UNIVERSITY OF MINNESOTA, FRIDAY, JANUARY 30, 1903.

No. 86

TO BE ROYALLY ENTERTAINED

Alumni Friends and Citizens will Entertain the Band on Their Coming Tour through the State

The University Band will start on their tour throughout the state next Monday morning. Although their primary object will be an attempt to startle the populace by their marvelous musical productions and to advertise the University as best they can, yet they have a secondary object in view and that is to have a good time. It is needless to say that they will accomplish both objects in a credible manner. But it will not be all of their own doings. Friends, alumni and citizens all along the route are preparing to receive the boys in the most approved fashion known to social science.

Granite Falls will give a mammoth reception and jubilee in their honor. Society will be out in force sufficient to dazzle any ordinary band of young men. But we feel safe in saying that our boys will escape unhurt. The arrangements are in the hands of Allen Asher, ex-'04, who gained laurels while here in the strong man's contest. He is a member of the Delta Tau Delta fraternity.

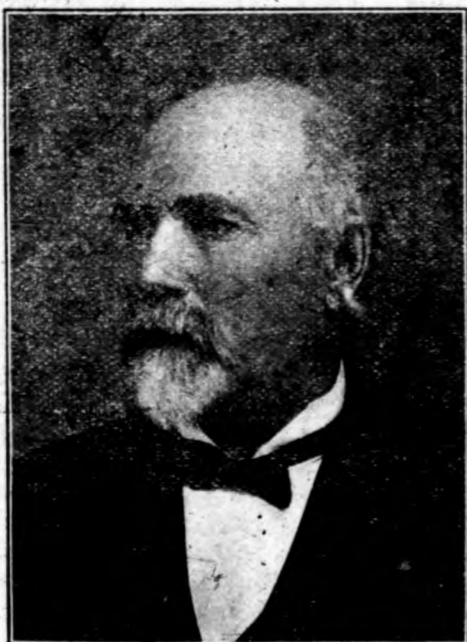

At Pipestone the boys will be given a carriage ride through the city and will be received after the concert by the elite of the village. Willis R. Morton, '02, of Slayton has made arrangements to run a special train from Slayton to Pipestone and the whole town is going with him.

At Wilmar the Alumni have decided that a banquet would be acceptable to any University aggregation and they have accordingly arranged for such a function, although they realize that they have a hard task on their hands.

Other towns are also preparing to show their hospitality and a grand and glorious trip is anticipated.

Men Who Represent University Interests

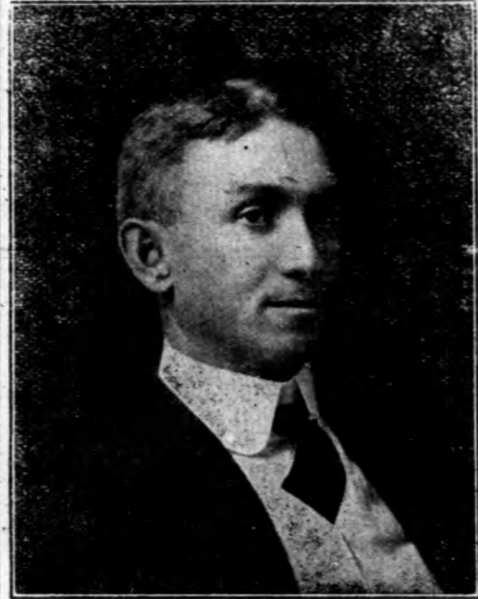

Hon. E. F. Comstock, senator from this district, while not a graduate of our university is justly proud of this

HON. E. F. COMSTOCK.

great institution that he represents in the senate and has pledged himself to do everything possible for the promotion

of University interests. Senator Comstock in addition to being chairman of the University committee is also a mem-

HON. GEO. M. GILLETTE.

ber of the Finance committee which will give him particular advantage in securing appropriations for the University.

Continued on Page 4.

