## MEN'S BUILDING CAMPAIGN STARTED AFTER ELECTION

Publicity Club to Appeal to Public if Committee Fails to Secure Sufficient Pledges.

Work on the plans for the Cyrus Northrop Memorial building will be taken up again immediately after election. Nearly half of the required \$35,000 has already been submitted. Duluth has furnished \$25,000; St. Paul \$50,000 and private contributions in Minneapolis amount to \$50,000.

Last spring the Publicity and Commercial club of Minneapolis appointed a committee to raise half of the required \$33,000. The committee hoped to induce John Lind to help them raise the money, but as he is busy with the present gubernatorial campaign he could not spare any time this fall. However he has promised to take it up immediately after election.

The Publicity club at their booster banquet Friday evening decided to make an appeal to the public should the committee fail to receive enough pledges. The building will be erected on the new campus nearer the river than any of the present buildings. It will be a mammoth club for Minnesota men and not a dormitory, there being only four chambers for visiting guests.

As President Northrop expects to retire at the end of the first semester, it is hoped to have arrangements completed before he leaves. At present the plans are in the hands of E. B. Johnson and Professor Jenks of the University.

## COLORED STUDENTS COMPETE

Washington Man Offers Essay Prize for Colored Students in American Colleges.

Through the generosity of the Honorable R. W. Tyler, Washington, D. C., a prize of \$50 is offered to colored student members of junior and senior classes in American colleges.

The conditions which govern the competition are as follows:

1. All competitors must be colored students, bona fide juniors and seniors in attendance at some American college.

2. Essay must not exceed 4,000 words in length, must be typewritten on but one side of the paper, 12 inches by 10 inches with a margin to the left of the page at least one inch. No essay must in any case bear the name of the competitor. Each essay should bear a number. The same number should be written in an envelope within which is a sheet of paper bearing the name, college and postoffice address of the contestant. The whole, essay and envelope, should be forwarded to Prof. Kelly Miller not later than March 1, 1911.

3. The subject of the essay contest for 1911 will be, "The Negro's Place in the Present Industrial Development of the South." Those intending to take part should hand in their names before January 1 to Prof. Kelly Miller Howard, University of Washington, D. C.

Frank C. Hodgson, '07, has recently removed from Lacrosse, Wis.,

## PRES. NORTHPROP SPEAKS OF CAREERS FOR WOMEN

Prexy Says He Has Not Prepared Minnesota Women for Careers.

"I do not prepare any women for a career at the University of Minnesota," said President Northrop in comment upon the words of President H. B. Hutchins of Michigan in his annual speech to the Michigan girls. President Hutchins said, "Deliver me from the woman who comes to college to prepare for a course."

"It is just along this line that I spoke to the girls of Smith college on my trip East. Woman's highest ideal should be the home. To be a happy wife and a good mother should be the aim of every girl here. Courses can come afterwards. For a woman to prepare herself to be a helpmate and a companion to her husband is a worthy work. We need good mothers and wives. Careers cannot make a happy home nor a good mother. Let the girls study higher mathematics and history or English or what they will, for this means mental enlargement, but let them study them for that reason and not with hopes of carving out a career for themselves."

Fewer women are preparing for professions here than in the East, although they are allowed to enter any of the colleges. In law and medicine classes there are few women.

## TEACHERS' MEETINGS ILLEGAL

Educational Association Convened in Wrong Month—Cannot Solve the Problem.

According to the opinion of the state attorney general the forty-eighth annual convention of the Minnesota Educational Association had no legal standing whatever.

The legal opinion is that such a complication has resulted as a consequence of holding the meeting in November whereas articles of incorporation for the association specify that the annual meeting shall be held in December of each year.

An attempt was made to make an amendment to the articles of incorporation making November the time for the convention instead of December, but the question then arose as to whether an act could be legalized at an illegal meeting.

Friday evening it was decided that a meeting of the association would be held in December, probably about the twenty-seventh, but no decision was made as to the likely place of the meeting.

## SANFORD GIRLS PAY UP.

Sanford Hall girls are now making their first payment of rent for the first semester. The rent is \$100 per year, payable by semesters. On entering college each girl paid \$10 registration fee which was credited to their rent, leaving \$90 to be paid Nov. 1, but the hall was not opened on time so \$35 was deducted from the rent, making \$55 now due.

Walter F. Wieland, '10, is in the law office of A. D. Polk at Brainerd,

## MORAL CAMPAIGN TO BE LAUNCHED BY Y.M.C.A.

"Dad" Elliot and E. C. Carlin Will Assist in the Work—Financial Assistance Needed.

On Thursday and Friday of this week the Y. M. C. A. will launch a vigorous campaign for moral and financial aid among the students of the University. A large committee of from 50 to 60 students, assisted by a number of leading faculty members, will conduct the campaign. They will be directed by the members of the Y. M. C. A. cabinet under the leadership of Harold Hull, who is president of the Association. "Dad" Elliott, a well-known western college man, and E. C. Carter, both of the international committee, will be here to assist in the work.

