## BURTON POSTPONES TRIP TO SEE "GOOD NATURED MAN"

Manager Williams States Greater Part of Evening Seats Have Already Gone.

Dr. Burton starts for the east on his annual trip Wednesday evening. While away he will spend much of his time lecturing in New York and Boston. He will not return to Minnesota until the beginning of the second semester.

He has decided to postpone his departure on a lecture tour for one day in order that he may see the Dramatic Club's presentation of the "Good-Natured Man" on Wednesday.

A great interest has been aroused in the play both in and out of college and this first staging in the west of Goldsmith's masterpiece will create a sensation among all the local "Good-Drama" promoters.

Coach Clure expresses himself as highly pleased with the progress the cast has made and state there is nothing more to do but the polishing up of a few rough places to make the play exceed all expectations.

Neither time nor money have been spared in staging the play to make it a success. The University or-

## JOHN ZELENY FOR NEW DEAN IS CAMPUS RUMOR.

Candidate Is Junior Only To Dean In Physics List—One of Strongest Men On Campus.

The latest rumor on the campus is that John Zeleny of the Physics faculty will succeed Dean Jones who goes to Yale. Prof. Zeleny is a physicist known thruout the country on account of his original research work and a member of many prominent scientific societies. He is the only man at Minnesota who belongs to the Royal Society and one of the very few in this country.

## "THE SERVANT IN THE HOUSE"

An Interpretative Reading By Eleanor Miller This Afternoon At Four.

Miss Eleanor Miller will read Chas. R. Kennedy's Drama, "The Servant in the House," at four o'clock this afternoon.

Miss Miller's talent as a public reader is too well known to need further comment. This will give to University students, the great opportunity of hearing this drama forcefully delivered without leaving the campus. There will be a nominal charge of fifteen cents for admission.

Today at four o'clock in Library 13.

## BOOK PLATES STILL WANTED.

The contest for the book plate design to be used in marking Alice Shevlin books closes Wednesday, December sixteenth. All work, with the name of designer on the back must be handed to the post-master on or before that date.

## McGovern, Star Quarter, To Head 1909 Varsity

Captain Orrin Safford Presides at Annual Football Banquet—Innovation in Having High School Squads As Guests—"Preps" Also Elect Various Leaders.

Johnny McGovern will lead the 1909 Varsity squad. The little bantam quarter was last night elected by the 1908 wearers of the "M" to the captaincy of next year's team.

The captain-elect dates from Arlington, Minnesota and is twenty-two years old and weighs 150 pounds. He is president of the Middle Law class, a member of Alpha Tau Omega and Phi Delta Phi.

Capt. Orrin Safford presided last night at the first banquet ever tendered to Twin City High School football players by the Athletic Board of Control. Fourteen men and the coach from every Twin City High School were seated with the University first squad and second team when supper was served. As several of the High School coaches are old Gopher stars, the banquet served to renew many old friendships.

Each principal was present, as was President Northrop and the University coaches, Harris, Schuknecht and Case. Several alumni were also present. In all about 180 were seated around the festal board.

"Prexy" headed the list of speakers with one of his usual witty and 'to the point' speeches. One speaker from each high school responded to toasts; and one or two alumni made remarks.

Last night's banquet marks a new epoch in University Athletic affairs. In former years, only the first and second teams have been seated at the annual banquet. By inviting the teams of Twin City high schools, it is hoped that an added interest will be taken in University athletics, by these men, so that a larger per cent will matriculate each fall.

## SIX DOLLARS TO BE TAX FOR THIS YEAR'S FORMAL

Executive Committee Plans for a Budget of Over Nine Hundred Bucks—Decorations \$400 Alone.

At a meeting of the Executive Committees of the Junior ball yesterday afternoon it was decided that the assessment for admision to the floor would be six dollars each, in order to meet the enormous expenses.

The Association intends to give the most elaborate formal that has ever been planned as a campus affair and every committee chairman expects to spring something novel and unparalleled in their respective lines.

