

C-C-Clinic.

C-C-Cavalcade.

In the first picture, a clinician watches closely while a student fakes a stuttering spasm. This "faking" is voluntary stuttering and paves the road for better control. "Sided" tests, illustrated in the second picture, are

given to determine what makes a person stammer. This student, with both hands on an angle board, writes a word and rewrites it again while blindfolded. The clinician will note which hand reverses the writing.

Getting chatty with yourself in front of a mirror is a strange assignment, but this type of exercise, demonstrated in the third picture, gives the stutterer a chance to "see himself as others see him."

No Faltering as . . . Stutterers Demonstrate

"Lappy," "Sissy," "Rosy" and "Donald Duck" are all stutterers who took part in the annual speech clinic demonstration Wednesday. Playing before about 350 persons, the students sang, admitted their worse faults and their embarrassing nicknames.

Two persons with cleft palate speech explained how they were correcting their speech which ordinarily is hard to understand. The Maico Audiometer was demonstrated by a student who has difficulty in hearing upper frequencies.

One coed who used to be so nervous that she would lose her voice in public speaking, spoke without a falter and with clear enunciation.

Not too serious—to have fun, the twelve stutterers sang some original ditties, "Three Stuttering Sisters," "It's a Good Time to Get Adjusted," and "C-C-Clinic."

Objectivity plays an important part in overcoming stuttering and other speech difficulties. To aid in achieving an objective attitude, the students face themselves in a large mirror, and talk about their faults and weaknesses. One of the girls faced the mirror, saying falteringly, "The thing I hate most about myself is my figure." While they seem brutally frank, they are actually helping themselves and each other.

These clinic students are not easily embarrassed, for anything goes.

The clinic course is eight weeks, meeting every day Monday through Friday from 8 a.m. to 3 p.m. in Folwell.

Dr Bryng Bryngleson, associate professor of speech, is director of the clinic. The program was given under the supervision of Mrs. Myfanwy Chapman, director of the speech clinic. Assisting her were Miss Marion Shinn and Miss Katherine Thorn.

Kok-saghyz Will Be Tested At U Experiment Station

A tough little recruit has just arrived in the Americas and signed up for war service. Its name is Kok-saghyz, and last year it was grown for rubber on about two million acres in the Soviet Union.

This year, with North and South American countries planting the crop for the first time, the Minnesota experiment station is cooperating with the U. S. department of agriculture and the Lake States experiment station to test the suitability of kok-saghyz for this region.

The Russian dandelion has an advantage over other rubber-producing crops in that it is quickly produced. It is like the sugar beet crop because it must be planted yearly, and once the milk is extracted the plant is dead.

"It is like killing the cow to get the milk," explained Dr E. C. Stackman, chief of the division of plant pathology and botany.

While the production of the Kov-saghyz rubber derivative approximates at the most 200 pounds an acre as against the ordinary rubber plant's 800 pounds, the plant ranks seventh as a rubber producer. It is no longer a matter of economics so much as producing rubber quickly, said Dr Stackman.

Merry Mary Married

Popular Mary Hamilton, Union social program consultant, was married to W. W. DeLapp, mathematics instructor, June 28. They are living at 515 Oak street S.E. Mrs DeLapp will continue working.

No More Pool

P. S. This Story Has No Connection With Billiards

Aeronautical students working in the design laboratory in the aeronautical building will no longer dream up new airplane models in the old swimming pool.

The design lab is located in the room formerly housing the swimming pool. Several years ago half of the pool was boarded over to serve as a drafting room. Because of the demands of the defense forces for more space, the rest of the pool has been planked over this week to provide the necessary room.

Music Hour Canceled

The music hour from noon to 2 p.m. Tuesday in the Union fine arts room has been canceled. The program will be resumed August 4.

MacMillan Quits Basketball Post

Dave MacMillan, for 15 years head basketball coach at the University, Wednesday stepped out of that sport by handing in his resignation to Dr Lou Keller, acting athletic director.

