NEW REGISTRATION SYSTEM INTRODUCED BY REGISTRAR

By Use of Cards Students Will Directly Choose Instructor as Well as Period.

A new system of registration has been decided upon this year by which many difficulties of previous years will be avoided. With the registration blanks given out yesterday was a card for each subject which the student is carrying. Previously, the fact that a student was required to give only the hour when he took a particular subject caused no end of trouble because there might be several teachers giving the subject at the same hour. The cards would be shuffled and the student might be sent to some other teacher than his choice, and hence a change was necessary. By the new plan, the student sends to the registrar a card for each subject upon which he gives the hour of the subject and the instructor's name.

Furthermore, Registrar Pierce believes that the new plan will make the students read the catalogue carefully and know the place of subjects in the course. Now it is becoming customary to call a subject, Shakespeare for instance, and not to name it by its course number, which is 7a or 7b as the case may be.

The student is also required to put down the number of credits for each subject. It is common to find students who do not even know the credits they are receiving. The new plan will familiarize the student with the subject placed in the course, and it will, besides helping to clear up his program, save the registrar much unnecessary work.

Registrar Pierce is anxious that all students register before January 17th, and that all fees be paid before January 24th. Compliance with the request will not only save the students, fines, but it will expedite the arrangement of the mass of work which comes to the registrar office at that time.

SATURDAY'S DAILY ISSUED UNDER SEVERE HANDICAP

Index Press Disabled, Daily Had To Be "Set Up" and "Run Off" Over Town.

On account of the fire in the General Electric Plant the Index Press, which does the printing for the Daily, has been without power. As a consequence the forms for Saturday's Daily had to be set up down town and the printing done there. The forms were set up by the firm of Brown and Phelps and the printing was done at the Colwell Press. It is a singular instance that the first Minnesota Daily ever printed was run off by the Colwell Press. For this reason the firm put aside other important business and as an accommodation run off the Saturday issue.

Handicapped and put to an extra expense as the Daily management was the issue was delivered before chapel period.

Every Glee Club man be present for rehearsal today in chapel at 4:30.

YALE SCHOLARSHIP PLANNED

To Send One Man To Yale Annually—Expenses Paid on Ten-Year Loan.

For the purpose of establishing a "Yale Scholarship Fund" at Minnesota the Yale Alumni have subscribed \$500, and a committee consisting of M. D. Munn and C. M. Griggs, St. Paul, and E. C. Gule, Minneapolis, together with Edwin White, treasurer of the Northwestern Yale Alumni association, is calling upon Twin City graduates for further subscriptions for a Minnesota "Yale Scholarship fund."

The plan is to send one student to Yale every year. No candidates have as yet been selected. There will be no competing scholarship test, but the aim will be to select a worthy man who will do credit both to himself and the college. Each alumnus will be at liberty to recommend candidates. The student is expected to pay back the money after ten years, thus helping to make the scholarship permanent.

INTERCOLLEGIATE MAG. AWARDS MICHIGAN CUP.

The cup donated by the Western Intercollegiate Magazine to the western football champions has been awarded to the University of Michigan. The judges of the award were W. W. Roper, of Princeton; Fielding H. Yost of Michigan; and W. J. Randall of Dartmouth.

The Intercollegiate is a magazine published at Madison and is devoted to the advancement of western intercollegiate interests. The January number is just out. It has articles on many subjects of college interests. Among others is Walter H. Eckersall's opinion of the western conference situation. Professor J. L. Kind has an article on the fraternity situation at Wisconsin. There is also a complete resumé of the western basketball situation with the schedules.

"O HANU SAN" ORCHESTRA HAS SYMPHONY ARTISTS.

