IRS TAX TIPS
To Save You Money

■

If you itemize your deductions, be sure not to overlook any—you may be able to deduct the cost of transportation to and from the doctor's office, the rental of a safe deposit box, union dues, uniforms, and donations to your favorite charity, for example.

■

If your income for 1981 is more than your average income for the past four years, try "income averaging." It could save you money. See Schedule G, Form 1040, Income Averaging.

■

If you itemize deductions and are using the Sales Tax Tables to find the appropriate amount of sales tax to deduct, remember to use your "total available income," which may include some nontaxable items such as social security and welfare benefits, when reading the Sales Tax Table.

■

Order free IRS publications—over 90 topics in all. Use the handy order form in your tax package.

AIR FORCE

ROTC
 Gateway to a great way of life.

Small organization has openings for college graduates. Good pay, good future, job satisfaction.

We're the Coast Guard. But, although we're the smallest service, our work is some of the most important in the country.

As you probably know, we're in the business of saving lives and property.

But we're also charged with protecting our coastlines, our Great Lakes, our waterways. Regulating the 200-mile fishery conservation zone. Intercepting narcotics trafficking. Monitoring the vessels that traverse all of our major ports.

All big jobs. Requiring top people.

That's why we need good, qualified, ambitious men and women.

Put your Bachelor's Degree to work.

We're especially interested if you have a technical degree—in engineering, science; mathematics, or computers. We've got plenty of work that takes your special talents and skills.

Once you finish officer's candidate school—18 weeks in Yorktown, Virginia—

we'll give you a job with responsibility. You'll work with the most advanced equipment and technology known. It'll be good work with men and women of your corresponding talents and abilities.

The benefits. And the rewards. A good starting salary that can increase by over 40% in your first three years with normal promotion and seniority raises. Free medical and dental care. A living allowance.

Tuition assistance for off-duty education.

Thirty days of paid vacation.

A generous retirement plan.

IRS TAX TIPS

To Save You Money

If you itemize your deductions, be sure not to overlook any—you may be able to deduct the cost of transportation to and from the doctor's office, the rental of a safe deposit box, union dues, uniforms, and donations to your favorite charity, for example.

If your income for 1981 is more than your average income for the past four years, try "income averaging." It could save you money. See Schedule G, Form 1040, Income Averaging.

If you itemize deductions and are using the Sales Tax Tables to find the appropriate amount of sales tax to deduct, remember to use your "total available income," which may include some nontaxable items such as social security and welfare benefits, when reading the Sales Tax Table.

Order free IRS publications—over 90 topics in all. Use the handy order form in your tax package.

To Save You Money

■

If you itemize your deductions, be sure not to overlook any—you may be able to deduct the cost of transportation to and from the doctor's office, the rental of a safe deposit box, union dues, uniforms, and donations to your favorite charity, for example.

■

If you income for 1981 is more than your average income for the past four years, try "income averaging." It could save you money. See Schedule G, Form 1040, Income Averaging.

■

If you itemize deductions and are using the Sales Tax Tables to find the appropriate amount of sales tax to deduct, remember to use your "total available income," which may include some nontaxable items such as social security and welfare benefits, when reading the Sales Tax Table.

■

Order free IRS publications—over 90 topics in all. Use the handy order form in your tax package.
