No. 2

## ARMY OF CO-EDS STARTS DRIVE FOR 3,000 SUBSCRIBERS

### WILLIAMS, VETERAN COACH, PREDICTS DIFFICULT FIGHT

Most of Men are of Unknown Quality but Very Good Material

### EVERY GAME WILL BE CHAMPIONSHIP STRUGGLE

Lamp, Arntson and Williams Only Old Players—Atwood and Larkin Out.

"Every football game will be a championship game for Minnesota this year," said Dr. H. L. Williams, veteran football coach, yesterday afternoon. "Minnesota will have a green and inexperienced team this year, and every contest from the first will be a hard fight."

"While the Nebraska, Indiana, and Iowa games are usually considered not quite so heavy as the later games, this year, on account of the unsettled post-war conditions, these teams will be just as hard to win from as Wisconsin, Chicago, Illinois, or Michigan. Captain Lamp and Arntson, quarterbacks, are the only real veterans in the back field, and while the new men are showing up well, they are of an unknown quality."

"The line is also an unknown quality. Williams is the only veteran. Atwood and Larkin are unable to play because of scholastic difficulties. Several other linemen who were expected to form the foundation of this year's line, did not return to college."

"This year, as never before, the student body must support the team. Tell them to come out and yell their heads off."

"Nebraska, who comes second this year, is an old rival, but Minnesota has not met them in football for several years. Michigan is the same. The Michigan game will be the hardest Minnesota has in face. Chicago, who we have played for many years, has dropped from the schedule. The championship is an open prize. Minnesota will fight to the last ditch to bring it home this year."

### Masquers Decide On Program For Fall

Definite Assurance Given Members That a Club Trip Will be Made.

With definite assurance of a club trip, the play committee of the Masquers Dramatic Club has decided on the fall program. Publication of their decision coming after a summer play reading will be simultaneously with the announcement of club trials.

The club, reinforced by many of its pre-war members is at a high pitch of enthusiasm after their success of last year, "Plots and Playwrights."

Their work in this play leads to a request for an exchange of plays with the university of North Dakota, which was cancelled only because of conflicting dates.

In recent years the Masquers Club has contributed extensively to both legitimate stage and the movie world. Marion Craig Westworth, author of "War Bride," Lella Nelson, of the Gaiety and Morocco companies, and Walter Greese at present of the Shubert stock company of St. Paul are all former Masquers.

Their outstanding successes out of more than twenty productions at home and on the road are "Kindling," "The Professor's Love Story" and "Plots and Playwrights," coached for the most part by Mr. and Mrs. Chas. M. Holt.

### Freshmen To Wear Caps

Sophomores at Ag Campus Send Out Ultimatum About Green Headgear.

Freshmen in the college of agriculture, take notice! One of the customs of the university is that all freshmen wear green "freshman caps" to enable them to become better acquainted with their fellow classmates, and to distinguish them, as a class, from the other classes at the university. The freshmen in the college of agriculture are given a few days of grace before donning the green headgear, and are requested by the sophomores to watch carefully for a later notice regarding this matter.

### STATIONS AND CAPTAINS

16 Teams of 165 Girls Will Compete in Daily Drive For Record-Breaking Subscription List.

| Stations             | Thursday             | Friday               | Saturday             |

| Home Economics       | Margaret Falconer    | Hazel Bacon          | Margaret Falconer    |

### Juniors May Have Pictures Taken Now

Appointments for Sittings May be Made Any Time at Gopher Hole.

Juniors can make appointments for sittings for their album pictures beginning today at the Gopher Hole. Through a special arrangement with the studio it is possible for juniors to have their class pictures before Christmas if they wish to. At the present time the studio will devote all their services to the making of gopher pictures. This will obviously be impossible later.

At the present time the special prices are not reserved to junior's alone. Any university student wishing to take advantage of them may make an appointment at the Gopher Hole until further notice.

The folders this year are new and attractive. There is a choice of three sizes and designs all of which may be ordered either in gray or brown. Samples can be seen both at the Gopher Hole and the studio.

