

THE MINNESOTA DAILY

VOLUME XIV

THE UNIVERSITY OF MINNESOTA, THURSDAY, NOVEMBER 7, 1912.

NUMBER 34

WILL VISIT HOTEL KITCHEN.

Mrs. Blair To Take Household Art Class on Tour.

Mrs. Margaret Blair will take her Household Art Class through the Leamington kitchen and dining rooms on Friday morning "to get pointers" there.

A class of fifty junior girls in textiles with their teacher Miss Smith will also visit the North Star Woolen Mills Friday morning. Both classes will meet at noon at the Leamington and lunch there together.

ATHLETIC BOARD HAS PRODUCTIVE MEETING

Takes Steps to Decide Basketball Schedule—Will Encourage Soccer.

Awards "M's" and Numerals to Track Men—Finances Are Somewhat Strained.

Yesterday afternoon the Board of Athletic Control met in the law building and decided upon a number of important matters. The first steps were taken to prepare for the basketball season, which will be of chief interest after the Chicago football game has been played. Soccer football has grown into favor so rapidly here at the university, that it has been determined to encourage the sport.

So far this year the football games have not been as successful financially as in former seasons. The crowds have not been up to standard size and the Board has been put to a great deal of expense in building new tennis courts and other heavy expenses. If the present interest in the Wisconsin game prevails two weeks from now, a monstrous crowd should be out. This would put the Board on a more substantial basis.

Track "M's" were awarded to the following men for last spring's work: Frank, Lambert, Spink, Stadsvold, Tydeman, Lindberg, Shaughnessy, Coady, and Wilcox.

Warner, Fritchie, Shuce, Moore, Baylan, Shadbolt, McKeon, Sawyer, Fournier, Lindgren, Thomas, Stowell and Stevenson were last year's freshmen who received track numerals. Stellwagen was given an "M" for his tennis work.

SUFFRAGETTES CHALLENGED

Because They Failed to Register, They Were Refused the Right to Vote.

A number of would-be suffragettes were sorely disappointed Tuesday when they learned that because they had failed to register, they would be deprived of the right to vote. Some were very insistent in their demands and one in particular stoutly maintained that she was twenty-one and had a perfect right to vote. But the hard-hearted man at the polls refused to be moved by the ladies' smiles and they were obliged to content themselves with sarcastic allusions to "those foolish laws men make."

All the members of the Suffrage Club who have passed the eligibility committee expressed their preference in the choice of the School Board and Library Directors.

ARRANGEMENTS COMPLETE FOR BIG SUNLIGHT PARTY

Ballot Boxes for Use in Choosing "Most Popular" Man Will Be Placed in Postoffice.

Girls' Names Will Not Appear on Invitations—Large Introduction Committee.

The Woman's League Sunlight Dance will be given Saturday afternoon in the Armory. Ballot boxes will be placed in the Girls' Postoffice today, in which each paid up member of the Woman's League may put the names of the men she wishes invited. The most popular man will be announced in Saturday's Daily instead of at the dance, as in former years.

There has been some misunderstanding, judging from the communication in yesterday's Daily signed "A Student," in regard to the manner of inviting men. Contrary to the prevailing idea, no girl's name appears on the invitation sent to the men, so the men will have no way of knowing whether they receive one or a dozen invitations.

All girls who have not as yet paid their Woman's League dues are urged to do so before noon to-day, as that will be the last chance and Friday all paid up members will receive their green bows as evidence of such.

Martica Byrnes who is managing the affair says that already a large number of names have been handed in, and the race for the most popular man bids fair to be an interesting and close match.

It is the aim of the Woman's League to make this an affair where every one may become acquainted with one another, and in order to accomplish this there will be an introduction committee composed of twenty prominent men and girls, who will make it their business to see that all freshmen become acquainted.

WORK BEGUN ON SHAW'S PLAY

Play Which Is the Original of the Famous "Chocolate Soldier" in Preparation.

Those who remember the production of the musical comedy, "The Chocolate Soldier" which took the country by storm during the last two seasons, will be interested to know that the play which the Dramatic Club is going to put on is the original of that work. "Arms and the Man," by George Bernard Shaw, is the play from which the famous musical hit was taken.

The scenes of both plays are laid in the same country, Bulgaria. The action follows the same lines, the only difference being a slight divergence from the main plot so as to introduce a number of songs, and change it into a musical comedy. Mr. Burton of the English department expressed himself as well pleased with the selection of Shaw's comedy for production. He says the characters call for ability, clever acting and versatility.

The final tryout for the various positions will be held Friday at three o'clock in 403 Folwell. Mr. Holt, director, announces that the play will be given some time before the Christmas holidays.

ENGINEERING CLASS ELECTS.

Sophomores Meet Monday and Elect Officers for Coming Year.

The sophomore engineering class held its first meeting for the purpose of electing officers and discussing class functions for the coming year. The following officers were chosen: president, Phil L. Johnson; Vice president, Michael Crosby; secretary, O. M. Rufswold; treasurer, S. H. Haynes; sergeant-at-arms, C. W. Lilly.

