VOLUME XIV

THE UNIVERSITY OF MINNESOTA, WEDNESDAY, OCTOBER 2, 1912.

NUMBER 11

U. C. A. RECEPTION LARGEST

Annual Affair Marked by Largest Attendance in Years.

The reception to the freshmen, given by the University Catholic Association, Monday evening in Shevlin hall, was the most successful entertainment of its kind held in many years. It is estimated that nearly 300 Catholic students were present to participate in the festivities. President Vincent, who had been invited to speak, was unable to be present, owing to an out of town engagement. Father Wilbee, the spiritual director of the association, was present and welcomed the guests in a brief address.

Refreshments were served, after which various forms of amusement was provided to entertain the visitors. The latter part of the evening was spent in dancing.

The next regular meeting of the University Catholic Association will be held Sunday afternoon at 4 o'clock in the Y. M. C. A. building. Rev. T. E. Galien of the Immaculate Conception parish has been invited to address the association.

Y. M. C. A. RECEPTION WILL BE HELD SATURDAY

Annual Affair Promises to be Huge Success—Committee in Charge Plans Entertainment.

Reception Line, Vaudeville and Musical Performances Will Feature the Evening Program.

The annual joint reception of the Young Women's and Young Men's Christian Associations will be held Saturday evening of this week in the Armory at 8:30 o'clock. The plans for the reception, while embodying all the elements of this event in former years, have this year been enlarged and call for a great deal more variety than has been customary. The program is to be made up largely of musical and vaudeville numbers.

In the reception line will be a number of prominent faculty members and notable persons interested in the association work. The vaudeville program will start as soon as the guests have assembled and will include a one act play and several smaller comedy and musical numbers. Arrangements for the entertainment are in the hands of Harrison Fuller, '13, and Myrna Presnell, '13.

The reception is held for all members of the University community including the students, the deans, faculty members, the regents and their wives.

Pinchot Will Not Come.

Mr. Gifford Pinchot announces through Hugh T. Halbert that because of a previous engagement he will be unable to address the students Saturday. He will be in the Twin Cities on that day only, and will speak at noon in St. Paul. He is now touring the West.

Attend National Meeting.

Dr. George B. Frankforter and Professors C. F. Sidener, F. C. Frary and Lillian Cohen, attended the meeting of the national association of chemists at Washington recently.

ANNUAL CLASS ELECTIONS WILL BE HELD NEXT WEEK

Academic Class Elections to Begin Tuesday—Rooter King to be Chosen Monday.

Seniors and Sophomores to Use Ballot—Juniors and Freshmen to Hold Meeting Unless Changed.

The Academic Students' Council has set the following dates for Academic class elections:

October 8,—1913.

October 9,—1914.

October 10,—1915.

October 11,—1916.

The seniors, as customary, will elect their officers by ballot. The boxes will be in the Post Office and votes may be cast all day.

The sophomores, contrary to custom, have voted to conduct their election in the same way as the seniors.

The juniors will elect their officers at a meeting, unless decided to the contrary.

All sophomore and senior candidates must hand their names to Bernard Laughan, '13, chairman of the council, the sophomores before Tuesday, the eighth and the seniors before Friday the eleventh.

A member of the Council will preside over the freshmen until officers are elected.

The Rooter king will be elected Monday, the seventh, by open ballot on the campus. Names of candidates must be handed to George Gamble, '12 before Thursday noon. All candidates must try out on Saturday to be eligible for election.

The freshman-sophomore contests to be held Saturday will be under the management of the AH-University council, and the class elections will be under the direction of the academic council.

AN INNOVATION IN TENNIS

Instructions in Tennis for Girls Will be Given on the Courts Mondays Wednesdays and Fridays.

Classes in girl's tennis started Monday with about twenty-five girls on the courts near the law building. One court is being reserved each day for the girl's tennis tournament and two additional courts on Mondays, Wednesdays and Fridays for the classes.

Miss Lillian Lyford, with the help of two assistants will undertake to teach the classes which are being held on Mondays, Wednesdays and Fridays from 4 o'clock until six. Already nearly fifty girls have signified their intention to enter the classes. Opportunity for others desirous of learning the game will be given to register at Doctor Norris' office at any time.

