#### TO ALL INSTRUCTORS IN THE COLLEGE OF SCIENCE, LITERATURE, AND THE ARTS

The Registrar's office will shortly send to the heads of departments class lists made up on the basis of lists of sections furnished by departments at registration time. These will be distributed to the instructors so that each instructor will have an accurate list of students of this College in each of his sections.

These lists contain space for the reporting of the grade and absences of each student and will be used by the instructor in making the delinquent report on November 13. Only grades and absences of those students whose grades are D and below need be entered. Complete directions will be found on each class list.

The Executive Committee has endeavored to reduce the clerical work required of each instructor to a minimum in order that there may be no delay in making the report. Instructors are urged to see that their reports reach the Registrars office not later than November 13 in order that there may be no delay in the work of the Student's Work Committee.