### PLAYERS CLUB TO HOLD TRYOUTS FOR FALL PRODUCTION

"The Cassella Engagement" by John Hankins Will Start Season.

DOCTOR ANNA PHELAN TO BE CLUB'S DIRECTOR

Many Clever Members Back-Shaw and Greek Plays on Billboards.

The Players Dramatic club under the direction of Dr. Anna Phelan, of the Department of Rhetoric, has already made elaborate plans for the coming year's activities.

The club expects to surpass its former record for giving the campus the very best dramatic productions, according to members. Among the notable successes of recent years are found such plays as Suderman's "Far Away Princess"; Piner's "Sweet Lavender"; Shaw's "The Devil's Disciple"; Clyde Fitch's "The Truth," and Oscar Wilde's "The Importance of Being Earnest."

This year, the first production will be John Hankins' "The Cassella Engagement." The club also plans to put on a Christmas play to be open to the whole university. During the second quarter a Shaw play will be presented, and during the third quarter, a Greek play will be given either out of doors or at a down town theater.

Among the Player's stars of former years are such accomplished actors and actresses as Bob Kennicott, Lucile Babcock, Lillian Seyfried-Hunter, George McGeary, Charles Gillen, Alice McCoy and Essie Peacor.

Several of the well known members who were with the organization last year are back in school and will form a nucleus for the customary excellent casts.

Tryouts for the first production of the year will be held Monday and Tuesday afternoons at 2:30 in room 306 Folwell hall.

### UNIVERSITY BAND WILL REORGANIZE TODAY IN ARMORY

Largest Band in Many Years is Prediction Made by Professor Scott.

BAND MAY MAKE TRIP TO WISCONSIN FOOTBALL GAME

All Band Players are Exempt From Military Drill for the Whole Year.

"The biggest and best band Minnesota has had for a long time, is our aim," said Carlyle Scott, head of the department of music yesterday. "We expect at least 300 men to try out and want every man on the campus who can make any noise at all on a band instrument to come to the first meeting this afternoon in the armory." Mr. Scott will be at the armory from 4:30 to 6:00 and from 7:00 to 9:00 this afternoon and evening to hear any men who desire to try out. Men should bring their instruments and be prepared to play at least one piece.

Mr. Scott hopes to organize one of the finest concert bands in the state so that tours may be taken in the spring. The band plays at all home football games, all basketball games and at dances and entertainments during the entire school year. "I hope to take the band to Madison for the Wisconsin game, November 1," said Mr. Scott. "While it is against the conference rule to take more than 35 men to any game away from home on Athletic Association funds, I see no reason why the band should not go on its own funds if it has money in its treasury."

All men playing in the band are exempt from military drill, but should know a little about formations so as to be able to march correctly in parades and celebrations. Lieut. Col. A. G. Goodwyn, in charge of the R. O. T. C. at the University, has offered to train the band himself if none of the younger officers will. He is very enthusiastic over the prospects for the band and hopes that every available man will come out for it.

### Great Jubilee Pep-Fest Scheduled For Friday Night

Captain Lamp of Football Team to Talk to Rooters.

Are you acquainted with the pleasure of opening wide your facial excavation, drawing a deep breath, and exhaling some in such a manner that the surrounding welkin in the immediate vicinity is violently split into its various components? Do you know what it means to give way to your animal exuberance? If not, you will have a chance to be educated at the great mass meeting and pep fest to be held on the Parade Friday evening, October 3. Every great and near-great campus "celeb" will be there to instruct. The Minnesota Rooter Club, an organization whose membership is determined by tests based on the number of cubic inches of lung space, will be present to prevent any funeral relapses. The members will be provided with confetti, streamers, whistles and dynamite. Of course you know the object of all this is to promote a spirit

### Athletic Tickets Go On Sale Again Today

Great Demand for Student Tickets Causes Office to Continue Sale.

In lieu of the unprecedented demand and rush for student athletic tickets, the sale will continue today, contrary to the report published in yesterday's Daily that the tickets would be sold only on Monday, Wednesday and Friday afternoons.

Students must bring cash (\$5.00) and must also have their registration receipts ready to present upon purchasing their tickets.