CADETS WILL TAKE PART IN SOCIAL INNOVATION

Thursday Afternoon Drill Makes It Possible To Revive Popular Pastime.

Drill Will Be Excused a Few Minutes Early To Permit Festivities.

Plans for the Cadet Hop to be held in the Armory this afternoon have been completed and a good time is promised everyone by those in charge. Cadets will fall in at the usual hour tomorrow and drill until 3:30 at which time they will enter the Armory and form for a regimental review. Colonel Wilson will be the reviewing officer. A parade by the sophomore companies will last until about four o'clock.

Immediately after the parade program will be issued to the cadets and the dancing will begin. The band will be out in force to furnish music and as the new maple floor has been recently waxed, any objections to the canvas, which was used last year, have been effaced.

There will be no charge for admission but only cadets in uniform will be admitted. Each cadet is requested to invite one or more of his lady friends. If these "hops" are well and properly attended, they will be continued throughout the year. "Retreat" will be sounded at 5:45.

The following have been asked to chaperone the party: Mrs. Vincent, Mrs. Woolnough, Dean Sweeney, Dr. Norris and Miss Foss.

EUTERPEAN CLUB ANNOUNCED

Organization of Women Singers is Begun Again This Year—Large Membership.

Euterpean Club membership for this season is complete. Mr. Scott has selected a list of girls who have shown sufficient ability to qualify them. From this list, Professor Nicholson has chosen the eligible ones to become members. The names follow:

Mildred Borom, Sadie Boyson, Maude Mattison, Ruth Magnuson, Ruth La Plant, Nellie Churchill, Ora Hyde, Madelle Gibb, Emily Norris, Mildred Richardson, Lucile Newcomb, Myra Sievers, Virginia Bond, Lilian Seyfried, Marie Johnston, Florence Swanson, Eunice McGilvra, Hazel Johnson, Harriet Longle, Florence Johnson, Helen Dunn, Margaret Lloyd, Enza Zeller, Josephine Schaller, Josephine Byrnes, Myrna Pressnell, Helen Forrester, Alice Stacey, Blanche Lyman, Estelle McKelvey.

The club will meet Friday at 4 o'clock at Harmony Hall.

GOPHERS RESUME HARD WORK AFTER ELECTION

Warriors Are Cramming Knowledge For Most Important Wisconsin Examination.

Exceedingly Dry Weather Has Caused Dust That Greatly Hinders Practice.

Election Day brought a vacation and a slight breathing spell to most of the students at the university but to the football squad it brought only work in capital letters. Dr. Williams must have voted about seven o'clock in the morning, for at nine he appeared, ready to give the reserves and second team men something new in the way of football.

If by any dint of hard work or excessive cramming, the Gophers can imbibe enough football knowledge to defeat Wisconsin, then the Badgers might as well stop preparing at once. Talk about cramming for an exam or quiz. Why Dr. Williams' lectures on intricacies of secondary defense work make English constitutional history quizzes look like exercises in a primer!

Dust was one of the biggest elements in evidence at yesterday's workout, which included scrimmage from four until seven, and dinner at the Varsity from seven till half past. When this part of the program had been completed, the men were escorted back to a secluded lecture room in Pillsbury Hall and their work for the "afternoon" started.

Scrimmage has been more satisfactory than it was yesterday, but the coaches were, on the whole, fairly well satisfied with the way things went. The scrubs tore into the Varsity line more or less, using plays that had been sketched by the two famous writers of bear stories, McGovern and Harris, and labeled as belonging to the Juneau school of gridiron art.

Before the play had progressed through many downs, the men were eating dust, rolling in dust covered hay, and running around in a cloud of ever-raising dust that resembled small Kansas cyclone, coming across the prairie with a message of ill-omen for the farmer.

ENDOWMENT FUND STARTED

Law Alumni Association Seeks To Raise 15,000 Dollars for Use of Needy Students.

The work of raising an endowment fund of \$15,000 to help deserving students thru the law school has been started by the law alumni association and a committee of the alumni is now canvassing for the funds. The work was undertaken at the request of Dean W. R. Vance, who believes that in this way the alumni can do a great practical good. The money, when raised will be loaned to all needy students who have shown marked ability in their law studies. The creation of this fund does away with the objection that the abolishment of the night law school would take away from worthy students opportunity to get a legal education.

TIME FOR AN AWAKENING.
Congratulations Class of 1913. We are glad to see you take the lead in the movement for a real live demonstration of the spirit which is present in the hearts of every Minnesotan, but which has not been satisfactorily evidenced during the present season.

We have a wonderful football team. Rising after a disastrous defeat in the opening game with South Dakota, the team has developed into a powerful machine, that is now an admitted dangerous contender for the championship of the Western Conference.

Minnesota will meet Wisconsin in less than two weeks in what promises to be the greatest western contest of the year. Upon the outcome of that game will hinge the honors of of the Big Nine. The occasion is one deserving of all the consideration which the senior class is purposing to devote to it, and the complete co-operation of the community in any plans that are made cannot but follow.

