No. 74

CHANGES IN THE ATHLETIC CONSTITUTION PROPOSED

Students Would See All Games for Five Simoleons—More Alumni Members—Date to be Changed

PROPOSED AMENDMENTS TO THE CONSTITUTION OF THE ATHLETIC ASSN.

- Art. 3. "add"
- "and by paying an annual due shall entitle him to free admission to any athletic contest held on Northrop Field for one year."
- Change: "two members of the alumni" to read "four members of the alumni."
- Art. VII. Sec. 4.
- To read "The secretary and one undergraduate member from the College of Engineering or School of Mines shall each hold office for a period of two years, beginning at the annual election in 1906."
- Art. X. Sec. 1.
- To read "There shall be an annual meeting of this association the first Saturday in February."

The above amendments to the constitution of the Athletic Association have been proposed. They will be brought up for approval at the election to be held Saturday, Jan. 21. It will require a two-thirds vote to make them a part of the constitution. Anyone may offer an amendment to the constitution but hitherto no one seems to have been enterprising enough to offer any radical changes. In order to offer to the students the many good points of the amendments (Continued on 4th page.)

GOPHER ELECTION NEXT THURSDAY

Date Set at Meeting of Class Yesterday—Will Try to Remove the Banner

Thursday, Jan. 12, was the date decided upon for the '07 Gopher election at the Sophomore class meeting held yesterday at chapel time in Prof. McClumpha's room.

The meeting was the best attended of the year, and displayed a spirit of immense interest in the coming election.

President Smith was authorized to appoint a committee to act jointly with a committee from the engineering department in arranging and conducting the election.

In regard to the challenge to a

Dual Athletic Meet
Recently submitted by the freshman class to the sophomore academics and engineers, it was moved and seconded that the president appoint a committee to answer the challenge in the affirmative on the part of the academics, and to take the entire matter in charge.

Scathing Denunciations
of the flagrant actions of the freshmen in disfiguring the campus with a highly obnoxious banner on the chimney of the power house, were made by both the president and various members of the class, and it was decided to act unofficially in the capacity of a committee of the whole to remove the grievance.

The class voted to raise \$15 for representation in the '06 Gopher.

NEW LIGHTS

Good Improvement Brought About in Lighting the Armory.

The lighting system of the armory hall and gymnasium has undergone a great change during the past week. The arc-lamps have been replaced by 192 incandescents. Of these there are 144 in the main hall and 24 in each gymnasium.

The lamps are fastened to the iron beams extending across the halls, each light being surrounded by a neat wire cage.

The new system of illumination is a great improvement over the old flickering arc-lights, and gives the desired brilliant appearance to the hall for festive occasions.

A MEMORIAL OF THE OLD MAIN

A Movement Has Been Put on Foot by the University Liberal Association

The U. L. A. has taken steps toward definite action in the matter of the proposed Old Main Memorial.

A petition to the regents will be put in circulation among the students today. A committee will spread copies of the petition among the various societies, fraternities, clubs, and other organizations.

The committee consists of the following students: Arthur Upson, chairman; Ray Knight, Chas. Dodson, C. L. Gilman, Ruth West, Catherine McPartlin.

Next week a rousing mass meeting of all students will be held in chapel after which the matter will be presented to the regents.

While the U. L. A. has initiated the petition movement the scheme is a generally popular one and will have the support of all the other organizations.

SCHOOL OF MINES SOCIETY PASSES RESOLUTION

Resolution.

Whereas it has pleased Almighty God in his infinite wisdom to remove from our midst our late member, Dewey Squyer; and,

Whereas, the intimate relations held by our deceased fellow-student with the members of this society render it proper that we should place on record our respect for his life as a student and his merits as a man; therefore be it

Resolved, by the School of Mines Society of the University of Minnesota, that, while we bow with humble submission to the will of the Most High, we do not the less mourn for our friend who has been called from his labor to rest.

Resolved, that in the death of Dewey Squyer this society loses a member who was always active and zealous in his work; a brilliant student and an upright man, whose virtues endeared him not only to the members of this society, but to all his fellow students.

Resolved, that this society tender its heartfelt sympathy to the family and relatives of our deceased member in this their sad affliction.

Resolved, that these resolutions be entered upon the minutes of the society, and that a copy of them be sent to the family of our deceased member.

Resolved, that this society tender its heartfelt sympathy to the family and relatives of our deceased member in this their sad affliction.

E. J. Schrader,
Harry Angst,
W. H. Wheeler
Committee.

CAMPAIGN FOR PLACES ON THE BOARD GOES ON

New Candidates Put in an Appearance and Medics Choose Representative—Laws are Also Busy

Board of Control politics took a day off yesterday.

