

1951 Spring Quarter Class Schedules

The University printing department is endeavoring to locate 35 copies of the Duluth Branch Spring Quarter, 1951 class schedule. Dr. Wood has suggested that all divisions and departments check for Bulletin Number 5, Vol. IV, March 1, 1951, and turn in copies to the Office of Student Personnel Services.

International Student Program

Faculty and staff members interested in the international student program may listen to a panel discussion on the program at 4:30 p.m., Saturday, September 8, over Station WEBC. Representatives from the American Association of University Women, the State Department Exchange of Persons division and several foreign students will participate.

Geology Field Trip

Five students will accompany Dr. Robert L. Heller, assistant professor of geology next week on a 13-site geology field trip through the Western states. According to Dr. Heller, hammers, chisels and heavy duds indicate that there will be much work and study during the trip. The group will leave at 4 a.m., Monday, September 10, and return September 24. The students are Alan Kilimann, William Kohagen, Ray Leone, Dick Person and John Dahl, all of Duluth.

UMD Science Personnel Busy

UMD faculty members are prominent in the program and associated activities of the American Institute of Biological Sciences, meeting on the Minneapolis campus next Monday through Wednesday. Dr. Lakela will present a paper during Institute sessions on "Floristic Affinities in St. Louis County, Minnesota." She also is one of the leaders of a field trip today through Sunday, of the American Society of Plant Taxonomists along the North Shore and the Kawishiwi river.

Dr. Darland is participating in a field trip of the Ecological Society of America at the U of M forestry and biological experiment station at Lake Itasca state park near Cloquet during the same period. He will be a member of a symposium group discussing "The Application of Ecological Knowledge to Water Conservation" and will preside at a sectional meeting during Institute sessions in Minneapolis.

Faculty Front

Dr. C. W. Wood, spoke to the Eveleth Public School faculty members at their opening meeting on Tuesday, September 4. His topic was "The Role of the Classroom Teacher in the School Guidance Program."

Dr. John B. Gerberich was awarded the degree Doctor of Philosophy in the Department of Entomology from The Ohio State University on August 31, 1951.

The following faculty members attended a meeting in Minneapolis, September 6, 1951, relative to the Duluth Branch Campus Plan: Mr. Clarence Anderson, Miss Harriet Harrison, Dr. Clarence Lindquist, Mr. Edwin Wenzel, and Dr. Chester Wood.

Dr. T. O. Odlaug has written a laboratory manual, entitled LABORATORY ANATOMY OF THE FETAL PIG, which will be off the press sometime this month.

Dr. Leonard Wheat spent a day in Minneapolis in connection with preparing a revision of the new Duluth Branch Faculty Handbook.