Six well-known artists from the Minneapolis Symphony and four musicians for local talent will make up the orchestra accompanying "O Hanu San." It will be composed of the following: Violins—Verna Golden Scott, Lillian Nippert, Harry Levy, Eugene Bibb; Viola—Jean Koch, Cella Conrad Dalman; Flute—Carl Woempner, Clarinet Salvatore Nirella, Bass Viol, Richard Klimitz and Piano, Gertrude Hull. Many of the orchestrations have been especially written for the performances Wednesday. Mr. Takashie Murayama who takes the part of the "Daimyo" or Fendal Lord recites during the play a real Japanese poem. Mr. Murayama's ideas have been of great help in getting correct representations of scenery and costume effects.

MCBEAN ANNOUNCES CANDIDACY FOR BOARD.

Alan McBean has announced his candidacy for the position of academic representative in the coming election for the Board of Athletic Control.

The Rifle Club meets in the Band Room at 4 o'clock today.

GREEKS ORGANIZE B. B. CLUB

Schedule Committee Will Report Friday—Professional Fraternities Will Not Compete.

Fourteen fraternities were represented at the inter-fraternity basketball meeting which was held in the Armory yesterday at 5 o'clock. Although nothing very definite was done the general tone of the meeting denoted that a very successful season was in sight.

The following officers were chosen; Si Sawyer, President, and Bill Pierce, Secretary.

A meeting will be held in the Armory on Monday of next week at which a schedule committee will report. It was voted at this meeting to bar the professional fraternities from competing in this year's tournament.

PROFESSOR N. S. REEP WILL GIVE SERIES OF LECTURES

A series of lectures by Professor S. N. Reep of the Sociology department has been arranged for by the Bible Study Department of the Y. M. C. A. for the men of the University. The general subject will be "Modern Sociology and the Teachings of Jesus," with five lectures taking up the themes—

1. The Social Content of the Kingdom of God.
2. The Family, Marriage and Divorce.
3. Economic Relations among Men.
4. Social Relations among men.
5. Poverty, Crime and Social Reform.

These will be given in the Y. M. C. A. building at 1:15 on Wednesdays, lasting until 1:50. The first lecture will be tomorrow, and the lectures will be discontinued during examination week.

SOPHOMORES TO GIVE ANNUAL VAUDEVILLE IN SPRING.

The Sophomore class will give an entertainment consisting of several short sketches or playlets, and musical numbers, in the spring. This entertainment will be given for the purpose of obtaining class dues. Each Sophomore who pays his dues of twenty-five cents before the last week preceding the entertainment will get a ticket free.

This plan has been adopted to avoid confusion and to have money in the treasury for the Vaudeville committee to work with. A committee of five has charge of this affair.

PHI DELTA PHI INITIATES.

Nine new men were initiated into the Minnesota chapter of Phi Delta Phi on Thursday evening at the Alpha Delta Phi House. The following are the initiates: George Vanstrum, Henry Sullivan, Harold Cant, Chas. L. Horn, Tom Crocker, Theodore Thompson, Ralph McCanna, Kenneth Smith, and Francis Skewis.

HARRY POWERS ANNOUNCES CANDIDACY FOR BOARD.

Harry Powers has announced his candidacy for the position of academic representative in the coming election of the Board of Athletic Control.

Heap big meeting! All Shak braves be present tonight.

REGENTS REQUEST \$460,500 FOR GREATER UNIVERSITY

Board Holds Special Meeting—Letter Of Acceptance received from Doctor Vincent.

At a special meeting Friday the Board of Regents decided to ask the legislature for an appropriation of \$460,500 for all departments of the university.

The important items of the request are as follows: Biology building, \$350,000; Agricultural College, \$105,000; College of Pharmacy, \$500.

It was decided that the department of Geology be kept under the college of science, literature and arts and not be placed in that of Mining. Action was also taken increasing the Mining course from four to five years, and the regents decided that owing to illegitimate advertising enterprises carried on by students, supervision over all student finances would be exercised. The committee to supervise finances, is composed of C. L. Sommers, chairman, J. D. Bren, E. E. Nicholson, and two student representatives.

