DULUTH -- Dr. Chester W. Wood, professor of education and director of UMD Student Personnel Services, will serve as chairman of the accreditation committee scheduled to visit Two Harbors High School Tuesday, Wednesday and Thursday (April 25, 26 and 27).

The committee has been formed by the North Central Association of Colleges and Secondary Schools under standards calling for a review of a school's accreditation every seven years.

Two Harbors recently completed an evaluation of its own curriculum and program. After receiving a report on the school's self-evaluation, Dr. Wood's committee will conduct its own study to be forwarded to the North Central Association.

Other UMD faculty members serving on the committee are Dr. Ward Wells, professor and head of men's physical education; Dr. Ruth Palmer, professor and head of home economics; and Mrs. Lorraine Bissonett, Laboratory school librarian.
