SCHOLARSHIPS FOR WOMEN AT OXFORD AND CAMBRIDGE

English Universities Offer Great Opportunity to American Women—Two Scholarships Each Year.

Two scholarships for American women at English universities have just been announced. They have been instituted by the Society of American Women in London, and the holders of these scholarships are to be appointed under the auspices of the General Federation of Women's Clubs. The committee of selection consists of Laura Drake Gill, dean of women of Barnard College, chairman; Prof. Frances Squire Potter of the University of Minnesota, Agnes Irwin, dean of women of Radcliffe College; Marion Talbot of the University of Chicago; M. Carey Thomas, of Bryn Mawr College.

One graduate scholarship of £30.

ACCOUNTANT BRANCHES' OUT

Mystery Is Solved and Students Feel Satisfied—Will Give Accountant Much-Needed Room.

Curiosity has of late devoured the student body as it passed to and from chapel. The large door from Prof. James' old office is being walled up and all sorts of fancies have flitted thru the student brain. Was the Library developing a family vault or donjonkeep? At length the mystery has been explained. An addition is being made to the accountant's office. The accountant needed more room and Prof. James has been accommodated with an office in Folwell and a door cut thru between the two rooms in the Library and one office made.

NORTHROP MAKES ADDRESS.

"Prexy" Speaks at Iowa City Conference of College Presidents.

President Northrop at the Conference of college presidents at Iowa City, Iowa, made a plea for higher education in the south. "If southerners can be made to take an interest along the lines of higher education, a brotherhood will arise between the North and South never before known. Don't be pessimists, but cherish an attitude toward all men to help carry their burdens," said President Northrop.

Edward P. Sanford, '00, Law '05, has left the New England Company and is now with Brayton Brothers who are exploring a new self-threading needle.

E. Ralph Edgerton, Mines Ex. '04, is assayer for the American Smelting and Refining Company of East Helena, Mont. He was recently married to Miss Phipps of Merriam Park. He is said to be doing unusually well.

CHALLENGE ACCEPTED.

The Gopher Mag. Football Team accepts the challenge of the Daily Team for a championship game. All present bona fide members of the staff are to be considered eligible. Gopher Board, James eBals. Mag. Board, John Ray.

Y. M. C. A. PLANS BIGGEST MEETING OF THE YEAR

Coming of "Dad" Elliott Arouses All Members to Action—General Sec. and Committees Busy.

The largest committee working at the university this week is the committee of seventy-five men who are acting as "Dad" Elliott's Campaign Committee. These men are working and boosting "Dad" Elliott's Friday evening lecture in chapel to the limit. The subject of his address on Friday evening is, "The Pace That Wins." It has been a long time since such widespread interest has been manifested in the student body over the address of one man. The day is a busy one for not only the committee in charge, but also for "Dad" Elliott. This morning he is meeting some of the prominent students in college. At 1:10 to day he meets this committee of seventy-five in the Y. M. C. A. parlors. At 4 o'clock he is to meet the faculty in Dean Downey's recitation room and this evening he meets all the fraternity men at the Delta Tau house. All these meetings are preparatory to the big meeting in chapel Friday night. Prof. J. H. Gray has this to say of "Dad" Elliott's visit.

"No man exerted a more profound influence in the student body for fairness and right than "Dad" Elliott during his under graduate days, at Northwestern University. I am glad to hear that he is coming to Minnesota."

NEW EDITION DEMANDED

The Sales of Dr. Smith's Book Show Great Interest in This Work—Large Call From England.

Dr. Samuel G. Smith's book, "The Industrial Conflict," has shown that it meets a real need by the popular demand for it.

The first edition was published about three months ago and Dr. Smith has just received word from the publisher, Fleming H. Revell that the edition is exhausted.

The author considers the rapid sale remarkable for a book not dealing with fiction or lighter literature. But Mr. Revell says there is an increasing demand for literature dealing with live topics of the day.

A large demand for "Industrial Conflict" has been received from England.

FLORENCE GODLEY CHOSEN.

Women's League Elects Vice-President Yesterday Afternoon.

At the election for the office of vice-president of the Woman's League, which was held yesterday, Florence Godley was chosen to fill the vacancy. The voting hours were from 8:30 to 3 p. m.

MINNESOTA WELL UP.

In a review of the college papers of both the west and east, the Northwestern says that the Michigan Daily, the Chicago Maroon and the Minnesota Daily rank among the first of the college newspapers.

MINNESOTA AND MICHIGAN MAY PLAY FOOTBALL AGAIN

Minnesota May Have Another Big Game—Carlisle Will Then Be Dropt—Michigan Repenting.

The time has come, it is quite apparent, when athletic relations between the University of Michigan and the three other large colleges in the conference will be resumed. Michigan has chosen to remain outside the conference rulings and schedule games as she has deemed fit and it is quite evident from all that can be gleaned that the break with conference team has not been successful either from a financial point of view or of raising Michigan's standard in the athletic world.

