MEN'S COUNCIL SETS DATE FOR ANNUAL CANE-RUSH

First of Next Month Under Direction of Dr. Cooke—Third and Fourth Hour Classes Excused.

Saturday, October the first, at chapel hour is the time set for the annual freshman-sophomore cane-rush which will take place on the parade.

It will be staged under the supervision and direction of Dr. Cooke, who will secure overturn referees for the wrestling and boxing matches. He will also draw up detailed regulations which will be published Wednesday. The Men's Council, in charge of the arrangements, has appointed a committee to select guards and score-keepers from among the upperclassmen and also to arrange for roping off the parade.

President Northrop will be asked to excuse all classes third and fourth hours on the day named.

NIGHT COURSES INCREASED

Dr. Mitchell Hopes for Three Years' Extension Course on Economics With Diploma of Distinction.

"I look forward to a time when an organized evening course running over probably three years will have established and when diplomas of proficiency will be given," said Dr. Mitchell yesterday in speaking of the hopes for the economics extension course.

The success of this school has been phenomenal considering the short time it has been in existence. Already it has considerable standing; its certificates being recognized by the American Institute of Banking.

In point of numbers it far exceeds any such school established in any university. Last fall it had an enrollment of 130 which was increased to 200 by the second semester. There is not a doubt but that this year's registration will show a still greater increase.

MODEL SCROOL SURPRISED

Receive Three Hundred Rip Van Winkles in Strange Type—Found to Be Shorthand.

Opening a consignment of textbooks for the English composition classes in the Model School, Miss Mott found three hundred Rip Van Winkles written in a strange script. Deciding that a language that was in a tongue unknown to her was too deep for school children, the books were sent to the educational department. Mr. Wilson found the language to be the same brand of shorthand he used. Although the books were very simple to translate, they were sent back to the publishing house.

The mistake arose from the fact that when Miss Mott sent for the books, she ordered "three hundred Rip Van Winkles, published by the Columbia Phonographic company." Phonography, to the erudite, means shorthand. Hence three hundred "Rips" in pot hooks.

Alice Fuller and Jessie McCabe have pledged Delta Gamma.

COLLEGE OF DENTISTRY IS BEST IN THE WORLD

So Says Detray From Switzerland—Leading Dentists Advised Him to Study Here.

"I came to Minnesota to study dentistry because I know it to be the most complete in the world and the most difficult to pass through," said Maurice De Tray, a native of Switzerland, who is now studying dentistry at the University.

Mr. Detray comes from a family of dentists. All of the have won considerable fame in their profession. His father, the inventor of the universally used De Tray gold, came to this country to study dentistry forty years ago, being the first European to come to America for that purpose. His brothers have graduated from the leading dentistry colleges in Europe and it is by the advice of these men and their friends, leaders in the profession, that he has come here to study.

NEW MEDIC REQUIREMENTS

Project on Foot to Enforce Extra Year's Work as Intern on Hospital for Medics.

The medical department contemplates the addition of one more year's work to that course. This will make compulsory one year's work in the various hospitals. The course will thus extend over a period of seven years. This seven-year course is to be adopted to develop a more thoroughly equipped doctor. Since twenty-eight out of 31 last year took this extra hospital work voluntarily, this decision is but to enforce a custom and award proper credit for it.

An over-town paper made the statement that this addition was to be made to stop student loafing.

Dean Westbrook said yesterday: "The Boys do not loaf. This addition is made to enforce hospital work. The hospital work will help not only the students but the hospitals themselves. Notes of the methods employed in the various hospitals will be taken and compared. In this way it is hoped to have each hospital benefit by the results of all the others. It is hoped that the University hospital will become the nucleus and leader in the department."

All of the details have not been worked out as yet and no definite statement can be made at this time as to the awarding of diplomas. It is quite probable that they will not be awarded until the hospital work has been completed.

W. L. ENTERTAINED FRESHMEN.

A rouser program of songs followed by speeches opened the Woman's League party last Saturday afternoon. "Welcome," by Elizabeth Wrae; "Romance in Our College Future," by Dean Comstock; "The Social Side of College Life," by Dr. Anna Helmholtz, Phelan; "The Y. W. C. A.," by Elizabeth Bruchholz; "History of the Woman's Building Fund," by the former presidents, Ruth Colter and Josephine Schain, were the subjects.

NO ROOTER KING WAS SELECTED SATURDAY

Only Four Candidates Appeared Before Bleachers—Further Trials to Be Held Next Week.

So far the combined efforts of many of the student organizations have failed to accomplish anything in the matter of selecting a rooter king for 1910. Of the ten men elected for a try-out last Saturday but four reported. These men, Ralph Stokes, Claude Beddal, Frank Lawler and "Bunny" Rathbun, each had an opportunity to show what they could do as leaders. However, lack of organization and enthusiastic on the part of the students themselves worked against these aspirants for the kingship.