Nothing doing was the word of the chief manipulators but to the wise ones on the outside the calm was an omen of extreme significance.

Condon for vice president and Johnson for law representative stepped very quietly into the race but seemed to have excellent prospects of making a good run according to their backers. The war in the Medical Department is over without having a

Chance to Start.

The Junior Medics unanimously nominated Edwin L. Carlson for department representative.

This about closes up the campaign in that department as the Dents named their man last year and cannot, with very good show of right, enter the fight this year. The sophomores have all that is coming to them in the candidacy of Strathern for president, the seniors are out of the race and it would be a nervy freshman who attempted to "butt in" on the athletic board.

From now on the process will be one of elimination.

The Law Caucus
which will probably be the next significant event will doubtless put an end to at least two candidates for vice president and twice as many for department representative.

From now on the lines will continually draw closer and there will be some close fighting before the finish.

ENGINEER BUILDING IS REPAIRED

Part That Was Burned Out is Restored—Addition Now Ready for Use

The firm of Keuppel & Esser, manufacturers of engineering instruments, have recently presented the Engineering Department of the University with an eighty-inch slide-rule for use in the mathematical department. The gift is fully appreciated by the department.

The work of repairing the basement of the Engineering building has been completed and the machinery is being set up ready for use. New cabinets for the instruments have been installed and the machine-room is in even better condition than it was before the fire.

The addition to the building which has been under construction during the last few months has been completed and the new recitation-rooms are now ready for occupation.

MODERN DRAMA

The University Liberal Association will meet tonight in Dr. McClumpha's classroom at 8 p. m. Miss Peck will speak on "Tendencies in Modern Drama." Everyone is invited to be present.

A VISITOR

Miss Laura Lewis, '04, who is teaching in the Anoka high school, spent a few days at the university this week.

NO WOMAN'S "MAG."

'Mag.' Board Would Not Make the Proper Inducements.

Latest results of the conference between the Women's League council and the "Mag" board indicate that there may be no women's issue of the Magazine this year.

The girls were offered the February issue but owing to the shortness of time before that date the League has decided that it will be impossible to accept that issue.

Consequently there will probably be no "Women's Mag." this year.

This is true will be generally deplored as last year's souvenir League issue was immensely popular and valuable.

GOPHER DOPE UP TO DATE

Field of Office Seekers Changes in Appearance as the Election Approaches

Edward Starrett and Monte Brown are now fixtures in the race for managing editor of the '06 Gopher, and it seems improbable that any other candidates will be announced for the place.

J. T. Ellis, of the engineering department has withdrawn from the contest for business manager, and at a caucus held yesterday the engineers agreed to support H. H. Knowlton for the place.

J. B. Hanks, G. W. Uzzell and S. B. Houck, were nominated as candidates for associate editors.

J. J. Davy, and G. A. Geraghty, E. E. were appointed as members of the committee on election to act jointly with the three academics who were appointed by President Smith. This committee is to have entire charge of the election.

For editor-in-chief, J. Louis Engdahl and Nathan Blackburn are in the field, and F. S. Loomis seems to be alone in the race for assistant business manager.

In addition to the three engineer candidates, Vera Cole, Mary Morgan, Amy Oliver, Ed. Hall, Will Hubbard, C. K. Michener and Claude Randall are out for associate editors.

Alice Stratton, Florence Hofflin, Katherine De Veau and R. E. Dyar seem to be the probable candidates for artists.

CHANGE OF DATE

The freshman preliminary contest will take place on Monday at 4 p. m., in Dr. McClumpha's room. The freshman league is invited to attend.

The sophomore preliminary contest will take place Tuesday afternoon at 4 in the same room, and the sophomore league is invited to be present.

A LITTLE NONSENSE

Bill had a bill board; Bill also had a board bill. The board bill bored Bill so that Bill sold the bill board to pay his board bill.—Case Tech.

ANOTHER MISTAKE

Advanced Economics Will be Offered Next Semester.

It was announced in yesterday's Daily that advanced Economics would not be offered next semester. This is a mistake. There will be one course in advanced Economics at the First Hour on Tuesdays, Thursdays, and Saturdays, as stated on the Program. The second course placed at the 3rd hour for Juniors and Seniors will not be offered, but will come at the 1st hour.

STRATHERN AND HIS CREW LIKE FOOTBALL PLAY

Robert Edson in "Strongheart" is the Play—Last Performance This Evening will be Minnesota Night

The football players who attended Robert Edson's "Strongheart" at the Metropolitan Thursday night are in raptures over the play.

They say it is the best thing that has ever been put on the boards in Minneapolis and that De Mille, the author, has put Shakespeare in the Shade.