Rossiter's Orchestra, composed of twenty-five pieces will furnish the music for the evening and it is safe

## SINGLE LECTURE TICKETS TO GO ON SALE TODAY

Manager Baker Makes a Fifty Cent Rate to Individual Attractions.

Yielding to an insistent demand, Manager Baker, of the Y. M. C. A.—Daily lecture course, has placed tickets for the single entertainments on sale, and these can be obtained at the accountant's office, the Y. M. C. A., and the Metropolitan Music Co. The price per ticket has been set at fifty cents.

At first it was decided to sell course tickets only, but finding that there were many who were unable to attend certain lectures the above change was made.

Tickets for Leland Powers are selling rapidly, and every one who is going should purchase at once.

Sigma Nu held its fifth annual banquet at Carling's, in St. Paul, last Thursday evening. Fifty members and alumni were present.

## DR. ROBINSON FEATURES STATE HISTORY IN MAG

Helen Painter, '10, Author of an Exquisite Poem Entitled "Night"—Cosgrove, '10, Writes Story.

The next ever better issue of the "Mag" appears Thursday, and will be on sale Thursday and Friday. Being the holiday issue, it will conform to Christmas expectations even better than usual. The material is so good that the leaders are difficult to pick out. "A History of Minnesota," by Dr. E. V. Robinson; "Scholarships," by Dr. A. B. White; a poem, entitled the "Vesper Song of the Hermit-thrush," by Mr. Nichols; a poem by Helen Painter, '10, entitled "Night;" a leading story by Edw. Cosgrove, '10; and a bountiful supply of vacation variety fiction, in which stories of plot and of humor predominate.

As previous editions have run out too soon, an extra hundred has been ordered.

## BIG CO-ED PARTY IN SHEVLIN THIS AFTERNOON

W. L. and Y. W. Join in Annual Christmas Party To Girls of the Campus.

One of the biggest affairs of the year given by the girls' organizations, is the joint Woman's League—Y. W. C. A. party this afternoon from three to six. The entertainment has been elaborately planned.

An attractive vaudeville program has been arranged; including all sorts of odd stunts. Some of these have been tried before on various University audiences and made quite a hit. When the entertainers have exhausted their huge stock of devices for amusement the girls will dance.

Refreshments will be served thruout the afternoon. No special invitations have been sent out.

## CHRISTMAS MINNE-HA-HA APPEARS THIS MORNING

Resplendent In a "Dime Novel Color" Cover, The Much-Hailed Semesterly Is a Beaut.

This morning the Xmas number of the Minne-ha-ha appears on the campus, incorporating within it the much advertised "Bow and Arrow" the latest expurgation of Anthony Comstock. The Daily critic can't see much difference between the old and the new.

Cyrus Brown, '05, and his pencil make a very clever issue a whirlwind. The only thing the matter is the color eye of the board, for the cover looks much like "Diamond Dick" et cetera. The center double page is a fine travesty on the old subject of Cupid on the campus. Among the other good things one may find Nason's "Eve's Chocolate Daughters;" Mac's "The Fable of the Knocker;" Roehrich's new department of favorites; "The Y. M. C. A. Hike to Tonka," and another sketch by Nason on "The Varsity Calendar."

The issue holds forty pages of mighty good stuff and it is all worth the mere two dimes.

## PRESIDENT NORTHROP RECONSIDERS DECISION.

Until Board of Regents Choose His Successor—Complies With Regent's Request.

Prexie has reconsidered his resignation. In an interview yesterday President Northrop stated: "I shall not resign at the end of the year but comply with the request of the regents and remain as president of the University until the board shall have found a successor." The announcement has culminated a long week of anxiety since the President's statement of his resignation a week ago. The President said to a friend Saturday; "I am receiving expressions of regret from all over the country. It is like reading one's own obituary."

## HOCKEYITES STILL ALIVE

Athletic Board to Send Delegate to Conference Next Spring—Instructed To Push Spirit.

