July and started immediately for the Islands. The position is a lucrative one and his many friends wish him unbounded success in that far away land.

Kappa Alpha Theta has pledged Eugenie Lamphere, Fargo; and Clare Vidger, St. Paul.

Mr. B. Jones, '03, has gone as a missionary to the Island of Borneo.

NOTICE TO OLD SUBSCRIBERS

Unless ordered discontinued, the Daily will be sent to all subscribers of last year, and the management will consider your intentions in good faith.

OUR NEW FIELD.

Greater Northrop Field will be dedicated to-day.

This event will mark an epoch in the history of Minnesota athletics and it is the duty of every student and every professor and instructor in the University to attend these opening exercises.

Show your loyalty to your college by making the first game to be played on the most magnificent field in the West one long to be remembered.

Show the team on their initial appearance that every man in the University is back of them and will stay with them through thick and thin, thro the most glorious victory or the most crushing defeat.

Show Doctor Williams that you appreciate his grand work and that in every thing he does he may be sure of the united and solid support of every student in the University of Minnesota.

But let this not be all. Let us this day of days, make the solemn resolution that each and every man of us will strive and endeavour with all our might to place the football team of the University of Minnesota above and beyond all competitors and that at the end of the season we may have the pleasure of knowing that the Maroon and Gold has triumphed and has asserted her supremacy in the Middle West.

GOPHER BOARD ELECTS.

The '05 Gopher Board held its first meeting of the year in the "Hole" yesterday morning.

Nearly all the members were present and the working plans for the next issue were outlined.

The vacancy caused by the resignation of A. L. Brownrigg who is not in colleg this year, was filled. Miss Catherine McPartlin, Associate editor of the Daily, whose literary prowess is well-known was unanimously elected to fill the vacancy.

Outside of these few facts the Daily reporter could gather only unsatisfactory gleanings. The usual air of secrecy and distrust of other people has been acquired by the board. The prize of the book, however, will not be increased this year.

CHANGES IN THE MAGAZINE.

Very cheering reports come from the Magazine room. A number of changes have been made in form and in matter. The editors are making a great effort to embody in their publication all of the best of the suggestions offered last year.

The exchange department has been dropped and will be replaced by a department of original criticism on the drama, new books etc.

The art work which has always been good promises to be better than ever. Taken altogether the prospects for a representative college magazine for the coming year are very bright.

A LITTLE MORE POLITICS.

Every Class From Freshman to Senior Afflicted with Political Troubles.

The political spirit is beginning to manifest itself in the actions of the various members of the legalities.

The Freshmen class especially is getting into form which fact is being shown by the secret-gathering and all all working energy of the machine man. Already a slate has been formed that is expected to materialize into a nomination and election before the unprotected freshman is aware that his vote has been counted.

The Junior class are as yet asleep to the fact that they have an election but the symptoms are very favorable for a hot campaign. Many assertions have been made by members of the class that they will have a thorough weeding out of the candidates before they come to any hasty conclusions.

Being prompted by the thought that they were somewhat imposed upon last year.

The Seniors have as yet done nothing but are ready to act upon due notice.

CASTALIANS CELEBRATE.

A Good Time Among Retired and Active Members.

The Castallians entertained right royally last evening. All who were present are loud in their praise. All the old members were there and helped to make things enjoyable for the new members and prospective ones also.

Jones of Rock, gave one of his characteristic little speeches with the usual amount of funny stories.

"How we won the pie last year" was the subject of another humorous talk which was loudly applauded.

The program was followed by a banquet and many toasts were given by the old members. The remembrance of this evening will be a pleasant one to all who were present.

FIRST WAR COUNCIL

University Tribe of Shakopeans Holds First Meeting.

The Inter-society cup winners in debate last year held their first meeting last Thursday and the Shaks. gave a good evidence of their well known spirit and enthusiasm.

The program of the evening was impromptu. The old warriors spoke to the older ones, such men as Lundeen, Carlson, and others of debating and oratorical fame furnishing the inspiration.

Plans for the year were discussed. The Shakopeans announced their unanimous intention expressed by loud "U's!" that they would defend the debating cup, keep the football championship which they have held for years and on the side to win one or two more Inter collegiate debates. All this they will undoubtedly do, and the climax of their boast will not be regarded as idle when it is considered that such men as Chase, Lundeen, Churchill, Carlson, and Pratt will try for Inter-collegiate debating teams.

Election of officers will be held at next meeting.

ENTRANCE CONDITIONS.

On the off hour Friday, all desiring to join the Y. M. C. A. make-up classes should call at the Y. M. C. A. Building.

All must be there as the classes will then be organized and the time of the meeting will be fixed.

DRAMATIC CLUB EVENTS.

Chooses Officers and Outlines this Year's Work.

The University Dramatic Club held its first meeting of the year yesterday and Pres. Keyes outlined the policy of the Club for this year which promises to be the most successful in the Club's history.

Probably two plays will be selected, one to be taken on the road during the holidays and the other to be presented at the annual performance in this city. The committee having the selection of the plays in charge is hard at work and the result of its deliberation will be announced before long.

President Keyes also named an entrance committee before which applicants must read before admission to the club. The date for these trials will be set soon and from present indications it looks as if the competition for the ten or twelve vacancies which are now open will be even greater than last year.

The Club also decided to elect a business manager for the coming year and Mr. Reed was chosen for that position.

NOTICE.

There will be an important meeting of the Dramatic Club next Tuesday at 1:10 in Mrs. Potter's Room. All old members would do well to attend.