ELEVATORS TO BE INSPECTED

President Vincent yesterday issued an order that all elevators on the campus excepting that in Elliot Memorial hospital be closed pending inspection. The action followed the accidental death of Ruth Burns, stenographer in the pathology building, last Friday. The elevators, after being inspected, will be improved in such a way as to prevent similar accidents in the future.

FOOTBALL TICKETS ON SALE.

Last Chance to Get Books For Season's Games.

Season tickets for the football games are on sale in the library rounda, today, between the hours of 11:30 and 4:00. This will be the last chance to secure booklets for the season's games. There are plenty of good seats left in sections three, four and five, although the Rooter's club has secured a large block of seats in section five.

The season tickets are \$3.00, with a rebate of fifty cents at the end of the season. They may be secured at windows one, two or three, at the registrar's office.

REV. M. D. SHUTTER GIVES INTERESTING CHAPEL TALK

Pastor of the Church of the Redeemer Speaks on the Young Man and His Duty.

Makes Stirring Talk on Manly Ideals and Duties—His Theme Well Received.

Marion D. Shutter, pastor of the Church of the Redeemer, Minneapolis, spoke in chapel yesterday on the young man's duty to himself.

His theme was this revision of Tennyson's idea: "The young man should find himself, respect himself, and master himself." He explained the first part by saying that the man must find out for what sort of work he is best adapted and to fit himself along that line. A man, to respect himself, must obey the laws of God, nature and man, according to a high minded interpretation of them. To master oneself the man must make his mind, heart, and body entirely subject to a better judgment that is governed by a careful conscience.

As a conclusion, he advises the students each to select as his life work something so hard that it is really worth while, both to the world and to the student.

MAG. GETS "THE DESERTER."

Outlook Gives Permission to Print Story By Alumnus.

The story of "The Deserter," written by Mary Katherine Reely, who graduated from Minnesota in June, 1912, will appear in the October number of the Minnesota Magazine. This story was accepted and published by the Outlook Magazine, which, in a letter received here yesterday, gave permission for its local publication.

ENGINEER SOCIETY ELECTS.

Officers Chosen for the Coming Year—Big Meeting to be Held.

At a special meeting of the Engineer's Society held yesterday noon, the following officers were chosen: President, W. L. Mahoney; Vice-president, H. H. Thurston; Business manager, R. H. Milne. The president was instructed to appoint the necessary committees and a general meeting to be held next week approved. This meeting, at which various members of the faculty will speak and to which all students in the engineering colleges are invited, is one which is held each year in order to acquaint the students with the aims and purposes of the society.

FOOTBALL TEAM GIVEN STIFF SIGNAL PRACTICE

Hard Workout and Light Scrimmage the Order of the Day—No Death of Men.

Material, However, is Either Light or Ineligible—Hard Fight Ahead For Ames.

In spite of the defeat at the hands of the Coyotes last Saturday, there was no decrease in the number of football candidates who turned out for practice last night and the night before. However, the fact that Erdall and Tobin received injuries that prevented them taking part in the scrimmage caused no little worry to the coaches. Both men, it is believed, will be able to be back in Saturday's lineup.

Just what Minnesota will be able to do against Ames is a matter of conjecture. Like South Dakota, Ames has a lineup of veterans and has been practicing since the last part of August.

There are numbers of men of considerable weight who come out for practice every night but some of the faculty has ruled them physically unfit for the team. Never since Dr. Williams took hold of Minnesota football has there been such a dearth of material. The havoc wrought by the stringent rules governing eligibility and the strict standard of amateurism that is now in vogue has had its effect.

Practice last night was of the usual order. Dr. Williams aided by his assistants worked the men until nearly dark, drilling them in the knowledge of defense and in the intricacies of attack. Outside of Erdall and Tobin the men all seem in good condition and it is to be hoped that these, too, will be in shape by Saturday.

As yet Dr. Williams has not voiced an opinion as to the outcome of Saturday's game. It is the opinion of those close to him, however, that the showing of the team will be vastly different from last Saturday. The team will have had the benefit of two weeks practice instead of one and one week more will mean a great change in the character of Dr. Williams' eleven. It remains to be seen how the student body will help the team along with its much-needed support.