HARD GAMES COMING

Captain Deering's Men's Will Go Against the Hard Proposition Next Week

The University Basket Ball team will go to West Superior next week for two games with the Normal on Friday and Saturday evenings. This team has always been a very strong one particularly when playing on their own floor. Three years ago they won the two games from the University which were played there and on the following year they won out one of the two and disputed Minnesota's claim to the championship although their claim was not considered seriously by anyone outside of Superior. During these two years the University won the three games played with them on our own floor. Last year the teams did not meet and this fact will lend all the more interest to the games next week. The University will be at considerable of a disadvantage as the Superior floor is small and very different from the one on which the men have been accustomed to practice. They feel that a defeat in even one of these games, however, would seriously impair their claim to the championship and the University is determined not to lose either of them.

Pres. MacLean on Football

President MacLean of the University of Iowa was recently interviewed by some anti-football agitator who probably expected to secure a scathing statement as to the evils of the game. The following quotation from Monday's *Record-Herald* shows what the head of the University of Iowa thinks about the matter:

"In an experience of eighteen years, either directly or indirectly related to athletic committees in state universities, I have never known a player to be degraded by football. I have often known men without lofty instincts and possibly with low tendencies to go upon teams and I never knew them to go any lower and frequently have observed their elevation in every particular.

THEY GO FOR VOTES

The Gopher Candidates Getting Anxious—The Situation Up to Date—The Laws Nominate

Relieved from the pressure of midyear exams, the cauldron of Gopher politics is fiercely bubbling and the politician, anxious to read his fate is alternately elated and cast down as its various elements combine and separate.

As the result of all this canvassing the situation has assumed what will probably be its final shape until the ballots are counted.

The class meets to-day to receive the report of the board of election upon the petitions presented and the election is due the latter part of next week.

For the office of Managing Editor the contest has narrowed to Louis Northrop and "Pots" Aldrich.

Of the candidates for Editor-in-chief Mitchell has withdrawn from the race altogether and Cressy and Humphrey have withdrawn in favor of O'Brien but have re-entered the lists as aspirants for associate honors. This leaves the position between Marshall and O'Brien.

The engineers have not a full ticket in the field but are concentrating their efforts upon the election of Sainsbury to the position of business manager, the academics are supporting Ruble for the same place. The only other engineer in the field is Jensen for associate-editor. The engineers also claim the right to elect a special representative to the board and Ristis has a clear field in his run for the place.

Payne and Smith are the contestants for the position of assistant business manager.

Fred Calhoun and Dick Thompson are still the only candidates for artist and Miss Palmer is still with out an opponent in the race for assistant.

The list of aspirants for positions on the associate staff has received several additions since it was last published. The candidates who have so far entered are: Cressy, Humphrey, Halloran, Jensen, Lagerstrom, Laible, Katherine McPartlin, Brownrigg, Sylvia Frank, Bessie Healey, Inez Kelsey, Louise Boutelle and Cornelia Hollingshead.

With the exception of the Law school the departments have made no move toward the selection of their representatives. The Junior Blackstones got together yesterday with the intention of settling the question of representatives but discovered a clause in their constitution requiring a ten days notice before all elections and consequently had to content themselves with fixing the date and making nominations. Five men were nominated and their merits and claims set forth by their admirers, they were Don C. Anderson, Harold Braateline, Charles Gilman, J. R. Murrel and J. A. Pierce.

This is the present situation in the contest, we will reserve all prophecies until the votes are counted.

Girls Change Tournament Date

The date of the girl's basket ball tournament, has been changed from Friday to Thursday night of next week. The girls are taking considerable interest in the tournament and beside practicing early and late are helping Miss Butner

plan the decorations and arrange the list of patrons.

The tournament will be quite a society event this year and the invitations will be at a premium as they will probably more limited in number than last.

