THE UNIVERSITY OF MINNESOTA, THURSDAY, SEPT. 25, 1913.

NUMBER 7

## ONLY ONE CANDIDATE COMES OUT FOR BOARD OF ATHLETIC CONTROL

Raymond Ziesemer Is Out For Law Representative—Special Election Saturday.

## DOERMANN DECIDES TO COMPLETE TERM.

Necessity for Academic Representative is Removed—Polls Only at Law School.

Raymond Ziesemer is the only candidate out for the law representative on the athletic Board of Control in spite of the fact that the elections will be held next Saturday. According to the by laws all names for office must receive publicity prior to the day of election. This leaves only to-day for the announcement of any new candidates. All names should be handed to E. Sawyer, box 1303 by this evening, the day of election. There are only two more days remaining so there is still time for any announcements.

It was first thought that a representative would be elected from the academic college to fill an expected vacancy. Henry Doermann, present academic representative, and secretary of the Y. M. C. A. has decided to complete his term of office as he is still a registered in the academic department.

The All-University Council will have charge of the elections. Only law students have the right to vote as the new man is to be a representative from their college.

## MISS SANFORD DRAWS CLAIM AT FORT PECK RESERVATION

Retired "U" Instructor May Live On Homestead on Montana Reservation.

Will Devote Time to Writing Lectures on Literature and History of Art.

Maria L. Sanford, professor emerita of the university, 77 years old, has been awarded a claim in the land drawing contest at Fort Peck Indian reservation in Montana. Miss Sanford received number 346 in the land drawing for 8,000 farms. Miss Sanford registered for a claim while in Montana recently on a lecture trip.

Though she retired in 1909 as professor of rhetoric and head of the rhetoric department at the university, Miss Sanford has been tireless in her speaking engagements for the last four years.

Friends of Miss Sanford believe she will live on the claim for the required period, spending the time in writing her lectures on literature and the history of art as well as making other contributions in the literary field. These friends say that Miss Sanford's determination to file on a claim is but another of her efforts to liquidate obligations incurred by her years ago when she made some ill-advised investments. This is known to be her purpose in filling lecture engagements during her advanced years. Miss Sanford is familiarly known as the "best loved woman in Minnesota." She lives at 1050 Thirteenth avenue southeast.

## OUTGROWS OLD OFFICES.

Increased scope of activities and a larger staff to take care of the clerical work in Prof. A. D. Wilson's department at the Agricultural school, has necessitated a new suite of offices. The work rooms have been fitted up in the main building, and will be occupied exclusively by the agricultural extension division.

## TICKET SALE IS BRISK.

Satisfactory Number of Season Tickets Sold Yesterday.

Reports from the office of the manager of athletics late yesterday stated that a fairly large number of the new five dollar season tickets were sold during the day. Although the sale was not as heavy as the sale of football season tickets has been in years past, it was nevertheless quite satisfactory to those in charge. It is expected that the demand will be quite heavy later in the week and especially just before the game with South Dakota.

## CARL SCHEUER, VIOLINIST APPEARS IN CHAPEL TODAY

Assistant Concert Master of Minneapolis Symphony Will Render Program.

Earl Balch, Baritone in The Glee Club Will Sing Several Selections.

Assistant concert-master, Carl Scheurer of the Minneapolis Symphony Orchestra will make his first public appearance on the campus this noon in chapel. He has recently been selected by the University to take charge of a new department in the School of Music where he will be instructor of the violin. Few persons knew that he was teaching over here and this will be his initial bow to the student public. A large audience is expected to hear the program.

Mr. Scheurer is known extensively as a violinist of ability and his solos have become popular not only in the Twin Cities but throughout the country, wherever the Symphony Orchestra has given programs. Mr. Scheurer is still a young man and has come, not many years ago, from a long period of study in Berlin. Besides class work have been found for Mr. Scheurer at the University, and it is expected that he will organize in the near future, a University Orchestra, and train a string quartet which was so popular last year.

