Changes in Registration

Spring 1934
All students who find it necessary to change their spring quarter registrations for any reason (failure in prerequisite course, bulletin changes, conflicts, personal, etc.) should report to their college office during the registration period March 31 or on Monday and Tuesday, April 2-3 to make the desired change in registration, by filing an approved cancel-add slip and class cards. Beginning Wednesday, April 4, changes in registration will be allowed only upon the specific approval of the Students' Work Committee of the college concerned. All changes made on April 4 will require the payment of a late fee of \$3.00 after which the penalty will increase at the rate of \$1.00 per day to a maximum of \$10.00.

Payment of Fees

SPRING QUARTER FEES MUST BE PAID BY MARCH 22 TO AVOID PENALTY

1. Statements of spring quarter fees have been mailed to the post office boxes of all students registered for the spring quarter in Business Administration, Dentistry, Medicine, Law, Home Economics, University College, Education and Graduate School, to all students registered this winter in Pharmacy, Nursing, Medical Technology, Mines and Metallurgy, Dental Hygiene, Chemistry, Engineering and Architecture and to all students in Agriculture and Forestry and the College of Science, Literature and the Arts who register in advance for the spring quarter. Unclassed Science, Literature and the Arts students will receive their fee statements when they turn in their spring quarter registrations as outlined in the advance registration procedure. March 22 is the last date for payment of spring quarter fees without penalty. Payments received after that date must bear a postmark prior to 12:00 o'clock midnight on March 22 to avoid penalty. The penalty for late payment is \$2 through March 31, 1934. Beginning April 2 the late fee will be \$3 and will increase at the rate of \$1 per day thereafter to a maximum of \$10. Students who must write home for money or make loans are especially urged to complete such arrangements within the time limit in order to avoid penalty. Students are urged to mail their remittances early.

2. Fee statements are issued on the basis of the records as they now appear. Approved petitions or memoranda modifying the records, and consequently the fees, should be filed within the time limit. If not, the student should pay the full amount of the statement and secure a subsequent refund if necessary.

3. Remittances should be for the extra amount of the fee statement; the bursar cannot accept checks, drafts, or money orders in excess of the amount due. Insufficient or incorrect remittances will be returned to the student at his own risk, and students will be responsible for penalties that may be incurred by this action. Students will likewise be responsible for penalties or delays caused by non-negotiable checks or drafts.

4. All checks, drafts, and money orders should be made payable to the University of Minnesota. In remitting by mail, checks in payment of fees in the College of Agriculture, Forestry and Home Economics should be mailed to the "Cashier, University Farm, St. Paul," whereas all other payments should be mailed to "Bursar, University of Minnesota, Minneapolis." All three sections of the fee statement should accompany the remittance.

5. Failure to receive a fee statement cannot be accepted as a sufficient reason for late payment or non-payment of fees. Any student who does not receive a fee statement in his post office box may secure a duplicate statement at his college window in the registrar's office. Agriculture, Forestry and Home Economics students may secure duplicate fee statements at the registrar's office, University farm. Students whose work takes them from the campus must inform the registrar's office of their change of address.

6. Trainees—Federal students division of re-education students, foreign government students, and the beneficiaries of the scholarship funds of miscellaneous agencies, must secure the written endorsement of the assistant registrar on their fee statements, and present them to the bursar within the time limit, to avoid penalty. Trainees registered in the College of Agriculture, Forestry and Home Economics will report to the assistant registrar, University farm.

7. Students who plan to register in another college next quarter should register and pay fees on March 31 in the new college in accordance with Change of College Procedure.

8. Be sure that you have paid fees in the college in which you wish to be registered spring quarter.

Winter Quarter Grade Reports Available March 30

Reports for all students will be placed in their post office boxes to be available at 8:30 a.m., March 30.

Notice to Departments

All charges or holds against the Matriculation Deposits of students must be reported to the Registrar's office by noon of Wednesday, March 28. This office can not assure collection of charges received after that date.

**Removal of Incompletes and Conditions
INCOMPLETES AND CONDITIONS MUST BE REMOVED BY
MAY 1**

Conditions.—A condition examination schedule will be included with the statement of winter quarter grades where a grade of E was reported. A receipted condition examination fee statement (\$1) will be required for admission to the examination. The fee statement may be obtained at your college window at the registrar's office.

Incompletes.—Students receiving incompletes should see their instructors immediately after the opening of the quarter and make special arrangements for their removal.

Students who fail to receive schedules and who desire them may obtain them at the information window, registrar's office.

Matriculation Deposit Refunds

Refunds of balances of matriculation deposits of students who do not return for spring quarter will be mailed to their home addresses about May 1, 1934.

Students who are not returning for the spring quarter should turn in all University property or equipment such as library cards, books, military and athletic equipment, locker keys, athletic ticket books, etc., before the close of the winter quarter so that their refunds will not have to be withheld pending the return of this material.
