UNIVERSITY OF MINNESOTA, TUESDAY, MARCH 29, 1904.

No. 126.

## HINDU HIGH PRIEST IN CHAPEL TO-DAY

**Swami Ram, Noted Scholar and Philanthropist to Address Students**

Swami Ranu, a former high-caste Hindu priest and at present one of the best known Hindu philanthropists and philosophical teachers in the world will speak to the students in chapel this morning. He arrived in Minneapolis Sunday afternoon and become the guest of Dr. Wulling, dean of the college of pharmacy.

The Swami has been in this country for nearly a year, having arrived at San Francisco. He has addressed many assemblies and Universities along the western coast in regard to his pet scheme of reforming the conditions of East India society through the education of the young men of the better class, and inducing them to take up the work, hitherto carried on by missionaries.

Swami Rau is engaged in raising funds, to establish the proposed scholarship for the Hindus. He believes that by bringing to this country a limited number of young men and educating them with the understanding that they would thereafter devote their time to social reform in their own country, the problem which has so long confronted the foreign missionary societies would be solved.

For a number of years the Swami was professor of natural history at the University of Punjab.

### GYMNASTS RETURN TO-DAY

Dr. Cooke and the gymnastic team which he took to New York will return to-day. The inter-collegiate meet was held Friday night.

Yale won first and Columbia second. The Gophers failed to get a place but their work was highly spoken of by the Easterners. Capt. R. N. Ostvig of Minnesota was placed on the executive committee of the Association. This fact gives us assurance of an opportunity for participating in future meets.

### NOW THE POSTER THIEF

**Souvenir Fiend Makes Away with Artistic Advertisement of the Carnival**

The officers of the Woman's League are highly indignant at the theft of the burnt wood poster from the rotunda of the Library building. The poster was advertising the Spring Carnival and represented considerable work in its production. As the Carnival is a week off the poster had not served its usefulness, when taken. The person that made it also desired to keep it after the Carnival. It is hoped that the person who made off with the poster will return it to its place. The fad of stealing posters seems to have gone too far when such things are taken.

### CLASS DAY COMMITTEE

In accordance with the decision of the Senior Class to have a Class Day this year, President Kovarik announced the following committee.

E. B. Pierce, W. A. McManigal, Emily Janney, Ruth Leonard, Prudence Pratt, Alice Bean, Pearl McCurdy, C. E. Drake and F. E. Norton.

## BOOTHS GALORE WILL GRACE CO-EDS SPRING CARNIVAL

The long awaited and much talked of Carnival is almost here.

Only one short week more for the girls to put into effect the numberless plans and counter-plans that will make next Monday a glory-bringing day for them all. For who can doubt what the result will be when almost a hundred clever girls have been working and thinking for two months about this festival.

First of all there are the girls who take charge of the business part of the Carnival.

Then a thoroughly good musical program must be prepared whose difficult task is to get musicians to perform for the good of the cause.

### Very Hot Contest

Of course the girls who have booths are more than busy and each one, on the quiet, is trying to make her booth the prettiest and most popular of them all.

### The January Booth

The January Booth is to be all in white with much sparkling snow and very like icicles. There will also be pop-corn, snow-balls, whether for ornaments or souvenirs has not yet been decided.

### Cool One For August.

The booth for August will be a cool,

deep plaza, with Japanese porch-shades, palms, bamboo furniture and countless cushions.

### Fine for the Irish.

A wonderfully ingenious plan has worked out by the possessor of the March booth. A regular St. Patrick's day Irish fair will be imitated and there will be yards of green bunting, golden harps, and a girl to sing Irish ballads and folk-songs.

### Heroes Galore.

For October there will be a football booth, decorated entirely in maroon and gold, with banners and chrysanthemums galore. It is rumored that the football squad will lend dignity to the occasion by appearing in full uniform, for a time at least.

### A few explosives.

Then there is the July booth, all in red with fire crackers of all kinds and sizes. Here striped peppermint candy and little flags will be lavishly dispensed.

There are a good many more booths of all sorts and kinds, where one can get almost anything from Russian tea to Orange ice.

The idea of the Carnival is a new one and it will doubtless excel by far, all of the other entertainments of the year.

## COACH TEMPLE IS DUE THIS WEEK

**Track Team Begin Outside Practice With Arrival of Trainer**

The regular spring training of the track team will begin in earnest when Coach and Trainer Temple arrives which will be some time in the latter part of this week.

The bleachers which were built over the running track during the football season are being removed, after which another covering of cinders will put the track in first class condition.

As soon as the outdoor work begins a larger number of men have signified their intention of turning out.

Two dual meets have already been scheduled one with Iowa and another with Nebraska. Minnesota has succeeded in defeating Iowa in several previous meets, and should do so this year. Nebraska is, at present an unknown quantity, but is expected to turn out a strong team.

The test of the season, however, will come on June 5th, at the Conference meet in Chicago. In the past, Michigan, Wisconsin, and Chicago have usually carried off the honors, while Minnesota, although being represented by star men on several occasions, never succeeded in producing a winning team.

