SHEVLINITES WANT MORE DINING SPACE.

Work on the dining room in Alice Shevlin Hall is to commence Monday, and for about a week the sacred sanctum will be invaded by an army of workmen. Several rows of lockers are to be removed to provide room for about eight more tables, which will accommodate about fifty of the co-eds.

ELLIOT BEQUEST ACCEPTED

Legislature Will Build Hospital With the Money Contributed.

The Elliot bequest of \$114,000, together with the additional \$90,000 raised by private subscription, has been accepted by the senate under suspension of the rules. The donor is Walter J. Trask of Los Angeles, Cal., and the money is to be used in erecting a clinical hospital at the University as a memorial to the late Dr. Adolphus F. Elliot and Mary Elliot, his wife. The additional \$90,000 will be devoted to the purchase of the site.

Provisions for the maintenance of the institution will be incorporated in the omnibus appropriation bill, together with the other sums for supplying University needs. The regents request for this purpose \$12,500 for the first year, and \$25,000 for that following.

ALUMNI COMMITTEE REPORTS ON ENGINEERING NEEDS

Committee Will Report at Alumni Banquet Tonight and Funds Will Be Asked of Legislature.

Representatives from the Civil, Electrical and Mechanical Engineering departments have completed their inspection of the shops, recitation rooms, foundries, field equipment and general facilities of these departments.

The committee was of the opinion that the facilities were inadequate for a proper prosecution of the work.

A banquet will be held this evening at Donaldson's tea rooms by the Minneapolis Engineers' Club, when reports from the sub-committees regarding what improvements are necessary for each department will be read.

Action will be taken in order to secure a new engineering building. The alumni are requesting an appropriation of \$250,000 from the legislature to erect new buildings. A committee will be appointed to go before the appropriation committee of the legislature to show why a new engineering building should be erected.

All the professors, instructors and seniors of these three departments will be invited. Dr. Northrop and several of the regents have been requested to attend.

A movement is also on foot to secure a place as regent for some one who will put especial emphasis on the interests of the engineering department.

GRANRUD AT CHICAGO.

Professor J. E. Granrud will deliver an address at Chicago University this afternoon before the third annual meeting of the Classical Association of the Middle West and South. His subject will be "The Success of Cicero as an Orator."

DR. BURTON TO SPEAK.

Dr. Richard Burton will speak on "The English Translation of the Bible" Sunday evening at the First Congregational church under the auspices of the Men's Club. All are welcome.

BOWLING SCORES.

There is great enthusiasm among inter-fraternity bowlers over the final contests. Several interesting games will wind up the season the latter part of next week. Following is the list of individuals:

- 1, Holmes, 169-17; 2, Sukey, 169-7; 3, Beckwith, 163-16; 4, Leonard, 163-11; 5, Jones, 163-10; 6, Harlow, 163-9; 7, Thompson, 163-1; 8, Brown, 161-0; 9, Griggs, 160-2; 10, Barnaby, 158-3; 11, Malloy, 156-3; 12, Gillette, 156-3; 12, J. Oswald, 155-2; 14, Sanford, 151-1.

Oberlin, now but seventy-five years old, will publish soon a catalogue containing the names of 30,000 graduates and former students.

OFFICE OF WOMEN'S DEAN SOUGHT BY MANY

Six Mentioned, Three of Them Alumnae, for Place to Be Filled in May.

Candidates for the position of dean of women are multiplying, and the numbers of those eligible whose names are proposed by others have contributed to give the regents a wide choice. Three alumnae and three others have already been mentioned. Miss Johnson of Chicago was the first to apply. Others who have been proposed are Miss Katharine Jewell Everts, '94; Mrs. Ina Firkins, '88, assistant librarian; Miss Mary F. Sanford, '02; secretary of the New York Y. W. C. A., Miss Ada Comstock, and Mrs. Frances B. Potter.

The next meeting of the regents will be held in May, and the position will be filled at that time.

AVERAGE EARNINGS ARE \$240.

