

THE MINNESOTA DAILY

Vol. VII

THE UNIVERSITY OF MINNESOTA, TUESDAY, OCTOBER 3, 1905

No. 11

RULES ADOPTED BY CONFERENCE

NEW COMMITTEE IS ORGANIZED ON ELIGIBILITY.

Regulations proposed last spring were passed on Saturday. Legislation met with very little opposition.

That residence during summer sessions be not counted as residence for the provisions of rules one and twelve.

That any athlete whose board bill is in arrears at the training-table shall be ineligible to compete in athletic contests until the bill is paid.

That the plan of incorporation of the managing committee of the Track and Field Meet be approved, and the secretary-treasurer be hereby directed to turn over the \$1,500 reserve fund to the corporation in payment of capital stock subscriptions.

That this Conference appoint a committee on eligibility, consisting of three members, to serve for three years, and which shall have final jurisdiction in all cases brought before it, and which may be of the following nature:

a Appeals made by any athletic committee or board of control from the decision of any other athletic committee or board of control touching the eligibility of students for athletic competition.

b Questions as to eligibility directly submitted by the various boards and committees without appeal.

c Questions as to the eligibility of students from non-conference colleges who are entered in the annual Track and Field Meet of this Conference.

That in case one or more members of the committee are from colleges inter-

(Continued on page 3.)

SENIOR CLASS ELECTS TODAY

WILL CHOOSE OFFICERS AFTER 4TH HOUR.

Mowry and Sinclair are the only candidates mentioned for presidential honors.

The Senior class election will be held today after the fourth hour in Professor Frankforter's Chemistry lecture room.

The contest centers around the presidency, for which office John F. Sinclair and H. W. Mowry appear to be the only candidates. There is some talk of a third contestant, although it is hardly deemed probable that any Senior would come forward at such a late hour. Sinclair is the man chosen by the Academic caucus last Friday and Mowry is the Engineer candidate.

Little or no interest is being taken in the other offices, and beyond the mention of Irene Radcliffe for secretary no candidates for the lesser positions have been brought forward.

NOTICE.

Examinations for promotion in the Cadet Corps will be held in the large lecture room in the Physics building Wednesday, Oct. 4th, at 1:00 p. m.

Open to all cadets, private, non-commissioned officers and officers.

WOMAN'S LEAGUE.

Opening Reception Will Be Held Next Saturday.

Invitations were issued yesterday for the opening reception of the Woman's League to be held in the Armory next Saturday afternoon from three to six.

All women in the University are invited and if any did not receive a personal invitation it should be regarded as merely an oversight.

Arrangements for the reception are in the hands of an efficient committee and are nearly complete.

The program will probably open with a farce, and the remainder of the afternoon will be spent in dancing.

A large number of the faculty women have promised to be present, so that an opportunity will be given to the Freshmen girls to meet the wives of their professors.

AUDITING BOARD DRAWS UP RULES

PROVISIONARY COMMITTEE PROVIDES FOR KEEPING ACCOUNTS.

Regular Board will hold meetings in the first Saturday of each month. Engineers select A. L. Reed as representative.

Saturday afternoon the Provisional Auditing Committee met in Professor Anderson's seminar room and drew up regulations to submit to the regularly-constituted Auditing Board which was to be organized about October 1st.

The regulations are as follows:

1. Every organization must keep a set of books showing receipts and expenditures, and these books shall be open to members of the organization and of the auditing board.

2. These books shall be audited at least once per semester.

3. All expenditures above \$1 must be certified by a voucher.

4. Accounts of petty expenses incurred by officers shall be submitted at least once a month.

5. All money received by an organization shall be deposited in a bank separate from the treasurer's private account. All expenses must be paid by check.

The provisional board consists of four faculty members and three students, all chosen by the faculty.

The regular auditing board will consist of five faculty members elected by the faculty and four students, one elected by each department.

The Engineers have already elected A. L. Reed, and the Laws, Burr Dickinson. The other two departments have held no elections as yet.

The Board, when constituted, will hold regular meetings on the first Saturday of each month. The president must be chosen from the faculty members, the secretary and assistant secretary from the student members and the vice-president at large.

Preceding the meeting an informal conference was held with the treasurers of several organizations, including the Band, the Dramatic Club, Y. M. C. A. and Y. W. C. A., Woman's League and Engineer's Year Book. Conferences had already been had with representatives of the Daily, the Gopher and the Magazine.

