### GLEE-MANDOLIN CLUBS

#### Re-organization of Glee Club and Revival of Interest in Glee— Mandolin Club Work

The students are greatly pleased to see the work of the Glee and Mandolin clubs revived. Their concert in St. Paul last Monday evening was one of the best ever given by the clubs in the history of the University. The hall in which the concert was given was crowded and much enthusiasm was manifested. The Mandolin club is about the same as formerly. The Glee club has been completely reorganized, so that it is now simply a double quartet. But every member of the present club is especially talented, so that the high grade of work that can be done more than compensates for the lack of members.

The songs given by the club this year are not such as are customarily given at concerts of this kind, but are such as include college jokes and reflections of college life. They have also many songs written for their special use. The personnel of the reorganized club is: First tenors, Ware and Newhall; second tenors, Saunders and Wendell; first basses, Stevens and Collins; second bases, Luse and Brown.

A concert will be given in the Lyceum theatre on the 28th of this month, in-

stead of on the 23d, as previously announced in the DAILY. Besides arrangements are well under way for a concert in Stillwater on the 22d of the month, and for a trip through the southern part of the state, beginning April 8th.

is at San Francisco. The age limit is 20 years and the salary \$1,200. There will also be an examination April 23 for physicians in the Indian service. The age limit is 25 to 55, salary \$1,000. A male physician is wanted at the Cheyenne River agency school.

On April 23-25 applicants for the position of senior architectural draughtsman will be examined. The salary attached is \$2,000. The requirement of filing applications ten days before date of examination is waived for the April examinations. Application must be made to the civil service commission at Washington, D. C.

#### A PLEASANT AFFAIR

Mrs. Potter and Miss Potter entertained their Old English classes, Monday evening at the home of the former. The event was a unique celebration in honor of Alfred the Great, this year being the thousandth anniversary of his death. The good king's picture had a place of honor and above it were draped English and American flags. Programs printed in Old English gave the order of musical numbers and papers concerning King Alfred. Following these, pantomimes representing scenes from Old English literature were given. At the close of the evening the classes joined in

singing a stirring song by Miss Potter, a fine tribute to Alfred, written in strong, picturesque phrase. The guests carried away copies of the program and the song as reminders of a most delightful evening.

#### GREEK CLUB

The social meeting of the Greek club was held Thursday evening, March 7th, at the home of Dr. Brooks. Following the business meeting there was a short literary program consisting of a piano solo, by Mr. H. C. Libby, a vocal solo, by Mr. B. M. Lambert, a declamation of Hamlet's soliloquy in modern Greek, by H. S. Mitchell, a metrical translation from the Odyssey, a few of Aesop's fables in modern Greek, read by Dr. Brooks, and a short speech by Prof. Hutchinson, showing the continuity of the Greek language. The evening was a social success, and every one was glad he had taken Greek, even if the refreshments were more translatable than the dialect in which he was supposed to be proficient.

The medical building at Iowa University burned to the ground Monday morning. The loss is \$200,000.

### FRESHMEN WIN IT

#### Ecklund and Buck Cup Goes to the Basket Ball Team of the Class of '04

The Freshmen cinched the intra-University Basket-ball contest yesterday by defeating the Juniors in the most exciting game of the series, 16-14. The Sophomores and Laws did not contest. The Freshmen have a percentage of 833, and the other three teams of 400.

By winning this contest, the '04 class becomes the possessor of the beautiful cup put up by Ecklund & Buck, the genial and enterprising news store proprietors. It is certain that the class will cherish this, its first trophy.

#### PAN-AMERICAN SPORTS

At the annual meeting of the Intercollegiate Association in New York, in February, a resolution was adopted endorsing the Pan-American Intercollegiate games to be held in Buffalo in the spring. These games are to be under the direction of the committee on sports, whose members are all college men, and will take place in the Stadium on the Exposition grounds on Friday, May 31 and Saturday, June 1. Following, as it does by a week, the regular Intercollegiate meet in New York and several

of the western track meets, the Pan-American meet is sure to draw competitors from all sections of the country. Such an opportunity for a thoroughly national meet of college athletes is rarely offered, and it is to be hoped and expected that college men generally will show the interest and give the support that the occasion demands. The meet will be conducted under the rules of the Intercollegiate Association and all of the judges and officials will be college men of well known reputation and experience. Handsome medals will be given to the three first men in each event and to the two colleges scoring the highest number of points trophies will be awarded.