The sale will begin at 2:00 o'clock tomorrow afternoon and continue until 8:00, and will be held in the athletic manager's office.

The tickets will admit the holders to all intercollegiate games played on the home field, including the four football games, the six basketball games and all the track meets.

### New Professor In Bee Culture At "Ag" Campus

Prof. Francis Leaves Bee Culture for Position in Entomology Division.

Among the new members of the faculty of the College of Agriculture is an assistant professor of bee culture to succeed Prof. L. V. France who is now in the entomology division. The new bee culture man is Grover C. Matthews, of Oregon, and formerly bee specialist in Minnesota for the federal government. Mr. Matthews has an extensive knowledge of bee culture, both from the theoretical and the practical side, and has taken care of nearly a thousand colonies of bees in Oregon.

An increased interest is being taken in bee culture this year, for the high honey prices of the last two years have put the keeping of bees unmistakably in the class of paying occupations.

### SIXTEEN TEAMS WORKING; ALL CONFIDENT OF REACHING GOAL

REDS WIN FIRST GAME. Cincinnati, Oct. 1.—The Reds defeated Chicago today, in the first game of the world's series, 9 to 1. Ciootta was driven from the box in the fourth inning, the Reds scoring four runs. 30,000 saw the game, according to estimates.

Daily Will Be Six-Column, Four-Page Paper for the Remainder of Year.

SUBSCRIPTION PRICE IS ONLY THREE DOLLARS

Drive to Continue Friday and Saturday Under Isabelle Borgenson's Leadership.

The Daily drive is on. No student or faculty member at large on the University campus the rest of this week will be safe from the invading army of co-eds who are bent on victory, with at least 3,000 subscriptions to the Daily by Saturday night as their goal. Not content with carrying out the epoch-making campaign in their usual costume, the co-eds will appear in gala attire, both at the convocation and on the campus, and promise several fancy exhibitions of merit. A parade will be a feature of the drive at convocation, and that will be followed, after the meeting, by a snake dance on the knoll. Every co-ed who is working on the campaign is prepared to use all her powers of fascination and persuasion to inveigle as many subscribers as possible into her snares.

### PRESIDENT BURTON TO ADDRESS FIRST CONVOCATION TODAY

Largest Crowd in History of University is Expected to Attend.

FOURTH PERIOD CLASSES WILL NOT BE HELD TODAY

Freshmen and New Students are Especially Urged to Attend.

The official university year of 1919-1920 opens this morning with a monster All-University Convocation at 11:30 in the Armory.

President M. L. Burton will preside and also give the address of the day. His subject is "What must the Universities do." He will also give some announcements of interest to the entire University.

Preparations are being made for the largest crowd in the history of the university. Old students who have seen the Armory crowded to the doors, say that they expect the old building to hold more people this morning than ever before. Extra seats have been provided and an efficient corps of ushers will assist late comers to find seats, or standing room, if the seats are an obstacle. Students of the 1,500 freshmen enrolled are expected to be in evidence.

Owing to the inability of Mr. Carlyle Scott, director of music, to assemble the University Band, no special music has been provided. The audience will be asked to join in singing. The convocation will close by the entire audience singing, "Minnesota, Hail to Thee."

No fourth period classes will be held today so that everyone may attend convocation. New students and faculty are especially urged to be present.

### NEW MAGAZINE TO APPEAR ON CAMPUS FRIDAY, OCT. 10

Old Minnesota Magazine and Minnehaha Combined in One Publication.

CAMPUS CELEBRITIES WILL CONTRIBUTE TO FIRST ISSUE

Poems, Plays, Short Stories and Peppy Fillers Will Be Included.

A combination of the old Minnesota Magazine and the Minnehaha, the serious and the frivolous publications of the University in past years, will make its appearance on Friday, October 10th.

The name of the new magazine, which will appear on the tenth of each month throughout the year, will be Footscap and is being edited by students experienced in University publications, including Benedict Deinar, Vincent Johnson, Elizabeth Nissen, Grace Shannon, Betty Grimes, Mary Catherine Chapman, Harry Korlund, Mildred Hogan, Jean Keller, Lella Klein, Hazel Small, Dorothy Wackerman, Elizabeth Olds, Katherine Wadsworth, Don Mtehen, Rolf Ueland, Mahlon Snacke, Joseph Kindwald, Frances Storms, James Gray, Arthur Vouvier, Esther Asleson, Edith Sondergard, and Niel Upham.