Registrar Collects Statistics on Income of Students from Personal Labor.

Statistics compiled by Registrar Pierce show that many students at Minnesota are supporting themselves during their college course by work in various positions outside of recitation and study hours. Slips were recently sent out requesting students who were self-supporting to indicate in what way they had succeeded in maintaining themselves while in college, and the approximate amount which they earned annually by their own exertions. An estimate of their average expenses was also requested.

The slips were sent out at the request of the political science department, which is collecting data along this line, and also to help the registrar in answering the hundreds of inquiries on the subject which are received by the office every year.

So far forty-seven complete reports have been received in response to the registrar's request. From the statistics now at hand, it appears that the average amount earned annually by work done outside of school is approximately \$240 in each case. As soon as more complete returns have come in, the figures gleaned from them will be accurately tabulated for future reference.

LAST GAME OF SEASON FOR GIRL BASKET SHOOTERS

Tonight's Game Will Be Played Against Stanley Hall on Armory Floor.

The girls' basket ball team will make its last appearance of the year this evening, when they line up against Stanley Hall on the Armory floor.

More enthusiasm than usual is being displayed at Stanley over the game, and the team will come well supported.

Dr. Cook, Stanley Hall's coach, Monday afternoon bought 300 seats for rooters of the preparatory school.

The University co-eds do not anticipate an easy game, and have made the most of their daily practice.

Good music will be furnished for the informal dance after the game. General admission is 25 cents.

The line-up is as follows:
Univ. Position. Stan. Hall.
H. Cummings ..L. F.....J. Dayton
M. NewtonR..... M. Putnam
C. BrownC..... C. Simon
L. FlemingL. G.....L. Bender
I. Dunn or
H. Schutte....R. G.....E. Sauer

EUTERPEAN COFFERS FULL.

Financially the last Euterpean concert was a success to the extent of \$249, which was the total receipts. The expenses were small.

The club does not expect to give any more concerts this year, but may sing every Friday morning in chapel.

The Harvard Crimson makes a net profit of \$5,000 per annum; the Yale News nets \$4,000.

LORIMER HITS HARD BLOW

Actor States That Students Prefer Vaudeville to Real Drama.

Wright Lorimer, playing in the "Shepherd King," asserted in his address in chapel yesterday, that the people of Minneapolis show little appreciation of the truly artistic in dramatic art, and that the students run more to vaudeville and light comedy than to elevating plays.

He claimed that his play, which he himself wrote, is not drawing as large audiences as it deserves, and that he is losing money in Minneapolis. At the close of his address he expressed his readiness to answer questions.

Professor Potter took up the cudgels for Minneapolis, asking whether it was not true that the managers were not sending the best talent out west. She stated that this city had always supported first-class productions.

To this Mr. Lorimer took exception.

Numerous other questions were asked by the students and faculty, chief among them being the one about the existence of the theatrical trust.

Graduate Schools of Harvard University

The following professional schools in Harvard University are open to holders of a bachelor's degree.

The Law School

A three years' course leads to the degree of LL.B. Residence for three years is required, but residence at another three years' school may be accepted as a substitute for one of the years of residence at this school. Three annual examinations are required. Inquiries may be addressed to H. A. Fischer, 20 Austin Hall, Cambridge, Mass.

Medical School

A four years' course leads to the M. D. degree. The school offers graduate courses open to holders of the M. D. degree, and in its new laboratories offers greatly extended facilities for research. For catalogues, for graduate and summer courses, for research and special courses, address Charles M. Green, M. D., 104 Administration Building, Harvard Medical School, Boston, Mass.

Divinity School

This is an undenominational school of Theology offering instruction leading to the degree of Bachelor of Divinity. Inquiries may be addressed to R. S. Morrison, 5 Divinity Library, Cambridge, Mass.

