2014

UNIVERSITY OF MINNESOTA

May 16, 2014
7:00 p.m.

Northrop Memorial Auditorium
Minneapolis, Minnesota

The College of Food, Agricultural and Natural Resource Sciences promotes interdisciplinary scholarship supporting food systems, agriculture, and natural resources. CEANS helps keep Minnesota competitive and connected as challenges and discoveries abound in genomics, plant and animal biology, the relationship of food to health, the inter-relatedness of ecosystems, renewable energy, the promise of biocatalysis and bioinformatics, and the economic, communication, and policy issues associated with these discoveries.

We take our role as a land-grant institution seriously. Our programs revitalize the university's core mission and support the university's goals through interdisciplinary research efforts and a systems approach to complex problems. We provide solid scientific support for policy decisions through a statewide research and outreach network.

Welcome Guests

Welcome to this celebration honoring the achievements of the College of Food, Agricultural and Natural Resource Sciences graduates. For the safety and enjoyment of everyone in attendance, please remain seated, leaving the aisles clear throughout the entire ceremony. Thank you.

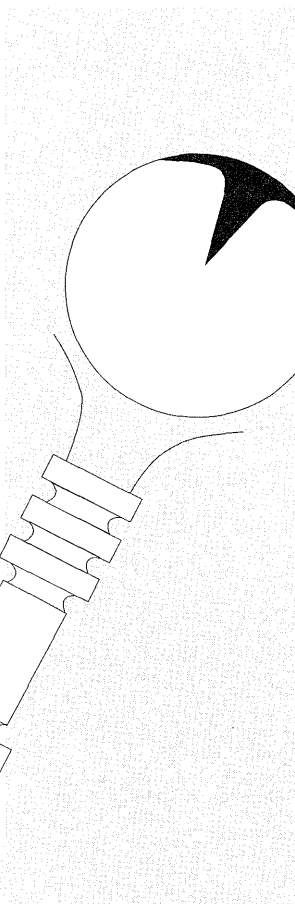

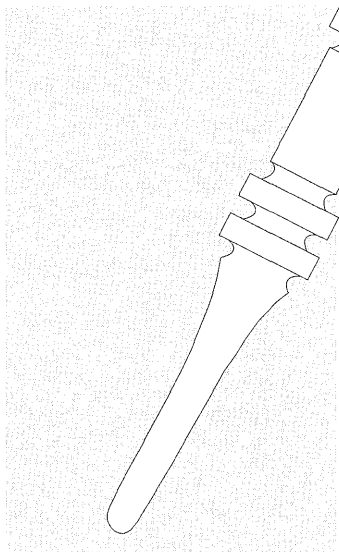

Academic Costume

Academic gowns date back to the 14th century, when they served two functions of nearly equal importance: to indicate the academic rank of the wearer, and to keep the scholar warm in the drafty stone halls of academia.

The markings, cut, and colors of the modern-day academic costume (cap, gown, and sometimes hood) indicate the academic degree, the field of study, and the institution that granted the degree. In the United States, the bachelor's degree gown is black and untrimmed.

At University of Minnesota undergraduate commencement ceremonies, mortarboard tassels indicate field of study. Honors graduates wear a medallion, and Distinction and High Distinction graduates wear cords.

The Mace

The University of Minnesota mace was carried for the first time in 1961 by Regents' Professor of Physics Alfred O.C. Nier at the inauguration of President O. Meredith Wilson. Art professor Philip Morton designed the mace: a crystal sphere four inches in diameter surmounted by the North Star, symbol of the state of Minnesota, on a solid aluminum handle set with the University regents' seal.

Recessional

(please remain seated during recessional)

About the Keynote Speaker:

Since 1978, Dr. Mark Seeley has worked to educate people about Minnesota's highly variable weather and climate. As a CFANS professor in the Department of Soil, Water and Climate and as an Extension Climatologist/Meteorologist, he has led numerous research projects, mentored and advised students, and is perhaps best known for his Extension and agricultural outreach work. In collaboration with the National Weather Service and Minnesota State Climatology Office, Professor Seely nurtured a Weather and Climate Education Extension Program which has reached all 87 Minnesota counties. Dr. Seeley is a frequent guest on Minnesota Public Radio and public television, and writes the weekly newsletter *Minnesota Weather Talk*. Many Minnesotans know him through his books and television documentaries about the state's weather history. Dr. Seely is the recipient of the 2014 Siehl Prize for knowledge contributed to agriculture.

