## MINNESOTA WINS THE MEET

### Gopher Gymnasts Swamp Their Opponents. Dye First In All-'round Contest

Minnesota covered herself with glory last night by winning a decisive victory in the Second Annual meet of the Western Intercollegiate Gymnastic Association.

The Gophers won four first places and enough seconds and thirds to put her away above her nearest rival. The first places were won by Haerberle, Von Rohr, and two by J. W. Dye. Minnesota's total score was 37, as against Wisconsin's 13, which gave the Badgers second place; Grinnell won 10 points and Chicago 1. The victory was as decisive as the most fastidious could desire, exceeding even the hopes of the members of the team.

The contest taken as a whole was interesting, though a trifle too long for the average spectator and many seats were deserted before the last exercise was completed. The contest was lengthened quite perceptibly by many second trials after failures.

Several specialties were interspersed by Wisconsin men among them being Earl Schrieber of foot ball fame. His stunts on the flying rings and on the tumbling mat were warmly applauded. Teigen of the same university was the first person on the program introducing some trick bicycle riding and juggling that was of a very superior quality. Mr. Hill of the badger "U." did some stunts on the slack wire that helped to entertain, although he did drop the ball that he was juggling.

The University band was very much in evidence and helped make the contest interesting and less monotonous.

It would be impossible to give a detailed account of the actions in all the exercises. Those on the flying rings, horizontal bars and tumbling mat were especially spectacular.

Wisconsin's tumblers were way above what one would expect to find in college talent and J. W. Dye on the horizontal bar, Pugh on the flying rings and Von Rohr on the long horse were worthy of especial mention.

The summary:

Side Horse—1st, J. W. Dye, Minnesota, 25 2-3 points; 2d, tie between Haerberle, Minnesota and Persons, Wisconsin, 25 points each.

Long horse—1st, Von Rohr, Minnesota, 24 2-3; 2d, Hartson, Minnesota, 24; 3d, Pettit, Chicago, 23 2-3.

Club swinging—1st, Burnside, Grinnell; 2d, W. B. Dye, Minnesota; 3d, Drake, Wisconsin.

Rings—1st, Pugh, Wisconsin, 27; 2d, Wallesee, Grinnell, 26 1-3; 3d, Ostvig, Minnesota, 25.

Tumbling—1st, Pugh, Wisconsin, 28 1-2; 2d, J. W. Dye, Minnesota, 22 1-2; 3d, Wallesee, Grinnell, 21 2-3.

Parallel bars—1st, Haerberle, Minnesota, 25 2-3; 2d, Hartson, Minnesota; 3d, J. W. Dye, Minnesota, 24 1-3.

Horizontal bar—1st, J. W. Dye, Minnesota, 25 1-3; 2d, Wallesee, Grinnell, 25; 3d, Haerberle, Minnesota, 24.

All around championship was won by J. W. Dye of Minnesota.

## Miners Will Feed

The annual banquet of the school of mines society will occur Friday evening, April 17th, at Hotel Nicolle. This was decided at the meeting of the society held yesterday. Several other details of the banquet were also decided upon. The members wish it distinctly understood—"the affair will be strictly dry" and believe that they will show other organizations how to have a good banquet.

## A BRILLIANT SPEAKER

### Something Unusual in Chapel for Sunday—Miss Vincent will Sing

The University will be favored tomorrow by the presence in chapel of Hon. Daniel W. Lawler of St. Paul, a speaker famed for his ability as a thinker and orator, who will deliver an address upon the subject, "Christianity and Patriotism." Mr. Lawler is well known in Minnesota, and in other states of the west where his eloquence has been heard. He is one of the most successful members of the Ramsey county bar, and was formerly chief counsel for the Great Western railroad. He narrowly missed an election to the governorship a few years ago and his brilliant oratory was the feature of the campaign. Mr. Lawler is greatly interested in the University, being a university bred man. His ability as a speaker and experience in public life should enable him to treat his suggestive theme to the interest and profit of his audience.