It is thought however, that with the present Coach, Minnesota will make a better showing than ever before, in this hitherto neglected field of athletics.

### NOTICE MEDICS

Medics can get Carnival tickets from Chelsea Pratt. Hurry up before they are all gone.

## FRANKFORTER TELLS OF TWO NEW ACIDS

**Professor of Chemistry Delivers Interesting Lecture to Graduate Club**

Two new acids have been made known to science by Dr. George B. Frankforter of the department of chemistry.

All those who were fortunate enough to hear his lecture last night in the chemistry lecture room saw these acids and heard the manner of their discovery and preparation described.

It seems that for some years Dr. Frankforter has been experimenting with the wood of the Douglas fir tree which grows on the Pacific coast, and after months of tedious work he succeeded in separating these two acids which are entirely new to science. Besides this Dr. Frankforter gave a talk on the much discussed element, radium, and illustrated it by several experiments with a sample of the precious substance of which he is the fortunate possessor.

The lecture was one of the most noteworthy ever given at the University and was thoroughly enjoyed by the large crowd which filled the lecture room.

### CLUBS CHANGE DATE

The Glee and Mandolin Club Concert which was to have been given on April 1st, will be given instead of two weeks later, April 15th at the 5th Ave Congregational church. This is not the annual concert as announced a few days ago in the Daily. The annual concert will be given on the east side.

Between twenty and thirty men are out for baseball practice at Madison

## FACULTY WILL ADOPT NEW PLAN

**Accept Each Clause and will Vote on Entire Scheme on Monday**

The faculty in its meeting Saturday afternoon decided on a six day program for next year. At its meeting yesterday it adopted in general the report of the committee on the change in curriculum. Several modifications were made in the report and the clauses were thoroughly discussed, with the result that each separate clause was adopted.

Next Monday at 9 o'clock the report taken as a whole will be voted upon and judging from the vote on the clauses it will be easily accepted.

The clauses as modified yesterday are as follows.

1. The program shall extend over the six working days of the week, except for Saturday afternoon.

2. First year courses in mathematics and in beginning language work shall be five hour courses. All other of the present four hour courses shall become three hour courses.

3. The degree of A.B. shall be conferred upon any student who completes for the courses offered an amount of work equivalent to sixty-three hours a week for one year in addition to the required exercises in drill and gymnasium. Of the courses selected (five or more shall be "long courses," and these long courses shall be distributed according to the provisions following in 4 and 5.

5. The following groups are recognized for the purposes of distributing "long courses:"

- a. Greek, Latin.
- b. French, German, Botany, Chemistry, Astronomy, Physics, Mineralogy
- d. Mathematics.
- e. History, Political Science, Philosophy.

5. At least one of the long courses shall be in a or b, and one shall be in each of c and e.

6. Freshmen and sophomores shall not register for more than sixteen nor less than fourteen hours of work unless by special permission. Juniors and seniors shall not register for less than fifteen nor more than eighteen hours of work.

Freshmen will be compelled to take a short course in d, Mathematics. Drill is also made a three-hour subject.

Students will be required to take Rhetoric one hour a week through the entire freshman and sophomore years, unless they elect the three-hour course in Rhetoric for the freshman year in which case no more of that subject shall be required.

Final action on the whole report will be taken as above stated next Monday.

### JUNIOR MEDIC FEED

The junior medics held a banquet at the National hotel last night. Genial Oscar Johnson had things in charge and wit and other good things flowed freely.

### NOTICE SENIORS

All seniors of Academic and Engineering schools must state the number of programs and invitations wanted so they will be able to order of the committee when called on.

M. W. Halloran.

**WHERE ARE OUR JUNIORS?**

When the Juniors were in the midst of their hot political campaign last fall, everybody said that the class spirit of that hitherto laggard organization had at last asserted itself and that there would be all kinds of parties and dinners to promote good fellowship among the members of the class. But all these prophecies appear to have been false.

Since the day of the Junior election, the class has never gotten together for any purpose. True, there was the Junior Ball with its usual 99 per cent. outsiders. But there have been no class parties, no class dinners. Ever since the second semester began the class has been without a president. Mr. Yerxa left college at the end of the first semester and now it appears that Mr. Field, the vice president, is to leave very soon on the annual trip of the Junior miners. As a result the class is "without a head."

Now what are the juniors going to do? The season when the upper classmen appear in their distinctive headgear is with us. Lunches by the men of the several classes are a very common thing just now. Where are the Juniors with their hats? When are they going to have their parties and dinners?

**TRADITIONAL ENEMIES**

Shaks. and Forums up for final in Inter-Society Debate.

The semi-final inter-society debates which occurred on Wednesday and Thursday evenings of last week showed that the contestants had made a close and careful study of the subjects discussed and were marked by excellence of delivery and much skill in presentation.

The debate Wednesday evening was won by the Shakopeans by a decision of two to one after a very hard fight. The Forums won from the Law Lits. Thursday evening by a unanimous decision but the honors were considered nearly evenly divided by many of the audience.

