TO: Student-Athletes on the UMD Football Team

From: Mike McHugh, Assistant Football Coach

RE: Travel dates for our athletic competition, Fall Semester 2010

This memo is concerning our scheduled travel dates for athletic competition representing UMD via the Men's Football Team. Please note items #3 and #4 from the UMD Campus Assembly (4/11/84) regarding "Excused Absence Policy." Contact all of your instructors the first day of class to address any potential problems or conflicts with regard to missed classes/work.

Item #3 Right and Responsibilities of Students

It is the responsibility of the student desiring to miss class sessions to make arrangements with his/her other course instructors, during the first week of classes, to satisfy any course requirements unfulfilled due to these absences. This pertains to both to credit-bearing courses and activities.

Item #4 Rights and Responsibilities of Course Instructors

In general, it is up to the discretion of the instructor whether the requested absences will be permitted. When permitted, the instructor has the responsibility to work with the student and develop a procedure by which the course requirements can be fulfilled. In some cases, however, the nature of the course may be such that attendance is deemed necessary. In those cases, the student would have the choice of continuing the course and missing activity or of withdrawing from the course.
