ROGERS OR THORPE

The Captaincy will Fall to One
of the Above Named
Men

The eyes of the University will be turned toward the football banquet to-night with considerable interest as the election of the next year's captain will take place there.

The two names which have been most prominently mentioned for the place are those of Rogers and Harris.

Within the past few days however matters have changed. Harris who will have another chance at this honor next year has practically withdrawn and the friends of "Sunny" Thorpe have been energetically pushing him for the position.

Men who have made the first team and played in at least two of the championship games will have a vote on the captain. These are also the men who now have or in all probability will be given the M and are as follows:—

Gray, Schacht, Smith, Strathern, Flynn, Warren, Rogers, Harris, Davies, VanValkenberg, Thorpe, Downing, Irsfield, Bidlake, Knowlton and Liggett.

The interest in this and the list of speakers who are booked for toasts has made the demands for tickets very large. The management wishes it understood that all who have been playing this year, are especially invited although no special invitations or tickets will be sent to the football men.

President Northrop Speaks

The address given by the President yesterday at the second hour was in the nature of a report of the meeting of the American Board at Oberlin which he attended during his trip East in October.

He outlined the growth of foreign missionary interest and the organization of the American Board. He mentioned especially the appearance at Oberlin of Miss Stone, the addresses of Robt. E. Speer and of Rev. Dr. N. D. Hillis. There is a growing emphasis upon educational work in Missions. The characters of the men and women going to the fields now is far better than formerly and this improvement is due in large measure to the movement among the students.

Dr. Root who had just arrived was present at the meeting and spoke briefly.

The hour was one of great value to those who attended. This program for each Thursday at the second hour is giving many of the students much information in regarding the work of missions.

Christmas Party Coming

The Christmas party of the Y. W. C. A. is to be held Saturday, December 13th, at two o'clock.

Every one knows how great a success the Y. W. C. A. parties have been before this, and the Christmas party last year was especially enjoyed by all who attended. Everyone is assured a good time at the coming party.

Notice

All girls wishing to join the girls glee club are requested to put their names in box 1204.

Mr. Firkins' Lecture

Last year Mr. Firkins presented before the U. L. A. an address on Brownism. It was a treat. This evening it is upon the religious thought of Emerson that attention will centre, and all lovers of that poet-philosopher are invited to attend.

Any who wish to become members may well take this opportunity to join, as the address will be followed by a social for new members and old. The treasurer will be ready to issue receipts (50 cents) for membership dues. Y. W. C. A. room, at 8 o'clock.

Express Their Sympathy

Mrs. Frances B. Potter's first hour Bible class met in the President's office yesterday after chapel and resolved to send her their most sincere sympathy in her bereavement. A telegraph message was sent to have flowers brought to her.

VESPER SERVICE TOMORROW

Address by Dr. Root in Chapel
With Musical Numbers
by Quartet

The program for the service in Chapel Hall Sunday at 3:30 o'clock is one of attractiveness to both men and women. A male quartet which has been singing a great deal this fall will furnish special numbers and a solo will be rendered by Mr. Ganns. The quartet is composed of Messrs. Bunce, Freeburg, Turner and Burmester.

The address by Dr. Pauline Root will be "Stewardship, what it means to us as Students." Those who have heard Dr. Root since her arrival here will be glad to listen to a more formal address. The occasion Sunday will be attractive thoroughly.

Nebraska Proposes New League

According to a dispatch from Omaha the University of Nebraska plans for the formation of a western football league, the members of which are to be teams from the Universities of Missouri, Nebraska, Kansas, Colorado, Iowa, Minnesota, South Dakota and possibly two other state schools. The proposed league is evidently the result of Nebraska's failure to be admitted to the big nine, and according to Prof. Clement, who went to Chicago, to attend the conference, plans for the new association have been under consideration for some time.

Dr. Williams, athletic director at the University says there is nothing to the story so far as the membership of Minnesota in the proposed league is concerned, and that furthermore Minnesota could not well be included because of territorial considerations. For these reasons it is not likely that our athletic board of control will entertain the new proposal.

Senior Girls Notice

As the Y. W. M. A. Christmas party comes Saturday, Dec. 13, all the groups of the Women's league that have not yet made their arrangements to meet that day, and those who find it impossible to change will meet Monday, Dec. 15th. S. Louise Peck, Sec.

PRIZES FOR DEBATERS

Debating Interests at University
Stimulated by Substantial
Cash Prizes

Never in the history of the University have there been so many incentives urging ambitious students to excel in debate and oratory. This is especially true of debate. Aside from the honor derived in this highly important field of university activity, inducements of an extensive nature are offered successful competitors. Friends of the University have been exceedingly thoughtful of the needs of the University, and have made good their friendship in substantial prizes. Some of these prizes have already been distributed among successful contestants for the team which debates with Northwestern. Mr. Grannis, one of the members of the team recently chosen at the preliminaries, gets \$25, the gift of C. S. Buck; Mr. Lundeen receives \$50, donated by Edward Backus; and Mr. Chase is to receive \$75. Mr. Grannis also receives an additional prize of \$25 by virtue of a provision to the effect that any man who has won out in the semi-finals, or who has been on a winning intercollegiate debating team, and secures a place on a team the following year, is entitled to a \$25 cash prize. Professor Sanford, who has done much for debating interests at the University stands back of this cash prize feature in preliminary debate and has been able to interest friends of the University to contribute the necessary funds.