The Y. M. C. A. is in need of financial assistance in order that the work may be carried on and that the officers may feel that the association is doing its work as an important factor in campus activities. A deficit of a couple of hundred dollars was inherited from the year 1908 and 1909 which was increased in 1909 and 1910. The campaign committee also wishes to raise enough to properly refit their present building and make it what such a place should be, as there is no other building on the campus in which the students may rest, and use as their own, between classes.

The campaign will open with a supper at the Andrew Presbyterian church on Wednesday evening at 6 o'clock at which Mr. Elliott and Harold Hull will speak.

## ABSENCE NOT DUE TO WORK

Prexy Says Students Have Plenty of Time to Attend Services—Will Not Lessen Work.

"The students are not overworked and I do not believe that there is a student in the University who has so much work that he cannot attend church on Sunday if he wishes," said President Northrop yesterday, about the action of the Ministerial Alliance to secure less work for University students in order that they might have time to attend church.

"The trouble is not with the amount of the work but with the students who play on Saturday and who then are compelled to study on Sunday for their Monday lessons.

"If we should reduce the work one-third of the students would still continue to use Sunday as their study day. It is entirely a personal matter with the students. The ministers have a right to give their opinions and beliefs but in talking of too much work they are not getting at the root of things. The students can go to church if they want to."

At the meeting of the ministers lack of student attendance at church was deplored and the discussion favored taking up the matter with the regents in an endeavor to secure less work for the students.

Inability to get an open date has caused the Men's Union to postpone their get-together. President Harold Hull says it will be held as soon as possible after Thanksgiving.

## SANFORD HALL WINS CUP; AWARD MAY BE PROTESTED

Record Broken by Sanford Hall team—Wording on Cup Would Give D. G.'s First.

Sanford Hall, represented by Connelly, Merdink and Elliot, finished with the lowest score in Saturday's race in twenty-eight minutes and seven seconds, breaking the record by eight seconds. There has been some talk of a protest as the wording of the cup says it is to be contested for by sororities and Sanford hall is not a sorority.

Dick Grant sent the Carling cup to the engraver with instructions to write "To be competed for by sororities and girls' organizations," thus including the Y. W. C. A. and the Woman's League teams which had been chosen.

The engraver evidently decided that "and girls' organizations" took up too much room. Most of the runners say that the team should have been protested before the race or not at all. They claim that if the Sanford Hall team had been protested before the run they could have changed their colors and represented some organization that would have been eligible to receive the cup.

The scores were twelve for Sanford Hall, Delta Gamma with twenty points finished second. Theta and Phi Phi tied for third with twenty-nine

(Continued on Page 4)

## ALL-SENIOR SPREAD SOON

Two Hundred Tickets Are on Sale—Object Is to Invite Seniors of All Colleges.

Four hundred tickets, the full number, for the senior spread of Wednesday evening, November 16th, have been placed on sale. Several seniors have voiced opinion in regard to the spread.

Elizabeth Ware says: "E. Pluribus Unum 1911. My hobby is uniting classes and starting traditions."

Ethel Hanke: "This is an opportunity for finding out who's who among the seniors. Simply the swellest ever."

Henry Brucholz was heard to say to a senior medic: "Buy your tickets from me and get a rake-off."

The decorations and toasts will concern football and the seniors. Bess Shannon says that the idea is Fred Ware's and that the purpose of the spread is to promote acquaintance among the seniors especially among seniors of different colleges who in past have graduated knowing only their classmates in their own college the past have graduated knowing only there will be three or four more of these spreads during the year.

"The professional colleges have been inclined to look on senior exercises as academic functions but this year they are enthusiastic about these spreads, said one of the committee. Hermione Shearer has charge of the stunts.

## NORWEGIANS CHOOSE PLAY.

Henrick Herz's "Svendyringshus" will be presented by the Norwegian Dramatic club in February.

This Issue Edited by Earl S. Wallace.

The student body and the faculty of the University of Minnesota are representative of many nations. If these men could be brought together in a cosmopolitan club the benefits accruing to the members would be invaluable.

There is a movement on foot at present to organize cosmopolitan clubs in all the large universities of the country and to keep them in touch with each other by some sort of a central organization. On the face of it the Cosmopolitan club plan is one that is highly desirable. It is hard to think of a better educational factor than one that will bring together representatives of different nationalities with their various ideas and temperaments secured from all parts of the globe.

We advocate the formation of a Cosmopolitan club at Minnesota and an affiliation with a national body if such is organized. Minnesota's locality in the center of the North American continent and the fact that she is particularly favored in the different nationalities represented among her students, make such a club desirable to the highest extent.

**STUDENTS' RIGHT TO VOTE NOT TO BE QUESTIONED.**

So Says Dr. Shaper in Last Number of the Magazine.