There appears to be no inclination on the part of the majority of the students to assume any responsibility in the matter. It will doubtless rest with the surviving members of last year's "rooters club" to take the initiative and make a selection. These same men will probably get another tryout next Saturday, when greater interest and better organization will enable them to clearly show their ability.

Rathbun, having had greater experience, seems to be the logical man for the position, but if the system of last year is followed, two men will doubtless be chosen, both Stokes and Lawler making a good showing Saturday.

PROBLEM PLAYS TOO HEAVY

Will Not Be Considered by Masquers This Year—Final Try-Outs for Dramatic Club Wednesday.

"Problem Plays" will not be produced by the Masquers this year, although some of the members of the Dramatic club are in favor of them.

Professor Charles M. Holt, instructor in dramatic art and coach of the club, said that such plays as Ibsen's "The Doll's House" and "Ghosts" would not even be attempted.

"We now are considering, or rather the students are, three plays to be produced this season. One of them may be played by Oscar Wilde—one of his shorter comedies. A labor problem play like 'The Pillars of Society' may be and has been produced. We have the talent to stage these plays and last year we gave Shaw's 'You Never Can Tell.'"

Wednesday afternoon the final trials for the Masquers will be held in room 311 Folwell Hall at 3 o'clock. All students who have dramatic ability are urged to try out at this time, particularly the men.

EUTERPEANS HOLD TRIALS.

Trials for Euterpean club will again be held this afternoon at 3:50 in Mr. Scott's music studio. All who have not tried out are urged to do so.

Euterpean club meets for the first time Thursday afternoon at 4 o'clock. This is an important meeting as officers will be elected and plans discussed for the coming year. It is planned to give two concerts and one operetta in town beside taking trips to many of the surrounding towns.

FRATERNITIES ANNOUNCE THEIR NEW PLEDGLINGS

Academic Fraternities Have Closed the Rushing Season—Professional Men Pledge Later.

One hundred and fifty men have been pledged by the eighteen national academic fraternities of the University. Less than ten per cent of new University men have joined the ranks of the Greeks. Although the lists of the academic fraternities are for the most part complete, the professional fraternities do not pledge their men until later in the year.

Following is a list of the fraternities with their respective pledges:

Chi Psi—Richard Cobb, Day Prindle, Neil Curry, Fred Legg, Bisbee Warner, Minneapolis; Ripley Dorr, Gerald O'Brien and Kenneth Lyford, St. Paul.

With the game on Northrop Field last Saturday the foot-ball season was formally opened. There remain four more games to be played this fall on our own grounds. We want Minnesota to win them all and when we do win of course everybody will be happy enough to want to celebrate. There are many and various ways of celebrating a victory, as any one connected with a large university may know. It is not unfrequently that university students have been blamed for disturbances over-town on foot-ball nights which in reality have been caused by persons not connected in any way with the University. Students have not been in entirely blameless in many cases, however, and it behoves them to have proper regard for the law and order in the future so as to prevent as much as possible any reflection upon the University that has been caused in past years. A celebration is all right so long as it stays within the bounds of law and order and does not transgress too far upon the rights of others.

RHODES REQUIREMENTS.
Candidates Must Know Latin, Greek and Math—Oct. 25 the Date.

Rhodes scholarship examinations will be held at 10 o'clock on the morning of October 25 and 26 in President Northrop's office. The examinations will be in mathematics, Latin and Greek. If the candidate has not had Greek he may make it up and take an examination before taking residence at Oxford. The Minnesota Rhodes commission, consisting of President Northrop, President Cowling of Carleton, President Bridgeman of Hamline, President Kildahl of St Olaf, President Mattson of Gustavus Adolphus and President Hodgman of Macalaster will choose the scholar from among those who successfully pass this examination or have passed in one given before. Fifteen thousand dollars a year for three years is paid by the scholarship. The successful candidate will take residence in Oxford some time in October, 1911. Information may be had by applying to President Northrop, President Hodgman, or the president of the commission.

Ruby Applebee, president of last year's Tam O'Shanter, has called a meeting of Cap and Gown for next Friday, September 30th, at 1 o'clock in Shevlin. It has been customary in former years for the senior girls to organize first and for some officer of the Cap and Gown to start the Bib and Tucker for the Freshmen girls.

GREEKS GET HOMES.
Many Changes in Location Made—
More Houses This Year
Than Before.

More fraternities and sororities than ever before are occupying houses this year. The Pi Beta Phi sorority commences its second year at 406 Eleventh avenue Southeast. The Kappa Alpha Thetas are at 215 Ninth avenue Southeast. The Alpha Phis started this year at 308 Eighteenth street Southeast. The Alpha Gamma Deltas have moved from their former quarters on Sixteenth street and are now living at 1013 University avenue. The Gamma Phis are at 1405 Sixth avenue, the Tri Deltas at 1812 Fourth street and the Alpha Xi Deltas at 1864 University avenue Southeast. Many of the academic fraternities occupy new houses this fall. Zeta Psis have moved into their new house on Tenth avenue between Fourth street and University avenue, their old location being occupied by Phi Sigma Kappas. The Delta U's are now holding forth on the corner of Fourth street and Ninth avenue until the Phi Gams have moved from 1110 Sixth street to 1212 Fifth street Southeast.