Graduate School of Arts and Sciences

Instruction is offered leading to the Master's and the Doctor's degrees in the following fields: Philology (Ancient and Modern Languages and Literature), History, Political Science, Economics, Philosophy, Fine Arts, Music, Mathematics, Physics, Chemistry, Biology, Geology, and Anthropology. Inquiries may be addressed to G. W. Robinson, 11 University Hall, Cambridge, Mass.

Graduate School of Applied Science

Instruction leading to professional degrees is offered in the following subjects: Civil, Mechanical and Electrical Engineering, Mining, Metallurgy, Architecture, Landscape Architecture, Forestry, Applied Physics, Applied Chemistry, Applied Zoology, and Applied Geology. Inquiries may be addressed to W. C. Sabine, 17 University Hall, Cambridge, Mass.

The Harvard Medical School

Boston, Mass.

With the completion of the new buildings, which were dedicated September 25th, 1906, this school now has facilities and equipment for teaching and research in the various branches of medicine probably unsurpassed in this country. Of the five buildings, four are devoted entirely to laboratory teaching and research. The numerous hospitals of Boston afford abundant opportunities for clinical instruction in medicine and surgery.

Course for the Degree of M. D.

A four years, course, open to bachelors of art, literature, philosophy and science, and to persons of equivalent standing, leads to the degree of M. D. The studies of the fourth year are wholly elective; they include laboratory subjects, general medicine, general surgery and the special clinical branches.

The next school year extends from September 26, 1907 to June 29, 1908.

DR. COOK SELECTS

CHAMPIONSHIP TEAM.

(Continued from front page.)

"Deering has proved himself a great player, and I think it is conceded by all that he deserves a place on the all-western. In the six and three-quarter championship games in which he played (in the last Chicago game he played a guard position) he made 24 baskets to 5 made by his opponents. I think this is the best record by a western forward this year.

"I have chosen Uzzell on account of his record in the five and a half championship games in which he played. Uzzell made 17 baskets to 9 by his opponents. A great record for a guard."

In the season just completed Minnesota made a remarkable showing. In her championship games the scores were as follows:

Minnesota.	Opponents.
18	Wis. 11
42	Ill. 3
37	Purdue 26
36	Ill. 29
24	Chi. 27
20	Wis. 31
21	Chi. 10
2	by default Purdue 0
200	Totals 137

This is a great record when it is taken into consideration that Minnesota began the year with but two veteran players, Captain Larson and McRae; that Captain Larson was out of the game the latter part of the season on account of injuries, and that McRae was in poor condition most of the season.

MALMIN GIVES TWO TALKS.

Mr. R. Malmin gave two interesting talks yesterday, one to Mrs. Potter's class in the morning, and the other to the general public at 2 o'clock. Mr. Malmin is a graduate of a Norwegian university and is taking a course in English at this institution by way of acquiring fluency in the use of the language.

Dr. Burton secured him to speak yesterday afternoon instead of Mr. Wright Lorimer of the "Shepard King" company, who was unable to appear.

Mr. Malmin spoke of "Norwegian Universities" in a very interesting fashion.

REGISTRAR'S OFFICE ALTERED

Plans have been completed and are now before the regents for making a long-needed enlargement of the small and stuffy registrar's office. No University in the West has an office so cramped and crowded as ours; Nebraska's is twice as large.

The south wall of the present office will be torn away and moved over to the stairway leading to chapel. This will give the office about fifteen feet more frontage, and in addition all the room now occupied by the girls' lockers and cloak room will be used.

The enlargement will give not only enough space for the work of the office, but will leave enough for tables at which students can fill out their registration blanks, and will help relieve the crush which now results from the efforts of four thousand students to register all at once.

NOTICES

Found: That Latham Conservatory, 83 So. Tenth St., is the place to buy violets, roses and all choice flowers.

WANTED—At a salary of \$3,000 a manager of required ability. Personal bonds required. An opportunity for a partnership if in a year both parties are agreeable to each other. Not impossible that a lady might qualify. Address replies to the business manager of the Daily.

PREP SCHOOLS MAKE ENTRIES

Shattuck and Minneapolis Central Give Names of Contestants.