Earle Balch, member of the University Chorus and Glee Club, and a Junior Academic will also sing two solos today, entitled "Morning," by Oley Speaks, and "Down Deep in the Cellar," an old English song. The selection Mr. Scheurer will lay has not been announced.

## PRESIDENT CASTS BALLOT

Wilson Returns to Privation to Vote For Gubernatorial Candidate.

President Wilson went to Princeton, N. J. Tuesday for the first time since March 3rd to vote in the Democratic primaries for governor. After finishing his business he turned the day into one of joyful reminiscences and wandered with his friends through the campus of his home university.

It was the proud alumnus rather than the chief executive of the nation who strolled about, pointing out to his guests the chief points of interest about the university.

In the trophy room at the gymnasium he called attention to the collection of footballs and baseballs, some painted red and some blue. "The blue ones are those we won from Yale and the red ones we won from Harvard," said the President, "We are very proud of them."

After his tour of the campus the President went to the Cleveland Memorial Tower, and then visited the Graduate School. He also went to his old home, on Cleveland Lane, where he interested his friends with his many trophies.

## ALL-UNIVERSITY COUNCIL WILL SWING BIG STICK OVER STUDENT POLITICS

Will Probably Start Investigation of Methods Employed at Elections.

## MEN MAY BE GOVERNED BY POINT SYSTEM.

New Members Elected Last Spring Will Set in Council for First Time.

Electioneering and corrupt machines in student politics have probably seen their last days at the University. Aroused by persistent rumors that there has been some electioneering in past years the All-University has decided to take up the matter and investigate the veracity of the charges. Members of the council declare their intention of swinging the big stick of student opinion over the heads of all elections where there is even a suspicion of electioneering and they will probably pass rules to guard against such a thing.

The council has strong faith in the honor of the student body both of the past and present and their action is taken in order to safe-guard against the violations of the unwritten rules, regulating elections.

Another little bird came to the council and whispered that it wouldn't be a bad idea to plan and adopt a point system among men similar to the one in use by the women. The system rates each office on any student organization by points and no one is permitted to have more than a certain number of points behind his name. This permits a distribution of honors among the men as well as the women. The matter will be taken up at the meeting this afternoon.

The new members elected last spring to fill the vacancies will sit in the council for the first time as this will be the first meeting since the last election.

## EXTENSION DEPARTMENT READY FOR YEAR'S WORK

Pres. Vincent Will Formally Open Classes Next Saturday Night.

Special Musical Program Arranged Registration Exceeds That of Former Years.

With the addition of several speakers of note and a special musical program to the preparation already made, the extension department has completed arrangements for their inaugural ceremonies to be held Saturday evening of this week. President Vincent will open the ceremonies, which will include addresses by himself and Professor R. R. Price, new head of the extension department, and a talk by Mr. Allen Albert, the associate publisher of the Minneapolis Tribune. Mr. Davies has arranged a special musical program to conclude the entertainment, after which registration blanks will be passed around and those who desire to do so will be given an opportunity of registering for the work.

Although the exact total enrollment to date can not be definitely ascertained, the registration will undoubtedly exceed that of last year, and is expected to go above 800. Last year's registration in the evening classes totaled 737, and not 663 as previously erroneously stated. Regular work in the department, covering a wide range of courses from academic to commercial subjects will begin Monday evening, September 29th.

The inaugural exercises will be held in the University chapel, Saturday evening at 8:00 o'clock.

## NEW TABLET FOR ARMORY.

Sec. Daniels Sends Relic From Battleship Maine.

Secretary Daniels of the United States Navy has sent a tablet made from the metal recovered from the battleship Maine to the University. The plate measures thirteen inches wide and eighteen inches in length. It will be placed on the walls of the Armory together with other tablets commemorating the memory of the Minnesota students killed in battle in the War with Spain.

## FRESHMEN ADVISORS WILL ESCORT THEIR PROTEGES

Protectors Plan to Attend W. S. G. A. Reception With Their Charges.

Get-together for New Women Will Be Held in Armory Saturday Afternoon.