Miss Frances Vincent, who needs no introduction to a University audience, will appear in a repertoire of sacred music. The exercises will be under the auspices of the University Catholic Association and will begin at three o'clock.

## SPECIAL--LATE

At a meeting of the committee in charge of the President's visit, held last night it was decided that President Roosevelt would speak to the University students after the meeting in the Armory.

## Dramatic Club

The Dramatic Club had a meeting yesterday noon in Mrs. Potter's room. Some important business was transacted. The results of the trip were as follows.—Expenses, \$269.53; Receipts, \$232.45.

The club has a number of properties on hand, however, which will nearly equalize the above items, thus making the trip come out about even as far as finances are concerned. On the entire season the club is about \$150.00 ahead.

The matter of a trip to Mankato and Faribault was discussed but on account of the attitude of several members of the cast, it was decided to abandon it.

The question of giving a performance in chapel next month was brought up but was left to a future meeting when Mr. Holt could be present and outline his ideas in regard to the matter.

The committee appointed to arrange for the annual party reported and it will be given at the Johnson School of Oratory April 13 (Monday). Besides members of the club the girls who participated in the dance at the city performance will be invited.

## PRESIDENT AT ARMORY TO-NIGHT

### The Nation's Chief will Deliver a Lengthy Address at 9 o'clock

This evening at nine o'clock Theodore Roosevelt, President of our Republic, will make one of the strongest speeches of his trip at the Armory. There are probably a hundred thousand people in the city who would like to hear the address, but the Armory will hold only four thousand and the tickets have been distributed so as to admit as far as possible the voters of the city. A very few if any women will be present, and the President's address will be purely political. He will arrive in St. Paul at two o'clock p. m. today and after an address to the legislature in the capitol building will address a general gathering of St. Paul citizens on the Capitol steps. After this he will come to Minneapolis, dining at Hotel Nicolle.

In the evening at 8:30 after a parade by the Roosevelt Club down town, the President will drive to the University and after the short address to the students in chapel, he will go to the Armory where the principal address will be delivered.

Many precautions have been and will be taken to guard the president from danger of all kinds.

The committee from the Commercial club and the chief of police came over yesterday to make final arrangements with Captain Guild in regard to the armory.

The armory will be closed all day today until seven-thirty when the building will be opened for the big meeting. Every nook and corner in the big building will be inspected by Captain Guild and secret service men.

The street in front of the armory will be roped off from the ticket stands at the entrance to Northrop Field to University avenue. This will keep the people out of the street and will allow them to use the sidewalks.

President Northrop who is to meet the President in St. Paul will telephone to the University as soon as he finds out whether President Roosevelt will speak in chapel or not. Unless some notice is received students are to collect in the chapel.

## Base Ball

The committee appointed by the Board of Control to draw up regulations governing the inter-department baseball games in the race for the silk banner which the Board has hung up, met yesterday afternoon and decided upon the rules and regulations which the teams will be asked to follow.

Each department entering will be asked to elect a manager and captain who shall sign the rules submitted and confer with the committee from time to time on the affairs relative to the business of the league. A member of the committee will meet with the representatives of the various departments this morning at 11:30 in chapel when they will be given a chance to hear the rules and enter the association.

"The Everlasting Religion" will be the subject of Mr. H. M. Simmons' strong and edifying discourse tomorrow morning at the First Unitarian church, to which students are cordially invited.

## Miss Conde Coming

Miss Bertha Conde, National Student Secretary of the Y. W. C. A. is expected to arrive next Thursday for a short visit at the University. She will address several meetings of the Y. W. C. A. and as her subjects are of vital interest to all young women, no girl should miss the opportunity of hearing her. Miss Conde visited the University last year and she is doubtless well remembered by all who saw and heard her then.

## SONGSTERS WILL JOURNEY

### Itinerary for Annual Tria of Glee and Mandolin Club De- cided Upon

All of the details for the trip of the Glee and Mandolin Club have been settled and nothing remains to be done except the waiting. At the meeting of the club Thursday night the committee appointed to look up the proposed route reported that one had been selected.