#### TENNIS PROSPECTS

The President of the Tennis Association has received a letter from the University of Nebraska desiring to arrange a dual meet some time late in the spring. It is also hoped that plans may be perfected for meets with Wisconsin and Iowa. There will be a meeting of the Tennis Association of the University this coming Saturday at the fourth hour, in the chapel. Election of officers will occur then, and the coming year's work will be mapped out. It is to be hoped that all members of the club and every one interested in tennis will be present.

#### CIVIL SERVICE EXAMS

President Northrop is in receipt of announcements from the civil service commission of examinations to fill the following positions, viz:

An examination to be held March 21 for a mechanical engineer, a chief engineer and electrician and an assistant engineer and electrician in the United States mint service at Philadelphia. The places of examination nearest to Minneapolis are Milwaukee and Chicago. The age limit is 20 and upward. The pay for the mechanical engineer is \$5 a day and that for the chief engineer and electrician the same. The winning applicants will be eligible to similar positions elsewhere as they become vacant. Applicants should address the secretary of the local board at Philadelphia, or in the usual way at Washington.

An examination will also be held April 23 and 24 for a topographical draughtsman in the general land office service. The position at present open

**NOTICE OF ELECTION**

Notice is hereby given that the annual meeting of the Minnesota Daily Association, will be held at 11:45 a. m. on Saturday, March 16, at which time a Board of Directors will be chosen and other business transacted. Only paid up subscribers are entitled to vote. M. J. Breen, Secretary.

**NOTICE OF AMENDMENT**

The DAILY Board of Directors has proposed the following amendment to the constitution of the MINNESOTA DAILY ASSOCIATION. That section 2 of Art. IV, which reads:

"Said Board of Directors shall consist of seven (7) members, three of whom shall be students in the Academic or Engineering Departments, one a student of the Law Department, one a student in the Medical Department and two shall be members of the Faculty," shall be amended so as to read: "two (2) of whom shall be students in the Academic Department, one (1) a student of the Engineering Department," in place of the words, "Three of whom shall be students in the Academic or Engineering Department."

**Inter-Class Base Ball**

As the time of the opening of the baseball season approaches, and interest in the "great American sport" is revived, the DAILY desires to suggest the formation of a Class League, as it were, to determine the championship of the University. It believes that some good friend of the University will be found who will present a cup or some suitable prize to be contested for to make the contest of interest to all lovers of baseball.

The intra University basket ball contest has evoked considerable interest, but without question a baseball contest would call forth very much more, because of the nature of the game and the fact that more can watch the game. The colleges might well be admitted or

a par with the different classes as in the late basket ball contest, and undoubtedly much more interest would thus be created, and the fight for the pennant made fiercer. A fine pennant presented by some class or some organization in the University might serve the purpose of a prize, as well as a cup, and possibly the young women in the University might thus be interested.

The DAILY believes that the matter is well worth pushing, and if the classes will manifest any enthusiasm in the matter, the paper will be glad to do its part in arranging the details and bringing off the games.

**BY THE WAY**

The baseball men were not practicing out of doors last night.

Delta Upsilon holds its annual alumni and chapter banquet next Tuesday evening, at the Commercial Club's rooms.

Phi Delta Theta holds its annual banquet Friday evening of this week at the West.

All those who are entitled to enter the Pillsbury contest will be given private training in delivery by Prof. Sanford and Prof. McDermott. Any who wish it should make arrangements as soon as possible.

Mr. Johnson has just had framed a group picture of the present Board of Regents. It includes the three new members appointed by Gov. Van Sant. The picture hangs in President Northrop's office.

**ATHLETIC NOTES**

Notre Dame won the triangular indoor track meet between Chicago, Illinois and Notre Dame, Saturday. "Pat" O'Dea, referee, lost favor with Chicago, by ruling her men out of the relay race after winning easily, when the winning of this event would have tied Chicago and Notre Dame. Several indoor records were broken, including the broad jump and the 440-yard run, which was broken in each trial heat, and again smashed in the final.