Senior advisers will be on the job again Saturday afternoon when they will escort their Freshman charges to the reception given in the Armory Saturday afternoon, and they will also act as sponsors after the arrival at the building. Dean Sweeney will stand in the receiving line along with officers of the association.

The Woman's Self-Government association has planned the party for the new women who have just entered this year, and although the reception was arranged primarily for them the presence of the old students is thought necessary for its success. All women students regardless of the college to which they belong are invited by the committee to attend.

After 4 o'clock the band will play for those who wish to dance.

## USHERS SELECTED FOR GAME.

Men Will Report at Armory Gate By One O'clock.

The following men are to report at the Armory gate of Northrop field Saturday, the 27th at one o'clock sharp to usher for the South Dakota Game.

1st Lieut. Aasaland, Co. B; and Lieut. Kane, Co. B; Fisher, McGeary, Dalton, Cohen, Marr, Stenahan, Logefiel, Wanberg, Monk, West, Irwin, Covell, Knuss, All of Co. B. and McCann, Battery.

## TRACKMEN GET TOGETHER

Twenty Men Report For First Meeting—Plan For the Year's Work.

The first meeting of all candidates who expect to try out for the Cross Country team was held yesterday afternoon in the Armory. About twenty men attended the meeting, among whom were Lewis, Wuest and Moore of last year's team. A number of new men appeared, including quite a number of freshmen, who will be eligible to participate in the hare-and-hound race to be run in the near future.

Plans were spoken of which may result in a triangular Cross Country meet between Wisconsin, the A. B. C. of Minneapolis, and the University runners. It has been suggested that the meet be held on the day of some foot-ball game.

Coach Dick Grant and Captain Lindeberg gave the men talks encouraging them in their work, also giving suggestions as to training. Active work will begin next Friday morning, and from then on two workouts a day will be indulged in.

The first call for regular track men has been given, when it is hoped every old man and all candidates for the team will appear. This first meeting will be held next Wednesday at 5 o'clock in the band room of the Armory.

## GOPHERS GET FIRST TASTE OF REAL SCRIMMAGE WORK FOR THE YEAR

Doc. Williams Works His Squad at Stiff Practice Until After Dark.

## SECRECY MAINTAINED AT NORTHPROP FIELD.

Eligibility Committee Will Pass on the Names Sometime This Afternoon.

Dr. H. L. Williams put his band of Gopher moleskin wearers through their stiffest practice of the season yesterday afternoon, working them hard until dark.

Practice more secret than ever prevailed and few were the spectators who succeeded in gaining admittance to Northrop Field. "Pinky" Hayward, clad in civilian garb was one of the favored few.

About 60 candidates were on the field and of these two dozen were under the eye of Coach Williams. The men were first given some practice in tackling the dummy and pushing the drag. They were then treated to several hours of severe scrimmage work, interspersed with a little signal practice. Straight football will doubtless be used in the brush with South Dakota Saturday. Dr. Williams refusing to allow his best plays to be uncorked until there is need for them in the bigger games.

Because of the great secrecy maintained by the powers that be at Northrop Field, it is very difficult to make any accurate statement as to the Gopher lineup for Saturday's contest. It is probable, however, that it will be as follows: Fournier and Captain Aldsworth, ends; Barron and Sawyer, tackles; Rosenthal and Ostrom, guards; and Robertson, center; It is almost a certainty that Tollefson, McAlmon and Shaughnessy will be seen in the backfield. Either Bierman or Mattern will be McAlmon's running mate at the halfback position and Solon may replace Shaughnessy at fullback. The squad is making rapid progress under the tutelage of Dr. Williams, his assistants, McDevitt and Sig Harris, and several former Gopher gridiron stars and will be in the best possible condition for the brush with the Coyotes.

This afternoon twenty-six men will go before the eligibility committee to be passed on by that body. More candidates will be inspected by that committee later in the season, but this list includes all of those men who are likely to be used against South Dakota. It is confidently expected that all of these men will be given clear bills of health at this afternoon's session.

## CAN NOT KEEP STILL

Monroe of Faribault Intends to See Senate About Entrance Requirements.