In addition Footscap has been promised the co-operation and assistance of some of the better known of the editors and staff of the Bellman, including Mr. J. T. Gerould, the University Librarian, Addison Lewis, and Professor Richard Burton.

Footscap promises both serious and humorous sections and essays, poems. (Continued on page 3.)

All team captains are requested to call at the Daily office as early as possible this morning for the receipt books. Their stations for today and the rest of the week will be given in another place in the Daily today, and these directions should be followed carefully. Team captains will make their business one mainly of managing their teams, and collecting from their team members several times daily.

Subscription Three Dollars.

The price of a year's subscription to the Daily is three dollars for the regular school year of three quarters. A deposit of at least one dollar must be made at the time of subscribing, and students are asked to pay the whole amount immediately, when possible. According to a recent ruling the Daily subscription money can no longer be taken out of the student's deposit money. This means that it must be paid personally by the students, and it is urgent that it be paid up soon in order to give the paper the financial basis it needs. The sheet will appear five times every week, and will be in the postoffice boxes before or at least by the end of the first hour. Too much emphasis cannot be laid on the fact that the Daily will be the only source of University news this year, as the official bulletin will contain only official announcements this year, contrary to the custom last year.

The Daily has changed its form somewhat this year, and is giving the subscribers six columns of news instead of the five columns of previous years. A uniform size will be followed this year, and the Daily will be a standard four-page paper. This is in compliance with the customs of other colleges, almost all of which have six-column, four-page papers.

### Fares Abolished On Inter-Campus Car

Students May Ride Free by Showing Conductor Their Deposit Card.

Thousands of dollars will be saved by University students this school year by elimination of cash fares between the main and farm campuses. By "catching" a car within the limits of the farm campus or west of Fourth street, a student can ride free by showing the conductor his deposit card.

"One of the purposes of this arrangement is to stimulate intercourse between the farm school and this campus. Students who take the "Inter-campus Special" to go to their homes will have to pay the regular fare. Fares will not be collected from those who take the car in front of the Mechanic Arts building, or University avenue or Fourth street, but fares will be collected from students getting on the car at other points, or getting off before each of the campuses is reached. The faculty can procure passes from either Mr. Foucher at the postoffice or Mr. West at the farm campus.

Cash fares and tickets collected on the Inter-campus car line during the last school year amounted to \$143,000, according to information supplied by the comptroller's office.

## The Minnesota Daily

Entered as second-class matter, at the postoffice at Minneapolis, Minnesota, under the Act of March 3, 1879.

### THE SUBSCRIPTION CAMPAIGN.

Today will mark the opening of the subscription campaign for the Minnesota Daily. This year of all years we believe we have a publication that the student cannot well afford to be without—"a larger, better Daily" we have called it. In an institution the size of Minnesota it is obviously impossible for the student to keep in touch with the innumerable events occurring each day unless he is a reader of its daily paper. Neither can he be acquainted with activities of the various organizations. In a word he can not make the most of the opportunities offered.

We have said Reader—we should have said Subscriber. We still have a few students—quite a few—who will look over the other fellow's shoulder. There are also a few who remove them from post office boxes adjacent to their own. We feel that these two groups will be reduced to the minimum this year.

We are especially desirous of having every freshman on our list of subscribers. To them the Daily will be a necessity for reasons previously given. This is YOUR University—learn to know it! Subscribe now!

### ALL OUT FOR THE PEP FEST.

It is with a great deal of pleasure that we have seen the plans laid for tomorrow's mass meeting. It was after we had attended a meeting of the committee in charge that we felt safe yesterday in predicting the greatest year in Minnesota's history. There we found a group of students organized for the purpose of taking any and all means which will help to develop the "pep" necessary to carry the football team through a successful season. And this committee was composed of representatives of all the leading organizations of the campus indicating, of course, that these organizations are one and all behind the movement.