Although the Athletic Board refused to subsidize the University Hockey Association, the question is alive, and hockey supporters have revived their hopes. The Board will send a delegate to the Conference this spring, who will try to boost hockey among the Big Eight, and if enough interest is exhibited, it will be a recognized sport next year. The campus enthusiasts intend to support the game this winter, and an association team will play the teams of minor colleges, thus there will be one year gained.

**Our President.**

The University, its faculty, alumni and undergraduates have much to be thankful for, in that our "Prexie" has at least withdrawn his resignation for a time. He is consenting to the request of the regents, who have at heart the good of Alma Mater, and who appreciate far more than we who love "Our Grand Old Man," how hard it will be to find one who can take his place as "first in war, first in peace and first in the hearts of his countrymen."

**The Day of Reckoning.**

Only a month more of school remains in this semester. It behooves those who have fallen behind in their work to apply themselves more diligently in the time that remains.

Every year at the end of the first semester over fifty students are forced to leave college, having fallen below in sixty per cent of their work. It should not be so. There may be some excuse in rare instances for a student failing to master a subject which is particularly hard for him; but there is not the slightest excuse for his falling below in sixty per cent of his lessons. It shows that he is not giving them sufficient time either because he is lazy, or because he is carrying too much outside work. If it is the latter, he had better give up as far as possible his outside work, if the former, he had better get busy. One good month more and two weeks vacation remain before the finals. We trust there will be fewer "flunkers" this year than last.

The showers in the gym are accustomed to hot water, but they haven't seen anything above 50 degrees for a week. Steam up Oscar.

**SIX DOLLARS FOR J. B.**

(Continued from Page 1)  
to say that nothing will be lacking in the way of catchy and popular music.

The greatest part of the whole expense will be for decorations. Chairman Wieland of the Decoration Committee has estimated that they will cost about four hundred dollars. This is two hundred and fifty dollars more than was expended for decorating last year and last year the association had to levy an extra assessment in order to meet their bills.

An extra assessment is most undesirable this year and consequently the association has hit upon a plan for doing away with it. The plan is to charge six dollars for admission to the dancing floor. In this way, those people attending, who do not belong to the association will contribute one dollar each toward defraying the enormous expenditure. This does not seem anything but just, for they receive just as much benefit and pleasure from additional beauty of the hall and music as the members of the association.

There will be no orchestra rehearsal this evening. The orchestra will play for the evening performance only of "The Good Natured Man,"

**GROAT LECTURES IN SUBURBS**

Illustrates Aerodynamics Under Auspices of St. Paul Scientific Association.

Professor B. F. Groat, of the school of mines, delivered an illustrated lecture on the "Development of Dynamic Flying Machines" in the main hall of St. Paul Central High School last evening. Some important principles in aerodynamics were also demonstrated.

A large number of the views exhibited were loaned by Oscar Chanute, of Chicago, consulting engineer and highest authority on dynamic flight; many of them show the evolution of the present Wright flyer from the machines of Lillienthal and Chanute.

C. H. Chalmers, president of the Electric Machinery Company, appended a description of some interesting experiments performed by himself toward the design of a helicopter.

Bath Robes, Hand Mirrors and Ironing Boards Out of Suggestion Box Into Reality.

The Suggestion Box at Shevlin has proved a decided success. It is opened every two weeks and all good suggestions are acted upon.

Bathrobes and hand mirrors have been put in the dressing rooms and ironing boards and irons are provided for out of town girls to do their pressing with.

New dishes have been put on the menu when suggested and a miniograph is to be bought for the use of the girls.

**SENIORS GET SANTA EARLY**

"Cap and Gown" To Corner the Saint To-night—Girls Seize Last Chance of Leap Year.

This evening at o'clock, "Cap and Gown" girls will wax merry in old Shevlin, "yet once again." The performance will be on the order of a Xmas party, and a big Xmas box, filled with gifts, will make it impossible for anyone to miss the holiday spirit, which will permeate the atmosphere during the evening. Camelia Waite will be toastmistress, and the following toasts will be given:—"A letter to Santa Claus," Anne Cassidy; "Busy and Broke," Mary Hartzell; "The Xmas Stocking, Esther Chapman.