U. L. A. ELECTS.
The University Liberal association has elected officers as follows: President R. Warner Borst; vice-president, Elizabeth Carey; treasurer, Margaret Houck.

Glenn Gullickson, was elected principal musician and second lieutenant of the band at the regular meeting last Wednesday evening. The election was held to fill the vacancy caused by the failure of Paul Smith to return to college.

BIBLE STUDY RALLY.
Professor Roland Haynes and Mrs. Lindsey will speak to the Bible Mission study rally this afternoon in Shevlin at 3.30.

**PROFESSOR VICTIMIZED
BY DRAMATIC REPORT.**
Would Have Him Appear on Stage as Distinctive Type.

One of the Prominent University professors has been the object of sensational journalism lately that savors highly of the dramatic. Last summer Professor Underhill taught in Chicago University and during the time he stayed in that city visited at the home of President Judson. A French butler was employed in the Judson household and some enterprising reporter has tried to convince a credulous public that the butler was a genius in disguise serving in his humble capacity in order to gain material for his literary work. How the story originated is more than Professor Underhill can tell. Having had nothing whatsoever to do with the man in question, he says that he is hardly in a position to pass judgment on his literary abilities. Plays are often written but seldom dramatized and many people pose as playwrights who have no right to the distinction, but as for Professor Underhill's soon appearing on the stage as a distinct American type, it is simply the fiction of an ingenious reporter's brains, says the professor, and has been the source of much annoyance to both his family and himself.

Winthrop Bowen of Los Angeles is back at the University and will graduate from the forestry school this year.

METROPOLITAN.

"The Girl of My Dreams," a clean, wholesome, clever and a really musical comedy is at the Metropolitan for all week. John Hymans and Lillie McIntyre are the chief entertainers by the course of the play ably assisted by the other characters. There is not much of a plot but pretty music, good dancing and singing and clean cut comedy are ample compensation for the lack of it.

SHUBERT.

Mme. Nazimova in repertoire is at the Shubert for the entire week presenting "The Fairy Tale" by Schnitzler the first half, Ibsen's "Little Eyolf" Friday, and "A Doll's House" on Saturday. Mme. Nazimova is one of the foremost delineators of Ibsen roles and with her Slavic temperament is particularly suited to the characters. Her portrayal is an intensely passionate and artistic one.

FIRST GAME AUGURS WELL FOR FOOTBALL SEASON

Old Style Football Prevalent—Substitutes Used—Relay Race Between Halves.

Aside from several injuries the first game of the season with Lawrence last Saturday was certainly a success in every way for Minnesota. They ran up a good sized score. The team played in great form for this time of the year. It showed that they understood the new rules and are coached to use them. One noticeable feature of the game was the few penalties upon either side.

On account of the lack of condition on the part of both teams the men frequently took out time which made the game a trifle slow.

Every man on the team played good ball. The game was marked by the absence of spectacular plays. Only old-style football was played by the Gophers throughout the game, with the exception of one forward pass made in the latter part of the contest.

Vanstrum, Brant, Erdall, Randall, Sargent and Johnson were sent in as substitutes and their playing showed that they can be depended upon in case of injury to the regulars.

Dick Grant furnished a very interesting little one-act skit and brought the people to their feet when he sent Fred Anderson chasing Jack Busch in the finish of a thrilling relay race.

HAWK DEFEATS BRUCHHOLZ

Tennis Tournament Starts With Defeat of Last Year's Champion—Several Good Matches, On.

Featured by the defeat of Buchholz, one of last year's tennis team, by Hawk, the annual fall tennis tournament opened last Saturday. Playing started at noon but on account of the foot ball game not as many matches as expected were played off.

The surprise of the day came when Hawk, a new man at this University, defeated Bruchholtz in a three-set match 6-4, 4-6, 6-4. Both men played an excellent game and it was not till the last point was over that the winner of the match was decided. Hawk plays a fierce net game following up all of his serves as much as possible; Bruchholtz, on the contrary, plays a slow, placing game, depending not on his speed but on his accuracy, thus making the match a very pretty one to watch.

Barnes defeated Thompson in a very close match, finally winning by the score of 6-4, 3-6, 7-5.

Several very good matches are scheduled for the first round. Professor Northrup has drawn Registrar Pierce and the game should be a long and hard one. Armstrong plays Hodgmann and although Armstrong is picked to win he will be pushed hard.

The rain that has fallen will settle the dust and harden the courts so that they should be in the best of condition to begin play on again Tuesday.