Chicago has entered into an agreement with Minnesota for further relations, and it is regarded as certain that with a new Board of Control and a changed athletic policy, Michigan will be found upon the schedules of these teams in the fall of 1908. Nothing would please the student bodies of these various institutions better than an annual meeting between the four universities, Minnesota, Chicago, Wisconsin and Michigan. Chicago and Minnesota could then drop outside teams and it would not be necessary for Carlisle to travel west to meet these universities.

The consensus of opinion seems to be that Michigan will not only be in the conference again, but that she will play both Minnesota and Chicago.

FRESHMAN GREEKS

Theta Delta Chi—Arthur Black, St. Paul; Jack Watson, St. Paul; Leon Brenyen, Minneapolis; Arthur Brown Alexandria.

Zeta Psi—Arthur E. Allen, Minneapolis; Clarence A. Dow, Minneapolis; Theodore R. Dahl, Minneapolis; Joseph J. Granback, St. Paul; Nelson A. Sanford, Arnold's Park, Ia.; Randolph Stanton, St. Paul; Bertram H. Rogers, Minneapolis.

Delta Upsilon—Earl Bell, Minneapolis; Hanford Cox, Cloquet, Minn.; Philip Carson, St. Paul; Ernest Carvill, Minneapolis; Leslie Gedney, St. Paul; Elliott Magraw, St. Paul; Mills McDermott, Minneapolis; Frank Reese, Minneapolis; Gustav Seeger, St. Paul. Pledges—John Swinborne, Minneapolis; Frank Adams, Willmar.

LAWS GET BUSY.

The first social gathering of the laws and their lady friends for this year took place Tuesday evening in Noble's Hall. The affair took the form of a program dance and was enjoyed by about thirty-five couples.

This is the first of a series which are in charge of a committee of senior laws.

ELLIOTT WILL SPEAK.

"Dad" Elliott will address fraternity men at the Delta Tau Delta House at 7:45 Thursday evening, rather than at 7 o'clock as announced in yesterday's Daily. All fraternity men are invited.

STUDENTS GET PRACTICAL TRAINING AS TEACHERS

Elementary School Soon to Open Its Doors—New Heating Plant and Seats Installed.

The organization and plans for the University Elementary School are all complete and all that remains to be done is the installation of the heating plant and desks for the use of the students. These matters, however are being attended to and the school will be in operation in short order.

The prospective teachers will be expected to put in from three to six hours' work a week at the school. The course is open to all students who propose to teach and each teacher will be allowed to select and use the subject which is the most closely connected with the work they are now taking in college and which they expect to teach in high school after graduation from college.

GOPHER BOARD AT WORK

Your Picture in the Gopher if You Don't Watch Out—Much Material Already Handed In.

The '08 Gopher will be a book of jokes. "There won't be a dry place in it," said Jim Beals, managing editor.

The staff is already at work, and at this time there is enough material to put out a good Gopher.

There will be photographs, snap shots of people, and other kinds of shots at prominent students and faculty members.

Many of the bids for the engraving are in, and they will probably be closed next week. Each bid is subject to the closest scrutiny, for it is the aim of the board to have this part of the Gopher especially good.

"Get your picture taken now," is the warning of the managing editor. "Don't wait for the rush." He also delivers himself of this notice: No pictures will be placed in the Gopher unless taken at Lee Bros. It is necessary to have uniform work, and all groups and individual pictures will have to follow the terms of the Gopher contract.

ATHLETIC M'S AWARDED.

The Athletic Board has awarded the following "M's" for track work: Mortensen, Dougherty, Woodrich, Norcross, Ittner, Vita Bedford and Van Vorst. For baseball—H. Capron, Grangard, Brown, Dretchko, McRae, Marshall, Keating, M. Larsen, Rossman, Wallser, Doane, Caldwell.

TROUBLE AT DARTMOUTH.

Athletics Frowned Upon and Men Barred from Participation.

President Tucker of Dartmouth College has issued a manifesto against baseball, declaring that it has proved demoralizing to Dartmouth College on account of the commercial element that accompanies it; and unless some very radical reform can be effected, it must be forbidden.

This manifesto was followed by the debarring from participation in future athletics in college of nine members of last year's baseball team.

FIVE-DAY SYSTEM.

Much has been said about the re-
turn to the five-day system and cer-
tain professors have expressed them-
selves as favorable to the change.
Now, do we want a change or are
conditions as satisfactory as possible.
There is much to be said both in fa-
vor and in opposition to this pro-
posed change, and those of the older
students now in college who have ex-
perienced the workings of both sys-
tems will appreciate the arguments.

Under the old conditions it seemed
essential that a change be made as
the classes were so large and class-
rooms so crowded that better work
could be done with smaller classes,
reciting more often.

The change that was made subse-
quent to the agitation at that time
seemed to remedy the difficulties un-
der those conditions. The destruc-
tion of the Old Main made matters
more congested and those of the old-
er students who were here at that
time recited in almost every vacant
room on the campus. But aside from
the matter of overfilled classrooms,
the old system appealed to some of
the students for this reason. It gave
Monday off, and on the joys of that
one day's vacation a week! Again,
the student's work was more closely
connected and his efforts were not so
scattered when recitations in a sub-
ject came three days in succession as
under the five-day system.