John Munroe, superintendent of schools at Faribault, Minn., is bound to make trouble for the university authorities over the stiff entrance requirements now in force, if there is any possible way in which he can do it. To that end he is planning his third trip to Minneapolis within three weeks, and will, while here, present his views before the special committee of the University Senate, appointed recently to look into the entrance regulations, whereby high school graduates are barred from admission if their average marks fall below a certain standard.

Mr. Munroe has obtained more notoriety because of his sturdy opposition to what he calls "useless restrictions," than any other educator in the state.

**EDITORIAL COMMENT.**

We understand that the All-University Council meets this afternoon to discuss, among other things, corrupt practices connected with university elections. Just at this time we can think of nothing upon which the All-University Council could afford to take quicker action. The habit among certain organizations on the campus of combining at university elections to put into office men who belong to one or another of the organizations is almost too well known to need explanation. We have in mind one especially flagrant case of a not far distant date; and we agree with our contemporary, The Minnesota Magazine, that the custom is wrong both in theory and in practice.

The fall elections are already in sight. The election to fill a vacancy on the Board of Athletic Control is set for Saturday morning and other elections will follow soon afterward. It is, therefore, quite opportune that the All-University Council should take some cognizance of this and the fact that university politics have for a long time been none too free from practices that savor of corruptness.

We do not say that incompetent men have been placed in office by these practices. It takes a competent man to be even a university politician. But we do say that the best men have sometimes been beaten out of office through the workings of a political machine resembling in miniature the famous "steam roller" of national fame. We would like to see electioneering eliminated altogether. There is already a restriction against electioneering within fifty feet of the polls, but it does not stop electioneering, and by no means does it stop the combination of organizations which is even more corrupt. To sum it all up, we decline to admit that electioneering in any form is desirable. Men should be placed in office solely upon the basis of their merits. We sincerely hope that some effective political legislation will come forth from the council meeting this afternoon.

**FROM OTHER CAMPS**

Assistant Editor of The Daily Cardinal Writes to Minnesota Daily.

By Hugo Boguslawsky.

Madison, Wis., Sept. 23—(Special)—The bears and the bulls are having a merry time of it at Wisconsin.

With the gridiron season well under way, Badger forecasts are varying from the blackest sort of "bear stories" to predictions of another championship walkaway. Every follower of the team has his own pet theory and forecast.

The truth of the matter seems to be that no one, from "expert" to "frosh," knows anything definite about the Cardinal prospects. There have been so many upsets in the camp, so many kaleidoscopic changes, that matters are well "up in the air." Four veterans all counted on for the 1913 machine, have failed to return to school, and ineligibility has laid hold of another old timer. On the defection of this quintet the "bears" base their gloomy forecasts. On the other hand, eight or nine "W" men left over from last year's machine, four of them All-Western selections, together with the best freshman material of years, give the optimists plenty of ground for a championship forecast.

The big "if" lies in the backfield. Last year's quartet is shattered completely, with only Captain Tandberg at full back to represent the old guard. "Buck" Bellows, counted on as a sure successor to Gillette at quarter back, has failed to return to school because of the death of his father. "Ole" Moffet, one of the most promising backs Camp Randall has seen for years, has entered Pennsylvania. "Norm" Hinman, counted on to do the kicking from a half back position, has entered Marietta College, of which his father is president. "Heine" Berger, another regular half back, is also lost to the squad, and may enter Chicago for some special courses not included in the Wisconsin curriculum. These four men alone form a very formidable backfield, so that their loss is a heavy one. It leaves to Coach Juneau the necessity of developing a quarter back from green material, and of finding half backs who can "plug" the vacancies.

The rush line is not causing any worry. New material is so strong that the prediction is freely made that some of the veterans have an equal chance of losing their positions to new men. "Gene" Van Ghent, a tackle, who has been kept out of the games for two years by injuries, may be shifted from the line to the back field. Although "Van" weighs 205 pounds, he is one of the speediest men on the squad, as a record of 11 seconds flat in the 100 yard dash, wearing complete uniform testifies. Make your own bets! Almost any sort of prediction will pass in Madison until things take more definite shape. Only one thing seems certain—that with exceptionally strong teams expected from Chicago and Minnesota, the 1913 fight should be one of the most strenuous yet recorded.

