GOOD GAME WITH HAWKEYES TODAY

This afternoon at 2:30 the Varsity will lineup against Iowa for the first real test of the season. Iowa has a strong aggregation, as is shown by her recent defeat of the Davenport Three-I-Leaguers. Nevertheless the Varsity has shown greater promise this year than for several years past and success is looked forward to.

A large attendance is hoped for and the management has made special provision whereby the \$1.50 season tickets may be purchased at the gate today, and also one extra-co-ed will be admitted on regular paid tickets.

The Gophers will appear in their new suits and are determined to signalize the occasion with a victory. The line is as follows:

Grangard, catcher.
Brenna, pitcher.
Boyle, third base.
Kasting, short-stop.
Spooner or Robertson, second base.
Marshall, first base.
Linnahan, left field.
Pidgeon, center field.
Hurley, right field.

FRESHMEN SETTLE CAP QUESTION

At a joint meeting of the Freshmen English and Academic, yesterday, it was decided to purchase class caps. A committee was appointed to decide on a certain kind and to report on the same at a meeting to be held today, during chapel time. The previous committee was declared void. There was much wrangling over the question of the two classes uniting, but after a general discussion, it was decided that the English should take the lead, and any of the other departments could follow.

It was decided to ask the Sophs to take part in a Fresh-Soph tournament.

Both the Academic and English decided to use the same colors for caps, tho each will have different letters.

After a discussion as to the time and place of the next meeting the students adjourned until today at chapel time, when they will meet again to vote upon the recommendations of the committee on caps.

FIFTEEN DOLLARS ALREADY DONATED.

Fifteen dollars and fifty-two cents was the amount collected after chapel yesterday for the California earthquake sufferers.

President Northrop read a personal letter from his niece of Redlands, California, describing the conditions in the ruined district. Newspaper reports, the writer said, are exaggerated only in the statements of the number of dead. They do not begin to tell, however, of the awful suffering of the people and the devastation of the country.

Leland Stanford University is totally demolished, and at the State University at Berkley, recitations are suspended to allow students to take part in the work of rescue.

DISSENSION AMONG SENIOR LAWS.

There has been some dissensions in the Senior Day Law class, concerning the matter of the class photograph.

A protest was made by some members of the class against accepting as official photographer the man recommended by the picture committee. This precipitated a lively scrap which seriously threatened the harmony of the class. The committee finally won out, and peace was restored.

It was also decided to issue Class Day invitations in conjunction with the night laws.

AMENDMENTS HAVE BEEN ACCEPTED

Every one of the amendments to the constitution of the athletic association submitted to the students on Wednesday last was passed without any great opposition.

The second of the by-laws received the greatest opposition, due to a false rumor which circulated among the Night and Day Laws and the Medical. The by-law provides that no officer of the association or student participating in athletics shall be given any employment or privilege involving a pecuniary consideration. It was held that this would apply the whole year round when in reality it will apply only while the student is participating in athletics.

The fine discrimination shown by the students in voting was clearly exhibited in their selections. Article XI of Sec. 1 of the constitution, providing for ways of amending the constitution, was changed only by inserting in it, "and by-laws adopted under," and yet 21 persons voted against it.

Many of those who voted against the amendments probably misunderstood the way of voting, crossing out "yes" instead of "no" when they wished to vote in the affirmative.

The total vote, 300, was not very large, but was very satisfactory considering the character of the matter to be passed on.

The vote was as follows:
Art. XI, Sec. 1: Yes, 269; No, 21.
By-laws: (1) Yes, 274; No, 26.
(2) Yes, 249; No, 53.
(3) Yes, 267; No, 24.
(4) Yes, 275; No, 17.
(5) Yes, 277; No, 16.

CLASS SONG.

Seniors to Have Special Composition.

It is the ambition of the Seniors to have a class song. A committee has been appointed for this purpose, and both words and music will be composed by members of the class.

While the names of those who are to write the song, have not been given out, it is expected that James Thompson Wats will be one of the authors.

BULLETIN OUT MAY 5.

The Academic Bulletin has been delayed, but it will be out about May 5th. In addition to the information about the University, it will contain, as usual, complete students' directory with a table showing the exact number of students in each class.

Minneapolis Central and St. Paul Humboldt will respectively uphold the affirmative and negative of the proposition, "Resolved, that all elective city, county, district and state officers should be nominated by the direct primary rather than by delegate conventions." The Central team is composed of Ruth Ridges, Bessie Hall and Theodore Thompson. The Humboldt debaters are Belle Blumenfeld, Benjamin Harmon, and Eugene Coyne.
Professor McDermott, president of the League will preside. The winning team will be presented with the Journal cup, and each member will receive a handsome gold medal. Admission will be 35 cents.

PREXY ON MACBETH.

Every One Should Turn Out to Interesting Lecture.

President Northrop's lecture, May 4, on "Macbeth" is considered his best, both by others and by himself.