The reason MacMillan gave for his resignation was his poor health in recent years. He will continue on the athletic staff as head baseball coach, assistant football coach and instructor in physical education.

Succeeding Mr MacMillan as temporary basketball coach will be Dr Carl Nordly, associate professor of physical education, announced Dr Keller

Dave MacMillan Quits Basketball

Dr Nordly starred in basketball at Carleton college in 1926 and got his basketball coaching experience at Rochester high school and the Northern Illinois state teachers college. He is now doing physical education work in Denver, but he agreed before he left to assume the basketball coaching duties.

Mr MacMillan came here from the University of Idaho where he was the basketball coach.

Minnesota teams during the 15 years of his basketball reign captured one Big Ten championship, took second place four times and wound up in third place three times.

Before assuming coaching duties MacMillan starred with the famous New York Celtics, for many years pro champions.

U Test Blackout Called Success

The University's test blackout held at 10:30 p. m. Wednesday was a complete success, according to W. V. Blomquist, assistant supervising engineer.

No violations of the "lights out" order were reported by buildings and grounds employes who patrolled the campus.

The campus blackout was under the supervision of William F. Holman, supervising engineer, and Mr Blomquist.

First Term Golf, Tennis Matches Draw to Close

First summer term golf and tennis tournaments are either concluded or in the finals.

Vincint Allin and Gale Burton won the men's doubles tennis tournament and Zella Ball is the new women's tennis champion.

Playoffs in the men's singles tennis tournament find division winners John Voigt, Vincint Allin, John Fly and Art Raetz competing for the championship.

Bill Inglis plays John Holmberg in the final round of the handicap golf tournament.

Similar tournaments are planned for next session.

New Age Limits Set For Navy Reserve

New age limits for the navy reserve programs were announced today by Captain E. S. Root, director of naval officer procurement for the ninth naval district.

The limits now are: V-1, 17-26 inclusive; V-5, 18-26 inclusive; V-7, 19-27 inclusive. Other requirements remain unchanged.

U Registration In Advance Closes Today

Blanks Available In Administration

Advance second summer term registration for students in all colleges will be completed today.

Students in all colleges except the Institute of Technology and the Graduate school may get registration blanks at the information window of the office of admissions and records in the Administration building. Blanks for graduate students are available in the Graduate school office. Institute of Technology students except chemists should report to 115 Engineering, Chemists should report to 213 Chemistry for registration blanks.

After the registration blank is filled out, it should be signed by an advisor for the college in which the student is registered. Graduate school blanks must be approved by the department in which the student is majoring and the Graduate school.

Students may not take more than three courses of three credits each or two courses of five credits each without the consent of the students' work committee of the college concerned.

Approved registration blanks should be turned in at the students' college window in the office of admissions and records before 2:30 p.m. Friday to obtain fee statements. Fee statements will be placed in Post-office boxes of students who turn their blanks in at other offices.

Fees must be paid at the Bursar's office before 4 p.m. Monday.

U. S. Pole Vault Champ to Miss Aquatennial Meet

Track Coach Jim Kelly announced recently that pole vault champion Cornelius Warmerdam would not be able to jump in the Aquatennial track meet in Memorial Stadium Saturday.

The California champion planned to give an exhibition here, but he has not been able to get over 13 feet, 6 inches since spraining his ankle. This is much shorter than his 15 feet, 7 3/4 inch record, and he does not want to make the trip in his present condition.

Gopher Jack DeField will give a pole vault exhibition as planned.

Hurdler Frank Adams will be in the meet as well as Ray Milberg, weight man from Duluth. Dick Luckemeyer, 1940 state sprint champ, will also enter.

Administration Notices
NOTICE TO SUMMER SESSION STUDENTS AND INSTRUCTORS
Classes for the second term of the Summer Session will meet for the first time on Monday, July 27.

VACANCY IN NON-ACADEMIC STAFF
Existing vacancy: Sr. Clerk-Stenographer. For detailed information, see bulletin board in the Administration building.