FRESHMEN AFTER SOPHS

Keen Interest Being Taken in the Coming Class Scrap—Wardy Warriors Bought.

After the regular chapel services yesterday, a small but enthusiastic meeting of the freshmen class was held. Robert Henige, as temporary chairman, explained the conditions of the contest with the sophomores which is to take place October 12th. It was unanimously voted to leave nothing undone which will lead to the complete and ignominious overthrow of the sophomores.

Tryouts will be held Tuesday at four o'clock in 308 Folwell Hall to choose the most vociferous and eloquent orators. The speaker's staying qualities will be an important consideration. Representatives will be selected the same afternoon for the tug-of-war and the wrestling matches.

This issue edited by
Allen L. Moore.

At the opening of each college year there is always a good deal of information that should be given to the incoming new students, and much of it cannot be catalogued and told in so many words. There are some customs and practices observed at Minnesota however which should be obvious to every student even though he be here for the first time.

We refer especially now to the University song, and the respect due to it from members of the community. When "Hail Minnesota" is sung at chapel it is the practice of students to remain until the song has been finished, and it is to be hoped that hereafter, freshmen, and a few thoughtless upper-classmen will not dash madly from the chapel for luncheon until the exercises are finished. Aside from a question of disrespect, the practice is disturbing to those who desire to remain, and upper-classmen should see that the thing is stopped. At the football games it has always been customary for Minnesota men to rise and remove their hats when the University song is sung, and it should be impressed upon new students that we expect the same respect from them.

The conduct of University men in the stands at athletic contests is a matter which Minnesota prides herself upon. Muckerism in any form is not tolerated here, and our reputation for good sportsmanship must be maintained. For the benefit of freshmen it may be well to say that this matter is left entirely to the upper-classmen, and any offenders are dealt with speedily, and on the spot.

We do not expect you new members of the community to be offenders; rather we look to you as the future defenders of these and other traditions of Minnesota, but in order that you may avoid the unpleasantness of being subjected to any upper-classman's somewhat robust rebuke, we give this word of admonition.

Dean Declines \$9,000 Offer.
 Dean Woods, of the department of Agriculture, recently declined an offer of \$9,000 to become head of the agricultural department of the University of California. The Dean declined the offer very much to the satisfaction of all Minnesotans. The regents voted to increase his salary to \$7,500 and the difference in favor of the California offer failed to induce him to give up his work in Minnesota. Dean Woods has decidedly made good in Minnesota and his decision to remain, despite the offer of a larger salary, shows how thoroughly his heart is in the work.

NEWS FROM THE CAMPS.
Chicago—The varsity yesterday ran up a score of 25 to 0 against the freshmen. The backfield showed up especially strong and most of the coaches' attention was given to strengthening up the line. Chicago goes into the game against Indiana Saturday with great confidence of winning.

Illinois—Stiff from Saturday's skirmish with the freshmen, the varsity was yesterday given only a light workout. The new recruits on this year's team are showing up especially well. Among these are Hoffman, brother of the famous old Chicago lineman and Seeringhaus, a new 200-pound recruit.

Wisconsin—The varsity men with Gillette at the helm yesterday put up a wonderful scrimmage against the freshmen, although at times they were forced to let themselves out to the utmost. Coach Juneau seemed well pleased with the work of Keeler and Powell. There are now one hundred eligible men on the squad.

Iowa—Iowa coaches have gone on a hunt for a drop kicker to replace O'Brien, whose work last year was of sensational order. Scrimmages have been unsatisfactory and the team is slow in rounding into shape. The backs are proving weak on the defense. Coach Hawley is kept busy bolstering up the weaknesses of the team.

Nebraska—Coach Jumbo Stiehm is working the men hard in preparation for Saturday's game. Stiff scrimmage with the scrubs was the order of the day. The new recruits, most of whom are heavy men, are rounding into shape and a well ordered team promises to result. Five of last year's men are missing from the team.

SHEVLIN HALL POPULAR.

