COPHERS LEAD WITH BADGERS

ARE TIED FOR FIRST PLACE.

Minnesota and Wisconsin Head Western Basketball Teams—Gophers play Chicago on Saturday.

As a result of the recent trip, the Minnesota basketball team stands at the head of the percentage column, although Wisconsin has an equal right to the place.

College	Per Cent
Minnesota	.500
Wisconsin	.500
Chicago	.500
Illinois	.286
Purdue	.300

Minnesota and Wisconsin have each won four and lost one game.

Chicago will play the Gophers here Saturday night in the first big game on the home floor. The Chicago team is fast and strong and the game will be well worth seeing.

Following the game there will be a band informal. Tickets are on sale at the Bookstores at 50 cents each.

Notice Glee and Mandolin Club Business meeting of Glee and Mandolin Club today at 12:35 in Mr. Arnold's room. Meeting will be short and a full attendance is necessary.

Notice Juniors Hand in Subscription Blanks and Identification cards for Gopher before Thursday. Important.

WILL ROAST LAW FACULTY

GOPHER TO BE A BARBECUE.

Law Representatives on Gopher Board Will Show no Mercy to Their Instructors.

A rumor is afloat that the Law Department's section of the '07 Gopher is going to contain some of the hottest stams that have ever appeared in a Junior year book.

Dean Patten's department has always been noted for the fact that the students and faculty are in closer touch than those in any other part of the University. Recitations and lectures are much more informal than in the other colleges and the students are therefore on terms of much greater familiarity with their instructors than is the case elsewhere.

Consequently when it comes to handing out the stams and jolts, the committee in charge of the Law School's contribution to the Gopher has held up the weaknesses of the faculty with just as much glee, as it has those of its classmates.

In past years, the Laws have never received a fair representation in the annual and in consequence have not taken very much interest in it, but a new plan has been inaugurated this year, and they are given as much space, proportionately, as the academics. The result has been that they are taking greater interest in the Gopher than ever before, and the committee in charge has received more contributions than it can handle.

OLYMPIC MEETING

Will Study Bernard Shaw's "Candida."

The Literary and Debating Section of the Olympic society met last night and took up a study of Tennyson's life, character and work.—An important part of the meeting was the adoption of a constitution. A short debate was also given.

The Dramatic section will hold its next meeting Monday afternoon at four. The first act of Bernard Shaw's drama "Candida" will be studied, parts having been assigned to separate members.

The membership is rapidly increasing and all students whether members or not are welcome at the meetings.

FORENSIC HONOR LEAGUE ELECTS

CHOOSES THREE NEW MEMBERS.

Robinson, Houck and Thompson are Admitted—Plans of the League are Discussed.

The Forensic Honor League has admitted three new members, C. R. Thompson, Stanley Houck and E. A. Robinson.

Of these men, Thompson and Houck were members of the Northwestern debating team and E. A. Robinson was in the Iowa contest.

At the same meeting the proposition of extending the league to other colleges was discussed, although nothing definite was decided. The matter of admitting, as honorary members, graduate orators and debaters was also considered.

A banquet is being planned by the League which will take place some time this month.

DRAMATIC CLUB.

Presents Plays at Hastings on Saturday Night.

The Dramatic club presented "Crocket on the Hearth" and "Nance Olden" at Hastings on Saturday night.

The audience, while not so large as that at Faribault, received the production well.

INDOOR RACES FOR SPRINTERS

MEET WILL BE HELD IN ARMORY.

Many Relay Races are Arranged for Annual Indoor Meet—Athletes are Training Hard.

The annual indoor track meet will be held on the armory floor on March sixteenth.

The program will consist principally of relay races which promise to be of the most spectacular order. Capt. Greaves has arranged for races between the fraternities, the football, baseball, basketball, and track teams, and the various classes in addition to contests between the city high schools.

Shattuck school will enter men in the dashes and relay races for high schools, and should the records warrant it, in the pole vault.

Besides the relay races, the usual indoor events will be held, including the dashes and hurdles, distance runs, the high and broad jumps, the shot put, and the pole vault.

A feature of the meet promises to be the entrance of Stubbs who will compete in the hurdle races.

The work of the track men has so far consisted chiefly of calisthenics and easy running. From now on, sprinting, starting and relay racing will be practiced.

ORATORICAL CONTEST.

Underclassmen Will Compete on March 22nd.

The Freshman-Sophomore Oratorical Contest will occur on March 22nd.

The Freshman orators are A. N. Gilbertson, Jens Johnson and E. L. Potter. Their subjects are respectively, "The Theory of Evolution and its Significance," "The Negro Problem," and "Who shall Solve the Negro Problem?"

Albert Evans, Harold Deering, Edwin Aysarr and Wm. Davis will represent the Sophomore class with the following orations, "A Plea for the South," "The Real Railroad Problem," "A Plea for Disarmament" and "The Mission of the Sword."