Practice at Camp Randall during the first days has been very light, and scrimmage is still several days off.

Chicago.

The University of Chicago football squad went through twenty minutes' hard scrimmage practice yesterday with the teams in charge of the two rival candidates for quarterback. Des

**Sundry Comments on The Passing Show by "The Campus Wags."**

Minnesota Should Swell With Pride. Every institution has its back sliders, its moss backs, and its crabs, but few institutions can boast of having these qualities combined in so small a scope as "Two Seniors."

Minnesota has such individuals in the shape of the conservative gentleman who wrote the communication in yesterday's Daily. Such individuals actions might well be compared with the hibernation of the American Black Bear, or the New Jersey Clam. They go into their place of seclusion in order that they may better look upon the frivolities, and levities of this most pessimistic old world, there they sit in perfect peace with nothing to disturb their Stigian preference. Suddenly on some bright morning they are disturbed by the movement and beauty of the happenings of the real world outside. The inhabitants rush out, show their teeth, growl a bit, and retire again into their own true atmosphere. They have already growled, we hope they will show their teeth soon. Inasmuch as the winter is fast coming on, we suggest that our local moss backs shake the hay seed from their weeds and retire before the happy community is further bothered by their misplaced sense of propriety. "The Wags."

**FROM OTHER CAMPS**

Jurden and Whiting opposed each other at center while Breathed, last year's substitute quarter and Russell, quarterback last season for the sensational Oak Park High school team, directed the plays. Neither team scored. Punting, running down under kicks, falling on the ball and tackling, kept the men busy the rest of the time. Night practice may be commenced next week.

**Northwestern.**

Northwestern university's football team probably will be light this year. Five new candidates appeared on the field yesterday, the heaviest of whom weighed 170 pounds. Coach Grady put the players through hard practice catching and running down punts. The work so far has developed that the new men are weak in tackling. Hightower, the veteran quarterback, who was one of the conference stars last year, and Gruhn, last year's left halfback, showed class in running with the ball.

**Wisconsin.**

Louis Berger, prospective fight halfback and Harold Moffett, the man reputed to be able to press Captain Tanberg at fullback, will not be in line for places on the 1913 football machine. As a result of business affairs Berger is compelled to quit school and Moffett has enrolled at Pennsylvania, both were members of the varsity squad last season, participating in a number of the conference contests. Gelein, last season's general choice for all western guard, has only slight chances of removing dangerous scholastic difficulties. In the event that Gelein is lost, Juneau will be forced to undertake the grooming of the entire left side of the varsity line, Hoeffel and Samp, co-workers of Gelein on the 1912 aggregation having been lost by graduation.

**Illinois.**

Paul Hardinger, huge guard on last year's Illini freshman was hailed yesterday on Illinois Field as a brand snatched from the burning. Hardinger lined up with the varsity and announced that he would disobey a parental edict to attend the University of Chicago. At noon the beefy youngster boarded a train for Chicago with the explanation that he was compelled to attend the mid-way institution after all. The sudden change of mind followed a lot of long-distance conversation with his father and brother in Chicago. Young Hardinger will be ineligible for a year. The prospect that he might be obliged to play against his own brother in the Chicago-Illinois clash on Nov. 1 is believed to have influenced his decision to attend Chicago. The loss of the forward was a sad blow to the Illini, depleting Coach Zuppke's scant nucleus of linemen.

Wolzer, a heavy recruit from the University of Wisconsin, appeared but he is doomed to the ineligible. Captain Perry Graves, star end on last year's freshman and Brandon, half back on the same squad, both appeared.

Phi Kappa Psi will entertain at an informal dance at the chapter house on October the tenth.

Psi Upsilon announces the pledging of Paul Gummer of Frazee, Minnesota, and of Harry Caster of Waseka.