It has been a long time since we have had an opportunity to show to just what extent we are back of the university team, and now, with such possibilities before them, we are going to give every wearer of the Maroon and Gold actual and absolute confidence in the fact that we firmly believe that Minnesota is going to win.

COMMUNICATIONS

Open Letter to All Seniors:

On Saturday, Nov. 16th, Northrop Field will see the big football game of the west for 1912. On that day we must do two things: first, beat the Wisconsin team, and, second, show the great body of Wisconsin students who attend the game that we have the entire university behind our team. We can leave the first task to our team; the second is for us. Are you on?

If the senior class will get together on this, the other classes will surely follow us. Attend the meeting in chapel tomorrow at noon. This will be the first duty. Let us show the under-classmen that we are alive, and let us show Wisconsin that we have colors of which we are not ashamed.

 F. C. Frary, Secy.

Y. M. STARTS MISSION CLASS

Vincent and Young Give Views on Mott's "Decisive Hour in Christian Missions."

The Mission Study classes of the Young Men's Christian Association began yesterday afternoon. The entire efforts of the Y. M. C. A. officers will be centered on one course, John R. Mott's book on "The Decisive Hour of Christian Missions." The course will last six weeks, or until the holiday vacation begins.
 Dr. J. S. Young, of the Political Science Department, says of the course: "The students of the university are to be congratulated on the opportunity to study and discuss 'The Decisive Hour of Christian Missions' by John R. Mott. Mr. Mott is a missionary statesman."

In regard to the value of Mission Study for the college man, Pres. Vincent made the following statement. "The modern mission study movement has special value for college men. The new missionary spirit has in it a large element of social service. In a true sense mission stations with their schools and hospitals are social centers from which influences go into every phase of the life in foreign lands. The study of the social and economic conditions in the various mission fields has a valuable educational aspect, expands the imagination, widens the sympathy and makes its appeal to idealistic purpose."
 Classes will meet fifty minutes each week at the Y. M. C. A. building.

Program
 Tuesday, 1:00-1:50, Dr. J. W. Powell.
 Thursday 1:00-1:50, F. H. Blair.
 Friday, 1:00-1:50, C. E. Tingley.

COMMUNICATION, CONTINUED

Continued from page 2.
 In some way or another, we must show a little more "pep." The team is working hard; last year's Rooter Club and the Daily are also doing their best to arouse interest. Let the senior class arouse the emulation of the other classes by getting busy. This football season should be brought to an enthusiastic climax, and we can turn the trick.
 A Senior.

SOCIETY

Juniors of all colleges will meet at the Engineering building tonight for the annual spread. The object of the affair is to create interest in the "Gopher." After the spread, a varied program will be put on, consisting of speeches by members of the staff and a number of vaudeville stunts. Dancing will occupy the evening. Mrs. Vincent and Mrs. Phelan will chaperone.

The new members of the Thalian Literary Society were the guests of honor at the monthly spread of the society which took place at 5 o'clock yesterday evening in Shevlin Hall.

Miss Luella Bussey, president of the club, delivered the address of welcome to the new members.

The Thalian literary society is studying the drama this year. The members expect to present Pinero's "The Amazons," sometime in May to an invited audience in Shevlin Hall. The club is laying especial emphasis on dramatic technique, as studied through this play.

Tryouts for the play will probably take place early in February. Dr. Anna Phelan, and Miss Hazel Witchie will assist the girls in putting on the play.

Early in December the Thalias are planning to give a box theatre party at one of the down-town theatres.

Due to the prolonged Indian summer weather, long walks are becoming the most popular of all out-door sports. Last Tuesday, Mrs. Ladd and a party of fourteen girls walked to Lake Johannah and back, covering about thirteen miles in all. A wiener roast and a picnic lunch were also a feature of the tramp. Many groups

of girls are looking forward to the coming holidays with big plans for even longer tramps into the country and to the neighboring lakes. During the latter part of the summer several of these same girls enjoyed a three-day tramp into the country, spending the night at the different farmhouses on their route.

The Adelpian Club informal will be held at the Oak Lodge Hall, corner 31 street and 1st avenue south, and not at Mrs. Noble's Hall as was originally planned. The date of November 9 remains unchanged.

Pi Beta Phi will introduce her freshmen at an informal in Shevlin Hall November 30. Mrs. F. C. Nichols and Mrs. R. E. Bartholomew will chaperone.

A true college spirit and foot-ball enthusiasm prevailed at the Metropolitan theatre last Wednesday evening when all the members of the foot-ball team were the guests of the management at a box party.

Committee on Legislation Appointed.
At a Woman's League council meeting held yesterday in Shevlin, a committee was appointed to investigate the subject of legislation for a new girls' gymnasium.

Washington— Plans are on foot to erect a half million dollar concrete stadium on the Washington campus. Seattle business men have pledged their help if the students will do their share.

Purdue—One of the co-eds at Purdue is 81 years old.

Leland Stanford—David Star Jordan has resigned the presidency of Leland Stanford university. He will take up the study of world arbitration.

Michigan—A machine has been invented by a professor in the engineering college at Michigan which will measure the accuracy of the memory and the power of concentration of the mind. It is thought that it will prove very advantageous in psychological research.