Many Functions to be Held There in the Near Future—Record Posted.
 That Shevlin-Hall is fast becoming the most popular place on the campus for the women students is shown by the number of engagements that are being booked. A record of the engagements for the afternoons and evenings of October has been placed on the telephone table in the hall, so as to avoid heart-breaks and disappointments such as have sometimes occurred in the past. As soon as all arrangements with Mrs. Ladd have been completed, a notation is made upon the record. The evening of Oct. 3rd has been taken by the University Liberal Assn. and a nurse's reception will be given on Oct. 5th. On the afternoon of Oct. 4th the Home Economics Assn. will give a spread.

Ames—A chapter of Delta Delta Delta has just been established at Ames College.

California—The foreign-born students in the University of California have just organized a cosmopolitan club for the promotion of friendship and the strengthening of international peace.

Students who have seen our candy made know that it is pure and clean. And yet our prices compare favorably with candies that do not enjoy our favorable reputation. Our goods show quality, purity, and variety. They reflect the care exercised in their preparation. They are part of the "better than need be" policy under which the Oak Tree is conducted.

UNIVERSITY CALENDER

Wednesday, October 2nd.
3:00 P. M.—Examinations for the removal of conditions in the following subjects will be held at the place designated by the instructor under whom the course was taken: Economics and Political Science; Drawing; Education; History; Mathematics; Music; Philosophy and Psychology; Sociology.

3:00 to 4:00 P. M.—Reading Hour in Shevlin Hall. Mrs. Jesse Ladd will read and all University women are invited.

Thursday, October 3rd.
12:00 M.—University mass meeting for the Minnesota—Ames football game on Saturday.

Friday, October 4th.
12:00 M.—Young Women's Christian Association weekly meeting. Address by Miss Winifred Tunell. Shevlin Hall.

4:00 P. M.—University Public Lecture: "The Life and Art of the Homeric Age" (illustrated). Mr. Mitchell Carroll, General Secretary of the Archaeological Institute of America. 311 Folwell Hall.

Saturday, October 5th.
Chapel assembly will be omitted on account of the football game.

3:00 P. M.—University Foot Ball Game, Minnesota vs. Ames. Northrop Field.

8:00 P. M.—Y. W. and Y. M. C. A. reception. The Armory.

Fresh-Soph. Debate Tryouts Changed

Tryouts for the sophomore debate team will be held Friday, October 4th at 3:15 p. m. in the oratory room in Folwell Hall, instead of Wednesday, October 2nd, as previously announced.

Y. W. C. A. meeting date changed. The regular meeting of the Y. W. C. A. has been changed from Wednesday to Friday at 12 o'clock. The change was made on account of the personal hygiene lectures for freshmen girls which have been given on Mondays and Wednesdays. This week the meeting will be addressed by Miss Woodberry the famous authority on Mormonism. She will take the place of Miss Winifred Tunell.

AGGIES AT FORT SNELLING. Agricultural School Cadet Camp Now On—Range Record Broken.

About one hundred and fifty cadets from the Agricultural School will be in camp all this week at Fort Snelling. They will be in charge of Commandant Lieut. James B. Woolnough, Sergeants Rhinow and Peebles, and cadet officers, Lieut. Col. J. M. Peterson, and Majors Hibbard and Swanman.

There will be another opportunity for range shooting for the cadets next Sunday. Lieutenant Lundeen of Company F, National Guard, who has heretofore held the Fort Snelling Range record by making a grand total of 139 points out of 150, was displaced last Sunday, when Richard Eswein made the splendid mark of 140 out of a possible 150. Of these points he made 45 at the 200 yard range, 46 at the 300 and 49 at the 500 yard range.

Alumni to Meet at Hibbing. The Range Alumni will meet on the evening of October 4th at Hibbing, Minn. Dean Vance will be the guest of honor. Professor Willis M. West, Dean Appleby and Secretary Johnson are expected to be present. Any alumni who should be included in this affair, who may be missed by the committee in sending out invitations, are urged to make themselves known to Dr. B. S. Adams

REJUVENATED MANDOLIN CLUB IS MAKING GOOD

First Rehearsal Held—Club prepares For Its First Concert—More Men Are Needed.

Rehearsals to be Held Every Tuesday—Arrangements Being Made for Concert October 19th.