DR. STORMS TO SPEAK TONIGHT

DR. STORMS' SUBJECT WILL BE "CHALLENGE TO MANHOOD."

President of Iowa State College will address Minnesota men under auspices of Y. M. C. A.

Dr. A. B. Storms speaks to the student body in chapel this evening at seven o'clock on "The Challenge to Manhood."

He began his career as the pastor of a small church in Dubuque and was so successful that on the death of W. M. Beardshear, he was called to the presidency of Iowa State College, which office he holds at the present time.

Dr. Storms is of commanding presence and delightful personality, a powerful speaker, a brilliant student, a keen thinker—altogether a man well fitted both by calling and character to address college men on matters connected with university life.

NEW APPARATUS RECEIVED.

Valuable additions to the equipment of Mathematical department.

The department of engineering mathematics is rejoicing over the possession of the following apparatus just received for illustrative purposes: A Thatcher's Slide Ruler; an Amster's Polar Protractor; a Boucher's Calculator; a micrometer caliper and a champion duplicator.

It is hoped that some valuable reference books may soon be added to the library for use in this department.

MEDICS WILL HAVE ANNUAL

MEDICS DECIDE TO BREAK AWAY FROM GOPHER.

Book will be published by a board of Junior Dents and Medics.

In accordance with the decision made last year the Junior class of the College of Medicine will publish an annual of their own. This publication will be entirely separate from the '07 Gopher and will be edited by a board chosen from the Junior class of the Colleges of Medicine and of Dentistry and Pharmacy.

This annual will follow along the usual lines of Medical and Dental annuals published at other colleges.

It will contain articles written by medical authorities and many of its illustrations will be of the work carried on in the department, such as scenes in the laboratories, hospitals and other work rooms.

Besides these contributions of a serious nature, there will be the usual grinds and other things in a like vein.

The members of the board are as follows:

Editor in Chief, A. Barclay, M.; Assistant Ed. in Chief, N. E. Page, Dent.; Bus. Manager, Geo. Cutts, Med.; Ass't. Bus. Manager, G. M. Brown, Dent.; Associate Editors: Fred Poppe, E. J. Ecklund, Mary McMillan, S. B. Pond and two Dents not yet elected. Artists: J. Lindstrom, C. O. Estrem.

RECEPTION A SUCCESS.

Christian Associations Entertain for the

Faculty and Students.

One of the prominent week end functions was the annual Y. M. and Y. W. C. A. reception to the faculty and students last Saturday night at the Armory.

There was a very good attendance in spite of the inclement weather.

President Northrup, Professor and Mrs. Eddy, Mr. and Mrs. Peter Hanson, Miss Jeraldine Brown, Edna Gould and Mr. Babcock composed the reception committee. A minstrel quartet furnished music, after which Professor Eddy in a few brief remarks spoke of the work of the two associations.

Frappe was served and the remainder of the evening was spent in an informal way characteristic of these joint receptions.

VARSITY PLAY IS IMPROVING

SATURDAY'S GAME SHOWS RESULTS OF WEEK'S WORK.

Both teams play more accurately—individual work is good.

The Varsity, in Saturday's game, showed a decided improvement over its work of a week ago. The same vim and dash were present, but made more effective by greater precision and an indication of team play, the lack of which was so apparent in the first game of the season.

There were fumbles but none of them costly. One at least proved fortunate, enabling Cutting to make his spectacular

sixty yard run for the second touch-down against Shattuck.

Big gains were noticeable thruout the first half, and although Shattuck was gritty, the Varsity never allowed them to make first down.

The second half was less spectacular and more evenly contested, five and six yard plunges taking the place of fifteen and twenty yard gains.

Individually the work of the men on both teams was

very satisfactory. Cutting, of the first team, and Frykman and Schuknecht of the second, deserve special mention.

Cutting so far is holding down end in fine style. His swiftness of foot and ability to spot the man with the ball fit him for the place and he shows up strong both in offense and defense.

Frykman held his own fairly well punting against Jones. His line bucking was hard and sure at all times.

Schuknecht averaged the longest gains of any man on the second team, and he had one touchdown to his credit. His weight is in his favor and he plays with a spirit which counts.