KEEN RIVALRY BETWEEN TEAMS

TOURNAMENT PROMISES TO BE EXCITING.

Classes Plan to Support Their Representatives on Thursday Night—Seniors will be Present En Masse.

With the girls' inter class basketball tournament only two days off, the greatest excitement prevails among the four classes which will be represented.

Due to the fact that many of the girls who will be seen on the floor Thursday night are veteran players, the contests promise to be exceptionally interesting. The teams are practicing hard at basket throwing and passing the ball and judging from the preliminary work they will be stronger and more evenly matched than ever before.

The various classes are planning to support their representatives to the best of their ability. Committees in each case are in charge of decorating the class corners and liberal appropriations have been made for this purpose. The rivalry in the mascots, decorations and attractiveness of the costumes promises to be no less keen than that in the contests themselves.

The Seniors have decided to appear en masse in the gallery, where they will sing class songs and startle the audience from time to time by a resonant class yell.

The first game will be called at 8 o'clock sharp. General admission will be 25 cents. No reserved seats are issued.

The following ladies will act as patronesses:—

Mrs. Cyrus Northrop, Mrs. F. S. Jones, Mrs. E. E. Nicholson, Mrs. L. J. Cooke, Mrs. Carl Schlenker, Mrs. J. F. Downey, Mrs. H. L. Williams, Mrs. F. L. McVey, and Mrs. H. F. Nachtrieb.

SYSTEM OF M'S.

Board of Control Will Decide on Regular Sizes.

At the next meeting of the Board of Athletic Control, the matter of having a regular system of M's will be taken up.

The board has the following system under advisement: football, 12 inch; baseball, 10 inch; track and basketball, 6 inch letters.

The annual gathering of the state superintendents of schools is an event of no small importance to those members of the Senior class especially those of the gentler sex, who expect to drag out the next few years of their existence in a country school.

Admirable records, splendid recommendations, and Phi Beta Kappa keys may seem of great moment to the superintendent five hundred miles away; but to the same gentleman in Minneapolis, enjoying the pleasures of a vacation, a neat gown, a pretty face and a rebellious curl, bidding defiance to the cleverly tipped mortar-board are far more potent factors.

Altho to our preconceived impressions, it may sound paradoxical, superintendents are but human and the heart is but too apt to overrule the cold, calculating intellect, even in the choice of so intellectual an article as a school teacher.

Wherefore, ladies, order your new spring regalia, put your caps and gowns in the best of order and prepare the thousand and one little nothings, which we are powerless to enumerate, but which are so potent in effecting that whole, which we never fail to admire.

ANGELL CONFERENCE.

Another Meeting Will be Held on March 4th.

President Northrop has received notice of a meeting of the Angell conference to be held in Chicago, March 9th.

The meeting is called to decide on the action taken by the different colleges on the football reform resolutions, and to refer them to the Big Nine Conference for adoption and enforcement.

SUPERINTENDENTS GATHER

Annual Meeting at the University this Month.

The annual convention of the School Superintendents of the state will be held at the University on Thursday and Friday, March 30th and 31st.

This is of special interest to Scholars who expect to teach, as many of the superintendents will consider applicants for positions at that time.

A COMMUNICATION.
Student Moralizes on Attitude Towards Work.

The Daily is in receipt of the following communication, which cannot fail to offer ample food for meditation:
Editor Minnesota Daily,
Dear Sir:—A circumstance of yesterday impresses me as most interesting, not so much of itself, but as being representative of an attitude among our students, which is, to say the least, peculiar.

A certain professor, being detained, it seems, by domestic duties, arrived at his class room some ten minutes after the scheduled hour, only to find that the students had, availing themselves of the University regulation, deserted the class and repaired in a body to the steps of the Library building. On being invited to return and hold the recitation as usual, some dozen of the students followed their professor to the class room, while the others remained on the steps and literally "reviled the faithful."

Now, is it not a most remarkable thing that among a body of persons, congregated ostensibly for the absorption of knowledge, there should exist such an overpowering desire to escape instruction at every possible opportunity? Is it not peculiar that every unusually long lesson, every demand for additional work should be met with outcry and lamentation by students, many of whom are making the greatest sacrifices to obtain an education? Why, sir, I know positively that among those who refused to return to their class room yesterday were men who are performing mental work to secure their college training, and yet they are the first to shirk their school duties. Far be it from me to condemn, for I was myself to be numbered among the goats and not the sheep; I merely beg to call attention to an attitude which, as I said in commencing, impresses me as most remarkable.

Sincerely,
A Humble Shirker.

An assessment of twenty-five cents was levied to defray the expenses of decorating the armory Thursday night and to cover the Gopher representation.

The following committees were also appointed; to decorate the armory, Portia Demming, Dora Holcomb, James Beal and John Degman; on Gopher representation, Elsa Ueland, Robert Forbes, and George Savage; and to collect the assessments, Edith Knowlton, Carlotta Bamber, George Foster, and Robert Ringdahl.