On the other hand it is contended
that more subjects can be taken by
the student and that his time is bet-
ter utilized under the present system.
That his work can be arranged so as
to permit of other activities. Again
the present system has the advantage
of being successfully used at present.

THE BAND IS ALL RIGHT.

Dear Editor:
My attention was called to the article
signed "Student," roasting the band. At
first it made me smile, but on a second
reading it struck me just a little bit
more seriously. Personally, as Fraulein
Schon-Rene used to say, "It makes me
not," but in justice to the boys, I think
a word or two should be said. We have
all heard of bands playing on band wa-
gons, on wild untamed chargers, and even
on a slack wire, but it is too much to
expect of even the University of Minne-
sota band to play and keep on playing
while on their bellies. Our orders were to
other go back of the goal posts, where
the score is kept, as soon as the ball

was put in play, or get down out of the
way of the spectators in the boxes. Our
boys, although good loyal fellows, are
only human, and as they were at the
game partly to watch the play and not
to keep tab on the score boy, they obeyed
orders and laid down in a long line in
front of the boxes. If we were in Chi-
cago we might have ignored all orders,
but as we were on our home grounds and
this wasn't the last game we had to
"be good."

I fully believe, as the article states,
"The rooters depend more or less upon
the band for stimulating the rooting," but
does the management believe this? Now
keep on kicking and agitating the subject
until the management builds a perman-
ent place for the band. If you really
need the band there is just one place for
it. Cut out the boxes immediately in
front of the Rooters' Section and have
enough space fenced in so the boys can
have their chairs placed in the form a
band must be seated in order to see the
director and manipulate their instru-
ments. Then if the students have one-
half the loyalty that the band has al-
ways shown there can be no more com-
plaints from the most chronic kicker in
the bunch. B. A. ROSE,
Band Master, U. of M. Band.

TO LEAVE DARTMOUTH? Dartmouth raided Minnesota this summer and secured several star football players. If they are ruled out they will likely leave Dartmouth.

An eastern paper has the following:

DAILY TEAM WILL STRIVE WITH GOPHER-MAG SCRIBES

Literary Lights Will Clash With the Pencil Pushers in Classic Football—Outcome, in Doubt.

If, one week from today, you hear a noise that sounds like an empty tin can, do not be afraid, it is only Capt. Colburn lining up his great Daily team against the Gopher and Mag. Board team for a football game. "The team is in great shape," said Coach Harding of the Daily team in an interview today, "and our fast back field will make our heavy opponents feel funny if the field is not muddy."

Coach Pickler of the Mag. team refused to discuss his lineup, saying that it does no good to predict victory.

Each member of the Daily team is playing ping-pong to keep in trim to the contest and is practicing signals at home alone.

A mass meeting of all the "Daily" students is to be held to-morrow, at which time Rooter Queen Marden will hear them give the yells. The Daily Band will march from the Daily office to the mass meeting in a body. They will be led by the Daily team mascot, Nell Overpeck.

Trainers Lawrence and Levin stated that all members of the team are free from injuries and are up in their studies.

After the game a purity banquet will be held and the coaches will do the decorating.

USEFUL AND NOVEL PENCIL

A new article, recently imported from Liverpool, Eng., and especially interesting to students, is the "Red Dwarf" Ink Pencil. This article is practically a stylographic pen, perfected. It can be carried in any pocket in any position, without fear of leakage. Will not sweat or soil the fingers, and is always ready for use. It is made in a convenient size, so that it can be carried in the trousers or watch pocket, or handily in a lady's bag. The point is made of iridium, the hardest known metal, and the feeder of platinum, so there are no parts to be affected by the acids in ink. Students will find it much smoother and more convenient than a fountain pen, or as handy as a lead pencil, but writing ink.

Two or three imitations have already been brought out, but there is no comparison except in appearance, as they differ vastly in quality.

Take it altogether, the Red Dwarf Pencil is an article which once used a person would find it hard to do without.

SCHOLARSHIPS FOR WOMEN.

(Continued from first page)
per annum, tenable for two years, to
be held in the Universities of Oxford,
Cambridge or London, will be given,
(preference being given to a candi-
date from the District of Columbia),
"to the candidate who shall be ad-
judged most worthy of such academ-
ic honour.

Also one scholarship of £300 per an-
num tenable for three years, to be
held at an English university ap-
proved by the committee of selection
of the General Federation of Women's
Clubs, will be granted to an
American candidate who has reached
at least the end of the sophomore
year's work at some recognized col-
lege which grants degrees.

The candidates for these scholar-
ships must take the regular examina-
tions given in January, 1908, by the
Rhoades Scholarship Trust, in Latin,
Greek, and Mathematics. These ex-
aminations are qualifying and not
competitive examinations. The schol-
ars will be selected from the candi-
dates who have successfully passed
this examination.

These scholarships correspond to
the Cecil Rhoades scholarship for
men and will afford an unparalleled
opportunity for higher education to
the successful candidates and a great
honor will also fall upon the first
American women elected to this
scholarship.

All those who desire to enter this
competition must apply to the chair-
man of the Committee of Selection,
before January 1st, 1908.