We feel that the committee in charge will have little or no difficulty in assembling the largest group of students that were ever packed in the Armory. We believe that every student has a store of pent up enthusiasm and energy and is looking for the first opportunity to get rid of some of it. And never will a better opportunity be presented. Freshmen, turn out! This is your chance to see the real Minnesota "pep" of the pre-war days.

### HOW THEY DO IT AT OHIO.

Columbus, O., Sept. 26.—(Special.)—Football has come back to Ohio State university. Closed practice on Wednesday and Friday shows that the team is getting down to business. Practice was held openly Thursday for the benefit of the freshmen, over 2,000 being in the stands.—Chicago Tribune.

The above news item brings forth the following comment from the Daily Kansan:

"When 2,000 freshmen out of 2,600 from a school with an enrollment of 8,000 turn out to watch the football team practise, as at Ohio State it indicates the presence of real pep and student spirit.

"When scarcely more than one hundred students from a school with an enrollment of 4,000 turn out to practise, as at the University of Kansas, it indicates—well, what?"

Coach Williams prefers to have the "pep" at the games rather than during practice. He would, in fact, rather conduct his practice in secret. Judging from the teams he has produced he has the right idea. Tomorrow night's mass meeting will be our first opportunity to show the team that we are ready to do our bit in the stands. LET'S GO!!

### French Instructor Hurt

Mr. Delson Knocked Down and Bruised  
in Automobile  
Accident.

Mr. Samuel Delson, instructor in French was injured in an automobile accident late yesterday afternoon. As he was crossing Mary Place at 9th St., a large passenger car swung around the corner too abruptly and knocked him down. Mr. Delson suffered a severe gash over the eye together with minor cuts and considerable bruising. He was rushed to the university hospital for treatment, and in a few hours was able to be up again. He is conducting his classes as usual today.

### FRESHMEN STAG PARTY TONIGHT

A Freshman Stag Party will be held this evening in the agricultural gymnasium. All freshmen in the colleges of agriculture and forestry will be entertained with speaking, stunts and music, and all are invited to take this opportunity of getting acquainted with their classmates.

### Freshmen Women To Assemble Tomorrow

All Freshmen Girls Are Invited to Tea at Shelvin Hall After the Meeting.

A mass meeting of freshmen women has been called by Mrs. J. S. Ladd, acting dean of women, to be held at 4:30 p. m. tomorrow in the armory. The chief features of the program will be an address of welcome by Mrs. Ladd and the distribution of the green buttons to be worn by all freshmen girls. Elsie Van Ness, president of the Women's Council, will speak on the Honor System and College Traditions. Elizabeth Forsell, president of the W. S. G. A., will explain the meaning of the organization, and Laura Peck, in charge of the Big Sisters, will explain their work.

Hester McLean is in charge of the distribution of the freshmen buttons, the purpose of which is to be explained by Josephine Kenkel, president of Bib and Tucker.

Mrs. Ladd is very anxious that all freshmen women attend as this is a splendid opportunity to hear some of the leading women in college explain campus features and traditions. Attendance will be checked by means of slips which will be placed in all freshmen's post office boxes. These slips should be signed and turned in at the meeting.

At the conclusion of the talks a tea will be given in Shelvin hall to which all freshmen are invited.

### GYM LOCKERS TO BE ASSIGNED.

Gymnasium lockers will be assigned to men beginning Friday. Students taking courses in physical education will be given precedence over other men because of the unusually heavy enrollment throughout the university. Men must bring their deposit cards when they apply for lockers.

Subscribe to the Minnesota Daily.

### R. O. T. C. Organizes

First and Second Year Men Will Begin Military Work Soon.

Freshmen and Sophomores will drill for three hours a week. Those who will take advanced military training will be required to take five hours a week. The latter, after completion of their course, will be eligible for commissions in the army. Upon the recommendation of the military instructor, they may enter the army as provisional second lieutenants and at the end of six months they have the option of remaining in the army or becoming a reserve officer.

It is not yet known whether men who have been in the service will be forced to take military training or not, but since it is not required at the Wisconsin "U," it is probable that the same ruling will apply here.