Captain Strathern when seen yesterday morning said that to watch the play was as good as playing in a game of football.

He said: "The players are more than pleased at the way in which Mr. Chalmers treated them and I would like to do something in return if possible."

Mr. Chalmers said that he was intending to have tonight as

University Night and that he would like a house full of university students. He is going to take the play east soon and wants the people out here to see it first.

Captain Strathern is more than enthusiastic about it and says all the university people should go to see the last appearance of the play here tonight.

"Strongheart" is essentially a college play, the hero being an Indian attending Columbia University.

The second act is given up to the description by the hero of the last half of the great game from which he has been barred. The play ends in a jollification over the Columbia victory.

WILL PLAY GAME WITH CHICAGO 'U'

A Basket Ball Game Has Been Scheduled with Pupils of Stagg

A basket-ball game has been scheduled with Chicago to be played on Feb. 22, in the Windy City.

This came somewhat as a surprise, but anything in the way of an athletic contest with the Maroons is welcome.

It is not known what kind of a team they have at the Rockefeller oil mill, but a good game should be played.

Manager Reed has several other games in view, and a good schedule for the season is assured.

WANT A PLACE

Six Year Medics Think They Should Have a Place on the Gopher.

The second year men of the six-year Medics held a meeting yesterday afternoon and decided to strengthen the '07 Gopher board by sending a representative to assist that body. Clarence Perry, who led the Medic rooters, is at present the only candidate for this honor.

Where are the Sophomores? One
 would think that there was no such
 thing at the University considering
 the freedom with which the freshman
 banner occupies its lofty position at
 the other end of the campus.

It is admitted that the task of re-
 moving the '08 trophy will be a dif-
 ficult one, but there ought to be a
 member of the class of '07 with in-
 genuity enough to compass the feat.

A good rule at other institutions is
 that, if a class has not succeeded in
 removing the colors of another class,
 no matter where they are stationed,
 within a certain number of days, then
 they are bound by honor to let the
 colors remain where they are.

Such a rule here would no doubt
 have made the Sophs hurry more
 than they have in the present in-
 stance.

Nevertheless get busy Sophomores
 and show what you can do if you have
 any spirit.

Economy is admirable, even in a
 politician, but there are limits even
 to the practice of virtue.

Two men yesterday, thru the
 agency of their friends, attempted to
 announce their candidacy for the
 athletic control and gopher boards in
 today's issue.

Both sent in their modest state-
 ments upon scraps of paper evidently
 torn from note books, and small note-
 books at that. Both of these frag-
 ments are reposing in our waste paper
 basket which is open to the inspection
 of anyone wishing to know who these
 economical aspirants for college hon-
 ors are.

It is extremely annoying to us to
 have to continually remind our
 would-be contributors that we prefer
 to write our copy and absolutely de-
 cline to use any which is not made
 up in such shape that it can be
 handle with convenience.

In another column are published
 several amendments which have been
 brought up and will be voted upon
 at the election of the Athletic Asso-
 ciation on Jan. 21.

To say that the things proposed are
 good would be putting the matter
 lightly—they are matters which
 should have been acted upon a long
 time ago.

The first amendment proposed is
 probably the best. Hitherto the stu-
 dents have had no active part in ath-
 letics, besides the annual election.
 The fact that a student has paid in a
 certain amount to see all the games,
 will keep him interested the year
 around.

The fact that this plan has proved
 successful at other institutions should
 insure its success here.

As shown by the interviews it
 seems to be the common opinion that
 an increase in the number of alumni
 members on the board would be a
 good thing.

Minnesota alumni have not taken
 the interest in University athletics

MINNESOTA PLAYER

Fred Schacht Talks About Football On the Coast.

Dr. Fred E. Schacht, a former Minnesota football player, and tackle on the All-American team of 1902, regarded by Walter Camp as one of the most scientific and effective football men in the United State, is optimistic about football conditions on the coast.

Dr. Schacht has the following to say in regard to coast football:

"I see no reason why California and Stanford should not evolve teams as strong as any in the east. You have here three vital elements in successful football—material, spirit and money. I believe that with proper training along recognized lines there is nothing either of these teams might not do. The game with Colorado has undoubtedly drawn the attention of eastern football men this way, and there is considerable speculation as to what showing they would make against one of the 'big elevens.'"—The Daily Palo Alto of Standord University.

PLANS LAID

Sophomore Engineers Plan on Gopher Election. Little Talk of Freshman.

The question of representation on the Gopher Board was discussed at length by the Sophomore engineers at their meeting yesterday and resulted in a unanimous decision in favor of the Business Manager and three associate editors.

J. F. Ellis, who has been talked of as a candidate for business manager, stated that inasmuch as he would not return next year, he did not care to run.