Greaves and Cutting both showed up well in kicking goal.

In the first half the Varsity made a score of 25 to 0 against Shattuck, and in the second half the second team rolled up 15 points against Pillsbury Academy.

SENIORS ATTENTION.

The Senior class election will be held in Frankforter's lecture room today immediately after the 4th hour. Note the place.

Today's Issue Edited by
Wm. Dawson.

The class of '06 will meet today, for the purpose of selecting its officers for its Senior year.

The contest up-to-date has been of a character to do credit not only to the candidates themselves but to the whole class. Few political fights have been carried on in such a quiet, dignified manner or with so marked an absence of factional bitterness. This can be attributed to no lack of interest in the outcome, for the Senior presidency is undoubtedly the highest honor within the bestowal of the class; it is, rather, an evidence that the students have at last awakened to the fact that elections must be decided according to the merit of the candidates, and not according to the vote-gathering abilities of their self-seeking backers. That such a condition should be manifested in a Senior class election is particularly gratifying.

Rotten college politics are always out of place, but never more so than in that body to which underclassmen must naturally look for leadership. The president of the Senior class should be a man of moderation, a man who will have the respect of his class and college, and such men are not apt to be selected by corrupt methods and party manipulation.

Unless the last few hours of the impending election should develop an unlooked for return to "rotten politics," the Senior class will be able to say that for once at least an honorable man has been chosen to office in an honorable way.

DAILY STOCKHOLDERS.

The Minnesota Daily Stockholders will please note Section 3 of the by-laws of the Minnesota Daily Company, which reads as follows:

"When a shareholder leaves the University his share shall revert to the corporation unless transferred to some student before the 15th of October of the year following."

Persons desiring to have their stock transferred can see the business manager of the Daily any morning in the Daily office from 8:00 to 8:30.

TO OLD SUBSCRIBERS.

All old subscriptions to the Minnesota Daily will be continued over for the ensuing year, unless notice of discontinuance is given to the business manager.

ARCHITECT AT WORK.

Sketches will soon be submitted for Woman's Building.

Ernest Kennedy, the architect for the new Woman's Building, is working on sketches which he will submit to the league for approval.

As soon as it is decided exactly what is wanted, Mr. Kennedy will proceed with the plans. These will probably be ready in time to start building early next spring.

SOPHOMORE POLITICS.

The Sophomore election will take place after the 4th Hour next Friday in Professor McClumphe's room. One or two candidates for offices have already appeared and it is expected that a number of others will announce their candidacy in a day or two.

Orrin Safford, of the football team, has decided to run for the presidency, and Maude Bush, of the Minerva Society, is a candidate for the office of Secretary. Larkin the popular Engineer and quarterback, has been mentioned for the office of treasurer.

GAME TOMORROW AT 3:30.

Tomorrow afternoon at 3:30 the Varsity will lineup against St. Thomas. The halves will be twenty minutes. Ed. Rogers, captain of the 1903 team, is coach of St. Thomas and he will give the Varsity as stiff a game as he can furnish. A good crowd is expected. Tickets will be twenty-five cents to all parts of the stand.

CONDITIONED STUDENTS.

Special classes formed Sept. 25th at Minneapolis Classical School, 1228 4th St. S. E.

RULES ADOPTED BY CONFERENCE

(Continued from page 1.)
ested in any case to be considered, it shall be the duty of the chairman of said committee to advise the President of this Conference of the fact, and he shall appoint some other member or members to act in said case.

That said committee is authorized to incur any necessary expenses, which shall be paid by the treasurer of the Intercollegiate Conference Athletic Association, when duly allowed by this Conference.

That in determining the amateur standing of any student, athletic boards and faculty committees are not restricted to the consideration of positive evidence, but are at liberty to consider the circumstances of the case and common report as a basis of action.

That, in the opinion of the Conference, student membership in athletic clubs is demoralizing to amateur college sport, and should be discouraged; and that we hereby agree not to give permission to compete for any athletic club, either in term-time or vacation.

It is understood that questions of eligibility which depend on the interpretation of what is a college, and of the four-year's rule, shall continue to be referred to the arbitrator.

The above rules of the College Conference were accepted at their last meeting in Chicago on Saturday last. When seen yesterday Dean Jones said that they were adopted with little discussion.

REGISTRATION WITHHELD.