The club has had a great deal of difficulty in arranging a schedule. At the beginning of the season arrangements for the trip were in the hands of Mr. Eichman head of the Northwestern Lyceum bureau of Minneapolis but affairs did not seem to progress satisfactorily and the club decided to try a student member for manager. Mr. Rene Hugo was selected and he has taken charge of arrangements for the trip very earnestly and enthusiastically, with the result that the itinerary is probably the best ever planned by a University organization. It consists of nine towns in the western and southern part of the state, and will occupy ten days. The club will leave Minneapolis on Monday morning, April 13th, and will give a concert that night in Litchfield. Then Willmar, Granite Falls, Marshall, Tracy and St. James will be visited in order for the rest of the week. The club will give its concert at St. James Saturday evening and will stay there over Sunday. Monday evening they will be in Blue Earth City, Tuesday evening in Albert Lea, and the last concert of the trip will be given at Austin on Wednesday evening.

The boys will travel in a special private car throughout the whole trip and at several of the towns will be entertained at the homes of prominent residents. At the other places they will live at hotels during their stay.

Already receptions and dances are being planned at many of the towns for the boys and all indications point to ten days of unusual hilarity and pleasure. There will be forty in the bunch, including members of the Glee and Mandolin clubs, and the directors. Reports of advance sale of seats are already coming in, and from these reports it seems certain that full houses will turn out in all the towns to hear the results of a season's practice.

## Hardin at Honolulu

In the absence of the regular pastor, Rev. Martin D. Hardin, who has gone to Honolulu for two months, Mr. Jas. H. Nicol will supply the pulpit of the Andrew Presbyterian church. Mr. Nicol is well known at the university. He was a member of the class of '00 and was corresponding secretary of the Y. M. C. A. for a year. Mr. Nicol has been attending the Theological Seminary at Auburn, N. Y.

To-day's issue edited by  
 George W. Harsh

This evening the University will be honored by a visit from President Roosevelt. It is not probable that many students will be able to hear him deliver the address in the Armory, but those who are in charge of affairs while the President is in the city should not be criticised on this account. The President has expressed a wish that only voters be admitted to this address, and they are many in the city. There are thousands of men in Minneapolis who have by faithful work carried the burdens of the party upon their shoulders, and to these should be given the first chance to hear the inspiring address which President Roosevelt will deliver. They not only deserve precedence but they need the inspiration. There are probably no students here who will not have another opportunity in the next few years of hearing President Roosevelt speak. President Northrop has promised to do all he can to persuade the President to speak for a few moments to the students in chapel just before the address in the Armory, and it is very probable that President Roosevelt's high regard for our president will induce him to do this. If this is possible, everyone but students will be excluded. It is probably unnecessary to mention the conduct which should be manifested by those who are fortunate enough to secure entrance to the chapel hall. It will be no mass meeting to arouse enthusiasm. It will be a quiet orderly affair and the impression which President Roosevelt should take away concerning Minnesota students should be one of an orderly, appreciative audience of intelligent listeners.

**Y. M. C. A.**

The regular Sunday afternoon meeting of the Y. M. C. A. will be held in the building tomorrow at 3 o'clock. The address will be given by Mr. Fred Beaven and will be of especial interest to all who would like to see the Association prosper. Mr. Beaven was formerly a student here but is now engaged in business in this city.

**Important**

To assist those having charge at the door in admitting only students into the chapel tonight each student desiring admission must present his receipt from the Treasurer of the University or his enrollment card from the Registrar, or be identified by some one knowing the door keepers. As only 1500 people can be crowded into the chapel it is to the interest of each student to keep the seats from being filled by those who are not students of the University.

**Zoch Recital**

A highly educational and aesthetic piano recital will be given next Tuesday evening at the Unitarian church, to which students are cordially invited. It is educational in that it will present some simpler works of the greatest composers, gathered together through the widest musical experience of some thirty years. It is highly aesthetic in that its compiler, Mr. Zoch, himself values these compositions as among the highest known to his experience, so that he has lived with them in the deepest and purest joy of friendship for months previous to this offering them openly to his and their friends. Tickets to the recital are offered gratis on application to Mr. Gale.