Admissions, Registration, Etc.
ADVANCE REGISTRATION FOR SECOND TERM, SUMMER SESSION
An advance registration period has been arranged to make it possible for students in residence to register early and eliminate the necessity of registering with the incoming students on July 27.

Students in all colleges, except Chemistry, Nursing and Physical Therapy may register on July 26-24. School of Nursing registration dates—July 20-23, Chemistry July 21-22, Physical Therapy, July 24.

Students in all colleges (except Institute of Technology and Graduate School) may secure registration blanks and bulletins at the Information Window, Office of Admissions and Records.

2. After blank has been filled out completely, including personal information requested, it should be presented by an adviser for the college in which you are registering.

3. Turn in your approved registration blank at your college window in the Office of Admissions and Records before 2:30 p. m. July 24 and receive a statement of fees. Fee statements for those students who turn blanks in at offices other than the Office of Admissions and Records will be placed in their post office boxes.

4. Pay fees at Bureau's office before 4 p. m., July 27 to avoid late fee. Students should not attend class until fees are paid.

5. Students should retain their fee receipts throughout the summer term and have them available to present to instructors and others upon request.

6. Students who are not continuing for the second term, should turn in all university material or equipment such as library cards, books, locks, keys, laboratory or gymnasium equipment before July 24.

7. Refunds on general deposits. The balance of the general deposits of all students, except Graduate school students, who attend the first term and are not registering for the second term of the Summer Session will be mailed to the home address of the student about August 14.

8. Grades for the first term of the Summer Session will be mailed August 7. Reports will be sent to the home address of the student as given on the registration blanks.

9. Instructors reports of grades for I term summer courses should be turned in to the Admissions and Records office before 12 noon, Tuesday, July 28.

10. Recreation activities for Summer Session. Excursions—Every Monday, Friday and Saturday as a rule.

11. Table Tennis—Four tables on the fourth floor of Cooke Hall.

12. Badminton for Men and Women—in Cooke Hall gymnasium, third floor, Wednesday 3:00-5:30.

Excursions, Monday, July 27. The first excursion for second term Summer Session students will be a guided tour through the Coffman Memorial Union at 2:00 o'clock Monday afternoon, July 27.

Refunds on general deposits. The balance of the general deposits of all students, except Graduate school students, who attend the first term and are not registering for the second term of the Summer Session will be mailed to the home address of the student about August 14.

Grades for the first term of the Summer Session will be mailed August 7. Reports will be sent to the home address of the student as given on the registration blanks.

Excursions, Monday, July 27. The first excursion for second term Summer Session students will be a guided tour through the Coffman Memorial Union at 2:00 o'clock Monday afternoon, July 27.

Refunds on general deposits. The balance of the general deposits of all students, except Graduate school students, who attend the first term and are not registering for the second term of the Summer Session will be mailed to the home address of the student about August 14.

Grades for the first term of the Summer Session will be mailed August 7. Reports will be sent to the home address of the student as given on the registration blanks.

Excursions, Monday, July 27. The first excursion for second term Summer Session students will be a guided tour through the Coffman Memorial Union at 2:00 o'clock Monday afternoon, July 27.

Refunds on general deposits. The balance of the general deposits of all students, except Graduate school students, who attend the first term and are not registering for the second term of the Summer Session will be mailed to the home address of the student about August 14.

Grades for the first term of the Summer Session will be mailed August 7. Reports will be sent to the home address of the student as given on the registration blanks.

Excursions, Monday, July 27. The first excursion for second term Summer Session students will be a guided tour through the Coffman Memorial Union at 2:00 o'clock Monday afternoon, July 27.

Refunds on general deposits. The balance of the general deposits of all students, except Graduate school students, who attend the first term and are not registering for the second term of the Summer Session will be mailed to the home address of the student about August 14.

Grades for the first term of the Summer Session will be mailed August 7. Reports will be sent to the home address of the student as given on the registration blanks.

Second Term Courses Cancelled
Pol. Sci. 137su, American Political Parties. Pol. Sci. 148su, European Dictatorships.