Students Should See Registrar At Once

The registration of the following students is being withheld for various reasons. Those whose names appear on this list should call at the Registrar's office at once and have the difficulty settled.

Engineers—Chas. R. Conkly, J. Crowley, L. F. Evans, L. R. Evans, W. J. Finke, F. W. Fiske, N. Gilman, Mildred Haggard, Henry A. Hubbard, William Hull, Harry Lathrop, Francis Locke, Homer Merricks, Walter Miss, Day L. Oakes, William Van Sivklen.

PROF. HAYNES HONORED.

Congratulated by Pres. Roosevelt on Success of Soldiers' Memorial.

The following letter has been received by Professor Haynes in response to a brief note with which was enclosed a copy of the recently completed roster of the students of this University who were in the Army or Navy of the United States during the war with Spain, and a statement of the facts with relation to the monument to be erected on the campus to their memory.

The White House, Washington.
September 26, 1905.

My Dear Sir—The President received your favor of the 23rd instant, and thanks you for calling attention to its enclosure in which he was greatly interested. He congratulates your committee on the success which it has achieved.

Very truly yours,
Wm. Loeb, Jr.,
Secretary to the President.

Mr. Arthur E. Haynes, Chairman,
University of Minnesota,
Minneapolis, Minn.

Y. W. C. A. AND Y. M. C. A. NOTES.

The Student Volunteers from all Minnesota Colleges met at Hamline University Thursday evening. There are about one hundred volunteers in all and they will meet at Minnesota "U" in the latter part of October. Almost half of the members are planning to attend the national convention at Nashville, Tenn., in February.

Mr. A. B. Storms, president of Iowa Agricultural School at Ames, will speak on "Challenge to Manhood" at the Y. M. C. A. Tuesday evening.

Mr. C. D. Hurrey of New York spoke to a large audience Wednesday evening at the Y. M. C. A.

The class in Bible study at the Y. M. C. A. is growing rapidly. There are already 162 members and the directors are having some trouble to accommodate the class.

LEAGUE'S CALLING LIST.

Calling lists including all the faculty women have been made out by the officers of the Woman's League and a section assigned to each member of The Council. Each girl will make it a point to call upon the faculty women assigned to her and to interest them in the work of the League.

This method will be kept up during the entire year, so that all the women connected with the faculty will be kept in touch with the Woman's League and thus become better acquainted with the college women.

LANGUAGE CLUBS.

The University Spanish Club is making arrangements to have its opening meeting in the near future when the annual election of officers will occur and plans for the coming year will be discussed.

The club last year, though a new organization, was well supported and had a profitable year. The membership reached twenty-eight and it is probable that it will be larger this year.

PICKPOCKETS AT WORK.

During the excitement of Tuesday's cane-rush four gold watches were taken from the pockets of various students.

One Freshman entrusted his gold time-piece to the care of an interested non-combatant who stood in the first row of onlookers. When called upon to deliver the goods at the close of hostilities he was not able to do so. Some one, more interested in solid gold watches than in athletics, had relieved him of the watch.

The other three were taken in the midst of the scrimmage and no trace of them has yet been found.

President Northrop is engaged to speak at Red Wing on the evening of October 13th, and at Everett on Nov. 10.

Jessie Weir, '08, left the first part of the week for Los Angeles, Cal., where she will continue the study of music.

ACCOUNTS OF STUDENTS SOLICITED

BOTANISTS TO OSCEOLA.

Dr. Rosendahl, Mr. Huff and Mr. Butters of the botany department will make a trip to Osceola, Wis., today to collect material for the botany classes. This town is noted among botanists for its fine assortment of various moss and liverwort specimens. Every year a number of the U. professors go there and ship to their department several boxes of choice material.

BOOKS FOR BOTANY.

Several hundred volumes will soon be added to the botanical library. The magazines of the past two years have been collected and are soon to be sent to the binders.

They are devoted to botanical interests and are written in English, Spanish, Italian, French, German and Japanese.

Dr. Rosendahl's tea yesterday at 4:00 in the botany room was a delightful affair. Professors and assistants of the botany department were present. Two East High School teachers, Miss Young and Miss McMillan, '04, were guests.

Clarence B. Randall, Law '05, is practicing law at Morris, Minn. Randall is successor to R. A. Stone, who is now assistant attorney general.