Win Practice Game

Yesterday afternoon the Girl's five played a practice game with the North Side High winning by a score of 30 to 10. The girls showed a marked improvement as to form and Coach Deering is quite confident of winning in their game with Central High School on Saturday. The team yesterday was Emily Johnson and Sylvia Frank, guards, Hannah Orrin center; Bessie Cox and Hattie Van Bergen, Forwards.

Good Gallery Seats

The advance sale of both floor and gallery tickets for the Junior Ball has been very large but there are still some good gallery seats left. The over town sale has not been so large as that at the Student's Book Store and those seats which were not sold at the Metropolitan Music Co., have been brought over and will be placed on sale this morning at the Student's Book Store.

THE DAY HAS COME

Junior Ball Occurs To-Night—Everything Ready for the Great Social Function

To-night occurs the long looked for Junior Ball. It will probably be the most dazzling and most spectacular affair of its kind ever given in the city.

Everything is now readiness for the great event. Twenty decorators have been working for the last week in carrying out countless elaborate designs. The caterer appeared on the scene this

PAUL BROOKS.

President Junior Ball Association.

morning and will proceed to prepare for the feast that will be given during the evening. Gallery tickets for spectators are being disposed of rapidly and many floor tickets have been sold.

This afternoon between one and two o'clock the Armory floor will be tested by an informal. Music will be furnished and all students are invited to attend. Others will positively not be admitted.

The Forum literary society will meet at 8 o'clock Friday evening at the Y. W. C. A. room, Library building. Members please note change in place of meeting.

The
Minnesota Daily
Official Paper of the University.

Printed at Office of the University Press.

Entered at the P. O., Minneapolis, Minn., as second class matter.

To-day's issue edited by
Henry S. Ives.

The Band

The enterprise and spirit that has characterized the University band the last few years, is certainly commendable. It has grown from a mediocre and spiritless aggregation to become the most brilliant and enterprising college band in the country. It has already done much to advertise the University which it represents but it is safe to say that no more effective advertising could be had than the trip which will be taken next month by that organization.

Visiting as they do several of the most important towns in the state, they will prove of inestimable value in making the people appreciate the great University which they have within their state and of which so few of them ever hear.

Gopher Troubles

The following is clipped from Ralph Wheelock's "Thoughts on Things" in the yesterday's *Tribune* and it certainly shows a sympathetic spirit.

"Our sympathies go out to the *Gopher* editors if their jokes have to be submitted to a faculty board of censors; and should the blue pencils of the professors cut too deep we know a corner where unexpurgated observations always have a chance."

This notice refers to the rumor that is going the rounds that the faculty will supervise with great care the coming *Gopher* and not allow any scandalous or ill advised remarks to be inserted therein concerning their habits and characteristics. This is a new move on the part of the above mentioned learned body which controls our destinies and it remains to be seen how the *Gopher* board will act under the strain that may be thus imposed upon them. We refrain from commenting upon the subject but it appears that if the faculty insists upon such a rule that there will be trouble in the camp.

Reports Being Printed

The Reports of the Employes and Employer's convention held here last fall are now being printed in the *Railroad Conductor*, a monthly magazine published by the National order of Conductors and edited by E. E. Clark, one of the members of the Coal Strike Commission and chief of the Conductor's Order.

It was not thought advisable for the present at least to publish these reports in book form, but the complete reports of all discussions and papers can be found in the above mentioned magazine. They will also be published in part by "*Public Policy*", a weekly Chicago paper.

These reports are being used extensively by college debaters and are of great value. They may be had from the publishers on application.

Dr. Schaper who is secretary of the Conference committee says that prospects for a convention this year are very bright and that the committee is already planning for such an event. J. B. Gillilan of this city is chairman of the committee.

Mason N. Case, Editor

There recently came to this office an exchange published in Corning, Tehama County, California. It was quite a pretentious sheet and the number of adver-

tisements it contained showed that it must at least pay expenses. But the most startling and interesting information it contained on the editorial page where, in large black letters appears the name of Mason W. Case, as editor and publisher Mr. Case it will be remembered was a member of the academic class of '02, but left at the end of his junior year for California where he graduated from the Stanford university in '02. This editorial page also contains the information that this is a home paper for home people. We wish that his venture may be successful.