Central high school and Shattuck Military academy have made the following entries for the indoor meet in the armory Saturday.

60-yard Prep School Dash.
Central—Hapwood, Courtney, Kent.

Shattuck—Kipp, Johnson, Livingston, Grandy.

60-yd. Prep School Low Hurdles.
Central—Hanson, Bruchholz, Bullis.

Shattuck—Burrell, Grandy, Woodward.

Professional Relay.
Central—Sutherland (Capt.), Courtney, Kreig and Hanson.

Shattuck—Kipp, Johnson, Burrell, Hudson or Brain.

The rivalry is intense between the two schools and a close contest is expected in each event. Last year Central won the relay, while Shattuck captured the hurdle and dash.

East high school is expected to enter a strong bunch in each event, but they have not as yet announced their entries.

Now that the board has authorized medals or banners in each of three events, interest in the meet is greatly increased and many have signified their intention of going into the events who had hitherto been indifferent.

The meet will begin promptly at 3 o'clock. Tickets may be obtained at either of the book stores.

WILL IMPERSONATE HINDU.

Mrs. Burrell Will Talk on India, Costumed as Hindu Girl.

Mrs. Burrell, lately returned from India, will speak Sunday afternoon in chapel to University students, impersonating in costume a high-caste Hindu girl.

BADGERS GET COLD FEET.

After hearing that Chicago was defeated by Minnesota at basket ball Saturday night, Dr. Hutchins said that there was a probability that the triple tie among Wisconsin, Chicago and Minnesota would not be played off as the badgers have gone out of training and it would be difficult to get them on edge again. We are sorry to learn this, and feel sure if the badgers had the opportunity to put their feet in a pair of Wilson Bros.' imported hose they would take a brace. AS YOU WOULD BE DONE BY.

Several editorials have appeared lately suggesting improvements in the library, but there is one condition that calls for reform that rests with the students. Many make it a practise, when consulting the card catalog, to simply pull the drawer partly out, and stand there while they look for the books desired; others place the drawer on top of the case containing the drawers, and do the same. Those who do so hide from view eight or ten of the drawers, and prevent others from using the card catalog.

The department has placed a long table a few feet from the case, which should be used as a rest for the drawers. The proper thing to do is to pull the drawer out of the case, carry it to the table or rest mentioned, and in this manner permit your fellow students, who probably have as little time as you, and whose right to the use of the catalog is certainly as great as yours, to carry on their investigation with expedition and satisfaction.

GOING TO THE WEEDS

With the coming of spring the spirit has entered some students of doing something reckless, something brave, you know, something that contains a spice of danger. As a result the cigarette has come into prominence on the campus grounds. We don't care to preach or discuss the question from the same old standpoint. But simply as a matter of courtesy to Dr. Northrop, who has repeatedly requested that no smoking be seen on the campus, every student worthy of the name should avoid smoking in the vicinity of the University, if he feels the necessity of smoking at all.

Some have endeavored to follow this principle, and so, after they have come inside the gate they throw their cigarettes away. The sight of a row of these things strewn near the entrance gate is not very imposing, and if a man who must smoke wants to do the right thing, he ought to throw his cigarettes away outside the campus.

Now, as a matter of personal profit, it is a costly thing to smoke if you want to obtain a fellowship. Several of the universities have decided that no smokers shall be presented with scholarships, on the argument, which appears to be a pretty good one, that he who can afford to buy cigarettes can afford to pay for his tuition.

FINANCIAL AND MORAL SUPPORT.

Track athletics have always been a losing proposition at the University. Today the indoor meet will give the student body a fine chance to remedy this state of affairs by attending this meet and giving the candidates for the team the right kind of encouragement with which to start the outdoor training. They need the support of the students, and it is only in order to develop a winning team.

The meet this afternoon will be exceptionally interesting, on account of the great number of relay races, which are always the most interesting events of a track meet.

Your class will be represented by a relay team, your fraternity, your literary society, your preparatory school, your favorite sport. Attend the meet and encourage the men.