The successful contestants in the Iowa preliminaries will receive \$90, divided as follows, \$40, \$30, and \$20. There is also the \$25 additional prize given according to the provisions noted above. The Iowa preliminaries will come off in the near future, and the various places will be warmly contested.

Minnesota 54--Anoka 6

In the first game of the season, the Varsity easily defeated Anoka at basketball last night. As might be expected, the Varsity outclassed their opponents, but the Anoka men put up a plucky game. The playing of our old friend Walter Murfin was especially good. The Minnesota men all showed up well and displayed splendid team-work.

The Minnesota line-up for the first half was: Varco, r.f.; Deering, l.f.; Collins, c.; Kiefer, r.g.; Hugh Leach, l.g. For the second half McRae, r.f.; Brown, l.f.; Ely, c.; Helon Leach, l.g.; Redman, r.g.

Time of halves, 20 and 15 minutes. Cook, umpire; Webster, referee.

Scandinavian Club

The next regular meeting of the club is next Monday evening, Dec. 8th, and the following program will be rendered: Violin solo by Mr. Daniel Aakhus; General remarks about Henrik Ibsen, the author for the evening, by Mr. N. A. N. Cleven; Reading of "Terja Viken," by Ingmas Boraas; Discussion of "Brand," by Miss Bredersen; Discussion of "Gjengangere," by Mr. L. Lillehei.

The Library of the Michigan Law School has 19,624 volumes upon its shelves.

Wisconsin Thanksgiving Day

The Wisconsin board of control at a meeting held yesterday decided that the Wisconsin-Minnesota game next year will be played on Thanksgiving Day.

This will be welcome news to the Minnesota people who will be glad to see this game with our dearest enemy come at the close of the season. Particularly so as the other two teams in the big four, Michigan and Chicago, will play on that day.

At the conference in Chicago there was a provisional understanding that Minnesota would meet Illinois on that date and the publication of this has led to the understanding that the matter has been definitely decided.

The other big games to be played by Wisconsin are, Chicago and Michigan.

The Chicago game will be played at Milwaukee, Nov. 1, and the Michigan game will be played at Ann Arbor on Nov. 15th.

DISCUSSES ETHICS OF BUSINESS

Dr. Folwell Returns from Successful Lecture Tour in Interest of Extension Course

Dr. W. W. Folwell returned yesterday after a week's lecture tour in the interests of the university extension course of Chicago University. The subject that Dr. Folwell has been discussing is "The Ethics of Business." His itinerary included Kansas City, St. Joseph, Des Moines, St. Paul, and Minneapolis. The trip was a very successful as well as pleasant one. He was everywhere greeted with large audiences. Last evening he addressed a St. Paul audience at the St. Paul Central Park M. E. Church, and this evening at the Unitarian church in this city he will deliver the final one of his lectures. University students who are interested in political science problems discussed from the ethical point of view, will do well to hear Dr. Folwell's views on the subject. The lecture begins at 8 o'clock.

Dr. Root in Chapel

Yesterday at chapel the seniors appeared for the first time in caps and gowns. The class was largely represented by the girls who occupied the front seats. President Northrop, after a few graceful remarks expressed a wish that they might regularly occupy the seats at the front. Another attraction was the presence of Dr. Pauline Root, for seven years missionary among the Hindus. She spoke of the humble beginning of the student missionary movement and the present wide extension of the field of labor. The student workers are alone successful in this field. All others, unable to cope with the difficulties have at last drifted back to the homeland. There are the hundred languages to be learned. For the Bible, oriental in setting, is, when presented in their own tongue, much clearer to Eastern people than to us in the English language. Moreover, the proportion of English and American students in the eastern countries is large and their influence upon the character of the native students is so great that there comes from the east and especially from India an imperative call, not only for educated missionaries but for men of strong, clean moral life.

It is seldom that members of the Y. W. C. A. have an opportunity to hear a woman of the type of Dr. Pauline Root. With such striking personality and personal magnetism which makes her so enjoyable as a speaker one feels at the same time something stronger and deeper behind the presence of true culture, not only of the mind but of the heart and soul as well.

Her talk before the Y. W. C. A. yesterday morning was most inspiring and helpful. Dr. Root took no definite subject for her remarks which were of a purely devotional nature. Her talk was characterized throughout by a rare spirituality and that practical knowledge of the world which only goes with actual experiences. The meeting was unusually well attended.