Girl Singers Meet

Thursday at the noon hour a meeting of the girl's glee club was held for the trial of voices, under the direction of Miss Ednah Hall, the leader. The following twenty-eight girls were selected:

First Soprano:

Misses Miller, Riggs, Dickenson, Cressey, Winchell, Garbit, Hiscock, Fales.

Second Soprano:

Misses Matthew, Lucker, Nelson, Prouty, Thompson, Finckle, Gordon, Ackerson, Linkfield.

First alto:

Misses Sherman, Slaver, McDonald, Alexander,

Second Alto:

Misses Allen, Spencer, Rogers, Gregg, Falk, Guertsen, Rogers, Beyer, Goetzinger.

A meeting will be held at the third hour, Friday to arrange business matters and to elect officers.

The success of the club is assured. Although similar clubs, exist at many girl's colleges in the east and at Chicago U, the organization is unique here, but is already very popular.

Miss Helen Riggs thro' whose efforts the organization has been established is to be congratulated on the successful basis upon which the work of the club begins. Fraulein Schoen Rene with Miss Hall and Miss Roggs, hopes to be able to arrange for a concert to be given during commencement. If this plan is carried out the musicale will be an elaborate one and a signal event in musical circles.

Spicer-Moore Wedding

The wedding of Miss Margaret Moore to Russel Spicer occurred Wednesday night at the First Congregational Church. Both the bride and groom were well known to University people, Miss Moore being a member of the Class of '01, and of Kappa Alpha Theta. Mr. Spicer who is member of Alpha Delta Phi graduated in '07.

In the wedding party were Grace Trask, Grace Lavayea, Blanche Stanford, Fannie Sawyer, Horace Klein, Fred Carpenter, Max Matteson and Jay Durand all of whom are students or alumni of the University.

They Feed Many

A DAILY reporter visited the Occidental yesterday and in consequence he also learned a thing or two. This establishment feeds more people during the course of one day than any restaurant or Hotel in the Twin Cities. The average number of meals per day so far this year has been about 2500. All the food is purchased in immense quantities, some of it in carload lots. Butter is purchased in half ton lots, lasting only a few days.

This concern also furnishes employment to nearly 100 University students enabling them to earn part and sometimes all of their way through school.

BY THE WAY

Prof. West has been under the weather for a few days but will soon be out again.

Prof. James Paige of the Law school is confined to his home on account of sickness and was unable to meet his classes yesterday.

A letter signed "Irv." and directed to Rev. J. H. Thomas at Ocean Grove, California, has been returned to Miss Poucher as unclaimed.

Shakopean Program Jan. 30

Roll Call, Quotations from Emerson; Original Story, Brownrigg; Debate: Resolved that a policy of complete commercial reciprocity between the U. S. and Canada should be adopted. Aff. Jenson, and Stewart; Negative, Bratelein and Mitchell; Corrent events, Mitchell. All members are urged to be present as an important business session will follow the program.

He Has Been Away

J. G. Kjosness, Eng. '03, returned yesterday from a trip to a little Wisconsin town, where it is reported he visited a friend whom he met at the time of the Michigan-Minnesota game last fall. His family and his friends around the college have been very much concerned about his whereabouts.

A Small Blaze

Charles Sterling, Law. '03, is suffering from bad scalds and burns about his face and hands. Wednesday evening a little blaze, started in the Kappa Sigma house on fourth street and he was injured in putting it out.

Soft coal soot in the flues caught fire and blocked the draft of the furnace and made trouble in the basement. It was quickly extinguished.

Doctor Jewell is attending the patient.

Startling Specialties

A member of the specialty committee on the class play was coerced yesterday into giving some information about the work of that committee.

There will be many startling specialties and rare innovations. A touching little ballad entitled, "Mother's Teeth Will Soon Fit Sister" will be one of the new songs.