Additional Honored Guests:

The Honorable Thomas W. Devine, University of Minnesota Regent

Senior Vice Provost Karen Hanson

Dr. Allen Levine, Professor, Food Science and Nutrition, CFANS

Ceremony Music: Adam Rossmiller, trumpet, Matt Hanzelka, trombone, Erik Jacobson, sousaphone, Reid Kennedy, drums

Honors Designations

College of Food, Agricultural and Natural Resource Sciences degree candidates may graduate with either Latin Honors (cum, magna or summa cum laude) or with Distinction (Distinction or High Distinction), or both. These citations are provisional and do not become official until all requirements for the award are fulfilled.

Latin Honors Designations

Students graduating from the College of Food, Agricultural and Natural Resource Sciences through the University Honors Program have taken part in a rigorous course of study, research, scholarship or other creative work in the major, culminating in an Honors thesis representing independent work done under the direction of a faculty supervisor or mentor. Students graduating Cum Laude (with Honor) have a minimum cumulative GPA of 3.50 for the last 60 graded credits at UMTC. Magna Cum Laude (with great honor) awards require a minimum cumulative GPA of 3.66. Summa Cum Laude (with highest honor) awards require a minimum cumulative GPA of 3.75 in the final 60 graded credits at UMTC.

Distinction Designations

Students earn graduation “with Distinction” or “with High Distinction” based on cumulative grade point average at the University of Minnesota–Twin Cities with at least 60 graded credits completed at UMTC. Students graduating “with Distinction” must have earned a cumulative GPA of 3.75 or higher in UMTC coursework at the time of graduation. Students graduating “with High Distinction” must have earned a cumulative GPA of 3.90 or higher in UMTC coursework at the time of graduation.

Note: Great care is taken to ensure the accuracy of the information presented in this commencement program, however, there may be unintended errors or changes without notice. This is not an official University of Minnesota graduation list.

Community Engagement Scholar Designation

Students graduating with the *Community Engagement Scholar* distinction have completed at least 9 credits of service-learning course work, at least 400 hours of community service, and a series of reflective pieces. They also have completed an integrative community engagement project that results in the creation of a sustainable project for a community organization.

Faculty, Staff and Student Awards

The College of Food, Agricultural and Natural Resource Sciences relies on the contributions of its faculty and staff to enhance undergraduate education. The commitment of college faculty and staff to teaching, advising, research, and curriculum development continues to provide energy and innovation for the college.

The recipient of the CFANS *Outstanding Teaching Award for tenured faculty* is Dr. Baraem (Pam) Ismail, Department of Food Science and Nutrition.

The recipient of the CFANS *Outstanding Teaching Award for non-tenured faculty* is Dr. Daniel Wheeler, Department of Soil, Water and Climate.

The recipient of the CFANS Alumni Society *Distinguished Faculty Award* is Dr. Vance Morey, Department of Bioproducts and Biosystems Engineering.

The CFANS Student Board's *Outstanding Professors* are Dr. Paul Porter, Department of Agronomy and Plant Genetics; and Dr. Joanne Slavin, Department of Food Science and Nutrition.

The CFANS Student Board's *Outstanding Faculty Advisors* are Dr. Paul Porter, Department of Agronomy and Plant Genetics; and Dr. Brian Steffenson, Department of Plant Pathology.

The CFANS Student Board's *Outstanding Student Organization Advisor* is Ms. Emily Ehlinger, advisor of Minorities in Agriculture, Natural Resources and Related Sciences (MANNRS).

The recipient of the *Innovation in Undergraduate Education Award* is David Schmidt, Research Engineer and Instructor, Department of Bioproducts and Biosystems Engineering.

The recipient of the *Dean E.M. Freeman Medal* is Rylee Ahnen, graduating senior, Nutrition major.

CFANS students who received the *President's Student Leadership and Service Award* are Rylee Ahnen, Nutrition major; and Elise Krause, Applied Economics major.

Hail! Minnesota

Minnesota, hail to thee!
Hail to thee, our college dear!
Thy light shall ever be
A beacon bright and clear;
Thy sons and daughters true
Will proclaim thee near and far;
They will guard thy fame
And adore thy name;
Thou shalt be their Northern Star

— *Truman E. Richard*

Thank You

Special acknowledgements to student and staff volunteers, and to the staff of the CFANS Student Services Office, for their work in coordinating and hosting the CFANS commencement ceremony.