"Candidates defeated yesterday at the polls have no jurisdiction for calling in question a college student's right to vote," says Dr. William A. Schaper of the economics department in the last issue of the Minnesota Magazine. "The student," declares Dr. Schaper, "has the option of retaining his vote in the place he left when he went to college, but he is not bound to do so. In last analysis his right to vote when he attends college is a matter of intent and must be determined by him."

The November issue of the Magazine has been the subject of much favorable comment. It will be placed on sale again this morning.

**STUDENT TICKETS ON SALE.**

Student football tickets for the Wisconsin game will be on sale in the treasurer's office Thursday and Friday. Seats are located in sections 2 and 3. About 400 remain unsold.

**WISCONSIN Y. M. C. A. INCREASES MEMBERSHIP.**

A university campaign similar to that at Minnesota was conducted at the Y. M. C. A. at Wisconsin and resulted in a raise of two hundred over last year. The present membership is 800, and puts Wisconsin fifth in size of membership as compared with other universities of the country.

**Y. M. RECEIVES VISIT FROM NAT'L FIELD SECRETARY.**

Mr. C. K. Ober of New York, national field secretary of the Y. M. C. A., paid the local association an official visit yesterday. Mr. Ober is now upon a trip during which he will visit sixty universities and colleges for the purpose of putting the opportunities of the city association before some of the men of the senior class. The Y. M. C. A. in this country will need a hundred men a year for the next ten years to fill the positions in the association which are opening to expert leaders. The association is providing fellowships in 20 of the leading city associations in the country, to make provision for the training of picked university men for this work. Mr. Ober met a number of men from the senior class of Minnesota during the day and expressed pleasure at the prospects.

"Sempeck Clothes" The Standard of Quality

**YALE COUNCIL FORBIDS STUDYING IN CHAPEL.**

No more studying or reading during chapel exercises will be allowed at Yale according to an edict handed down by the academic council.

Many of the students, it is alleged, who had recitations following chapel were in the habit of "conning" their lessons during exercises, but hereafter a student caught studying will be severely penalized and which may involve suspension.

Professor F. W. Springer of the department of electrical engineering, who has been making an extensive trip through Europe, is now attending lectures in electrical engineering at the technical "Hochschule" in Berlin, Germany. Professor Springer will return to Minnesota in time to take up his work of the 1911-1912 college year.

**FOOTBALL DOPE**

With but a few days left for practice before the Wisconsin game, Minnesota appears to be the logical winner. Chicago, who was defeated so overwhelmingly by the Gophers, licked up Northwestern who in turn held Wisconsin to a tie. Following this dope the game looks good for Dr. Williams. Allowance must be made however for the practice which the Badgers have received in the past two weeks. The Wisconsin coach having practically given up all hope of defeating Minnesota, has trained his team daily in defensive tactics in order to hold the gophers to the lowest possible score. The Badgers will probably hold the Gophers to a lower score than Chicago did and a fierce game may be expected. Wisconsin always sends up a bunch of plucky, stubborn players unwilling to accept defeat.

As Michigan called off her game with Notre Dame, the Gophers could not get a line on the set of plays that Yost would probably have had to expose in order to defeat his heavy opponents.

Illinois entered the race for Western champions when they defeated Indiana by the close score of 3-0. However they were able to defeat Chicago only by the same score and by the comparative score method would hardly show themselves to be in the Gopher class. Some talk has been made of a post-season game which of course is impossible as it is against conference ruling.

Crawley, representing Chicago defeated Purdue 14 to 5, making all of the scores himself. This man, the captain of the Maroons, has made a plucky fight to bring his team to the top of the list in footballdom without avail.

Continued from First Page. points each and Alpha Gamma Delta thirty points.

Bunny Rathbun was taken ill during the race but gamely finished, capturing second place for his team.

Dick Grant plans to take a team to Hamilton, Ontario, next fall where the annual nineteen-mile one hundred and sixty-eight yard run takes place. He attended the event with John Shine this year. Dick hopes to train a team for which all amateur university men will be eligible, that can run fast enough to stay with the leaders who made the first five miles in twenty-six and a half minutes this year.

The order in which the men finished is as follows: Connelly, Beddall, Parker, Tydeman, Murdink and Elliot tied for fifth, Bruder, Statsvold, J. W. Anderson, Brown, Wright, Egan, James, Olson, Rathbun and Crocker. Murdink, who is a likely candidate, is reported in bed with a bad leg.

The men who finished second and third are ineligible on account of changing colleges without leaving a perfectly clear record.

Dick has posted this list from which he will choose the team to go to Madison: Connelly, Tydeman, Merdink, Bruder, Elliot, Rathbun, Statsvold, Brown, Wright, J. W. Anderson, Cohen, Woodis, Olson and Fabian. He requests these men to get out at the regular hours to train consistently.

He has received word that Leonard Frank will get the medal for first place in the conference shot-put. Some of the jumpers and 'Gene' Biff, a mile candidate, have been training for the spring events to get a start on their rivals.

S. P. Seaberg, '06, removed in April from South Haven, Minn., to Spokane, Wash. His home address is 1328 E. 12th Av., and his office is in the Granite block.
