

Living the Paradigm Shift: Carbon Pricing, Citizen Engagement and the Pathway to Paris

Presented by

Joseph Robertson

*Global Strategy Director
Citizens' Climate Lobby*

Tuesday

April 28, 2015

7:00 PM

Bohannon 90

UMD

Robertson outlines three parallel tracks to solving climate change: the carbon fee and dividend legislation that is gaining traction in Congress, coordinated reliable citizen engagement to support our legislators, and the Pathway to Paris project.

*Free and open to the public.
A reception follows the lecture.*

The University of Minnesota is an equal opportunity educator and employer.