### EVERYBODY'S "BIG."

The word "big" will no doubt be overused this year as it will be applied to the year, the student body, the classes, the faculty, the athletic candidates, and perhaps the crowds at athletic contests.—The Daily Kansan.

## PERINE BOOK COMPANY

OPPOSITE THE CAMPUS

**Daily Wants**

Capable young woman stenographer is in position to take dictation or copy manuscripts evenings. Has had considerable experience along several technical lines. Work neat, accurate and elite. Attractive rates. Write Box 300, Minnesota Daily.

Experienced waiter desires position waiting on table, preferably at a fraternity house, in exchange for his board.—L. A. M., Box 3991.

**Music Department To Start Busy Season**

Men's Glee Club Tryouts To Be Held Friday; Girls' Saturday.

In an interview with Carlysle B. Scott, head of the department of music, the Daily yesterday obtained the following statement:

"We hope to saturate the campus with music this year. We are going to revive the Girls' Glee Club this year, organize the largest band we have had for a long time, reorganize the men's glee club, and assemble the choir and the symphony orchestra. Besides this, plans are under way to hold faculty recitals at least once a month."

The try outs for the men's glee club will be held Friday afternoon from 3:00 to 6:00 in the music building. Every man is requested to bring a song and be prepared to show off his voice.

Girls' glee club try outs will be held Saturday morning from 10:00 to 12:30 in the music building. Girls also are requested to bring their own selections. Mr. Scott is especially anxious to see a large number of girls try out as he desires to build up a strong glee club.

**Song Service Sunday**

Y. W. C. A. Opens Year's Work With Vesper Service Sunday Afternoon in Shevlin.

The Y. W. C. A. will hold its first regular vesper in the form of a song service Sunday afternoon at 4:30 in Shevlin hall.

All women students are expected to attend the service. On Monday afternoon, the first regular weekly devotional service of the year will be held at Shevlin. A social hour will follow the service. President Burton will speak at the meeting.

Miss Edythe Saylor from Burlington, Iowa, is the new office secretary. Miss Saylor is a graduate of the University of Iowa.

JUBILEE PEP-FEST SCHEDULED FOR FRIDAY NIGHT  
(Continued from Page 1.)

Because the time is limited to one evening, an arrangement has been made whereby each and every person in the audience will have opportunity to be heard, provided he can yell louder than his neighbor.

If you lack pep—that intangible thing for which the University of Minnesota is known—or do not desire to participate in childish pranks, the committee does not extend you a welcoming hand. But if the blood of youth still courses thru your veins, if you are seeking an opportunity to see the true Minnesota, you will be present at the greatest Rouser ever held on the campus.

**ATTENTION! AG SENIORS**

A serious condition threatens to exist this quarter on the agricultural campus. Several lower classmen have appeared with adornments on their upper lips reserved by tradition only for seniors. What are you going to do about it, seniors? Are you to allow this infringement on your traditional rights, or will you do, as your predecessors have done, a bit of enforced barber-ism on these transgressors?

**Big Sisters Give Teas For Freshmen**

Mass Meetings, Also Will Initiate Girls Into University Atmosphere.

Teas were held Monday and Tuesday in Shevlin for all newly entering students, in charge of Pinafore, under Reine Pino, and Tam O'Shanter, under Mildred Conger, respectively.

This year, more than ever, the Big Sisters have proven themselves of great assistance in helping Freshmen women enter college life. The Big Sisters organization is comprised of about 240 junior and senior women. During the past week 715 Freshmen girls were given help. A great many more have been coming in since then. By the time registration is completed the number will probably exceed 1000.

A large mass meeting has been called for Friday in the Little Theater at 4:30. All Freshmen women are required to attend. Mrs. Ladd will welcome the girls; Laura Peck will explain the Big Sisters movement; and Elsie Van Ness will introduce the Freshmen to Minnesota traditions and the honor system. After the mass meeting the Big Sisters will give a tea in Shevlin. Each Big Sister is expected to see that her Freshmen are there.