The University mandolin club held its second rehearsal in the band room at the Armory yesterday. The club bids fair to become one of the most successful of the student organizations and its progress this season will be watched with interest.

At the present time the club has seven mandolins, two flutes, two guitars, a violin and a cello. This season the club is making a specialty of popular music and has already made rapid progress.

Although no definite organization has as yet been perfected, the preliminary arrangements and rehearsals have been in charge of McKinley, Swanman and Horton Daniels. New music has been ordered and already preparations are under way for a big concert to be held in chapel on the evening of October 19. Other concerts will be held throughout the school year and it is probable that the club will join the Glee club on its annual Eastern tour.

Rehearsals are being held every Tuesday in the band room at the Armory from two o'clock to four. About twenty-five members are desired, leaving quite a number of positions yet to be filled.

AMES COACH CONFIDENT. Sees Nothing but Victory for His Men on Saturday.

With more than a month's practice over, Coach Clyde Williams and the Ames team are confident of repeating South Dakota's defeat of the Minnesota team when they come to Northrop field next Saturday.

The Ames team has been at work since the end of August with a veteran aggregation and so far everything has gone smoothly.

The line veterans Juhl and Pgund at guard, Hunt at tackle and McDonald at end, are all sure of their places. The other positions are not yet settled. Captain Hurst is playing his usual steady game at quarter and the two halves will be veterans. When the team meets the Gophers Saturday it is probable that they will outweigh Minnesota many pounds in the line.

Fall Tennis Prospects Good.

Tryouts in the eligibility tennis tournament are going merrily on and it is probable that the squad will be chosen by Thursday. According to Captain Stellwagen prospects were never brighter for a successful season. At present the dope on the men places them about as follows: McGee, Barnes, Hoshour, Stellwagen, Lampert, with Smith and Kennedy contesting for sixth place.

Sunday Forum Vocational Lectures.

On October 4th, Dean George F. James will give, at St. Peter's Church, the introductory lecture in a course on vocational training. Among the other speakers in the course are Dean F. J. Wulling, October 18th, Principal D. D. Mayne, November 15th, Dean A. F. Woods, December 6th and President George E. Vincent, December 20th. These lectures are being given under the auspices of the Minneapolis Sunday Forum.

Yale—The summer baseball question has been definitely settled at Yale by action of the University Athletic Committee. Resolutions have been adopted to the effect that no man shall be eligible as a candidate for any University team who has at any time received any compensation for participation in any athletic sport.

YOUR opening weeks

of the college year bring together a lot of well dressed fellows. Good clothes are an important feature in a chap's equipment for student life and for after life; the man whose mind is active to catch the newest style thought is generally "up-to-snuff" in other matters of latter day affairs, and vice versa.

All these men we are helping along with M-L-R

L System Clothes

The weaves, the designing, the fabrics are all handled for young men. In suits there are nifty Norfolks, the double-breasted which has "come back", club sack styles with high cut vests, six-button waistcoats, trousers with permanent cuffs, neither too wide nor too narrow. In overcoats, Chesterfields and adjustable-collar ulsterettes with all sorts of youthful stylings:—

\$18 to \$35

AMONG other things in dress that will make the "reliability run" are sweater coats, \$3.50 to \$10, Gym suits (including letters) \$2, U of M marching shoes, designed by the Commandant, \$5; "Jungle" finish soft hats from the hat style shop, \$3: and

Cadet Suits

The making, fitting, trimming of these has been going on here for 20 years. Any graduate, any officer, anybody who has ever worn one of these will tell you that our system of individual made-to-measure work on our own premises with privilege of try-on and satisfaction guaranteed before taking and after wearing is the right way to get your drill suit. Get choice of two weights and have the satisfaction of wearing a suit that no one else has ever worn. a suit made for you: the cadet suit of a gentleman.

The only way you can really know how good all these things are is to see them: samples are in our University window, corner 14th Ave S. E., and University. Better still come to the salesrooms over town, Nicollet Ave. corner 4th St. College men are making their headquarters at this store where the buy-word is "Money Cheerfully Refunded".

To each of the first 200 University of Minnesota students purchasing the L System clothes and making himself known to us as such we will give a college poster different from any other that you've seen.