Department of Mathematics
The following new courses for the second term of the Summer Session are offered, tuition free, under Engineering, Science, Management, War Training Program to teachers of Mathematics in high schools and junior colleges and to students who are training to become teachers of mathematics.

Mathematics 64, Mathematics with Wartime Orientation for High School or Junior College Teachers. Objective: to acquaint teachers with parts of mathematics which are important in the war effort, in order to provide these teachers with a background for adjusting their courses to national needs.

Mathematics 55, Basic Content for Teachers of high school mathematics particularly in those cases where teachers have not been instructing classes recently in tenth or eleventh grade mathematics.

Department of Speech
Addition to Second Term Curriculum Speech 68su, Radio Speech. Speech arts and psychology of the radio.

Department of Astronomy
Astronomy 20su, Celestial Navigation, will be offered during the second term of the Summer Session if registration is sufficient.

Department of English
Addition to Second Term Curriculum Composition 5su, Freshman Composition. A continuation of Composition 4.

Institute of Technology
School of Chemistry Inorganic Chemistry 169 and 110 Synthetic Inorganic Chemistry

College of Education
There will be no second term courses in Industrial Education. Students seeking advice about other courses of the University, to be taken in pursuance of undergraduate or graduate programs in this field, may confer with Professor Homer J. Smith at 205 Eddy Hall on July 24 and 27.

Ed. Ad. 115su, Organization of the Elementary School, will meet in 114 University High School instead of 202 Pattee.

Ed. Ad. 125su, Supervision and Teaching of the Social Studies, will meet in 209 Burton instead of 106 Pattee.

Ed. Ad. 126su, Introduction to Statistical Methods, will meet in 205B University High School instead of 106 Pattee.

Physical Education for Men
Additions to Second Term Curriculum P.E. 5A, 6A, 7A, 53, 54, 55su. For a description of these courses and for the hours at which they will be given, see the offerings under the First Term of the Summer Session, pages 98 and 99 of the Summer Session Bulletin.

Second Term Courses Cancelled
P.E. 134Edu, The Curriculum in Physical Education in Secondary Schools and Colleges.

P.E. 137 Edu, Recent Literature and Research in Physical Education. P.E. 141su, Administration and supervision of Public Recreation.

Second Term Course Change
P.E. 136su, Leadership in Recreation, will meet MTWTFV instead of at 7:00 a. m. Mr. Piper will be the instructor instead of Mr. Haislet.

Institute of Child Welfare
Changes in Rooms for Second Term CW 80su, Child Psychology, will meet in 102 Folwell instead of 202 Pattee.

School of Business Administration
Additions to Second Term Curriculum B.A. 133su, Standard Costs. The methods of standard costs.

obtaining the large volume and wide variety of materials needed for the prosecution of the present war effort. The course will be of particular value to business men interested in obtaining government contracts, and to students who may enter government service either as civilians or in certain branches of the military forces. (5 credit; sr., grad.; MTWTF 11; 105VE.) Mr. Chute.

GRADUATE SCHOOL The final oral examination of Willard Jesse Hadley, candidate for the Ph.D. major Pharmaceutical Chemistry, minor Pharmacology, will be held on Monday, July 27, 1942 at 2:00 p. m. in Pharmacy 201.

Four U Recitals Planned for 2nd Summer Session

The music department will present four recitals during the second term of the summer session. William Lindsay, professor of music, will give a piano recital on August 5, in the Music auditorium. The second recital will be given by an instrumental trio, consisting of David Ferguson, cellist; Marie Shefeluk, violinist, and Charlotte Smale, pianist, on August 13, in the Music auditorium.

U Hospital Gets New X-Ray Equipment Valued at \$14,000

The University Hospital has acquired new X-ray therapy equipment which is almost twice as powerful as the older machine of 220,000 volts.