In the evening an all-university mass meeting will be held in the Armory. Big Sisters are urged to bring their Freshmen to this mass meeting also.

**Dent College Crowded**

Six Foreign Students Are Enrolled to Learn the Finer Points of the Profession.

"Rushed to death," is the slogan of the College of Dentistry. With 240 applications for 90 places in the freshman class, of the four-year course, many students are forced to take advantage of the new five-year program. The total enrollment has increased from 315 to 530 students, the largest proportional increase of any school on the campus.

Among those enrolled are six students from Europe; three freshmen and three seniors. These men have completed their dentistry course in their respective countries, and are here to learn some of the finer points of the profession.

**Cafeteria Open**

Old H. C. Living Backed Off Map—Popularity is on Increase.

The cafeteria in the Minnesota Union opened for the first time Monday noon, taking a fall out of Old High Cost.

Mrs. Mary A. Woodruff, manager, predicts that the cafeteria will be more popular than ever with the students owing to the present high prices of food elsewhere.

Extensive plans are being made for the entertainment of students at the Union during the coming year. The entire building has been thoroughly renovated and cleaned during the summer months and all features of the building will soon be in active operation.

The board of governors meets today to discuss arrangements for the school year. The social committee will also make its plans.

**NEW MAGAZINE TO APPEAR ON CAMPUS, OCTOBER 10.**

(Continued from Page 1.)

plays, short stories, paragraphs, etc., by University and even writers of national reputation will be presented in the opening number. The new magazine has the hearty support of President Burton as well as that of prominent business men in the twin cities. Copies will be put on sale, not only on the campus but on news stands throughout the state.

**A WORD FOR THE DEFENSE.**

The young man crawled into the august presence.

"I should like to speak to you on an important matter, sir," he said.

"Well, what is it?" growled the father of the girl, in no encouraging tone.

"I—I want to marry your daughter, sir!"

"What?" The old man's face grew purple. "Marry my daughter? I am astonished! What on earth do you mean, sir? You—"

"Now, now," soothed the youth, seeing defeat looming near and wanting to get some sort of satisfaction out of the interview, "don't talk that way. You are prejudiced against the girl. She's all right, really."—Tit-Bits.

**FIXING THE BLAME.**

"Can you keep a secret, Peggy?"

"I can; but it's just my luck to tell things to other girls who can't."—Boston Transcript.

**Dr. Cooke Examines Two Thousand Men**

"What's your number?" "523. What's yours?" "437. What number are they calling now?"

"Oh, about 200. Let's go to the movies."

Speaking were two of the numerous freshmen who were waiting in the armory to take their physical examination, thus completing the first step in their enrollment at Minnesota. Up to Monday morning Dr. L. J. Cooke, director of physical education for men, estimated that his staff had examined about eleven hundred and fifty men. Some four hundred freshmen went thru the mill Monday, and equally as many Tuesday.

"We are making plans for taking care of about three thousand men in the department of physical education," Dr. Cooke said yesterday. "In order to take care of the men students alone, we are putting on an extra staff at the University Health Service."

Dr. Cooke would make no statement about the physical condition of the new men. He said the influx had been so much greater than he had anticipated that his department was overworked examining the men, and that he had had no time to look over the records.

Prohibitionists have their writing-paper water-marked.

**What the Co-Op Can Do for You**

- I. You may get a rebate of 10 per cent on your cash purchases by joining the Co-Op. The Co-Op has to date 2,402 members.
- II. We will be glad to cash your checks for you when properly identified, and extend you other courtesies within our power.
- III. We will guarantee you the lowest price on every article we sell. (See guarantee below.)
- IV. We can have theses and other typewritten work neatly and accurately done for you at the lowest possible figure. The University Printing Company is furthermore affiliated with the Co-Op, where artistic and up-to-date printing, multigraphing, etc., are done.

**Dividends to Members**

The Co-Op has not for over six years paid a single cent in dividends to its financial backers. During the same time it has not failed to pay at least 10 per cent cash dividends to the students who have joined the Co-Op as members.

All customers of the Co-Op are entitled to every courtesy and are invited to make free use of our accommodations.