Decorations and arrangements are in the hands of Maltida Baillif, while Frances McOuat is chairman of the place card committee. Miss Comstock and Mrs. Ladd will attend the festivities, and enjoy the toasts.

A number of juniors will serve their senior sister. Lucy White, Mabelle Hudson, Helen Jewett, Mary Miles, Ada Kellogg, Julia Thuet, Ruby Applebee, Hazel Edgar, and Laura Eckholdt have been decided upon as the most promising waitresses.

Each girl is asked to bring a little gift for the box—not exceeding ten cents in value.

## MCEWEN MAKES LISTENERS SIT UP AND THINK HARD

Secretary of State Federation of Labor Addresses a Small Gathering on "Trade Unionism."

Before an assembly of about fifty students, Sec. E. W. McEwen of the State Federation of Labor, delivered a comprehensive lecture on "The Philosophy of Trade Unionism."

He opened his lecture by stating that Trade Unionism was caused by the modern evolution of industry.

He next traced the evolution of the laborer thru the various stages, the first steps being the slave, followed by the serf; then for the first time the free laborer appeared in medieval cities, and finally he has become, thru evolution, the modern skilled laborer.

"In modern industry there can be no individualistic labor for the laborer is merely a cog in the huge industrial machine. Therefore a combination of laborers is absolutely necessary in order to fight the combined powers of capital."

Mr. McEwen put great emphasis upon the fact that labor and capital are correlative and should therefore be partners in order to attain the greatest efficiency.

Among his thots were: "The so-called open shops are not open, for union men cannot work there. They are merely a weapon of capitalists employed to defeat the object of Unionism."

"Every concession made to Unions has cost a great deal of hard fighting and a union man is morally bound to support and obey the commands of the Union presidents."

"The whole philosophy of trade unionism is based on the hope of minimizing competition and establishing a just minimum wage for women equal to the minimum wage for men."

"All legislation enacted to protect women and children has been originated and passed thru the efforts of the Unions."

"The conditions of the Trade Unions and the privileges that the member enjoy depend upon the moral status of the men behind the Unions. Great encouragement is given by the moral backing of such institutions as the University of Minnesota."

At this point the meeting was thrown open for discussion. Upon the question of the settlement of strikes, Mr. McEwen said—

"I think that compulsory methods should be used to settle strikes, when one or both parties are obstinate and where personal injuries are likely to occur."

## POSTERS WIN PRIZES

Ware, '11, Hixon, '09, and Passmore, '12, Each Pull Two Seats Each for "Good Natured Man."

Great interest has been manifested for some time over the poster contest for the "Good Natured Man." About a week ago Howard Williams, business manager of the Dramatic Club, offered two reserved seat tickets for each of the three best posters. The rivalry has been keen and as all of the posters, which were handed in, showed such merit, that the judges had some difficulty in deciding which were best. At the recent decision on Saturday, Fred Ware, '11, Agnes Hixon, '09, and Hunter Passmore, '12, were awarded the first prizes. But as all of the remaining posters were exceptionally good the judges decided to give every contestant one ticket.

## At The Theaters

### METROPOLITAN.

Self-sacrifice sounds the keynote of "The Squaw Man," the current attraction at the Metropolitan. The frame work of the play is melodrama, but back of it all there is the great human appeal of the man giving up everything for the woman he loves. Dustin Farnum heads a good company.

### LYRIC.

"The Devil," is at the Lyric. The mounting of the play is superb, and the acting could hardly be better. Lee Baker scores heavily in the title role, and his work is even more finished than it was several weeks ago.

### BIJOU.

Strong dramatic incidents predominate in "The Governor and the Boss," week's Bijou attraction. The story is one of deep heart interest and the interest is sustained from beginning to end. William Turner is a better actor than one usually encounters on the popular price circuit and his support is strong.