The equipment is housed in a lead-walled room. The doors to the room are in two sections and are three inches thick. Before the X-ray therapy can be turned on the doors to the room must be closed. If these precautions were not taken the radiations would affect the operator.

erful in voltage, would perhaps be only 10 per cent more efficient than the older machine.

X-rays are omitted through a lead aperture which can be contracted and expanded much the same as the aperture in a candid camera. The rays can be focused from a comparative large area to a pin-point.

Practically the entire effectiveness of the new equipment depends on the operator. If the

X-ray therapy is not handled efficiently the radiations may burn the patient.

Of the cases handled by X-ray therapy, 75 per cent are for cancer. It is used almost exclusively for internal cancer which requires a focused, penetrating radiation.

Dr Stenstrom pointed out that X-ray therapy was preferable to radium in the treatment of internal cancer while radium is more often used in surface cancers.

'Braille' Globe Used To Teach Navigation

The replica of the "Blind Man's World" pictured in the current issue of Life magazine is being used in the astronomy department to teach navigation classes.

The three-foot globe with mountains, longitude and latitude lines in relief was constructed by a WPA art project

GRYCE STINE RESORT Eight large modern housekeeping cabins, widely spaced on heavily wooded quarter mile of lakeshore; seclusion, relaxation, study or healthful exercise. Electric lights, gas, showers, flush toilets. Badminton, shuffleboard, archery; swings, teeter, merry-go-round for children. Good fishing, guides, bait. Hay Fever Relief. Write or Wire for Reservation. A FAMILY RESORT. Gryce Stine Resort—Bemidji, Minn.

BACK FENCE

Notes Daily Omission To the Editor: May I call your attention to what appears to be an oversight in the issue of The Minnesota Daily for July 17. An article on page 1, relative to Phi Delta Kappa, says that one Negro graduate student was admitted to membership this week. There were two Negroes admitted to membership. I was admitted along with Mr Woolfolk.

The operator views the patient under treatment through a heavy glass window which has been treated with lead.

Dr Stentrom of the cancer institute stated that the new machine, even though almost twice as pow-

ROTC Cadets Get Intensified Phy Ed Program

Minnesota's military department has intensified the physical conditioning program of the 60 ROTC cadets in summer school. Cadets have done calisthenics during the regular drill hours. Later in the second session they will go on two-hour road hikes.

Expansion of the athletic program has been handicapped by lack of equipment, however, Captain Hess said. The only thing that the department can do at present is to advise the men to plan regular conditioning sessions for themselves at Cooke hall.

The University of Michigan course simulates actual battle conditions. All men students spend four and one-half hours per week climbing barbed wire entanglements, scaling walls and swinging monkey fashion over water hazards.

GIRLS of MINNESOTA "U" BE SMART—ATTEND A SMART SCHOOL OF BUSINESS DAY SCHOOL strictly reserved for GIRL GRADUATES of HIGH SCHOOLS and COLLEGE WOMEN. No others admitted.

World Affairs Offers \$500 Essay Contest

A \$500 price will be awarded by World Affairs magazine to the best 5,000 word essay written by a college undergraduate on the subject, "Collaboration Between the United States and the British Commonwealth of Nations for Postwar World Order."

Entries for the contest must be submitted to the editors of World Affairs, Washington, D. C., not later than January 1, 1943. Entries should be accompanied by a statement that the student is registered in the University.

Entries must be specially prepared for this contest; no previously published article may be used.

A bibliography of references used in preparing the essay must be included. Footnotes are not required. The winning essay will be published by the American Peace society and will become the property of the society.

The essay must be typed double spaced on one side of white paper, size 8 x 10 1/2 inches with a left-hand margin of two inches.

University Aids State In Posture Campaign

The University is cooperating with the Minnesota public health association in making plans for the annual posture campaign to be held in October. A series of pictures for posters and Everybody's Health magazine are being taken of Mary Ellen Romer, Maurice Ostrander and Ensign Eric Bloomfield.

Gertrude Baker and Helen M. Starr of the women's physical education department, and Clarence R. Osell, instructor of orthopedics, are in charge of the campus pictures.