**Notice, Academics**

The academic department has organized a ball team which is sure to be a winner if properly supported. Money is needed to equip the team, and every member of the department will be asked to contribute at least 25 cents. Subscription lists are being circulated by Messrs. Spooner, McRae, Varco and Ives. If the team is not a success the money will be refunded. All patriotic fans are asked to contribute.

The meeting of the alumni of the South High which was to be held tonight is postponed indefinitely.

**With the Bowlers**

The week just closed has not brought out a great deal in the line of bowling, and first place in the tournament still belongs to any team. Only one team, that of the Delta Kappa Epsilon, has a clear record in the finals. The D. K. E.'s have bowled two matches, winning three straight from Delta Tau Delta and Theta Delta Chi. Phi Delta Theta has lost one game out of six, as has Zeta Psi. Several matches will be bowled this afternoon and evening and by the beginning of next week the result of the tournament can probably be foreseen with some accuracy. It is not improbable that the tournament will result in a tie for with three teams so close together now and so few games left to play, it is likely that they will finish very close together. The cups have been provided and will be on exhibition next week in the book store. There are two cups and a gold medal. One cup given by Jacobs, will go to the team winning the championship, another from Johantgen & Kohn will go to the team rolling high score for a single game. Zeta Psi seems most logical candidate for this at present, her score of 914 made last week being in all probability high enough to hold high score record.

The medal offered by Rentz Bros. will go to the person holding high individual score. At present the holder of high score is C. N. Smith of Beta Theta Pi. The score is 243 and it looks as though it would stand for the season.

### BY THE WAY

Seniors remember the reading of the class play at the 4th hour today. Professor Haynes lectured to the soldiers at Fort Snelling last Thursday evening on "The Moon." His lecture was illustrated by views.

If the person who left the anonymous communication upon the desk of the Minnesota Magazine yesterday will make himself known to the Board it will be doing them a great favor.

J. A. Burger, '01, formerly business manager of the Daily, one of Minnesota's former strong debaters, and a member of Phi Beta Kappa, was on the campus yesterday. He is teaching at Crookston at present.

The Glee Club will entertain the audience at the Armory tonight previous to President Roosevelt's speech.

Arrangements between the Commercial Club and the Glee club officers have been in progress for some time and last night the matter was finally settled to the satisfaction of all.

**Battle of Giants**

Peace now reigns supreme. The patronesses an refreshment committees of the Senior Prom. have at last settled their long standing feud. Joy and great thanksgiving have displaced discord and discontent.

Never did the bowling alley of the Andrew Presbyterian church present as great a spectacle as it did yesterday afternoon. Society was out in force and the gallery was thronged with an eager and expectant multitude.

Many wagers had been laid on the outcome of the match and for a week previous to the encounter the excitement had been intense. The odds stood at about 10 to 7 in favor of the refreshment committee, composed of two young men, but many shrewd and conservative experts had picked the Patronesses committee, composed of two young ladies and one manly youth, as likely winners.

The match began amid great excitement, every shot being applauded to the echo. The first game ended with a score of 153 to 195 in favor of the Patronesses committee. Even money was now freely offered on this trio, but found no takers. The next game ended with a score of 240 to 208 in favor of the refreshment committee. The last game was played amid thunderous applause. As the game progressed it was seen that there would be little left of the refreshments at the end of it for the young ladies made strike after strike, bringing forth tremendous applause. This game ended with a score of 249 to 189 in favor of the two maidens and the manly youth. It was a great and well deserved victory.

The best team won. The refreshment committee retired, disappointed but not discouraged. Better things are hoped for in the future.

**Was the Moon Shining?**

Prof. Leavenworth has been absent from the University for the past few days while at St. James, Minn., offering his expert testimony in the famous Tanke murder trial. This case, which has occupied considerable attention during the past year was tried last year at Henderson, this state, and the defendant was convicted of murder. It is under trial again now and in the course of the trial the defense will attempt to prove that the moon was not shining on the night of the murder. It is for the verification of this assertion that Prof. Leavenworth is at St. James.