Another special production will be a sensational melodramatic high dive by two well known seniors. This will rival anything ever seen on the stage before and will not be repeated except by request.

The tight wire will also be used to exhibit the prowess of several promising candidates for graduation. These stunts will be accompanied by music and the performers will sing and do various other difficult and marvelous capers while they promenade the tremolous wire.

This was all that could be learned but the man who gave the information promised more in the future.

Post Exam To-Night

Medics will celebrate tonight at the Y. M. C. A. building. The committee in charge announces that besides medics an invitation is extended to academic ladies. An attractive program is arranged.

The Registrar Disappears

Mr. Johnson has not been very regular in the performance of his vigorous duties of late. He disappears mysteriously every now and then and cannot be found even by the most vigorous search. The facts of the case are that he is serving on the petit jury and his duty to the state in this line is conceded to be superior to his duty as registrar.

Yale has a Whist Club and games are scheduled between Yale and Columbia, Brown, and Harvard.

Men Who Represent "U" Interests

Continued from Page 1

Hon. Geo. M. Gillette, Chairman of the House University Committee is a graduate of Ann Arbor and appreciates the needs of a great university. He is distinctly a university man and will aid in the development of this institution. He has suggested that all students in the University will write their representatives in the legislature urging them to use their efforts to remove the University from the jurisdiction of the Board of Control. This is a good suggestion and should be recognized by students.

Hockey Club Meets

A short meeting of the Hockey club was held yesterday afternoon. It was decided to hold practice on Saturday afternoon at 3:00 o'clock. This will be a very important practice as a permanent captain will be elected to succeed Thayer Bass. After this practice will probably be held regularly on Mondays, Wednesdays and Saturdays. A schedule has been partly arranged. The team will meet the Minneapolis Central High during the middle of next week, and St. Paul Central High on the following Saturday; these games will both be played on the home grounds. On Lincoln's Birthday the team will go down to St. Paul to play the St. Paul Hockey Club, and later a return game will be played with the Virginia club. The Board of Control has promised that all money secured from tickets over and above the cost of making and maintaining the ice shall go towards jerseys for the team, so the boys will get busy selling the tickets.

The Minneapolis Central and St. Paul Mechanics Arts hockey team will meet on Northrop Field at 3 this afternoon, and as the University team is to receive one-third of the gate receipts, a large attendance is desired.

Musical Committee Meets

At a meeting of the Music Committee Wednesday it was decided to postpone indefinitely the presentation of the series of symphony concerts which the Music department had planned to give after the holidays. Perhaps the chief reason which led to such a decision was the con-

sideration of the large expense these grand concerts would necessarily incur. This alone rendered the idea at present very impractical. It may be that sometime the Music Department will be able to carry out such an undertaking but it cannot be hoped for in the very near future.

Plans are already under way for what promises to be a very important musical event. This is the rendition of Haydn's famous Oratorio "The Creation" by the University Choral Union augmented by the Philharmonic Club of this city. It is possible that it will take place about Easter time. It will be given in the Armory building.

Plans are likewise being discussed for an entertainment to be given for the benefit of the piano fund. This will be similar to the Pan-University entertainment which proved so successful last year. At present the plans are very indefinite but if they do mature the entertainment will take place sometime in the Spring.

Jimmie Sheldon, captain of the Chicago football team last year has been engaged as instructor in physical training at the University of Chicago.

BUY a meal ticket at the Hutchins, 412-14th Avenue.

Dates Arranged

The Varsity girl's basket ball team will play the Central High school on next Saturday, January 31 at 2:30 in the Armory. Admission will be twenty five cents and tickets are on sale at the book stores. Miss Butler hopes that all the girls will turn out to see the games. The interclass basket ball tournament on Feb. 5, is at present absorbing most of the girl's interest in athletics, and the hockey club which has recently completed its organization will not begin practice until after Feb. 5th.

On account of the Junior ball there will be classes in physical culture on Friday.