The basketball season has opened and the Daily wishes to make an urgent appeal to the students to patronize this sport. The University of Minnesota has one of the best basketball teams in the country, and they are worthy of having the most hearty support of the students. The football season is over, and it is fitting that the games which will be played on the armory floor during months should be given all the aid that is possible to give our team. Most of the old men are back and a good, swift team is assured this year. Make your resolution, to attend all the games you possibly can during the coming season. The Ski-U-Mah ought to ring at every one of the games, and success is a certainty.

Article by Prof. Anderson

An able discussion of the Minnesota Primary Election Law by Prof. F. M. Anderson, was published in the November number of the Annals of the American Academy of Political and Social Science.

Mr. Anderson based his study upon the actual working out of the law as seen in the recent election, using the election returns, his own observation, and post election newspaper views.

The article gives a thorough and impartial presentation of this method of nomination, showing the points that must be considered in deciding whether the system is a success or a failure.

Mrs. Gilfillan has issued invitations to the members of the Y. W. C. A. for an "at home" this afternoon at 3 o'clock at her residence on Tenth Ave., S. E. Dr. Root will be present and will speak to the young ladies on "Women abroad." This is a first of a series of afternoon meetings which will be given for the Y. W. C. A. this year.

THE U. OF M. CALENDAR

It will be Out Next Friday

Do you want something beautiful to decorate your room with, or to give your friends for Christmas? If so, be sure to plan to purchase some of the U. of M. Calendars prepared by the Y. W. C. A. The success which the organization has had with its calendars for the past two years, prompted the young women to arrange for another this year, and it promises to surpass the previous ones both in beauty and art. Though the young women at the head of the scheme will reveal none of their secrets, they say that it will be a pretty surprise, and the students will doubtless look forward to the time when it will make its appearance.

The executive committee which has had the general plans in charge, consisted of Mrs. J. B. Gilfillan, Mrs. J. Page and Miss Hillman, and they have spared no time and effort to make the calendar a great success. The art work is done by Mr. Thomas Iwen, '05, and it is pronounced by critics to be of a very high grade. When Mr. McCarthy proprietor of the down-town book-store was shown the calendar, he declared it the best of its kind he had ever seen. There is nothing amateurish about it at all, and on the whole it reflects great credit on all who have been connected with the work.

The calendar will be on sale next Friday at the third hour, and the price is 50 cents. Be sure to bring your money on that day and you can obtain as many copies as you wish at tables in the post-office or the rotunda of the library.

Ready for Bowling

Now that the football season is past the time for bowling is at hand. Already the downtown alleys are beginning to be filled with the University enthusiasts of the sport and it is anticipated that it will create as much interest as last year.

The fraternity bowling league will meet soon and make the arrangements for the coming season. The league will be much larger than last year and a great contest is assured.

Zeta Psi, Chi Psi, Phi Delta Theta, and Psi Upsilon, the leaders in the last year's tournament will have their old teams back while the other societies are lying low—which means that they all have something up their sleeves.

It is hoped that men out of college will not be allowed to play this season, as many of the games were marred on that account last year. It takes away the University interest and tends to lower this truly regal sport (King Edward has a private alley in his palace) to the ranks of such sports as base ball and cricket.

Keep up the standard and bar "ring-ers" should be the battle cry.

It is probable that the league will meet next week to elect officers and arrange the schedule of games.

The Phi Gamma Delta entertained informally Thursday evening at the chapter house.

There will be a short business meeting of the Senior class at the end of the 3rd hour to day.

This afternoon at 2:30 p. m. the A. C. A. will meet at the home of Mrs. M. D. Purdy, 2035 Kenwood Parkway. Miss Firkins will read a paper, Mr. and Mrs. M. D., Purdy are both graduates of the "U."

Thursday evening the Alumni Association of the South High School gave the third of a series of dances at Malcolm's Hall. A crowd of about thirty couples enjoyed a program of fifteen dances. Many University students were present and report a good time. The association intends to give another dance, sometime before Christmas, at the Phoenix Club.

Freshman Medics have Party

The freshman class of the Medical School threw off all burdens and responsibilities last evening and entertained their friends at a dancing party. The party was held in the north wing of the Armory and about forty couples were present and enjoyed the evening's program.

Carrol Bass, '99, a short time ago re-
signed his position of superintendent
of the Minnesota Iron Co., at Healy,
Minn., to accept a position of Mill
Superintendent near Baker City, Ore-
gon.

Thomas Burgess, '01, who has been
in British Columbia since the 15th of
last March, has returned to the city.
He will go back sometime in April.
He was located in Barkerville, as su-
perintendent of the Thistle Gold Mining
Co., which has its headquarters in this
city. He was very successful.

The Oliver Mining Co. had two good
positions vacant and wished to have
them filled by graduates, but could get
none. There have been five or six po-
sitions in the last six weeks offered, so
there is a good demand for graduate
miners.

The Mining Building will not in all
probability, be finished this year, as
much as the miners should like to have
it for they are cramped for room.
In the mining department there are
about 110, eleven of whom are seniors.
The Freshman and Sophomore classes
each have about 40. In the new build-
ing the miners will have a large lec-
ture room which will seat about as
many as any other room on the campus.