P. J. Russell was nominated to the State Forestry Board.

Miss Lettie M. Craft's resignation as assistant librarian was accepted and Librarian Gerould, was authorized to hire a competent personal assistant at \$1000 a year, thus abolishing the office of assistant librarian. F. C. Gutschie was made fellow in the chemistry school under the Shelvin endowment. S. C. Shipley was appointed superintendent of shops in the engineering college and F. C. Bass was made professor of Municipal and Sanitation engineering. A formal letter of acceptance from Dr. George Vincent as president of the university was presented by C. D. Decker.

ST. PAUL ALUMNI WOULD FORM MEN'S ASSOCIATION

Doctor Vincent approves of plan for Separate Organization—Joint Meeting's Proposed.

An organization of Minnesota graduates to include only men has been proposed by Alumni living in St. Paul. The plan has received the endorsement of President-elect George Edgar Vincent.

However he suggests occasional joint meetings with the women graduates.

In a letter to H. D. Frankel, secretary of the St. Paul Alumni, Dr. Vincent wrote, in effect: "Your plan is a good one and one that has already been in use in a number of alumni associations all over the country. I can see no objection to separate meetings of both the men and women graduates providing there are occasional joint meetings. I am glad to see any movement toward organization of alumni as it shows love and loyalty to their alma mater. I look forward with pleasure to meeting your new organization."

A meeting will probably be held in a short time at which an organization will be formed upon the lines suggested.

The Male Quartet will sing in chapel Wednesday and Friday.

Eleven men, students of the University of Minnesota were passing along a walk on the University campus. It was when the snow was

A Story deep and the weather was With A cold, and the walks, being Moral poorly cleaned only permitted one person to pass. The men were walking in single file. Coming in the other direction was a lady, not a student, but an older person deserving as well of all respect and courtesy. Thinking that the men, students of the University, were also gentlemen, the lady thought that they would step aside and allow her to pass. Instead, she was forced to step aside herself and stand in the snow while eleven men filed pass, before she could continue on her way.

This is a true story, and it happened just recently. It is only one of many little incidents that occur on and off the campus in which many students participate. Thoughtlessness may be the cause in many cases, but if it is there is room for much brain action. A little courtesy now and then may not bring much in immediate returns but it goes a long way in the end.

MINNESOTA IS FEATURED IN "THE COLLEGE WORLD."

Minnesota University is included in the list of colleges considered in Edwin E. Slosson's article on "Choosing A College" in the January number of "The College World." A picture of the Physics building is also printed.

"The College World" is a new inter-collegiate magazine published in New York and circulated over all of the country. The college paragraphs are written by local correspondents. It is expected that Minnesota will be featured in the March or April number.

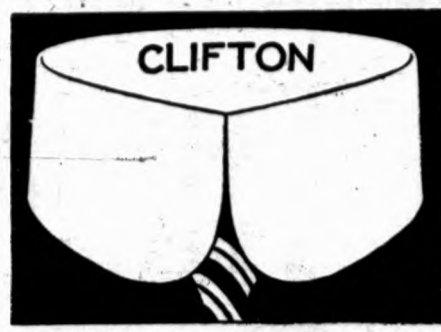

The January number contains forty pages of live reading. Among the articles are sketches of Alexander Lambert and Woodrow Wilson; and Francis J. Heney; story of the California axe; and Coach Roper's all-American. Brown University is featured and two pages of campus pictures are printed.

Twenty copies of the January number are on sale at the Northwestern book store.

250 TONS OF COAL DURING COLD WEEK.

Nearly 250 tons of coal were used last week in heating all the buildings on the campus. The cold spell of the first part of the week placed an extra burden on the engineers and firemen and they were compelled to work both night and day to keep the buildings warm. This is an extra large amount according to the superintendent of buildings and costs the University about \$1000 for the entire week. There were no complaints from anyone about the temperature of the buildings.

Kansas University has suspended four of her students for crooked work in class politics.

NO B. B. INELIGIBLES

All Candidates Are Found To Be Above Board By The Eligibility Committee.