President and Mrs. Vincent entertained all new out-of-town students at their home Tuesday afternoon at a reception.

Mrs. Vincent will be at home to University students the last Wednesday of each month beginning in October.

The University Catholic association will entertain all Catholic freshmen at a get-together this evening in Shevlin at eight o'clock. A program of vaudeville stunts will be given.

Sigma Alpha Epsilon will give an informal dance at the chapter house on the evening of October 4th in honor of visiting members attending the Ames game.

**PREPARE FOR TENNIS**

Entries Come in Slow For Men's Matches—Date Extended to Sept. 27.

A large schedule of matches will be posted on the P. O. bulletin board by Monday morning, announcing the arrangements for the annual fall tennis tournament. Entrants will be allowed to set the time of their matches to suit themselves, subject, however, to the restriction that each round will be required to be played off by certain dates. Owing to the soft courts there has been no chance for practice but with the first strong rays of the sun it is expected that the courts will be filled with aspirants for honors during the following week.

Owing to the fact that entries for the men's tennis tournament have been slow in coming in, the latest possible date for entry has been extended to Saturday, Sept. 27. It is urged that the entries be made as soon as possible so that the matches can be played off before the weather becomes unsuitable for fast play.

The committee requests that if possible the double entries be made at the same time as the single entries, so that finals in both can be played on the same date.

**UNIVERSITY CALENDAR**

Wednesday, September 24th.  
3:00 to 4:00 P. M. Reading Hour in Shevlin Hall. All University Women are cordially invited.

8:00 P. M. Opening Evening University Extension Department. Address by President George E. Vincent and Professor R. R. Price, Head of the Extension Division.

**WISCONSIN UNIVERSITY HAS LARGE REGISTRATION**

Expect Former Records Will Be Broken—No Official Count Made So Far.

Noticeable Increase of Students from Eastern States—Many Foreigners.

Special—With official registration count uncompleted, there is every indication that the registration figures at Wisconsin this fall will break all records. The first day of registration brought out about 1,500 students, while the second and third days saw crowds even larger storming the Hill. The office of Registrar Hiestand was swamped, and a double force has been at work until midnight each day, classifying and registering the incoming students.

A large increase in the number of students entering from eastern and southern states was noticeable from the start. Kentucky, Texas, Arkansas, Tennessee, New York, Pennsylvania and Ohio seem to be sending unusually large delegations to Madison this year. The advance registration of foreign students is also heavy. 150 women students have been housed in Barnard Hall, a new dormitory, opened for this first time this fall. Visiting architects declare this building one of the finest college dormitories in the country. Other new buildings completed or nearly ready for occupancy are the Home Economics building, new wings on the library and the Chemistry building, and additions to the Agricultural group.

**WELCOME NEW STUDENTS.**

Scandinavian Society will Hold Reception for Freshmen.

The Scandinavian Society will give its annual reception to new students, Thursday evening October 2, in Shevlin Hall. The evening will be given over entirely to merriment. There will be dancing for those who dance and other follies for those who do not.

According to old Scandinavian custom, refreshments will be served. After many difficulties and delays a troupe of ballad singers direct from the University Campus has been secured to add to the fun. What they will give is still a secret.

The society extends an invitation to Scandinavian students from all colleges of the university to be present.

Iowa: 150 Freshmen in the University of Iowa are anxious to work their way through college. The employment bureau of the Y. M. C. A. has been swamped with letters from young men who are entering the university and who desire to support themselves.

Sunday, September 28th.  
4:30 P. M. University Vesper service. The Chapel, Library Building.

**CUSTOM LAUNDRY**  
112-114 SO. 6TH ST.

We are prepared to give the best service to our University patrons this year. Leave your bundle at the UNIVERSITY CIGAR STORE or phone us and our wagon will call.

Drake: The University Senate has passed a resolution which abolished the rule prohibiting the giving of dances by University organizations. A regulation was passed six years ago which forbade any organization in the University to give or participate in dancing parties.

Missouri: At the University of Missouri there are seven new fraternity houses being erected. One has been completed and the others will be finishing during the year.