As a result of those debates the final contest is now left between the traditional enemies, the Shaks., and

the Forums. Those societies are the oldest on the campus and have been pitted against each other many times. Last year the Shakopeans defeated the Forums in the finals and a hard contest may be expected this year. The Forums have already submitted the question to the Shakopeans and the final will take place in about three weeks.

**CARES TO THE WINDS**

Middle Laws Have a Big Banquet and a Jolly Time.

Amid song and laughter, the middle law class forgot their journey through life, and lived by the way for a short time while they enjoyed themselves around the banquet table of the Phoenix club last Saturday night.

The class adopted as their motto. "As we journey through life Let us live by the way."

President Lamb proved an excellent toastmaster, and managed to work up a large amount of enthusiasm as the following toasts were given between long rounds of applause.

"What are we here for?"—B. Drake, Jr.; "Charts in Law," Julius Schendel; "Law as a profession," G. Livesay; "A. N. D. Justice," I. L. Echold; "Hen Lawyers," J. F. Sullivan; "A Four Year Course," A. M. Thompson; "Flirtation under the blue laws," D. C. Anderson; "Whirligig of time," E. M. Barrows.

The laws adjourned at a late hour and hope to be better men after the occasion.

**GIRLS WILL BANQUET**

Basketball Players to Partake of the Freshman Feed and Disband

The Rasket Ball season is over and the squad will break up at the freshman banquet which will be given at the Armory April 5th.

The season has been the most successful one in the history of the University of Minnesota and the girls have made a record, which compares very favorably with that which the men made on their trip east.

As usual the girls have won the championship of the Gopher state, but this year they have the still greater honor of defeating a college team and winning for themselves the name of "Champions of the West."

Already the girls are discussing the prospects for next year and as they will only lose one player, Miss Emily Johnston, and so there is good material to pick from doubtless next year's aggregation will be able to uphold the reputable title gained this year and again represent Minnesota in true university style.

The captain for next year has not been chosen but there will be a meeting soon, which will decide this question.

Your face will be fair if you use Williams' Shaving Stick.

**A New Departure**

The Ski-U-Mah Barber Shop has opened up a new department to the public. A complete Shaving Outfit, first-class in every respect and always ready for use, only costs \$3.00. This is something every man ought to have in his own home, as there are times when he needs a shave and can't get it at a barber shop. I also carry a full line of Barber Supplies which I can sell cheaper than any man on earth. Give me a call and be convinced.

CADETS ARE WILLING

Many Men Already Express a Desire  
To Go To World's Fair.

On to St. Louis and the World's Fair  
seems to be the war cry of the rank  
and file of the Cadet Corps.

In order to push the matter the Cap-  
tains of the various companies have  
been instructed to look into the matter  
and report to headquarters, as to the  
number who wish to make the trip.

It is thought that twenty-five dollars  
will cover the expenses of the trip to  
the World's Fair city, which will prob-  
ably be taken just after school is let  
out in June.

The band will probably accompany  
the cadets and participate in the uni-  
versity band competition, which will  
be a special feature of the occasion.  
All those who wish to go should

speak to the captains of their various  
companies.

"There is a Tide in the affairs of men."  
When you can buy the best encyclo-  
pedias at a fraction of their value  
and pay \$1.00 a month, you should  
recognize your opportunity. The use  
of a good encyclopedia is worth the  
dollar every month. See the window  
display at the H. H. Wilson Company.

**PHARMACY NOTES**

Baseball Team and New Frat Formed  
By The Pill-Mixers.

The juniors and seniors have recently combined in the organization of a baseball team. No schedule has as yet been prepared. P. H. Vaughn has been chosen as the manager and Geo. E. Haines as the temporary captain.

Early in February the Beta Zeta fraternity, composed of the members of the Senior class and of some of the Junior class were admitted to the national fraternity, Phi Chi, as the sixth chapter. The headquarters of the national body are at Ann Arbor, Michigan. The national body is composed of local chapters, resident at as many universities, and composed entirely of pharmacists.

The Seniors have decided to join the Senior classes of other depart-

ments of the university in wearing caps and gowns at the commencement exercises. In case this intention is carried out the present Senior class will be the first one to wear caps and gowns at graduation. While this step has not the complete approval of the class, yet it is thought wise to carry it out inasmuch as the present indications point to a practical unanimity in the adoption of the cap and gown by all of the other departments and the pharmacists feel that they do not want to be conspicuous in their every day garb.

**TENNIS HOP APRIL 25th.**

The glorious tennis hop, the date of which has been postponed and then changed around on several occasions is now finally set down as the 25th of April.

Better than the grand affair which was held last year, it will no doubt prove the event of the season. It will be given in the Armory and as on the previous occasion the men will be expected to appear in duck trousers and shirtwaists, together with all the other accoutrements which go to make up a successful tennis player. The girls will no doubt adopt a uniform dress of their own.

In order to accommodate as many as possible the committee has placed the price of the tickets at seventy five cents.

**FOOTBALL POKER**

The Greatest Game Out  
Mimic Football Played with Cards  
Easy to Learn—Easy to Play