No eligibility requirements will stand in the way of the Minnesota Basket Ball team this year. All of the clever basket shooters were passed and checked by the committee on eligibility last Saturday. It had been quite doubtful for some time whether certain good men on the squad would be able to work up and be above grade in their work but all doubt is removed. The schedule opens the twentieth of this month and all of the men are getting into the game with a new vim and speed that they have not shown before. Sawyer and Pierce will be eligible by the second semester and these two men are expected to make the regulars work for their positions.

At present the team is playing with Wanless and Lawler, forwards; Walker, center; and Robilliard and Rosenwald guards.

RICHARDS TO REPLACE COACH BARRY AT WIS.

John Richards, a former Wisconsin full back, has been secured to coach Wisconsin 1911 team in place of the present Coach, Barry. Richards played full back on the team representing Wisconsin from 1894 to 1896.

It has been very evident for some time that Barry would not be retained as coach, but it was undecided who should take his place. Altho Richards' ability at coaching the new game is unknown, he has inspired the students with the hope of a fast team for the coming season.

OFFICERS ELECTED AT RIFLE CLUB MEETING.

At the first regular meeting of the Rifle Club, which was held Friday, the following officers were elected: President, A. N. Rowe; Vice President, H. T. Lambert; Treasurer, Captain Butts; Secretary, E. Rydell.

The team which is to shoot this week will probably be chosen today. The team is to be composed of ten men. Four men will be chosen as substitutes.

Altho Dartmouth, against which Minnesota competes this week, did not shoot last year, it is supposed that she has great strength. Rydell, who has charge of the shooting, and who was instrumental in forming the club, here, says that each man must make at least 180 out of 200 points.

Some good records have already been made, and when the men have become accustomed to their new guns, which have been issued, it is expected that their scores will be brought up.

ROMAN ART COURSE OFFERED

Professor Granrud will give a one hour course in Roman Art, fourth hour Fridays in place of course 16. It will consist chiefly of eleven lectures illustrated by lantern slides on Roman sculpture. The Roman house wall decorations, painting, household furniture; and the three lectures on Italian scenery, cathedrals, and art. No knowledge of Latin is required.

There is a precedent at Kansas that the man who proves to be a successful cheer leader shall retain his position throughout his college course. This cheer leader, besides leading the yells, invents color schemes to be used at the games.

ERRORS CORRECTED.

The following changes in the program of the college of science, literature and the arts, have been made since it was printed.

Art IV from W. to T. Th.
Political Science XIV from 1st to 2nd Hour.

Political Science VI cancelled.
Education IX from 5th to 6th Hour.
Education XIV from 7th and 8th to 6th and 7th Hours.

Education XXIII from 6th to 7th Hour.

Geology XXXIII 3rd Hour, cancelled.

Geology XXX 2nd Hour should read XXXIII.

Greek XIV from 6th to 5th Hour.
Greek XV from T. W.

Philosophy I from 1st to 2nd Hour.
Philosophy III, new section 1st Hour M. W. F.

Philosophy II 1st Hour from T. Th. S. to M. W. F.

Philosophy VIII from T. Th. S. to M. W. F.

Other Corrections.

Philosophy VIII remains at the 3rd Hour.

Freshmen elect not less than 14 nor more than 17 credit Hours.

SOPH. MEN TO LEAVE ENCAMPMENT RECORD.

The men of the Sophomore class of the University will establish the custom of leaving a record of the annual encampment at Fort Snelling. A committee of five of the Sophomore men of this year, who attended the encampment, will have charge and write the record. Two copies of the record will be placed in the University Library. The plan was proposed by Ex-Governor, John Lind.

The Scandinavian society will hold election of officers and a social evening in Shevlin Hall on Saturday evening.

"BANK EXAMINATION" WILL BE C. H. RIEHLS' SUBJECT.

Mr. C. H. Riehl, C. P. A. of the Marwick Mitchell Co., accountants, will lecture before Professor Mitchell's class in accounting Wednesday evening, Jan. 11, at 7:30 in Room 205 Library on "Bank Examinations."

Mr. Riehl is a specialist in his line which is "Bank Accounting," and is well known in his profession.

The public is invited.
