NO. 100

SCIENCE, LITERATURE, AND THE ARTS FACULTY MEETING

There will be a meeting of the faculty of the College of Science, Literature, and the Arts, today (Friday, April 4), at 4:30 p.m., Room 301 Folwell.

UNIVERSITY GOLF CLUB—ANNUAL MEETING

Campus Club, 112 Church Street S.E., Monday, April 7, at 7:45 p.m. Election of officers; discussion of plans for new clubhouse. All members are urged to be present.

A REST ROOM FOR WOMEN is now open at Room 26, Folwell Hall. The cots and chairs are for the comfort and convenience of all women students.

GOOD FRIDAY, April 18, will be a University holiday and classes will be suspended for the day. Classes will be held as usual on Saturday morning, April 19.

NOTICE TO THE FACULTY

Blanks to be used in applying for a sabbatical furlough from the University have been printed and may be secured from the Deans of the various Colleges or at the Office of the President.

NOTICE TO THE FACULTY—TELEPHONE CALLS

Arrangements having been made with the Northwestern Telephone Exchange Company for special billing on toll service when used for private purposes, and in order to adjust charges, it will be necessary that our telephone operators know in advance whether toll calls are University business or private calls. Any assistance which is given the telephone operators in order to facilitate the charges will be greatly appreciated. It is advisable that after a call has been completed, inquiry be made as to charge of call, so that in case of overcharge adjustment can be made at that time.

H. A. HILDEBRANDT, Supt. Buildings and Grounds

NOTICE TO R. O. T. C. MEN

All men taking the advanced course in the R. O. T. C. are to report to Lieutenant H. C. Bertelsen at the Armory this week to sign important papers.

Any other students who take this course during the spring quarter should also report this week to sign the necessary papers.

PROFESSOR R. C. LODGE in the future will meet his class in Philosophy 2s (Logic) in Pillsbury Hall, Room 210, on MWF, fourth hour.

THE COMMITTEE ON PHYSICAL EDUCATION AND INTRAMURAL SPORTS

aims to develop and make provision for all sports adaptable to the campus and its surrounding environment.

All instructors and students experienced or interested in water sports, canoeing, etc., on the river, are requested to meet with: (Men) Dr. Cooke, at the Armory, today, April 4, at 5 p.m.; (Women), Dr. Norris, at the Women's Gymnasium, today, April 4, at 1 p.m.

MASS ATHLETIC MEET

This spring a Mass Athletic Meet will be held by the Universities and Colleges of the Middle West under the auspices of the Western Intercollegiate Conference.

Each school can enter an unlimited number of men. The only eligibility rules will be enrollment in the college or university and not a letter man in any sport. Faculty members are also eligible.

Five events will make up the program: High Jump, Broad Jump, Shot Put, 100 Yard Dash, 50 Yard Obstacle Race.

The object of the meet will not be the superiority of any individual, but the superiority of the mass. The larger the number competing the greater number of points will be scored.

At Minnesota the military department will give instructions in the various events as a part of the mass physical exercises.

THE CLINICAL PATHOLOGICAL CONFERENCE will be held this afternoon at 4:30 in the Pathology Building. Physicians and medical students are invited.

THE W. S. G. A. BOOKSTORE in Folwell Hall will be open this week at 12 o'clock for the receipt of books to be placed on sale.

MISS KATHARINE F. BALL will address the Catholic Association at the Sunday meeting at 4 o'clock in the Domestic Science Building at the University Farm. Her subject will be "Reconstruction Opportunities." Misses Mary Cullen and Sylvia Borgman are in charge of the arrangements for the lunch. All persons interested are invited.

DEPARTMENT OF AGRICULTURE

The Executive Committee of the Department of Agriculture will meet Monday, April 7, at 1:30 p.m., in Dean Thatcher's office.

R. M. WEST, Secretary

A second-hand book exchange has been established in the Students' Bookstore. Both text and reference books will be handled.

THE AGRICULTURAL TEACHERS' MEETING

The Agricultural Education Section of the M. E. A. is holding its spring meeting in Room 317, Administration Building, University Farm, on Thursday, Friday, and Saturday, April 3 to 5. The program for today is as follows:

9:00 a.m. Problems in Animal Husbandry—Dr. C. W. Gay, Professor of Animal Husbandry, University Farm.

Discussion led by J. K. Lord, Preston, and LeRoy Uptegraft, Milaca.

Type Lesson—Methods in Livestock Judging—E. A. Hanson, University Farm.

1:15 p.m. How the High School Agriculture Teacher and the County Agent May Coöperate for Mutual Benefit—B. M. Gile, State Supervisor of Agricultural Education, St. Paul.

Discussion led by H. W. Hartle, Owatonna, and A. E. Whiteside, St. Cloud.

Address—J. M. McConnell, State Superintendent of Public Instruction.

Address—L. D. Coffman, Dean College of Education, University of Minnesota.

Demonstration—Moving Pictures in Agricultural Teaching—J. V. Ankeney, Assistant Professor of Agricultural Education, University Farm.

UNIVERSITY HEALTH SERVICE BULLETIN

Adopt Simple Rules

"It is a matter of congratulation that there is a rapidly increasing interest in matters pertaining to public health, to the restriction and prevention of disease, and to the saving of human life, through the agencies of sanitary science. There are many more in our day than formerly who believe that, to a large extent, contagious diseases can be met and fought in a practical manner in every-day life. It is rapidly being brought to the knowledge of thinking men that the subject of the preservation of our health is a very practical matter and that by studying the cause and origin of disease and death it will be found that much of it can be prevented by very simple rules. This being so, we must confess that we ourselves, either by ignorance or indifference, are indirectly, if not altogether, responsible for much of suffering and distress which could easily be avoided. For example, it can be shown by reliable statistics in cases of outbreaks of diphtheria that by the faithful application of those simple rules of isolation and disinfection the number of cases of those who will be sick, on the average, for each outbreak of such disease in our state, will be two persons; while the neglect of these means will result, and does result, on an average over our state of over thirteen cases per outbreak. Having in mind that at the present time to properly restrict the first cases in each outbreak would represent an aggregate saving of over 3,000 cases of sickness per year from this one disease, the matter will appeal to us as one of such general importance as to deserve consideration."—From "Public Health"—Mich. State Board of Health.