Nominations were then called for and Herbert H. Knowlton was unanimously nominated for business manager.

I. B. Hanks, Stanley Hauck and George Uzzell were nominated for associate editors, no other names being mentioned.

The president appointed J. J. Davis and G. A. Geraghty to serve on the election committee.

Action on the matter of "that freshman banner" was postponed, in view of the Gopher election, and the coming exams, but from the spirit prevalent at the meeting and from remarks one heard there is a belief that there will be "things doing" in the near future.

ATHLETIC CONSTITUTION
(Continued from 1st page.)
ments faculty members and students interested in athletics were interviewed on the subject.
The interviews.
"At the present time the Athletic Board has not much influence. Anyone, whether he supports athletics or not can elect its officers.
"The loss financially to the association would not be very great by selling a year's ticket for \$5 and the student support for all games would certainly be more in evidence than at present.
"Bringing more non-student Minnesota men in contact with the details of the athletic management will certainly influence the support of the alumni and the faculty."

ERICK J. SCHRADER.
"The first amendment proposed puts the Association on a business and working basis and makes it mean something. It will preclude the running in of a lot of fellows from over-towns and thus will cut out some dirty politics. It will lose money to the Association but it will save money to the individual students.
"We need more members on the Board from the Alumni. We need their business experience and better judgment to help out the student members.
"Change of date will bring the election after the semester examinations."
CHARLES P. SCHOUTEN.
"The first amendment is a good thing because it will make an association with a definite working basis. Every man who puts in money for a membership and who goes to most of the games, as he will under the new arrangement is bound to be interested in the association.
"In this way the association will gain enough in influence to make up

...AT...
The AUSTIN
You Drink
Tea, Coffee, Milk or Cocoa and Glenwood Inglewood Spring Water.
Our patrons say our Coffee is the Best.

for the slight financial loss which it will experience for the first year or two.
"It is a plan which has been tried with great success at Harvard and other eastern schools and at Michigan in the west.
"The adding of two alumni representatives will strengthen the Board of Control and should also increase the interest of the general alumni body in the athletic association.
"I think that a department as large as the Engineering Department, as long as it is now virtually separated from the Academic Department, should have its own representative as well as the Medical or Law Departments.
"The amendment changing the date of election is proposed to place the election after the semester examinations."
CLAUDE L. HANY.
"I feel that any rates made to the student body for athletic events is to be encouraged. I do not think it is wise to limit the membership as is proposed. Few alumni should be sufficient."
PROF. HENRY F. NACHTRIEB.
"I am heartily in favor of amending

ments as they stand. I have long been of the opinion that such changes would raise the standard of the Athletic Board of Control. I suggest that the four alumni members be appointed by the General Alumni Association instead of by the old athletic Alumni Association."
F. S. JONES.

U. C. A. NOTICE
Tomorrow afternoon Father Byrne will talk on "The First Christian Period" before the University Catholic Association. The meeting will be held at 4 o'clock in room 11, Library. All are welcome.

PREPARATIONS GOING ON
Pan Hellenic Ball Will Be a Great Affair.

Indications point to an unusually large attendance at the Pan Hellenic Ball and the committee in charge are doing all in their power to make the affair of unusual interest.
A special program is being prepared for the entertainment of the spectators. The balcony will be reserved for them as usual, and preparations are being made for a large crowd.
The music will be of the best and the decorations beautiful in the extreme.

For Sale—Journal route of 185 subscribers in Southeast Minneapolis. Just the thing for a student. A snap for the fellow who will take it at once. P. O. 1047.

WATERMAN IDEAL PEN.
THIRTY JER CENT OFF—WILDEY.

PIONEER SUSPENDER CO.
718 Market Street, Philadelphia.
Makers of Pioneer Suspenders.

Easy
PRESIDENT Suspenders
PRESIDENT Suspenders are easy in every way—every day; at work or at play. The patent adjustment at their back slides and glides with every movement of the body. Lightens their weight on the shoulders; relieves the strain on buttons and back; gives a trouser support that's simply delightful.
will stand more hard wear, look better and feel better than any suspender a man can wear. That's why 4,000,000 men are constantly wearing them. Satisfaction or money back is our absolute guarantee. Price 60c and \$1.00 every store everywhere, or mailed postpaid.

We are the PIANO HOUSE of the Northwest

Simply because people have learned that they can rely on our goods and our promises. For 25 years we have been building this business and the confidence of our patrons and friends is our reward.
Steinway, Knabe, Ivers & Pond, Emerson, Gabler, Smith & Barnes, and other reliable pianos. These are the ones that have helped to give us the foremost position among piano houses.