**Our Guarantee**

The following appears on the back of all our cash register slips:

The Co-Op handles first-class goods only. The prices are guaranteed to be the lowest quoted anywhere. Should you find that the same goods are sold regularly at a less price anywhere in the U. S. by any other regular dealer, we will at once readjust prices upon receiving such information. The Co-Op dividends are given in addition to our low prices.

**AG FIELD DAY SOON.**

**Greased Pig Has Been Selected and All is in Readiness for Big Day.**

With the big field meet only two weeks off, preparations are being made for one of the most interesting field days ever held by the college of agriculture. The sophomores are determined to retrieve the laurels lost to their superiors last year. The freshmen, with their thoughts still hazy from the terrific ordeal of registration, have as yet no well defined plans, but deep in their unconscious minds is the thought that, come what will—they'll be on the job.

Just at dusk last evening a solitary figure was seen pacing slowly back and forth at the very edge of the lagoon, near the scene of last year's conflict. Was it, perhaps, some disconsolate student determined to seek a muddy grave rather than to have "Trig" forced on him for another quarter? Or could it have been some sophomore delegated by his class to see that the lagoon holds sufficient water to give their opponents a ducking on Field Day? The question remains a profound mystery.

The greased pig, that quadruped that insists on seeking protection in a bevy of well dressed young ladies as soon as it is released from its crate, has been carefully selected for the occasion. An ordinary porker would never do. It was found that the best kind for this purpose grows only in a limited area of the Tennessee mountains. Accordingly one was imported that fulfills all requirements. Rangy, fleet-footed, slab-sided, razor-backed—a better hog could not have been found. And what a time was had, it is said, to find a suitable ration!

Prof. Haecker's pet-recipes would never do. They were for an entirely different purpose. Rumor has it that a man was found in South St. Paul who once fed ostriches in New Zealand. The ration he recommended filled the bill. Its composition has not been made public, but it is known to contain finely ground, extra thick tomato cans, T. N. T. of best quality, and special, coarsely ground sawdust of extra low protein content. The pig continues to thrive and will be in perfect condition for the meet.

The degree conferring team of the Agricultural Booster Club is getting in condition for initiation time. Old barrels at University Farm will soon be way above par, so speculators will do well to lay in a supply.

**HE KNEW THE BEST.**

Cincinnati deserves congratulations on winning the pennant, but just to show how interests run in this part of the state, we heard of a local newspaper man who preferred attending the Michigan game to the world's series.

**TOO MUCH TO BEAR.**

A small boy sat on a curbstone weeping bitterly. "What's the trouble son?" asked a kind-hearted passerby. "Have you lost your mother?" "No," wailed the boy, "she ain't lost, but I gotta wait for her, an' I didn't want to be parked here."—Life.

**PLEASANT PROSPECTS.**

"He—They say that it takes three generations to make a gentleman. She—Indeed! What a pleasant prospect for your grandchildren."—Boston Transcript.

**The Wise Fool.**

"It is the unexpected that always happens," observed the Sage. "Well," commented the Fool, "if this is true, why don't we learn to expect it?"—Cincinnati Enquirer.

**Enrollment Small**

Beginning Students Have Difficulty in Meeting Requirements of Business School.

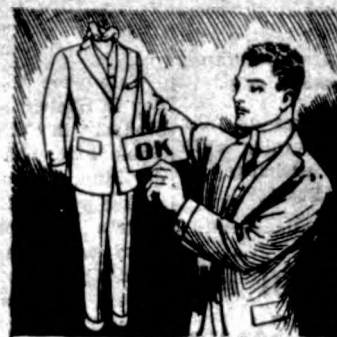

Enrollment in the School of Business which was created last June is small, according to George W. Dowrie, dean of the school. Students who would take the course have not the required pre-requisites, but it is expected that the enrollment will be large the winter quarter.

According to the School of Business Bulletin, "Candidates for admission to the degree courses offered by the School of Business must be either graduates of a university or college of approved standing or they must have completed the two-year pre-business course in the College of Science, Literature and Arts or its equivalent." Students taking the pre-business course have not been classified yet, but indications are that the course will be popular.
