2:15 p.m. Excursion to Minneapolis Institute of Arts leaves Library. Party conducted through the Institute by Assistant Director Van Doren of the Institute.

4:30 p.m. Dramatic Recital, "Spread Eagle," by Maud Scheerer. Music Auditorium.

TODAY

Packing Plant Tour

Summer Session members will have the opportunity of seeing exactly the processes used in the preparation of meats. The methods of packing, dressing, curing, and cutting will be explained by a guide, while the party inspects the plant. From the live animal to the "ready-to-use," or finished, product the methods will be shown and the principles of modern sanitary packing will be illustrated.

THE DAILY BULLETIN

The Official Daily Bulletin of the University of Minnesota is the means by which all official notices are promulgated to both students and faculty. Notices so published are binding and "ignorance is no excuse." During the Summer Session it also serves the purpose of a miniature newspaper for events of interest to students and faculty. It will be placed in the post office box of every student, and delivered to faculty and administrative offices every morning of issue. During the first two weeks it will be published every Tuesday, Thursday, and Saturday. **BE SURE TO READ YOUR COPY.**

NOTICE TO FACULTY

All announcements for the Daily Bulletin must be turned in at the Summer Session Office, 235 Administration Bldg., by 2:00 p.m. the day preceding the issuance of the Bulletin.

LOCKER NOTICE

Lockers in the Library, Old Library, and in Folwell Hall will be issued at Window 24, Registrar's office, on Monday, August 6, at 1:00 p.m. and thereafter. Students wishing to have lockers issued to them must bring their fee receipts with them. A charge of 50 cts. will be entered against the general deposit of students securing lockers in Folwell Hall, and of 25 cts. for lockers in the Library or Old Library.

Dean O. M. Leland,

College of Engineering

EXCURSION TO STATE PENITENTIARY

Opportunity is afforded on Wednesday, Aug. 8, for a visit to the State Penitentiary at Stillwater, to view its industries, its methods of treating prisoners, the living accommodations, and other interesting items. To those who do not have a first-hand acquaintance with the modern way of handling offenders against society the trip will furnish many matters of interest. There is much of sociological and educational import involved.

The trip will be made by chartered bus (except for those using their own cars), which will leave the Administration Building at 1:00 p.m. Fare for the round trip is \$1.00; tickets will be on sale at the Bursar's office. Purchase must be made before Tuesday, at 4:30, in order to guarantee accommodations.

NOTICE

There will be a meeting of the Board of Regents on August 17. Items for docket should be in by August 10.
Office of the President

NOTICE TO SENIORS IN ALL COLLEGES

All students who expect to complete the work for any degree at the close of the second Summer Session should call at Window 104, Registrar's Office, Administration Building, and fill out a diploma slip not later than Monday, August 13. This applies to candidates for advanced and professional degrees as well as those who expect to receive baccalaureate degrees. Seniors in Agriculture, Forestry, and Home Economics should call at the Registrar's Office, University Farm.

R. M. West, Registrar

DEAN LELAND ON ALASKA

Before coming to Minnesota Dean O. M. Leland of the College of Engineering spent about two years as chief of the survey which determined the boundary between Alaska and Canada. The work of this survey was that of actually "running the line" over the mountains and through the valleys, and it brought with it many experiences that, hard as they were then, have furnished interesting subjects for recounting since. Dean Leland took a large number of pictures, too, and they furnish evidence to substantiate the stories—if needed. All of this Dean Leland will put into an illustrated lecture which he will give on Monday afternoon, at 4:30, in the Music Auditorium. It will be an interesting hour, which Dean Leland says will be more pictures than talk, but which we know will be worth while in both respects.

UNCLAIMED MAIL

Mr. Geo. H. Dirksen, Mr. John Dittmann, Prof. Olaf K. Lundeberg.

CHAMBER MUSIC WEDNESDAY

It is always a pleasure to afford Summer Session students an opportunity to hear some chamber music, a type of concert which is relatively rare even in large cities. The University of Minnesota specializes in chamber music, due to the ardent interest of Abe Pepinsky of the Department of Music. Both students and faculty members participate in classes and in voluntary groups, throughout the year. During the summer many of them are still in residence, and a performance by a string quartet is usually arranged. Such a performance will be given on Wednesday, at 4:30, in the Music Auditorium. The program will be made up of interesting novelties and well-known favorites and well suited to an August audience. The recital is open to the public.

CHURCH NOTICE

The Rev. W. P. Lemon, Minister of the Andrew Presbyterian Church, 4th St. and 8th Av. S.E., has just returned this week from a Seminar Trip to Mexico, and will occupy the pulpit of that church at the morning service this Sunday, before leaving for his vacation. The Young People's Society will meet at the church at 6:30 p.m.

THE RECREATIONAL PROGRAM

The program of extra-curricular activities is provided for Summer Session students in the interests of a balanced ration of work and play. It replaces those activities which during other quarters of the year are under the auspices of student organizations which do not function during the summer. An attempt is made to make the program as varied as possible. Physical exercise is given a large place, and as will be seen in another column there is ample provision for the exercise of every muscle on the campus. Literary and artistic impulses, and still more academic interests are cared for by a series of lectures and convocation addresses and by concerts and recitals. The social side is provided for in a series of Saturday evening parties, while the excursions furnish an admirable opportunity to become acquainted with interesting features of Twin City life.

The entire program is maintained by and for students. All should feel that it is theirs to enjoy. The Summer Session office will welcome all suggestions for the improvement of the program or for the introduction of events not now planned.

ATHLETIC RECREATION

Athletic activities on the recreation program for the Summer Session students will include golf, tennis, baseball, playground ball, volley ball, handball, horseshoes, squash and swimming. Playing space and equipment except racquets, clubs and balls for tennis and golf, are provided and the whole program is supervised and directed as needed.

Golf

The University Recreation Field golf course is open to all members of the summer session, students or faculty, if they secure a permit card from Room 110 University Armory. The club house is located on Cleveland Avenue, St. Paul, six-tenths of a mile north of the Agricultural College buildings. There is a stop at Cleveland Avenue on the inter-campus car line for those who wish to use that line in reaching the course. The grounds fee is 35 cents (nine holes); coupon books good for ten rounds are sold for \$3.00.

Tennis

The University tennis courts on Washington Avenue are open to students of the Summer Session on presentation of tennis privilege cards. These cards are issued free of charge to students presenting bursar's fee receipts at Room 110 University Armory. During registration days these cards will be issued in the lobby of the Registrar's office.) These courts are provided with nets and kept in perfect condition by daily attention, and are considered the finest courts in the Twin Cities.

Members of the faculty and non-students may procure tennis cards for a fee of \$1.00 per summer term at the University Tennis courts.

Ball

For those desiring to organize teams in the various games of ball a schedule of games will be organized, to run throughout the Summer Session. Groups should communicate with the Intramural Athletics office, which will handle the schedule.

Tournaments

Tournaments in tennis singles and doubles, golf, horseshoes, volley ball, and playground ball are being arranged. Posted on the athletic bulletin board in the University Post Office is a large registration card for those who wish to enter the individual tournaments. Registrations close Wednesday, August 1st. Gold and silver medals are awarded to the winner and the runner up.