The most remarkable athletic event perhaps of the last year, was the quarter mile run by Maxwell W. Long, at Columbia, on the New York Athletic Club ground. He covered the distance in 47.45 seconds, beating the world's record by nearly one second. In other words, during his entire journey around the track he was running at the rate of a hundred yards in 10.9 seconds. When it is remembered that there are not more than a dozen who can run a single hundred yards in 10 seconds, one is able to realize the significance of this remarkable feat.—U. of M. Daily.

COLLEGE OF LAW

The article in yesterday's DAILY about the "amendment lost," etc., has evoked some sense of criticism from several members of the Law Literary society. As a matter of fact the Law society meets every Monday night in Dr. McVey's room for its regular weekly exercise, that is why there happened to be so many of them there, and several of the members have stated that they were opposed to the amendment. Moreover, the chairman of the meeting states that he declared that the amendment was carried at the first meeting; but the board declared the action at that meeting void because there had not been sufficient notice given. That is what caused the call for a second meeting, and not any dissatisfaction with the previous decision.

H. L. Berry has been elected by the Junior class its representative on the Gopher Board.

Mr. Bartlett gave a short talk to those interested in public speaking Tuesday forenoon. He expects to organize classes in oratory and elocution, but no definite arrangements have yet been entered into.

It would seem hard, if not unequitable to flunk two good students for not taking an examination, when the reason for it was their loyalty to a University affair of importance. (This refers to two who took part in the Nebraska extempore contest, one of whom got first place.)

TEACHERS FOR THE PHILIPPINES

President Northrop is in receipt of the following letter relative to teachers for the Philippines:

MORRISTOWN, Vt., March 7, 1901.  
My Dear Pres. Northrop:

I wish to acknowledge the courteous manner in which you are endeavoring to aid us in securing suitably equipped teachers for the Philippines. No one has shown greater interest. At present affairs appear to be so confusing that in all probability teachers will not be summoned before October or November. As soon as I reach Manila I will advise Dr. Atkinson of your assistance, and place your letters in his hands. Acknowledging your kindness, I remain, with regards,

Very sincerely yours,  
MASON S. STONE.

JUNIOR-SENIOR PARTY

An innovation in the social customs at the University is to be made next week, when the members of the Junior and Senior classes will hold a joint social gathering. The social committees of the two classes have been working on the scheme for some time, and final arrangements were completed yesterday. The time of the gathering is Wednesday evening, March 20th, and the place the Armory. The party promises to be very pleasant in every respect, and members of both classes who know of the matter are enthusiastic for its success.

NOTES

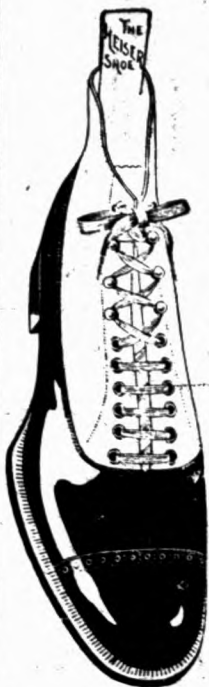

The Law Literary society elected the following officers on Monday night:

President, R. W. Stanford; vice-president, J. A. Markham; secretary, J. C. Scribner; treasurer, James Wagner; sergeant-at-arms, W. J. Elwood; program committee, S. C. Scott; A. P. Stolberg, J. C. Scribner; membership committee, J. A. Callahan, Thomas Dignan, F. J. Chapman.

President Northrop will address the daily Lenten service at St. Mark's church, Friday of this week at noon, and Prof. Woodbridge speaks one week later, at the same service.

Manager McGregor received a letter yesterday from the Ravenswood Y. M. C. A. basket ball team which makes it almost certain that the team will come up this week Saturday, or next week, to play the "Varsity on its own floor.

Mme. Clopath, of the Art department, will give a lecture on the "Place of Art in Education," to the members of the University Art Club, in the Y. W. C. A. room next Friday at 4 o'clock. Miss Clopath will speak specially of the physical and mental training to be derived from the study of art. All students are invited.