MORE AND MORE PLAYS.

The court and moonlight scenes from "The Merchant of Venice" are to be presented by a group of students under the direction of Mrs. Potter, sometime next week.

AT THE THEATRES

Metropolitan—Wright Lorimer is starring in a spectacular representation of the early life of David.

THE TALE OF PERFECT TIME IN A WATCH

From Mainspring to Hairspring—Between them lies the secret

The mainspring is the power which it transmits to the active parts of the watch. The hairspring has the control and regulates the motion. The fitting is most delicate. Imagine a hundredth part of a hair—impossible, isn't it? Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt, lack of oil, etc., destroy these perfect fittings. Do not let your watch run to ruin from neglect. Remember our business is the care of watches and our opinion costs nothing.

WISCONSIN DOPISTS FIGURE.

Wisconsin "Daily Cardinal" claims the western basketball championship for the Badgers, basing their claim on the Cardinal's lead over the other league teams in not only the total number of points scored, but also in the number of field baskets thrown and comparative scores.

The total scores of the three leaders are: Wisconsin, 271; Chicago, 209, and Minnesota, 200, and the Badgers lead the league in field baskets by ten more than the second, Chicago.

Custom requires at Syracuse that freshmen wear a distinctive class cap of a violent greenish tint.

COMMUNICATION.

The proposed amendment to the constitution of the Daily Association, whereby the managing editor and business manager will be elected by the board of publishers, will not be good for the Daily.

It will bring back the evils of the old corporation, which we fought so hard to remove last year.

The proposed amendment, if adopted, will have several bad effects, among which are:

First: If the officers are elected by the board of publishers those officers will not be directly responsible to the student body. This lack of responsibility was the great evil in the old system.

Second: If the managing editor and business manager are elected by the board of publishers, that board will lose its non-partisan character. Members of the board will be elected according to the men whom they will support to fill the two chief offices on the Daily staff, since the students are more interested in the men elected to head the Daily staff, than in the men elected to the board. It will simply make politics more complex. Under these circumstances, the board will really be subordinate to the Daily officers.

Third: Under the old system, advertisers refused to advertise on the ground that the Daily was not a popular student paper. Under the proposed change, the Daily will be further removed from the students, and the old objection will be raised.

The Daily must depend for its support upon the student body. It can not get that support unless it remains thoroughly a popular publication and the direct organ of the students.

ROUSING MEET FOR "GRADS."

One of the best meetings in the history of the graduate club was held at the home of Dr. and Mrs. Klaeber. Dr. Klaeber and Dr. Eddy, dean of the graduate school addressed the club, the former on "German Schools," in which he gave a partial story of his own life as student, the latter on "Universities of England." Dr. Bauer and Dr. Savage spoke on the merits of Columbia and Johns Hopkins.

SPECIAL DISCOUNT AT MOREN'S 620 NICOLLET

**HARRY MITCHELL'S
EDITORIAL**

With Easter only a few days off you cannot delay ordering your new suit.

For goodness sake don't put it off till the last minute and then have to go to a hand-me-down store.

If you do you won't stop kicking yourself for the rest of the summer.

I've got a big enough force to take care of all orders and get them out in time for Easter.

So I say, come to my store tomorrow, select your own fabrics and for \$15, \$20 or \$25 I'll make you a suit the equal of any other tailor's outfit for \$30, \$35 or \$40—a suit that no ready-made guy could give you at any time.

Yours truly,

HARRY MITCHELL
STORE, 310 NICOLLET

BADGERS GET COLD FEET.

After hearing that Chicago was defeated by Minnesota at basket ball Saturday night, Dr. Hutchins said that there was a probability that the triple tie among Wisconsin, Chicago and Minnesota would not be played off as the badgers have gone out of training and it would be difficult to get them on edge again. We are sorry to learn this, and feel sure if the badgers had the opportunity to put their feet in a pair of Wilson Bros.' imported hose they would take a brace. See the window display at the Collee Toggery.
