Minutes of the February 1, 2000 meeting were approved as mailed.

Old Business

At this date, it still looks optimistic that the Music Performance Laboratory will be funded and design money for the Bulldog Sports Center will be awarded.

There have been three meetings with the architect regarding the Kirby/Library renovation with the main issue being, where to put the DTA hub. There will be an approximate two-year timeline to complete this project beginning in the fall of this year.

New Business

The Communicative Council, which Neale Roth is a member, was asked if an attractive map of UMD campus could be made up for visitors. Admissions does not have a large enough budget to keep up with the demand. The advice given was to go Facility Management to choose which map to be used and that the funding could come from the University Relations budget.

**FYI**

A letter from Library Director, Bill Sozansky, stated they would like to see the renaming of the Health Science Building as <sup>3</sup>Library Annex<sup>2</sup> and the new library as <sup>3</sup>Library<sup>2</sup>.

The Physical Facilities Committee is involved and approves a building name only when it is to be named after an individual.

The next meeting date has not been decided. You will be contacted prior to that time.
